

# MIAMI-DADE COUNTY DISTRICT SCHOOL BOARD

---

## Financial and Federal Single Audit

For the Fiscal Year Ended  
June 30, 2013

## BOARD MEMBERS AND SUPERINTENDENT

Board members and the Superintendent who served during the 2012-13 fiscal year are listed below:

	<u>District No.</u>
Dr. Wilbert "Tee" Holloway	1
Dr. Dorothy Bendross-Mindingall	2
Dr. Martin S. Karp, Vice Chair from 11-20-12	3
Ms. Perla Tabares Hantman, Chair	4
Mr. Renier Diaz de la Portilla to 11-19-12	5
Ms. Susie V. Castillo from 11-20-12	5
Ms. Raquel A. Regalado	6
Mr. Carlos L. Curbelo	7
Dr. Martha Perez	8
Dr. Lawrence S. Feldman, Vice Chair to 11-19-12	9

Mr. Alberto M. Carvalho, Superintendent

The Auditor General conducts audits of governmental entities to provide the Legislature, Florida's citizens, public entity management, and other stakeholders unbiased, timely, and relevant information for use in promoting government accountability and stewardship and improving government operations.

The audit team leader was Hector J. Quevedo, CPA, and the audit was supervised by Ramon A. Gonzalez, CPA. For the information technology portion of this audit, the audit team leader was Shawn McCormick, CPA, CISA, and the supervisor was Heidi G. Burns, CPA, CISA. Please address inquiries regarding this report to Gregory L. Centers, CPA, Audit Director, by e-mail at [gregcenters@aud.state.fl.us](mailto:gregcenters@aud.state.fl.us) or by telephone at (850) 412-2863.

This report and other reports prepared by the Auditor General can be obtained on our Web site at [www.myflorida.com/audgen](http://www.myflorida.com/audgen); by telephone at (850) 412-2722; or by mail at G74 Claude Pepper Building, 111 West Madison Street, Tallahassee, Florida 32399-1450.

## EXECUTIVE SUMMARY

---

---

### Summary of Report on Financial Statements

Our audit disclosed that the District's basic financial statements were presented fairly, in all material respects, in accordance with prescribed financial reporting standards.

### Summary of Report on Internal Control and Compliance

Our audit did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards, issued by the Comptroller General of the United States.

### Summary of Report on Federal Awards

We audited the District's Federal awards for compliance with applicable Federal requirements. The ARRA – Broadband Technical Opportunity; Title I; Career and Technical Education; Charter Schools; English Language; Teacher Incentive Fund; School Improvement Grants; Race to the Top, Recovery Act; Race to the Top – District Grants; Refugee and Entrant Assistant; and Head Start programs were audited as major Federal programs. The results of our audit indicated that the District materially complied with the requirements that could have a direct and material effect on each of its major Federal programs.

### Audit Objectives and Scope

Our audit objectives were to determine whether the Miami-Dade County District School Board and its officers with administrative and stewardship responsibilities for District operations had:

- Presented the District's basic financial statements in accordance with generally accepted accounting principles;
- Established and implemented internal control over financial reporting and compliance with requirements that could have a direct and material effect on the financial statements or on a major Federal program;
- Established internal controls that promote and encourage: 1) compliance with applicable laws, rules, regulations, contracts, and grant agreements; 2) the economic and efficient operation of the District; 3) the reliability of records and reports; and 4) the safeguarding of District assets;
- Complied with the various provisions of laws, rules, regulations, contracts, and grant agreements that are material to the financial statements, and those applicable to the District's major Federal programs; and
- Taken corrective actions for findings included in previous financial audit reports.

The scope of this audit included an examination of the District's basic financial statements and the Schedule of Expenditures of Federal Awards as of and for the fiscal year ended June 30, 2013. We obtained an understanding of the District's environment, including its internal control, and assessed the risk of material misstatement necessary to plan the audit of the basic financial statements and Federal awards. We also examined various transactions to determine whether they were executed, both in manner and substance, in accordance with governing provisions of laws, rules, regulations, contracts, and grant agreements.

### Audit Methodology

The methodology used to develop the findings in this report included the examination of pertinent District records in connection with the application of procedures required by auditing standards generally accepted in the United States of America; applicable standards contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Office of Management and Budget Circular A-133.

## INDEPENDENT AUDITOR'S REPORT

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Miami-Dade County District School Board, as of and for the fiscal year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the aggregate discretely presented component units, as described in note 1 to the financial statements, which represent 100 percent of the transactions and account balances of the aggregate discretely presented component units columns. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based solely on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of

material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Opinions*

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information for the Miami-Dade County District School Board as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

### *Other Matters*

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that **MANAGEMENT'S DISCUSSION AND ANALYSIS, BUDGETARY COMPARISON SCHEDULE - GENERAL AND MAJOR SPECIAL REVENUE FUNDS, SCHEDULE OF FUNDING PROGRESS - EARLY RETIREMENT PENSION TRUST, SCHEDULE OF EMPLOYER CONTRIBUTIONS - EARLY RETIREMENT PENSION TRUST, SCHEDULE OF FUNDING PROGRESS - OTHER POSTEMPLOYMENT BENEFITS PLAN, and SCHEDULE OF EMPLOYER CONTRIBUTIONS - OTHER POSTEMPLOYMENT PLAN**, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is presented for purposes of additional analysis as required by the United States Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the **SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS** is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Miami-Dade County District School Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters included under the heading **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Respectfully submitted,

David W. Martin, CPA  
Tallahassee, Florida  
March 14, 2014

**MANAGEMENT’S DISCUSSION AND ANALYSIS**

The Management’s Discussion and Analysis (MD&A) of The School Board of Miami-Dade County, Florida (the District) is intended to provide an overview of the District’s financial position and changes in financial position for the fiscal year ended June 30, 2013.

Since the focus of the Management’s Discussion and Analysis (MD&A) is on the current year activities, resulting changes and currently known facts, it should be read in conjunction with the District’s financial statements, including the accompanying notes. Additionally, as a required part of the MD&A, comparative information for the current year and the prior year is presented for financial analysis to enhance the understanding of the District’s financial performance.

**FINANCIAL HIGHLIGHTS**

At June 30, 2013, the General Fund had a total fund balance of \$84.4 million. This fund balance was comprised of \$7.1 million of non-spendable funds, \$1.5 million of restricted funds, \$17.8 million of assigned funds and \$58.0 million of unassigned funds.

General Fund fund balance decreased by \$59.8 million or 41.5% from the previous year primarily due to a shortfall in property tax revenues and increases in costs.

Capital Projects funds ended the year with a fund balance of \$68.8 million, a decrease of \$66.2 million or 49% from the previous year primarily due to declining revenues as a result of a lower tax roll and debt capacity limitations.

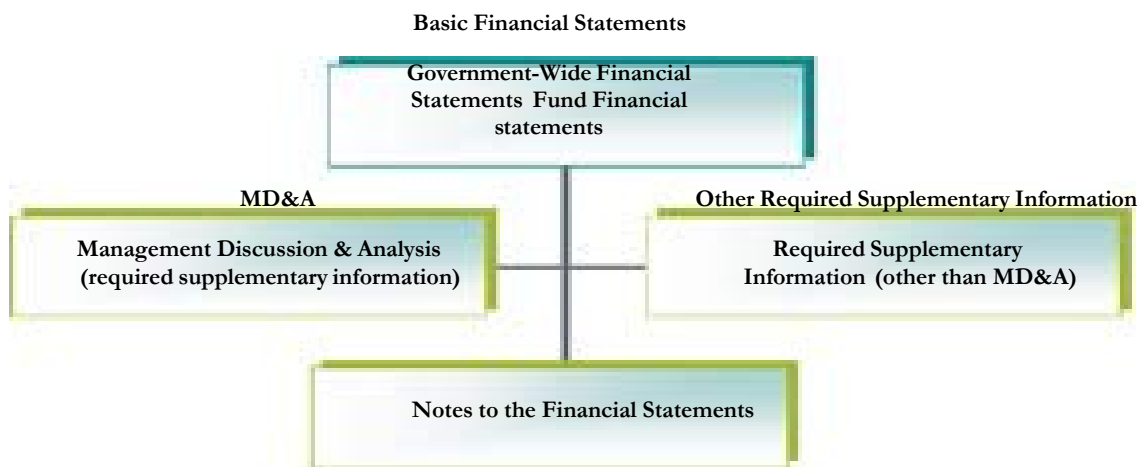

Debt Service funds ended the year with a fund balance of \$77.6 million, a decrease of \$2.1 million or 2.6% from the previous year primarily due to funds used to refund previously issued debt.

Special Revenue funds ended the year with a fund balance of \$18.1 million, an increase of \$804 thousand or 4.6% from the previous year primarily due to slight increases in revenue in the Food Service fund.

Both Moody’s Investor Services and Standard & Poor’s maintained the District’s stable outlook and cited the District’s notable gradual financial improvement with a strong management team and future ability to fund capital improvements with general obligation debt of \$1.2 billion approved by the voters on November 6, 2012.

**USING THIS REPORT**

This comprehensive annual financial report is comprised of different sections. The following graphic is provided to facilitate the understanding of the format and its components:

## OVERVIEW OF THE FINANCIAL STATEMENTS

The District's Annual Financial Report consists of a series of financial statements and accompanying notes, with the primary focus being on the District as a whole. The Statement of Net Position and the Statement of Activities are government-wide financial statements that provide both short-term and long-term information about the District's overall financial position. The fund financial statements report the District's operations in more detail by providing information as to how services are financed in the short-term, as well as the remaining available resources for future spending. Additionally, the fund financial statements focus on Major Funds rather than fund types. The proprietary fund statements offer short-term and long-term financial information about the activities of the District as it relates to the group health insurance program. The remaining statements, the Fiduciary Funds Statements, provide financial information for those activities in which the District acts solely as a trustee or agent for the benefit of others. The accompanying notes provide essential information that is not disclosed on the face of the financial statements. Consequently, the notes are an integral part of the basic financial statements.

## GOVERNMENT-WIDE FINANCIAL STATEMENTS

**The Statement of Net Position and the Statement of Activities** - Most of the activities of the District are reported in these statements, including instruction, instructional support services, operations and maintenance, school administration, general administration, pupil transportation, and food service. Additionally, all state and federal grants, as well as capital and debt financing activities are reported in these statements.

The Statement of Net Position and the Statement of Activities present a view of the District's financial operations as a whole, reflect all financial transactions and provide information helpful in determining whether the District's financial position has improved or deteriorated as a result of the current year's activities. Both of these statements are prepared using the accrual basis of accounting similar to that used by most private-sector companies. The Statement of Net Position includes assets plus deferred outflows of resources, and liabilities, less deferred inflows of resources, both short and long term.

The Statement of Activities reports all of the current year's revenues and expenses regardless of when cash is received or paid. The two government-wide statements report the District's Net Position and the changes that resulted from the District's operations. The relationship between revenues and expenses indicates the District's operating results. Over time, increases and decreases in the District's Net Position are an indicator of whether the District's financial position is improving or deteriorating. However, as a governmental entity, the District's activities are not geared towards generating profits as are the activities of commercial entities. Other factors, such as the safety of schools and quality of education, must be considered in order to reasonably assess the District's overall performance, particularly because of the limited resources available.

### Fund Financial Statements

The District's fund financial statements provide a detailed short-term view of the District's operations, focusing on its most significant or "major" funds. Certain funds are required by law while others are created by legal agreements, such as bond covenants. The District establishes other funds to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. The District has three kinds of funds - governmental funds, a proprietary fund and fiduciary funds.

**Governmental Funds** - The accounting for most of the District's basic services is included in the governmental funds. The measurement focus and basis of accounting continue to be reported using the modified accrual basis of accounting, which measures inflows and outflows of current financial resources and the remaining balances at year-end that are available for spending. Furthermore, under this basis of accounting, changes in net spendable assets

normally are recognized only to the extent that they are expected to have a near-term impact. Inflows of financial resources are recognized only if they are available to liquidate liabilities of the current period. Similarly, future outflows are typically recognized only if they represent a depletion of current financial resources. The District's major governmental funds are the General Fund, Other Federal Programs Fund, Federal Economic Stimulus Funds, American Recovery and Reinvestment Act (ARRA) Economic Stimulus Debt Service Fund, Capital Improvement-Local Optional Millage Levy (LOML) Funds, Certificates of Participation (COPs) Funds, and American Recovery and Reinvestment Act (ARRA) Economic Stimulus Capital Projects Funds. The differences in the amounts reported between the fund statements and the government-wide financial statements are explained in the reconciliations provided on Pages 26 and 30.

**Proprietary Fund** - The District maintains an Internal Service Fund as its only proprietary fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the District's various functions. The District uses the internal service fund to report the activities of the group health self-insurance program. Since these services predominantly benefit governmental rather than business-type functions, the internal service fund has been included within governmental activities in the government-wide financial statements. The District's proprietary fund activity is reported in the Statement of Net Position, the Statement of Revenues Expenses and Changes in Net Position, and the Statement of Cash Flows - Proprietary Funds on Pages 31 through 33.

**Fiduciary Funds** - The District is the trustee, or fiduciary, for resources held for the benefit of others, such as the student activities fund and the pension trust fund. The District's fiduciary activities are reported in the Statement of Fiduciary Net Position on Page 34 and the Statement of Changes in Fiduciary Net Position on Page 35. The resources accounted for in these funds are excluded from the government-wide financial statements because these funds are not available to finance the District's operations. Consequently, the District is responsible for ensuring that these resources are used only for their intended purposes.

### **Notes to the Financial Statements**

The notes provide disclosures and additional information that are essential to a full understanding of the financial information presented in the government-wide and fund financial statements.

### **Other Information**

In addition to the basic financial statements and accompanying notes, this report also provides certain required supplementary information beginning on Page 90.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS**

**Statement of Net Position**

The following table provides a comparative analysis of the District’s Net Position for the fiscal years ended June 30, 2013 and 2012.

**CONDENSED STATEMENT OF NET POSITION - GOVERNMENTAL ACTIVITIES**  
**June 30, 2013 and 2012**  
 (\$ in millions)

Categories	2012/13	2011/12	Difference Increase (Decrease)	% Increase (Decrease)
Current and Other Assets	\$ 509.7	\$ 697.2	\$ (187.5)	-26.9%
Capital Assets	4,663.8	4,724.9	(61.1)	-1.3%
<b>Total Assets</b>	<b>\$ 5,173.5</b>	<b>\$ 5,422.1</b>	<b>\$ (248.6)</b>	<b>-4.6%</b>
Deferred Outflows of Resources				
Accumulated decrease in fair value hedging derivatives	\$ 28.9	\$ 41.2	\$ (12.3)	-29.9%
Current Liabilities	\$ 399.7	\$ 445.3	\$ (45.6)	-10.2%
Long-Term Liabilities	3,407.3	3,529.5	(122.2)	-3.5%
<b>Total Liabilities</b>	<b>3,807.0</b>	<b>3,974.8</b>	<b>(167.8)</b>	<b>-4.2%</b>
Net Position:				
Net Investment in Capital Assets	\$ 1,550.2	\$ 1,626.4	\$ (76.2)	-4.7%
Restricted	104.2	120.5	(16.3)	-13.5%
Unrestricted (deficit)	(259.0)	(258.4)	(0.6)	0.2%
<b>Total Net Position</b>	<b>\$ 1,395.4</b>	<b>\$ 1,488.5</b>	<b>\$ (93.1)</b>	<b>-6.3%</b>

The District’s total assets plus deferred outflows of resources were \$5.2 billion and total liabilities were \$3.8 billion as of June 30, 2013. Both assets and liabilities declined as result of the use of resources to reduce liabilities.

The District’s net position totaled approximately \$1.4 billion. Most of this amount represents the District’s investment in capital assets (land, buildings, furniture, fixtures & equipment), net of depreciation, and less any outstanding debt used to construct or acquire those assets. Restricted net positions in the amount of \$104.2 million are reported separately to show legal constraints, from debt covenants and grantor and legal restrictions. The \$(259.0) million unrestricted deficit in net position reflects the shortfall the District would face in the event it would have to liquidate all of its noncapital liabilities, including insurance claims payable, compensated absences, and other post employment benefits, at June 30, 2013. A deficit in unrestricted net position should not be considered, solely, as evidence of economic financial difficulties.

The District is required to include all of its capital assets, net of accumulated depreciation, and of related debt, as well as all of its long term liabilities. Consequently, these long term considerations have a significant impact on the resulting Net Position.

### Statement of Activities

The following table summarizes the changes in the District's Net Position from its activities for the fiscal years ended June 30, 2013 and 2012.

**CHANGES IN NET POSITION - GOVERNMENTAL ACTIVITIES**  
**For the Fiscal Years Ended June 30, 2013 and 2012**  
(\$ in millions)

	2012/13	2011/12	Difference Increase (Decrease)	% Increase (Decrease)
<b>Program Revenues:</b>				
Charges for Services	\$ 54.5	\$ 60.7	\$ (6.2)	-10.2%
Operating Grants and Contributions	132.5	121.7	10.8	8.9%
Capital Grants and Contributions	50.7	38.2	12.5	32.7%
Total Program Revenues	237.7	220.6	17.1	7.8%
<b>General Revenues:</b>				
Ad Valorem Taxes	1,525.0	1,537.6	(12.6)	-0.8%
Grants and Contributions Not Restricted to Specific Programs	1,495.7	1,415.4	80.3	5.7%
Investment Earnings	3.2	3.7	(0.5)	-13.5%
Miscellaneous	47.0	33.4	13.6	40.7%
Total General Revenues	3,070.9	2,990.1	80.8	2.7%
<b>Total Revenues</b>	<b>3,308.6</b>	<b>3,210.7</b>	<b>97.9</b>	<b>3.0%</b>
<b>Expenses:</b>				
Instructional Services	1,960.1	1,918.3	41.8	2.2%
Instructional Support Services	284.4	277.4	7.0	2.5%
Pupil Transportation	82.5	81.5	1.0	1.2%
Operations & Maintenance of Plant	342.7	344.3	(1.6)	-0.5%
Food Services	150.3	145.1	5.2	3.6%
School Administration	153.6	154.6	(1.0)	-0.6%
General Administration	13.8	11.3	2.5	22.1%
Business/Central Services	67.0	69.7	(2.7)	-3.9%
Facilities Acquisition and Construction	26.6	77.9	(51.3)	-65.9%
Administrative Technology Services	3.2	2.9	0.3	10.3%
Interest on Long-Term Debt	129.3	136.3	(7.0)	-5.1%
Community Services	31.0	30.3	0.7	2.3%
Unallocated Depreciation	157.2	155.6	1.6	1.0%
Total Expenses	3,401.7	3,405.2	(3.5)	-0.1%
<b>Increase (Decrease) in Net Position</b>	<b>(93.1)</b>	<b>(194.5)</b>	<b>101.4</b>	<b>-52.1%</b>
<b>Net Position Beginning</b>	<b>\$ 1,488.5</b>	<b>\$ 1,683.0</b>	<b>\$ (194.5)</b>	<b>-11.6%</b>
<b>Net Position Ending</b>	<b>\$ 1,395.4</b>	<b>\$ 1,488.5</b>	<b>\$ (93.1)</b>	<b>-6.3%</b>

General Revenues for Ad Valorem Taxes decreased by \$12.6 million or 0.8% from the previous fiscal year as a result of decreases in property values. Grants & Contributions Not Restricted to Specific Programs increased by \$80.3 million or 5.7% primarily attributed to increases in state revenues, as well as other federal and local grants.

**Governmental Activities**

The Statement of Activities reports gross expenses, offsetting program revenues and the resulting net expense (cost) by functions for the current year. The net cost of each of the District’s functions represents the expenses that must be subsidized by general revenues, including tax dollars. As reflected in the Statement of Activities, total expenses for governmental activities totaled \$3,244.5 million, excluding unallocated depreciation expense, of which \$237.7 million were financed by charges for services and other program revenues. The resulting net costs of \$3,006.8 million, excluding unallocated depreciation expense, were financed primarily by Florida Education Finance Program (FEFP) dollars and property taxes.

The table below, presents a comparative analysis of the cost and the net cost of each of the District’s functions: School Level Services include Instruction, Student Services (counselors, psychologists, and visiting teachers), Transportation, Custodial and Maintenance (including utilities), School Administration and Community Services; Instructional Support Services include Curriculum Development and Staff Training; Business/Central Services include Accounting, Budget, Payroll, Accounts Payable, Cash and Debt Management, Purchasing, Personnel, Data Processing, Risk Management, and Warehousing; General Administration; and Facilities Acquisition & Construction.

**NET COST OF GOVERNMENTAL ACTIVITIES**  
**For Fiscal Years Ended June 30, 2013 and 2012**  
 (\$ in millions)

	2012/13	2011/12	Difference Increase (Decrease)	% Increase (Decrease)
<b>Total Cost of Services</b>

<b>Net Cost of Services *</b>	<b>\$ 3,006.8</b>	<b>\$ 3,029.0</b>	<b>\$ (22.2)</b>	<b>-0.7%</b>

\* Excluding unallocated depreciation expense

### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Financial information is presented separately in the Balance Sheet, and in the Statement of Revenues, Expenditures, and Changes in Fund Balances for the District's major funds: General Fund, Other Federal Programs Fund, Federal Economic Stimulus Funds, ARRA Economic Stimulus Debt Service Fund, Capital Improvement-Local Optional Millage Levy (LOML) Funds, Certificates of Participation (COPs) Funds, and ARRA Economic Stimulus Capital Projects Funds. Financial information for the non-major governmental funds is aggregated and presented in a single column.

#### GENERAL FUND

The General Fund is the primary operating fund for the District. Presented below is an overall analysis of the General Fund as compared to the prior year.

**CHANGES IN GENERAL FUND ACTIVITY**

Ending Fund balance	84,350	144,143	(59,793)	-41.5%
<b>Total</b>	<b>\$ 2,691,963</b>	<b>\$ 2,729,539</b>	<b>\$ (37,576)</b>	<b>-1.4%</b>

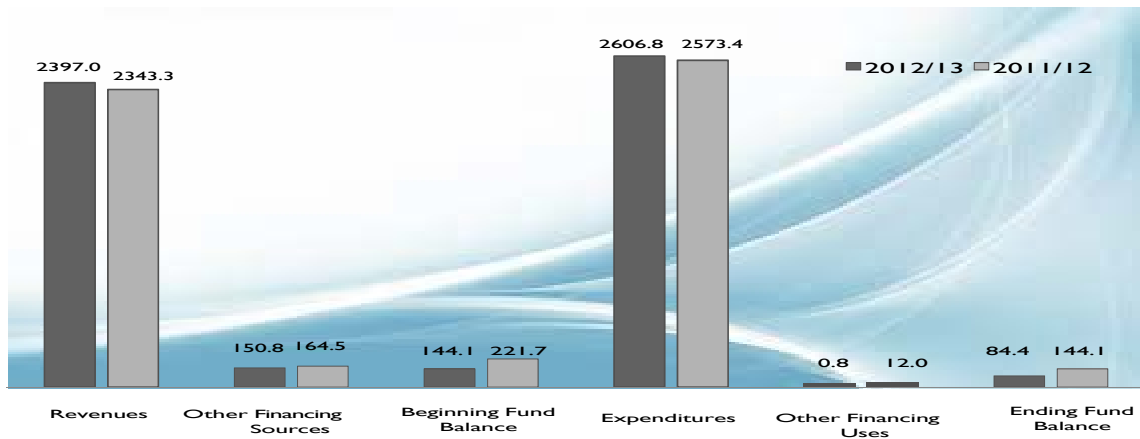

The General Fund is the chief operating fund of the District. Revenues increased by \$53.7 million or 2.3% from the previous year. The increase is primarily due to a slight increase in the FEFP Base Student Allocation (BSA) and other State Categoricals.

Expenditures increased by \$33.4 million or 1.3% from the previous year. The increase in expenditures can be attributed to the increases in health insurance costs and increased payments to the growing number of charter schools.

Ending Fund Balance decreased by \$59.8 million or 41.5% primarily due to a shortfall in the collection of property tax revenues and increased costs.

**CHANGES IN GENERAL FUND ACTIVITY**

**For Fiscal Years 2012/13 and 2011/12  
(\$ in millions)**

**GENERAL FUND (CONTINUED)**

**Revenues By Source**

**Revenues** - Overall revenues increased by \$53.7 million or 2.3% as follows:

**REVENUE BY SOURCE**  
For Fiscal Years Ended 2012/13 and 2011/12  
(\$ in thousands)

Sources	2012/13	2011/12	Difference Increase (Decrease)	% Increase (Decrease)
Federal	\$ 19,815	\$ 19,121	\$ 694	3.6%
State	1,122,937	1,063,385	59,552	5.6%
Local	1,254,240	1,260,803	(6,563)	-0.5%
<b>Total</b>	<b>\$ 2,396,992</b>	<b>\$ 2,343,309</b>	<b>\$ 53,683</b>	<b>2.3%</b>

Federal sources increased slightly by \$.7 million or 3.6% from the prior year. This increase was primarily due to an increase in Medicaid reimbursement.

State sources increased by \$59.6 million or 5.6% from the prior year. This increase was primarily due to increases in FEFP funding and other State Categoricals.

Local sources decreased by \$6.6 million or 0.5% from the prior year. This decrease was primarily due to a reduction in property taxes due to a lower tax roll resulting from the real estate market decline together with reductions in investment interest revenue. These declines were partially offset by increases in other local revenues.

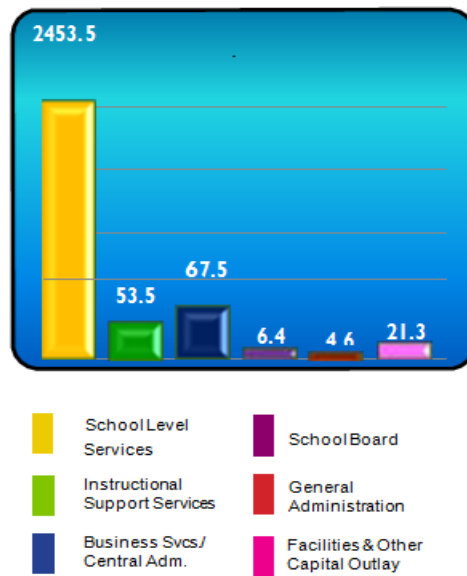

**Expenditures By Function**

**Expenditures** - Overall expenditures increased by \$33.4 million, or 1.3% as follows:

**EXPENDITURES BY FUNCTION**  
For Fiscal Years Ended 2012/13 and 2011/12  
(\$ in thousands)

Functions	2012/13	2011/12	Difference Increase (Decrease)	% Increase (Decrease)
School- Level Service	\$ 2,453,509	\$ 2,428,682	\$ 24,827	1.0%
Instructional Support Services	53,502	50,437	3,065	6.1%
Business Services/ Central Adm.	67,534	71,175	(3,641)	-5.1%
School Board	6,362	6,210	152	2.4%
General Administration	4,570	5,007	(437)	-8.7%
Facilities & Other Capital Outlay	21,332	11,885	9,447	79.5%
<b>Total</b>	<b>\$ 2,606,809</b>	<b>\$ 2,573,396</b>	<b>\$ 33,413</b>	<b>1.3%</b>

Salaries and fringe benefits represent the most significant expenditures of the District, specifically as they relate to school-level expenditures. During the 2012-13 fiscal year, the administration continued its efforts to meet the financial challenges of revenue losses and increased costs by creating efficiencies that reduced administration costs, and continued the moratorium on the purchases of items deemed non-essential.

### **OTHER FEDERAL PROGRAMS FUND**

While the primary sources of revenue for this fund are Federal grants, some State and local grants are included. Grants included in this fund, both entitlement and competitive, have restrictions on how the grant proceeds may be used. These restrictions are established by the grantor agencies or organizations. As a result, in compliance with generally accepted accounting principles, revenues in this fund are recognized only to the extent that eligible expenditures have been incurred. Therefore, no fund balance is recognized.

### **FEDERAL ECONOMIC STIMULUS FUNDS**

For the fiscal year ended June 30, 2013, the District received \$45.1 million in Federal Economic Stimulus Funds. Of this amount \$30.1 million was in Race-to-the-Top (RTTT) grants. RTTT is a program designed to spur reforms in state and local district K-12 education.

### **AMERICAN RECOVERY AND REINVESTMENT ACT (ARRA) ECONOMIC STIMULUS DEBT SERVICE FUND**

The American Recovery and Reinvestment Act (ARRA) Economic Stimulus Debt Service Fund was established for Debt Services for ARRA Qualified School Construction Bonds and Build America Bonds.

### **CAPITAL IMPROVEMENT-LOCAL OPTIONAL MILLAGE LEVY (LOML) FUNDS**

Capital Improvement - Local Optional Millage Levy (LOML) Funds constitute the primary source of revenue in the Capital Budget. The Florida Legislature decreased the maximum allowable millage to be used for capital purposes from 1.75 mills to 1.50 mills in the 2009-10 fiscal year, with the flexibility of shifting 0.25 mills from the operating budget. For the 2012-13 fiscal year, the District availed itself of 0.061 of the 0.25 mills flexibility provided by law. Total fund balance of \$34.5 million represents a reduction of \$22.1 million or 39.0% from the previous year related to the reduction in property tax revenues. The total \$34.5 million fund balance is restricted for capital projects.

### **CERTIFICATES OF PARTICIPATION (COPS) FUNDS**

Certificates of participation (COPs) are a funding mechanism that provides funds for the construction of new facilities or for the purchase of motor vehicles and furniture, fixtures, and equipment. Ending fund balances in the 2012-13 fiscal year totaled 15.8 million compared to 30.9 million in the previous fiscal year, representing a reduction of \$15.1 million or 48.9%, primarily due to a significant reduction in the construction program, resulting from decreased revenues and debt limitations. Total fund balance is restricted for capital projects according to legal restrictions imposed by the COPs Master Lease Agreement and Trust Indenture.

### **BUDGETARY HIGHLIGHTS**

Most District operations are funded in the General Fund. The majority of the General Fund revenues are distributed to the District through the Florida Education Finance Program (FEFP), which uses formulas to distribute state funds and an amount of local property taxes (i.e., required local effort) established each year by the Florida Legislature. The purpose is to substantially equalize educational funding among the sixty-seven school districts in Florida, irrespective of differences in wealth among the districts.

Each school district retains its local property taxes, which are reported as local revenues. However, the required local effort portion is deducted from the district revenue generated by the State FEFP formulas. The resulting net revenue is reported as state revenue.

Total General Fund revenues and other financing sources during the 2012-13 fiscal year were \$81.1 million less than the originally adopted budget as follows:

Federal funds were \$3 million higher than anticipated, due primarily to an increase in the Medicaid reimbursements of \$3.5 million, and small decreases in Impact Aid, R.O.T.C., and Community Schools.

State funds were \$40.7 million less than the originally adopted budget primarily due to the elimination of McKay Scholarships of \$35.2 million, a decrease in the FEFP funds received due to changes in enrollment of \$6.5 million, and miscellaneous small adjustments totaling an increase of \$1 million.

Local revenues were \$64.4 million lower than the originally adopted budget. The decrease in local revenues from the originally adopted budget is primarily due to reductions in net property taxes \$71.3 million, and increases in Community School Programs of \$1 million, and in other accounts by \$5.9 million.

Other Financing Services increased by \$21 million, primarily due to the increase in transfers from other funds.

Ending fund balance as of June 30, 2013, was \$84.4 million comprised of nonspendable fund balances totaling \$7.1 million, representing inventories and prepaid items, restricted fund balance totaling \$1.5 million in state categorical programs, assigned fund balance of \$17.8 million, which included rebudgets and outstanding purchase orders, and unassigned fund balance totaling \$58 million.

In the fiscal year 2012-13 tentative budget, the District made budgetary reductions to manage increases in costs that exceed \$64.0 million. In the future the District will continue to review the budget, focusing on maintaining essential educational services as we anticipate continuing revenue shortfalls and cost increases.

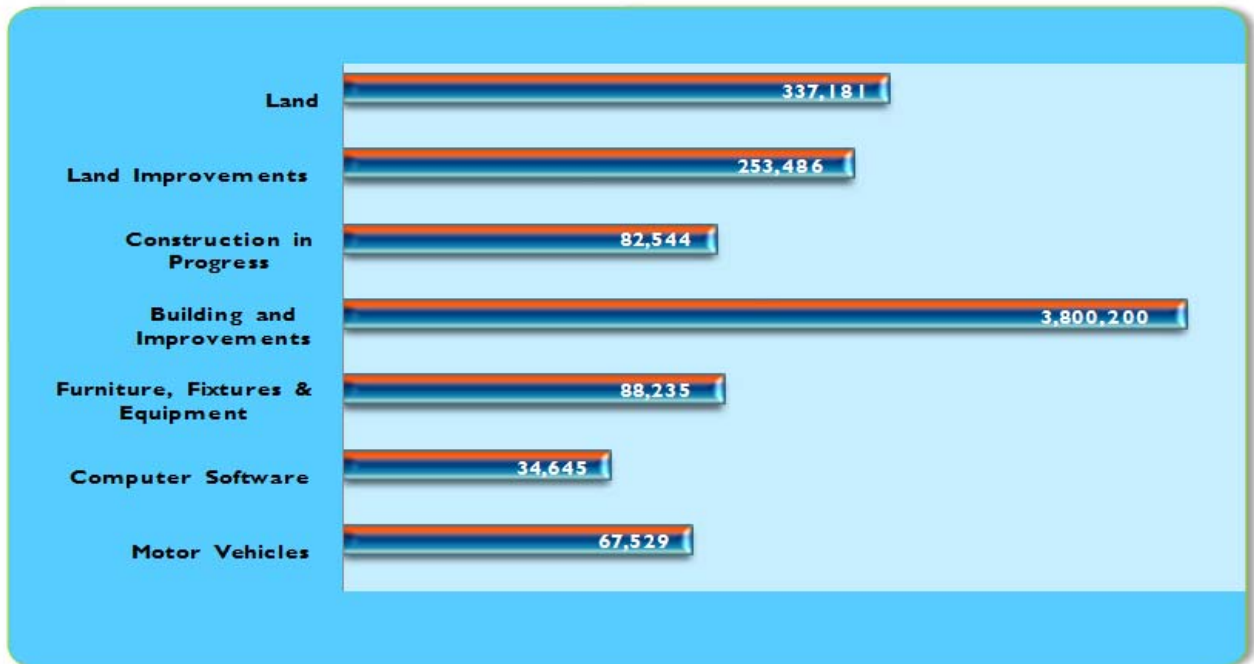

### CAPITAL ASSETS AND DEBT ADMINISTRATION

**Capital Assets** - At June 30, 2013, the District had \$4.7 billion invested in different categories of capital assets, net of accumulated depreciation, as shown in the table below.

<b>CAPITAL ASSETS</b>					
<b>At June 30, 2013 and 2012</b>					
<b>(\$ in thousands)</b>					
<b>Categories</b>	<b>2012/13</b>	<b>2011/12</b>	<b>Difference Increase (Decrease)</b>	<b>% Increase (Decrease)</b>	
Land	\$ 337,181	\$ 336,502	\$ 679	0.2%	
Land Improvements	253,486	239,922	13,564	5.7%

<b>Total</b>	<b>\$ 4,663,820</b>	<b>\$ 4,724,928</b>	<b>\$ (61,108)</b>	<b>-1.3%</b>	

Detailed information reflecting the District's capital asset balances and activity for the fiscal year ended June 30, 2013, is provided in Note 4 to the Financial Statements.

**CAPITAL ASSETS**  
**At June 30, 2013**  
**(\$ in thousands)**

**CAPITAL ASSETS AND DEBT ADMINISTRATION (CONTINUED)**

**Debt Administration** - The following table represents the changes in the District's outstanding long-term liabilities at fiscal year end.

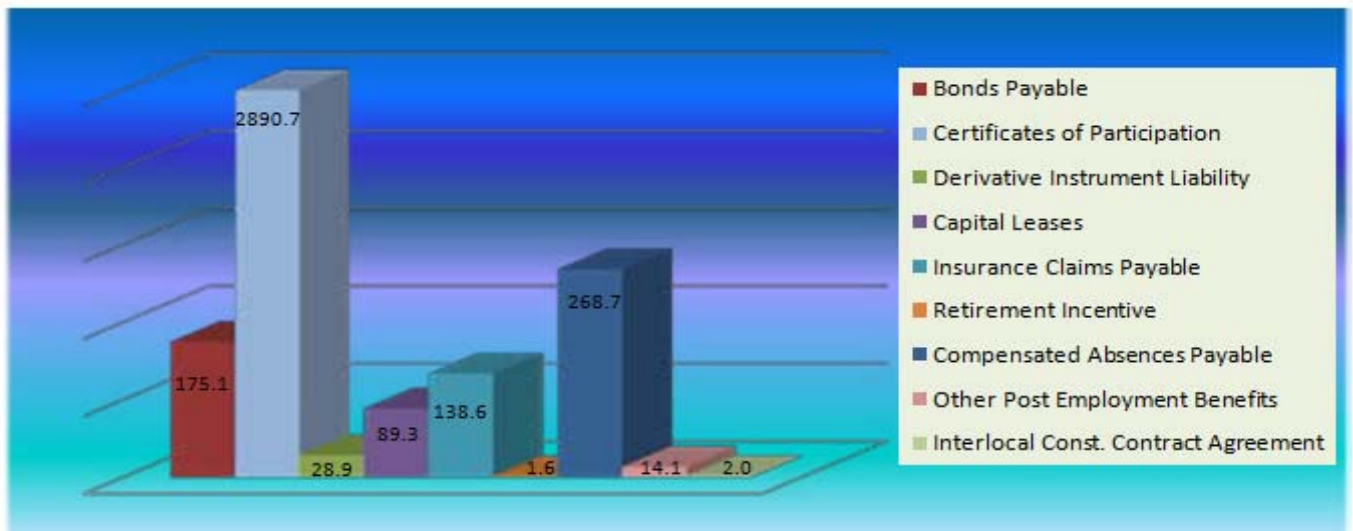

**LONG TERM LIABILITIES**  
**At June 30, 2013 and 2012**  
 (\$ in thousands)

Categories	2012/13	2011/12	Difference Increase (Decrease)	% Increase (Decrease)
Bonds Payable	\$ 175,096	\$ 226,235	\$ (51,139)	-22.6%
Certificates of Participation Payable by the Foundation	2,890,701	2,947,672	(56,971)	-1.9%
Derivative Instrument Liabilities	28,863	41,182	(12,319)	-29.9%
Capital Leases	89,332	120,096	(30,764)	-25.6%
Insurance Claims Payable	138,635	129,776	8,859	6.8%
Retirement Incentive Benefits	1,552	2,428	(876)	-36.1%
Compensated Absences Payable	268,688	258,536	10,152	3.9%
Other Post Employment Benefits	14,099	17,853	(3,754)	-21.0%
Interlocal Construction Contract Agreement	2,000	400	1,600	400.0%
<b>Total</b>	<b><u>\$ 3,608,966</u></b>	<b><u>\$ 3,744,178</u></b>	<b><u>\$ (135,212)</u></b>	<b><u>-3.6%</u></b>

Overall liabilities decreased by \$135.2 million or 3.6% from the prior year. The most significant reductions are reflected in Bonds Payable of \$51.1 million, Certificates of Participation of \$57.0 million, and Capital Leases of \$30.8 million. These reductions are primarily due to repayment of existing debt.

Detailed information relating to changes in long-term liabilities for the fiscal year ended June 30, 2013, is provided in Notes 8 through 14 to the Financial Statements.

**LONG TERM LIABILITIES**  
**At June 30, 2013 and 2012**  
 (\$ in millions)

### **ECONOMIC FACTORS**

The State of Florida, by Constitution, does not have a State personal income tax, and therefore, the State operates primarily using sales, gasoline and corporate income taxes. Despite a slow economic recovery and continued funding challenges, the District, through prudent fiscal management, maintains a healthy financial position to provide the quality education deserved by every child.

### **CONTACTING MANAGEMENT**

The District's financial statements are designed to present citizens, taxpayers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. Additional information can be requested at:

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET  
TO THE STATEMENT OF NET POSITION  
JUNE 30, 2013  
(amounts expressed in thousands)**

**Total Fund Balances – Governmental Funds** **\$ 248,905**

Amounts reported for governmental activities in the statement of net position are different as a result of:

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in the governmental funds.

Capital assets	\$ 6,724,021	
Accumulated depreciation	<u>(2,060,201)</u>	4,663,820

Property taxes receivable not collected within 60 days of fiscal year-end are not available soon enough to pay for the current period's expenditures, and therefore, are not recorded as revenue in the governmental funds. 21,379

An internal service fund is used by the District to charge the costs of health premiums to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position.

Assets	\$ 41,222	
Liabilities	<u>(37,815)</u>	
Net Position		3,407

Deferred charges for issuance costs are not financial resources and therefore are not reported as assets in the governmental funds. 24,590

Deferred outflows of resources resulting from the decreases in fair value of hedging derivative instruments are reported only on the statement of net position. 28,863

Current liabilities which are accrued as a liability in the government-wide statements but are not recognized in the governmental funds until due:

Benefits payable	\$ (1,683)	
Accrued Interest payable	<u>(31,733)</u>	(33,416)

Long-term liabilities are not due and payable in the current period and therefore are not reported as liabilities in the governmental funds.

Long-term liabilities at fiscal year-end consist of the following:

Bonds payable	\$ (175,096)	
Certificates of participation payable	(2,890,701)	
Derivative instruments liability	(28,863)	
Capital leases payable	(89,332)	
Self-insurance estimated claims payable	(98,547)	
Retirement incentive benefits	(1,350)	
Compensated absences	(262,149)	
Other postemployment benefits	(14,099)	
Interlocal Construction Contract Agreement	<u>(2,000)</u>	(3,562,137)

**Net Position – Governmental Activities** **\$ 1,395,411**

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF  
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES  
TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED JUNE 30, 2013  
(amounts expressed in thousands)**

**Net Change in Fund Balances - Governmental Funds** **\$ (127,237)**

Amounts reported for governmental activities in the Statement of Activities are different as a result of:

Property taxes not collected within 60 days of fiscal year-end are not considered available and therefore are not recorded as revenues in the fund level statements. However, for the government-wide statements property tax revenues are recorded when there is an enforceable lien. Additionally, the governmental funds reflect revenues that correspond to the prior year.

Prior year revenues recorded this year at the fund level	\$ (16,488)	
Revenues not recorded this year in the fund level statements are recorded as revenue in the government-wide statements	21,379	4,891

An internal service fund is used by the District to charge the costs of health premiums to individual funds. The decrease in net position of the internal service fund is reported with governmental activities. (358)

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, disposals, recoveries and donations) is to increase net position. 64,279

Capital outlay disbursements to purchase or build capital assets are reported as expenditures in the governmental funds. In the Statement of Net Position, these costs are capitalized and depreciated over their estimated useful lives. In the Statement of Activities the depreciation is reflected as an expense for the period.

Capital outlay expenditures for the fiscal year	\$ 73,699	
Depreciation expense for the fiscal year	(199,085)	(125,386)

Proceeds from issuance of debt instruments are recorded as other financing sources in the governmental funds, however, in the government-wide statements they are recorded as additions to long-term liabilities. Proceeds from debt instruments were as follows:

Proceeds from refunding of Certificates of Participation	\$ (255,175)	
Premium on refunding of Certificates of Participation	(19,772)	
Proceeds from Construction Agreements	(1,600)	
Proceeds from Loans/Leases	(475)	(277,022)

The governmental funds only include those liabilities that will be paid with current financial resources. Expenses recorded in the Statement of Activities exceed the amount recorded in the governmental funds due to the different measurement focus used.

Decrease in other post-employment benefits liability	\$ 3,754	
Amount of compensated absences earned in excess of the amount paid	(8,861)	
Decrease in accrued salaries and benefits	14	
Increase in insurance claims payable	(7,048)	(12,141)

Repayment of debt principal is reflected as an expenditure in the governmental funds, however, in the Statement of Net Position it is reflected as a reduction of liabilities and does not affect the Statement of Activities.

Repayment of debt principal for Certificates of Participation	\$ 52,538	
Repayment of debt principal for General Obligation Bonds	38,515	
Repayment of debt principal for Capital Leases	31,239	
Repayment of debt principal for State Board of Education Bonds	10,825	133,117

Repayment to refund debt is reflected as another financing use in the governmental funds, however, in the Statement of Net Position it is reflected as a reduction of liabilities and does not affect the Statement of Activities. 272,796

Issuance costs related to the issuance of debt are reported as expenditures in the governmental funds; however, these costs are capitalized and amortized over the life of the related debt issuance. In the Statement of Activities, amortization is recorded as additional interest expense for the period.

Issuance costs	\$ 2,151	
Amortization of issuance costs	(3,977)	(1,826)

Interest on long-term debt differs from the amount reported in the governmental funds. In the governmental funds, interest on long-term debt is recorded as an expenditure when due and payable. In the Statement of Activities, interest is recorded as it accrues. In addition, premiums are amortized over the life of the debt, and are recorded as a decrease to interest expense on the Statement of Activities. Losses incurred as a result of advance refundings are also amortized over the life of the debt and are recorded as an increase to interest expense on the Statement of Activities.

Accrued interest payable	\$ (31,733)	
Amortization of premium on State Board of Education Capital Outlay Bonds (SBEs)	68	
Amortization of premium on Certificates of Participation (COPs)	10,304	
Amortization of premium on General Obligation School Bonds (GOBs)	947	
Amortization of loss related to advance refunding of SBEs	(18)	
Amortization of loss related to advance refunding of COPs	(3,721)	
Amortization of loss related to advance refunding of GOBs	(32)	
Payment of interest related to advance refunding of COPs	(33,055)	
Prior year accrued interest paid during current fiscal year	33,092	(24,148)

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

**A. Reporting Entity**

The School Board of Miami-Dade County, Florida (the "School Board," "Board," or the "District") is composed of nine members elected from single-member districts within the legal boundary of Miami-Dade County, Florida (the "County"). The appointed Superintendent of Schools is the executive officer of the Board. The School Board is part of the state system of public education under the general direction of the State Board of Education and is financially dependent on state support. However, the Board is considered a primary government for financial reporting purposes because it is directly responsible for the operation and control of District schools within the framework of applicable state law and State Board of Education rules and it is not considered to be an agency or component unit of the State of Florida.

The general operating authority of the School Board and the Superintendent is contained in Chapters 1000 through 1013, Florida Statutes. Pursuant to Section 1010.01, Florida Statutes, each school district is responsible for keeping records and accounts of all financial transactions in the manner prescribed by the State Board of Education.

The accompanying financial statements include those of the District (the primary government) and its component units. Component units are legally separate organizations which should be included in the District's financial statements because of the nature and significance of their relationship with the primary government.

The Governmental Accounting Standards Board (GASB) issued Statement No. 61, *The Financial Reporting Entity: Omnibus, an amendment of GASB Statement No. 14 and No. 34*. The Statement modifies the existing criteria for reporting component units. The Statement provides guidance on the inclusion of a legally separate entity to be included as a component unit under the misleading to exclude criterion and the financial accountability concept, which requires that in addition to meeting the fiscal dependency criterion, a financial benefit or burden relationship be present in order for a potential component unit to be included in the financial reporting entity.

Based on the requirements of the Florida Department of Education and the opinion of the Department's general counsel, the District included the charter schools as component units.

**Blended Component Units**

The Miami-Dade County School Board Foundation, Inc., a Florida not-for-profit corporation, was created solely to facilitate financing for the acquisition and construction of District school facilities and related costs. The members of the School Board serve as the Board of the Foundation, therefore, the School Board is considered financially accountable for the Foundation. The financial activities of the Foundation have been blended (reported as if it were part of the District) with those of the District.

**Discretely Presented Component Units**

The component unit columns in the government-wide financial statements include the financial data of the District's component units that are presented separately. These component units consist of multiple charter schools. The charter schools are reported, in the aggregate, in separate columns in the governmental activities financial statements to emphasize that they are legally separate from the District.

All charter schools are recognized as public schools within the District, as such, charter schools are funded on the same basis as the District. Additionally, Florida Statutes, Section 1002.33, states that the School Board shall monitor revenues and expenditures of the charter schools. Charter schools are funded from public funds based on membership, and can also be eligible for

JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:**

**A. Reporting Entity – continued**

**Discretely Presented Component Units - continued**

grants in accordance with the state and federal guidelines, including food service and capital outlay. Additionally, all students enrolled in charter schools are included in the District’s total enrollment. Charter schools can accept private donations and incur debt in the operation of the school, for which the charter school is responsible.

A total of 120 charter schools were approved to operate during fiscal year 2012-13. All of the charter schools are included as component units of the District or another legal entity. For financial reporting purposes, 110 of the charter schools are included in the financial statements of the District as discretely presented component units. The remaining 10 charter schools are not included as they are part of another legal entity. Based on the Florida Department of Education’s interpretation of GASB Statement No. 14, as amended in GASB 61, it would be misleading to exclude them from the District’s financial statements. None of the individual component units are considered to be major, therefore, they are reported in the aggregate in the District’s financial statements. The audited financial statements of the individual component units can be obtained by contacting the following schools:

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:**

**B. Basis of Presentation**

The District's accounting policies conform with accounting principles generally accepted in the United States applicable to state and local governmental units. Accordingly, the basic financial statements include both the government-wide and fund financial statements.

**Government-Wide Financial Statements** – The Statement of Net Position and the Statement of Activities present information about the financial activities of the District as a whole, and its component unit, excluding fiduciary activities. Eliminations have been made from the statements to remove the “doubling-up” effect of interfund activity.

The Statement of Activities reports expenses identified by specific functions, offset by program revenues, resulting in a measurement of “net (expense) revenue” for each of the District's functions. Program revenues that are used to offset these expenses include charges for services, such as food service and tuition fees; operating grants, such as the National School Lunch Program, Federal Grants, and other state allocations; and capital grants specific to capital outlay. In addition, revenues not classified as program revenues are shown as general revenues.

**Fund Financial Statements** – The fund financial statements provide information about the District's funds, including proprietary and fiduciary funds. Separate statements for governmental, proprietary and fiduciary funds are presented. The emphasis of the fund financial statements is on the major funds which are presented in a separate column with all non-major funds aggregated in a single column.

The District reports the following major governmental funds:

General Fund is the District's primary operating fund and accounts for all financial resources of the District, except those required to be accounted for in another fund.

Other Federal Programs Fund accounts for and reports grant funds received from federal, state, and local sources.

Federal Economic Stimulus Funds account for and report on funds received from The American Recovery and Reinvestment Act (ARRA) of 2009 to stimulate the economy, save jobs and improve education. This fund did not meet the minimum criteria for major fund determination during the 2012-13 fiscal year. However, it will continue to be presented as a major fund for the purpose of consistency and at the discretion of the District.

ARRA Economic Stimulus Debt Service Fund accounts for and reports on Debt Service for ARRA-Funded Qualified School Construction Bonds (QSCBs) and Build America Bonds (BABs). This fund did not meet the minimum criteria for major fund determination during the 2012-13 fiscal year. However, it will continue to be presented as a major fund for the purpose of consistency and at the discretion of the District.

Capital Improvement – Local Optional Millage Levy (LOML) Funds accounts for and reports on funds levied by the school district, as authorized by Section 1011.71, Florida Statutes, used mainly for capital outlay purposes.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:**

**B. Basis of Presentation - continued**

Certificates of Participation (COPs) Funds account for and report on funds received from the issuance of Certificates of Participation, used for the acquisition and construction of schools and ancillary schools. Also included are the Qualified Zone Academy Bonds used for renovations on existing schools. Given the importance of the COPs Funds, management has elected to consider these funds as a major fund.

ARRA Economic Stimulus Capital Projects Funds account for and report on proceeds received from the issuance of QSCBs and BABs used for the construction, rehabilitation and/or repair of school facilities. This fund did not meet the minimum criteria for major fund determination during the 2012-13 fiscal year. However, it will continue to be presented as a major fund for the purpose of consistency and at the discretion of the District.

Additionally, the District reports separately the following proprietary and fiduciary fund types:

Internal Service Fund accounts for and reports on the activities of the District's group health self-insurance program.

Agency Fund – School's Internal Fund accounts for resources of the schools' Internal Fund which is used to administer monies collected at the schools in connection with school, student athletics, class, and club activities.

Pension Trust Fund accounts for resources used to finance the District's Supplemental Early Retirement Plan.

**C. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The basis of accounting refers to when revenues and expenditures, or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when the liability is incurred, regardless of the timing of related cash flows. Revenues from non-exchange transactions are reported in accordance with GASB Statement No. 33, Accounting and Financial Reporting for Non-Exchange Transactions, as amended by GASB Statement No. 36, Recipient Reporting for Certain Shared Non-Exchange Revenues, which include, taxes, grants and donations. On the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, that is, when they become measurable and available. "Measurable" means the amount of the transaction can be determined; "available" means collectible within the current period or soon thereafter to be used to pay liabilities of the current period.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:**

**C. Measurement Focus and Basis of Accounting – continued**

Property taxes, when levied for, and intergovernmental revenues when eligibility requirements have been met, are the significant revenue sources considered susceptible to accrual. The School Board considers property taxes, when levied for, as available if they are collected within 60 days after fiscal year-end. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Charges for services and fees are recognized when cash is collected as amounts are not measurable. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred. The principal exceptions to this general rule are: (1) interest on general long-term debt is recognized as expenditures when due/paid; and (2) expenditures related to liabilities reported as general long-term debt are recognized when due.

Proprietary Fund – Proprietary funds are accounted for in accordance with the Governmental Accounting Standards Board, GASB issued Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements. During the fiscal year 2009-10, the District established an Internal Service Fund to account for the group health self-insurance program. The Internal Service Fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Proprietary funds distinguish operating revenues and expenses from nonoperating items.

The principal operating revenues of the District's Internal Service Fund for self-insurance are charges to the District's other funds for health insurance. The principal operating expenses include insurance claims, administrative expenses and fees. All revenues and expenses not meeting these definitions are reported as non-operating revenues and expenses.

The Pension Trust Fund is reported using the economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the Statement of Fiduciary Net Position. The Statement of Changes in Fiduciary Net Position presents additions and deductions in fund equity (total net position).

The agency fund has no measurement focus but utilizes the accrual basis of accounting for reporting its assets and liabilities.

The charter schools are accounted for as governmental organizations and follow the same accounting model as the District's governmental activities.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:**

**D. New Pronouncements – Adopted and Unadopted**

The GASB issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements* in December 2010. This Statement is effective for fiscal years beginning after December 15, 2011. The statement codifies all sources of generally accepted accounting principles for state and local governments so that they derive from a single source.

The GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Positions* in June 2011. This Statement is effective for fiscal years beginning after December 15, 2011. The statement provides guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures. The District adopted GASB Statement No. 63 in the 2012-13 fiscal year financial statements and reclassified the prior net assets as net positions. In the statement of net position, assets, plus deferred outflows of resources, less liabilities, less deferred inflows of resources, equals net position.

The GASB issued Statement No. 65, *Items Previously Reported as Assets and Liabilities* in March 2012. This Statement is effective for fiscal years beginning after December 15, 2012.

The GASB issued Statement No. 66, *Technical Corrections-2012 (an amendment of GASB Statements No. 10 and No. 62)* in March 2012. This Statement is effective for fiscal years beginning after December 15, 2012.

The GASB issued Statement No. 67, *Financial Reporting for Pension Plans (an amendment of GASB Statement No. 25)* in June 2012. This Statement is effective for fiscal years beginning after June 15, 2013.

The GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions (an amendment of GASB Statement No. 27)* in June 2012. This Statement is effective for fiscal years beginning after June 15, 2014. The adoption of this Statement will require the District to record a liability for the unfunded portion of its cost sharing plan. The unfunded portion has not yet been determined.

The impact on the District's financial position or results of operations has not yet been determined for the unadopted standards.

**E. Cash, Cash Equivalents, and Investments**

The District maintains an accounting system in which substantially all general School Board cash, investments, and accrued interest are recorded and maintained in a separate group of accounts. Investment income is allocated based on the proportionate balances of each fund's equity in pooled cash and investments. The cash and investment pool is available for all funds, except the State Board of Education Bonds, Certificates of Participation and other debt related funds requiring separate accounts.

Cash deposits are held by banks qualified as public depositories under Florida law. All deposits are insured by federal depository insurance and/or collateralized with securities held in Florida's multiple financial institution collateral pool as required by Florida Statutes, Chapter 280. Cash and cash equivalents are considered to be cash on hand, demand deposits, non-marketable time deposits with maturities of three months or less when purchased, and money market/saving accounts.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:**

**E. Cash, Cash Equivalents, and Investments, Continued**

Investments are carried at fair value and include U.S. Government Sponsored Enterprise (GSE) obligations, Commercial Paper, Money Market Mutual Funds, Time Deposits and Guaranteed Investment Contract. Pension Trust Fund investments are recorded at fair value and include: U.S. GSE obligations, corporate bonds, money market funds, and corporate stocks.

**F. Inventory**

Inventories consist of expendable supplies held for consumption in the course of the District's operations. Inventories are stated at cost, principally on a weighted average cost basis. Commodities from the United States Department of Agriculture are stated at their fair value as determined at the time of donation by the Florida Department of Agriculture and Consumer Services. Commodities inventory is accounted for using the "purchases" method that expense inventory when acquired and inventories on hand at fiscal year end are reported as an asset and nonspendable fund balance, net of amounts in Accounts Payable. Non-commodity inventory is accounted for under the consumption method and as such is recorded as an expenditure when used. Since inventories of commodities also involve purpose restrictions they are presented as restricted in the government-wide statement of net position.

**G. Due From Other Governments or Agencies**

Amounts due to the District by other governments or agencies relate to grants or programs for which the services have been provided to students of the District.

**H. Other Assets**

Other assets consist mainly of prepaid expenses which are recognized upon the receipt of the goods or services that were received but not consumed at year-end. The expenditure will be recorded when the asset is used. Accordingly, prepaid expenses are equally offset by a nonspendable fund balance classification.

**I. Restricted Net Position**

Certain proceeds from bonds and Certificates of Participation (COPs) issuances, as well as resources for debt service payments and food service, are classified as restricted net assets on the Statement of Net Position because their use is limited by applicable bond covenants and other legal restrictions.

When both restricted and unrestricted assets are available for a specific purpose, it is the District's policy to use restricted assets first, until exhausted, before using unrestricted resources.

**J. Capital Assets**

Capital assets which include, land, land improvements, construction in progress, buildings, building improvements, furniture, fixtures and equipment, computer software, and motor vehicles are reported in the Statement of Net Position in the government-wide statements. The District's capitalization thresholds are \$1,000 or greater for furniture, fixtures and equipment, computer software, and motor vehicles and \$50,000 for building improvements, additions, and other capital outlays that significantly extend the useful life of an asset. Other costs incurred for repairs and maintenance are expensed as incurred. Assets are recorded at historical cost. Assets purchased under capital leases are recorded at cost, which approximates fair value at acquisition date and does not exceed the present value of future minimum lease payments.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:**

**J. Capital Assets, Continued**

Donated assets are recorded at the fair value at the time of receipt. Certain costs incurred in connection with the development of internal use software are capitalized and amortized in accordance with GASB Statement No. 51, Accounting and Financial Reporting for Intangible Assets and are reflected in the government-wide financial statements.

Capital assets are depreciated using the straight-line method based on the following estimated useful lives:

	<b>Useful Life (Years)</b>
Buildings and Improvements	20 – 50
Furniture, Fixtures and Equipment	5 – 20
Vehicles	7 – 18
Computer Software	5

When capital assets are sold or disposed of, the related cost and accumulated depreciation are removed from the accounts, and the resulting gain or loss is recorded in the government-wide statements. Proceeds received from the sale or disposal of capital assets are recorded as other financing sources in the governmental funds.

**K. Long-Term Debt and Compensated Absences**

The government-wide financial statements report long-term liabilities or obligations that are expected to be paid in the future. Long-term liabilities reported include bonds payable, Certificates of Participation (COPs) payable, derivative instrument liabilities, capital leases payable, Self-insurance estimated claims payable, retirement incentives payable, compensated absences payable, other postemployment benefits, and interlocal construction contract agreement payable in future years. Debt premiums/discounts are amortized over the life of the debt using the effective-interest method; while deferred gain/loss on advance refundings and issuance costs are amortized over the shorter of the remaining life of the refunded bonds or the life of the new bonds in a systematic and rational method, which approximates the effective-interest method.

In the fund financial statements, debt premiums and discounts, as well as issuance costs are recognized in the period the related debt is issued. Proceeds, premiums, and discounts are reported as other financing sources and uses. Principal payments and issuance costs are reported as debt service expenditures.

**L. Risk Management**

The District is self-insured for portions of its general and automobile liability insurance and workers' compensation. Claim activity (expenditures for general and automobile liability and workers' compensation) is recorded in the general fund as payments become due each period. The estimated liability for self-insured risks represents an estimate of the amount to be paid on insurance claims reported and on insurance claims incurred but not reported (See note 13). For the governmental funds, in the fund financial statements, the liability for self-insured risks is considered long-term and therefore, is not a fund liability (except for any amounts due and payable at year-end) and represents a reconciling item between the fund level and government-wide presentations.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:**

**L. Risk Management, Continued**

The District provides health insurance for its employees and eligible dependents. Effective January 1, 2010, the district changed from a fully insured plan to a self-insured plan, with individual, as well as aggregate stop loss coverage to protect the District against catastrophic claims in a calendar year. The District accounts for health insurance activity in an internal service fund established for this purpose. In the proprietary fund financial statements, the liability for self-insured health risks is recorded under the accrual basis of accounting.

**M. State Revenue Sources**

Revenues from state sources for current operations are primarily from the Florida Education Finance Program (FEFP), administered by the Florida Department of Education (FDOE), under the provisions of Section 1011.62, Florida Statutes. The District files reports on full-time equivalent (FTE) student membership with the FDOE. The FDOE accumulates information from these reports and calculates the allocation of FEFP funds to the District. After review and verification of FTE reports and supporting documentation, the FDOE may adjust subsequent fiscal period allocations of FEFP funding for prior year errors disclosed by its review as well as to prevent statewide allocations from exceeding the amount authorized by the Legislature. Normally, such adjustments are treated as reductions of revenue in the year the adjustment is made.

The District receives revenue from the state to administer certain educational programs. State Board of Education rules require that revenue earmarked for these programs be expended only for the program for which the money is provided and require that the money not expended as of the close of the fiscal year be carried forward into the following year to be expended for the same educational programs. Revenue is recognized when all eligibility requirements have been met.

The state allocates gross receipt taxes, generally known as Public Education Capital Outlay (PECO) money, to the District on an annual basis for capital and other projects. The District is authorized to expend these funds only upon applying for and receiving an encumbrance authorization from the FDOE. The District received PECO appropriations during the 2012-13 fiscal year, solely for the distribution to the District's eligible Charter Schools.

**N. Property Taxes – Revenue Recognition**

In the government-wide financial statements, property tax revenue is recognized in the fiscal year when levied for. The receivable is recorded net of an estimated uncollectible amount, which is based on past collection experience. In the fund financial statements, property tax revenue is recognized in the fiscal year when levied for. Taxes are susceptible to accrual, that is when they are measurable and available. Taxes collected by the County Tax Collector and received by the District within 60 days subsequent to fiscal year-end are considered to be available and recognized as revenue.

**O. Deferred/Unearned Revenue**

Deferred revenue in the governmental fund financial statements relate to property taxes receivable that are measurable, but not available. The unearned revenue in the Statement of Net Position primarily relates to the lease of Educational Broadband Service (EBS) licenses that are amortized on a straight-line basis over the life of the lease agreement.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:**

**P. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**Q. Deferred Outflows/Inflows of Resources**

The District implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Revenues, Deferred Inflows of Resources, and Net Position*. The statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District currently reports accumulated decrease in fair value of hedging derivatives in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District currently does not have any items that qualify for reporting in this category.

**R. Fund Balances**

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, establishes accounting and financial reporting standards for governmental funds. It establishes criteria for classifying fund balances into specifically defined classifications and clarifies definitions for governmental fund types. Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the uses of those resources.

GASB Statement No. 54 requires the fund balance to be properly reported within one of the fund balance categories listed below:

**Nonspendable** – Fund balance amounts that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to be maintained intact. Examples of this classification are prepaid items, inventories, and the principal of an endowment fund.

**Spendable Fund Balance**

**Restricted** – Fund balance amounts on which constraints have been placed by creditors, grantors, contributors, laws or regulations of other governments, constitutional provisions or enabling legislation.

**Committed** – Fund balance amounts that can only be used for specific purposes pursuant to constraints imposed by the formal action (Board Resolution) of the highest level of decision-making authority (The School Board). The amounts cannot be used for any other purpose unless the School Board removes or changes the specified use by taking the same formal action (Board Resolution) it employed to commit the amounts.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:**

**R. Fund Balances, Continued**

**Assigned** – Fund balance amounts intended to be used for specific purposes but are neither restricted nor committed. Assigned amounts include those that have been set aside for a specific purpose by actions of the School Board or Superintendent and not included in other categories.

**Unassigned** – Includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

**2. BUDGETS COMPLIANCE AND ACCOUNTABILITY:**

**A. Legal Compliance**

The annual budget is submitted to the Florida Commissioner of Education by major functional levels such as instructional, instructional support, general administration, maintenance of plant, etc. Expenditures may not exceed appropriations without prior approval of the School Board in the General Fund and Special Revenue Funds at the function level. Budgetary control is exercised at the fund level for all other funds.

Florida Statutes, Section 1013.61, requires that the capital outlay budget designate the proposed capital outlay expenditures by project for the year from all fund sources. Accordingly, annual budgets for the Capital Project Funds are adopted on a combined basis only.

Budgeted amounts may be amended by resolution of the Board at any Board meeting prior to the due date for the Annual Financial Report (State Report). General Fund budgetary disclosure in the accompanying financial statements reflects the final budget including all amendments approved at the School Board meeting of September 3, 2013 for the fiscal year ended June 30, 2013.

Appropriations lapse at fiscal year-end, except for unexpended appropriations of state educational grants, outstanding purchase orders, contracts, and certain available balances. These balances are reflected at year-end either as restricted or assigned fund balance, and are re-appropriated in the new fiscal year.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) outstanding at year-end are reported as restricted or assigned fund balance and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

**B. Comparison of Budget to Actual Results**

The budgets for each of the Governmental Funds are accounted for on the modified accrual basis of accounting.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**3. CASH, CASH EQUIVALENTS, AND INVESTMENTS:**

**Deposits and Investments**

The District's surplus funds are invested directly by the District's Office of Treasury Management. Investments of the District's State Board of Education (SBE) bond proceeds held and administered by the SBE are made by the State Board of Administration.

As authorized under State Statutes the School Board has adopted Board Policy 6144, Investments as its formal Investment Policy for all surplus funds, except for the Supplemental Early Retirement Funds, which are invested under Board Policy 6535, Supplemental Early Retirement Plan. Board Policy 6144, Investments policies permit the following investments and are structured to place the highest priority on the safety of principal and liquidity of funds:

- Time Deposits – School Board and State approved designated depository
- U.S. Government direct obligations
- Revolving Repurchase Agreements or similar investment vehicles for the investment of funds awaiting clearance with financial institutions
- Commercial Paper rated A1/P1/F1 or better
- Bankers Acceptances with the 100 largest banks in the world
- State Board of Administration Local Government Investment Pool
- Obligations of the Federal Farm Credit Bank
- Obligations of the Federal Home Loan Bank
- Obligations of the Federal Home Loan Mortgage Corporation
- Obligations of the Federal National Mortgage Association
- Obligations guaranteed by the Government National Mortgage Association
- Securities of any investment company of investment trust registered under the Investment Company Act of 1940, 15 U.S.C.

In addition, under Board Policy 6535, Supplemental Early Retirement Plan, the following investments are also permitted.

- Corporate or Taxable Government Bonds rated investment grade
- Equity Securities including index funds and actively managed mutual funds

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**3. CASH, CASH EQUIVALENTS, AND INVESTMENTS, Continued:**

Cash, cash equivalents, and investments for governmental, fiduciary and proprietary funds of the District as of June 30, 2013 are as follows:

<u>Investment Type</u>	<u>Amount (\$ in thousands)</u>	<u>Weighted Average Maturity (Years)</u>
Commercial Paper	\$ 116,622	0.06
Guaranteed Investment Contract (GIC)	41,894	3.04
Money Market Mutual Funds	4,270	0.15
State Board of Education – COBI	1,462	0.5
Time Deposits	13,060	0.25
U.S. Government Sponsored Enterprise (GSE)	72,031	0.45
U.S. Treasury Strip	1,286	16.14
Total Debt Investments	250,625	0.76
Equity Mutual Funds – Pension Trust Fund	15,456	
Total Investments	266,081	
Cash and Cash Equivalents	75,943	
<b>Total Cash, Cash Equivalents, and Investments</b>	<b>\$ 342,024</b>	

At June 30, 2013, \$31.0 million in cash and investments relate to unspent debt proceeds pertaining to various financings including Certificates of Participation (COPs), which are restricted assets whose use is limited to projects primarily related to the acquisition and construction of school facilities and equipment as authorized by Board resolutions and debt covenants.

Total cash, cash equivalents and investments (in thousands) of \$342,024 at June 30, 2013, was comprised of \$253,767 in governmental funds, \$40,954 in Proprietary Fund - Health Insurance Fund, \$24,555 in Fiduciary Fund - Pension Trust Fund and \$22,748 in Fiduciary Fund - Agency Fund (Schools' internal Fund).

The School Board of Miami-Dade County currently has 4 GIC's associated with its Qualified Zone Academy Bonds (QZAB's). These contracts total approximately \$41,894 (in thousands) with internal rates of return ranging from 3.53% to 6.30% and maturity dates from December 2013 through December 2022.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**3. CASH, CASH EQUIVALENTS, AND INVESTMENTS, Continued:**

**Interest Rate Risk:** Interest rate risk is the risk of losses due to potential changes in the prevailing interest rates. In accordance with its investment policy under Board Policy 6144, Investments, the School Board manages its exposure to declines in fair values by substantially limiting the weighted average maturity on all investments to one year or less. U.S. GSE Securities include \$53 million in callable securities between October 2013 through February 2014, and as such, the weighted average maturity reflects the call dates as the maturity dates for these securities. The calculated weighted average maturity for all callable U.S. GSE securities is 163 days.

**Credit Risk:** Credit risk is the risk of losses due to credit worthiness of the issuer of security investments. In accordance with Board Policy 6144, the School Board manages its exposure to credit risk by limiting investments to the highest rated government-backed securities, such as Treasury Notes, and U.S. GSEs. The policy also requires Commercial Paper to be rated A-1 or better, and Money Market Mutual Funds to be rated AAAM.

Investment Type	Rating *	Percentage of Debt Investments
Commercial Paper	A-1+	35.00 %
Commercial Paper	A-1	8.83%
Federal Farm Credit Bank	AA+	1.13%
Federal Home Loan Bank	AA+	14.12%
Federal Home Loan Mortgage Corporation	AA+	9.56%
Federal National Mortgage Association	AA+	2.27%
Guaranteed Investment Contract	Not Rated	15.74%
Money Market Mutual Funds	AAAM	1.60%
State Board of Education – COBI	Not Rated	0.55%
Time Deposits	N/A	4.91%
U.S. Treasury Strip	AAA	0.48%

\* Standards & Poor’s ratings as of June 30, 2013.

**Concentration of Credit Risk:** Concentration of credit risk is the risk of loss attributed to the magnitude of investments in a single issuer. In accordance with Board Policy 6144, the District permits investments of up to 7.5% of the total portfolio in Commercial Paper with a single issuer and 60% in total, 30% in Federal Farm Credit Bank, 30% in Federal Home Loan Bank, 30% in Federal Home Loan Mortgage Corporation, 30% in Federal National Mortgage Association agency securities, 10% in Time Deposits with a single issuer, and unlimited U.S. Treasury Notes as well as Government Obligations Money Market Mutual Funds. Although all the investments were purchased within the established percentage threshold when compared to entire portfolio including cash equivalents as permitted by the policy, commercial paper investments with FCAR, GECC, and Toyota ended the year at 9.96%, 12.01%, and 8.71% of outstanding investments respectively due to the normal decrease of the portfolio’s total value as other investments matured during the course of the year.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**3. CASH, CASH EQUIVALENTS, AND INVESTMENTS, Continued:**

**Custodial Credit Risk:** Custodial credit risk is the risk of losses due to the failure of a counterparty that is in possession of investments or collateral securities. All securities in accordance with the District's investment policy under Policy 6144, with the exception of time deposits and guaranteed investment contract, are held by a third-party custodian in an account separate and apart from the assets of the custodian and designated as assets of the District.

**Cash/Deposits**

The District's cash deposits include money market/savings, demand deposits and petty cash. All bank balances of the District are fully insured or collateralized as required by Florida Statutes, Chapter 280. At June 30, 2013, the deposits' fair value and book balances were \$75,943 (in thousands).

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**4. CAPITAL ASSETS:**

Capital asset balances and activity for the fiscal year ended June 30, 2013, are as follows (in thousands):

	Balance July 1, 2012	Additions/ Transfers	Deletions/ Transfers	Balance June 30, 2013
<b>Non-Depreciable Capital Assets:</b>				
Land	\$ 336,502	\$ 679	\$ -	\$ 337,181
Land Improvements	239,922	13,564	-	253,486
Construction in Progress	61,939	112,750	(92,145)	82,544
<b>Total Non-Depreciable Capital Assets</b>	<b>638,363</b>	<b>126,993</b>	<b>(92,145)</b>	<b>673,211</b>
<b>Depreciable Capital Assets:</b>				
Buildings and Improvements	5,447,679	65,060	(2,977)	5,509,762
Furniture, Fixtures, and Equipment	316,662	23,884	(23,005)	317,541
Computer Software	83,362	-	-	83,362
Motor Vehicles	130,724	18,090	(8,669)	140,145
<b>Total Depreciable Capital Assets</b>	<b>5,978,427</b>	<b>107,034</b>	<b>(34,651)</b>	<b>6,050,810</b>
<b>Less Accumulated Depreciation/Amortization for:</b>				
Building and Improvements	1,558,134	154,400	(2,973)	1,709,561
Furniture, Fixtures, and Equipment	230,285	19,768	(20,747)	229,306
Computer Software	32,045	16,673	-	48,718
Motor Vehicles	71,398	8,244	(7,026)	72,616
<b>Total Accumulated Depreciation/Amortization</b>	<b>1,891,862</b>	<b>199,085</b>	<b>(30,746)</b>	<b>2,060,201</b>
<b>Net Capital Assets</b>	<b>\$ 4,724,928</b>	<b>\$ 34,942</b>	<b>\$ (96,050)</b>	<b>\$ 4,663,820</b>

In fiscal year 2012-13, management evaluated and determined that certain capital asset construction-in-progress amounts from prior years were not properly accumulated and recorded in the Government-Wide financial statements. Consequently, management has adjusted capital asset construction-in-progress additions, in the amount of approximately \$55 million to correctly reflect the previously misclassified amounts.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**4. CAPITAL ASSETS, Continued:**

For fiscal year ended June 30, 2013, depreciation/amortization by function is as follows:

<u>Functions</u>	<u>Amount (\$ in thousands)</u>
Instructional Services	\$ 2,502
Instructional Support Services	1,279
Pupil Transportation Services	6,877
Operation and Maintenance of Plant	1,280
School Administration	190
General Administration	141
Business/Central Services	208
Food Services	1,085
Other	8
Facilities Acquisition and Construction	28,280
Unallocated to a specific function	157,235
<b>Total Depreciation/Amortization</b>	<b>\$ 199,085</b>

Construction-in-progress, as of June 30, 2013, is comprised of the following (in thousands):

	<u>Incurred To Date</u>
Elementary Schools	\$ 15,011
Middle Schools	273
Senior High Schools	66,699
Special Schools	132
Administration/Other	429
<b>TOTAL</b>	<b>\$ 82,544</b>

As part of its capital outlay program, the District has entered into various construction contracts. At June 30, 2013, the District had construction commitments of approximately \$31.2 million.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**5. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS:**

Interfund receivables and payables consisted of the following balances as of June 30, 2013 (in thousands):

	Due From Other Funds	Due To Other Funds
<b>Major Funds:</b>		
General Fund	\$ 38,090	\$ -
Other Federal Programs Fund	-	22,878
Federal Economic Stimulus Funds	-	1,608
Certificates of Participation Funds	-	2,902
<b>Total Major Funds</b>	38,090	27,388
<b>Nonmajor Funds</b>	-	10,702
<b>Total Governmental Funds</b>	\$ 38,090	\$ 38,090

Interfund receivables/payables are short-term balances that represent reimbursements between funds for payments made by one fund on behalf of another fund.

A summary of transfers for the year ended June 30, 2013, are as follows (in thousands):

	Transfers to:			
	General Fund	ARRA Economic Stimulus Debt Service Fund	Non-major Funds	Total
<b>Major Funds:</b>				
General Fund	\$ -	\$ -	\$ 804	\$ 804
Capital Improvement LOML Funds	123,536	1,453	150,019	275,008
Certificates of Participation Funds	-	-	81	81
ARRA Economic Stimulus Capital Projects Funds	-	846	-	846
<b>Nonmajor Funds</b>	14,394	-	18,699	33,093

**7. SHORT-TERM DEBT**

Short-term debt activity for the fiscal year ended June 30, 2013, is as follows (in thousands):

	<u>Balance July 1, 2012</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance June 30, 2013</u>
Tax Anticipation Note (TAN), Series 2012, issued on July 24, 2012, effective yield of 0.13%, with a maturity date of February 28, 2013.	\$ -	\$ 290,000	\$ 290,000	\$ -
<b>Total</b>	<b>\$ -</b>	<b>\$ 290,000</b>	<b>\$ 290,000</b>	<b>\$ -</b>

Proceeds from the TAN were used as a working capital reserve in the General Fund as permitted under State and Federal tax laws.

**8. COMPENSATED ABSENCES:**

The District's employee vacation and sick leave policies provide for the granting of a specific number of days of vacation based on years of service governed by applicable labor contracts and one day of sick leave with pay per each month of employment. Active employees, excluding administrators, may request payment of 80% of their unused sick leave which has accumulated during the fiscal year, provided they have not used more than three sick/personal days during that time and have a remaining balance, after payment, of twenty-one days. These policies also provide for paying most employees unused vacation up to 60 days upon termination, and up to 100% of unused sick leave after thirteen years of service; 50% after ten years; 45% after six years; 40% after three years and 35% during the first three years of qualified service upon retirement, death or resignation. Vacation accrual is limited to 60 days for twelve-month active employees.

The School Board approved the adoption of the Miami-Dade County Public Schools Terminal Leave Retirement Program (TLRP) at its May 14, 2003 Board meeting. The TLRP Program consists of a tax-favored retirement plan, which allows the Board to direct accrued annual (vacation) leave or terminal sick leave (accrued sick days) for employees who are separating from service as a result of retirement, or entering into or continuing DROP, to a tax-sheltered annuity program, or other qualified plan, in lieu of a taxable cash payment to the employee, upon separation from service.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**8. COMPENSATED ABSENCES, Continued:**

The program is mandatory as a result of Board action which became effective on May 15, 2003, for all personnel (except American Federation of State, County, and Municipal Employees members) who will have their annual (vacation) leave and terminal sick leave automatically contributed to either the Board's Tax Sheltered Annuity 403(b) or 401(a) Programs. Contributions into this program will not be subject to either Federal Income Tax (estimated 27%) or Social Security Tax (FICA) of 7.65%. Any amount of accrued terminal leave in excess of the amounts authorized by the Internal Revenue Service will be paid out to the retiring employee and will be subject to applicable taxes.

The current portion (the amount expected to be liquidated with current available resources) of the accumulated vested vacation and anticipated sick leave payments is recorded in the General Fund and is included in accrued payroll and compensated absences. The liabilities recorded include provisions for the employer's portion of pension contributions, FICA, and other fringe benefits due on the vested vacation and sick leave balances as applicable. At June 30, 2013, the accrued liability for compensated absences in the General Fund was \$6.7 million.

GASB Statement No. 16, *Accounting for Compensated Absences*, requires governmental agencies to record as a liability the vested and future rights to sick and/or vacation leave. Accordingly, the probability of partially vested employees becoming fully vested and actual past termination payment experience was considered in the determination of this liability.

The statement of net position reflects both the current and long-term portions of compensated absences including retirement incentive benefits. At June 30, 2013, the current and long-term portions were \$16,066 and \$254,174 respectively (in thousands).

**9. CAPITAL LEASES:**

The District has entered into various capital lease agreements for the acquisition of certain property, vehicles, and equipment which are stated at acquisition cost and included as part of our Capital Assets. At June 30, 2013 the cost of leased equipment recorded in Capital Assets was \$173.7 million, with accumulated depreciation of \$86.7 million, for a net book value of \$87.0 million.

The following is a summary of the future minimum lease payments, under capital leases together with the present value of the minimum lease payments as of June 30, 2013 (in thousands):

Fiscal Year	Other Leases	Master Equipment	Lease Total
2014	\$ 549	\$ 25,286	\$ 25,835
2015	446	24,637	25,083
2016	365	23,988	24,353
2017	231	5,773	6,004
2018	39	2,687	2,726
2019 - 2023	-	12,633	12,633
	1,630	95,004	96,634
Less Amount Representing Interest *	170	7,132	7,302
<b>Present Value of Minimum Lease Payments</b>	<b>\$ 1,460</b>	<b>\$ 87,872</b>	<b>\$ 89,332</b>

\* The amount representing interest was calculated using imputed rates ranging from 0% to 16%.

NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**10. LONG-TERM BONDS PAYABLE:**

**State Board of Education Capital Outlay Bonds**

Capital Outlay Bonds are issued by the State Board of Education (SBE) on behalf of the District and are generally referred to as "SBE Bonds." The bonds mature serially and are secured by a portion of the District's state revenues derived from the sale of automobile license plates. Principal and Interest payments, investment of Debt Service Fund resources, and compliance with reserve requirements are administered by the State Board of Education and the State Board of Administration. At June 30, 2013, amounts withheld and in the custody of the state totaled \$1,462 (in thousands) and are included as cash and investments with fiscal agent in the District's Statement of Net Position.

**General Obligation Bonds**

On March 8, 1988, pursuant to Florida Statutes, Sections 1010.40 through 1010.54, voter residents of the District approved a referendum authorizing the School Board to issue General Obligation School Bonds in an aggregate amount not exceeding \$980 million, to be issued as required. The proceeds from the bonds were used to pay for the construction of new educational facilities and improving existing educational facilities. As of June 30, 2013, no bonds remain to be issued. Principal and interest on the bonds is paid from ad valorem school district taxes on all taxable real and personal property, excluding homestead exemption as required by Florida law, without limitation as to rate or amount.

On November 6, 2012, pursuant to Florida Statutes, Sections 1010.40 through 1010.54, voter residents of the County approved a referendum authorizing the School Board to issue additional General Obligation School Bonds in an aggregate amount not to exceed \$1.2 billion. The proceeds of the bonds are to be used to pay for modernizing, constructing, enlarging or otherwise improving school buildings, including educational technology upgrades.

As of June 30, 2013, none of these bonds have been issued. Principal and interest on future bond issues will be paid from ad valorem school district taxes on all taxable real and personal property, excluding Homestead Exemption as required by Florida Law, without limitation as to rate or amount.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**11. OBLIGATIONS UNDER LEASE PURCHASE AGREEMENT –  
CERTIFICATES OF PARTICIPATION:**

On August 1, 1994, the District entered into a Lease Purchase Agreement, with the Dade County School Board Foundation, Inc., a Florida not-for-profit corporation (the "Foundation") and blended component unit of the District, to finance the acquisition and construction of new schools and appurtenant equipment and other property (the "Facilities") to be operated by the District. The members of the School Board serve as the Board of Directors of The Foundation. The Foundation was formed by the School Board solely for the purpose of acting as the lessor of the Facilities, with the District as lessee. The School Board as lessor entered into Ground Leases with the Foundation for the Facilities sites and all improvements. In conjunction therewith, Certificates of Participation, (the "Certificates") were issued to third parties, evidencing undivided proportionate interests in basic lease payments to be made by the District, as lessee, pursuant to the Lease Purchase Agreement. Fee title to the Facilities and the Facilities site is in the name of the District. The District is responsible for operation, maintenance, use, occupancy, upkeep and insurance of the Facilities.

The Foundation leases the Facilities to the District under the Lease Purchase Agreements, which are automatically renewable annually through May 1, 2037, unless terminated, in accordance with the provisions of the Lease Purchase Agreements, as a result of default or the failure of the School Board to appropriate funds to make lease payments in its final official budget. The remedies on default or upon an event of non-appropriation include the surrender of the Facilities by the District and its re-letting for the remaining Ground Lease term, or the voluntary sale of the Facilities by the School Board, in either case with the proceeds to be applied against the School Board's obligations under the Lease Purchase Agreements.

The Certificates are not separate legal obligations of the School Board, but represent undivided interests in lease payments to be made from appropriated funds budgeted annually by the School Board for such purpose from current or other funds authorized by law and regulations of the Department of Education, including the local optional millage levy. However, neither the School Board, the District, the State of Florida, nor any political subdivision thereof, are obligated to pay, except from appropriated funds, any sums due under the Lease Purchase Agreement from any source of taxation. The full faith and credit of the School Board and the District is not pledged for payment of such sums due under the Lease Purchase Agreements and such sums do not constitute an indebtedness of the School Board or the District within the meaning of any constitutional or statutory provision or limitation. The District plans to make the Series 2004A, 2005A, 2006C, and 2006D lease payments from the impact fees collected on new residential construction by Miami-Dade County and remitted to the School Board, and from Local Optional Millage Levy.

Under the American Recovery and Reinvestment Act of 2009, Qualified School Construction Bonds (QSCBs) and Build America Bonds (BABs) were established to provide for taxable obligations to be issued by the school district with a federal subsidy for interest. Series 2009B and 2010A were issued under the Qualified School Construction Bond program and Series 2010B were issued under the Build America Bond program. The 2009B Series provides federal tax credits in lieu of interest payments to the Certificate holder, which is similar to the Series 2000, 2001, 2003, and 2006 Qualified Zone Academy Bonds (QZAB) program. The Series 2010A and 2010B, along with the Series 2010 QZAB were issued as direct pay debt whereby the interest subsidy is paid directly to the District by the U.S. Treasury.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**11. OBLIGATIONS UNDER LEASE PURCHASE AGREEMENT –  
CERTIFICATES OF PARTICIPATION, Continued:**

The Internal Revenue Services (IRS) announced on March 4, 2013, that payments to issuers of the direct pay bonds are subject to a reduction of 8.7% of the amount budgeted for such payment. The sequester reduction rate will be applied to amounts claimed by an issuer on any IRS Form 8038-CP filed with the IRS that results in payment to such issuer on or after March 1, 2013. Accordingly, unless Congress acts to change the sequester percentage or otherwise changes the application of the cuts, the School Board anticipates the aggregate expected QSCB Issuer Subsidy, BAB Issuer Subsidy and QZAB Issuer Subsidy totaling \$3,629 (in thousands) for the 2012-13 fiscal year to be reduced by 8.7% (which equates to a \$316 (in thousands) reduction), after March 1, 2013. As a result, the corresponding increase in interest costs for the District must be paid from other revenue sources.

A summary of Certificates of Participation payable as of June 30, 2013, is as follows (in thousands):

DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**11. OBLIGATIONS UNDER LEASE PURCHASE AGREEMENT –  
CERTIFICATES OF PARTICIPATION, Continued:**

At June 30, 2013, the following defeased certificates remain outstanding:

Defeased Certificates	Amount Outstanding
2003D	\$ 150,960,000
2006A	\$ 15,335,000
2006B	\$ 12,470,000
2007A	\$ 9,525,000
2007B	\$ 2,075,000
2008B	\$ 30,320,000
2009A	\$ 6,395,000

Debt service requirements for obligations under lease purchase agreements – Certificates of Participation to maturity, assuming the obligations will be remarketed based on the specified soft put dates disclosed below, are as follows (in thousands):

Year Ending June 30	Principal	Interest****	Total Debt Service Requirements*
2014**	\$ 70,217	\$ 117,513	\$ 187,730
2015	54,134	115,943	170,077
2016**	83,498	113,887	197,385
2017***	161,530	111,042	272,572
2018	116,155	105,646	221,801
2019 – 2023	641,976	453,315	1,095,291
2024 – 2028	838,430	310,400	1,148,830
2029 – 2033	855,632	111,839	967,471
2034 – 2037	57,025	1,070	58,095
<b>Total</b>	<b>\$ 2,878,597</b>	<b>\$ 1,440,655</b>	<b>\$ 4,319,252</b>

\* The schedule above reflects required annual payments to the sinking fund for the retirement of the debt, which are not considered reduction of principal until the year of maturity.

\*\* Requirements for 2014 and 2016 include mandatory soft puts. Series 2011A has a 3-year soft-put on May 1, 2014, of \$76,685, and Series 2011B has a 5-year soft-put on May 1, 2016 of \$70,000. Series 2012A has a 4 year soft put on August 1, 2016, of \$58,780. The District intends to remarket these issues in full, however, if these issues cannot be remarketed, interest shall accrue at 11% per year.

\*\*\* Requirements for 2017 include a 5-year floating rate note for COP Series 2008C, effective May 16, 2012, based on 70% of LIBOR plus .90%. The District intends to remarket in full; however if it this issue cannot be remarketed, interest shall accrue at base rate plus 1%, and from the 31<sup>st</sup> day, interest shall accrue at base rate plus 5%.

\*\*\*\* Interest rates on several obligations are variable. The rates for such obligations range from 0.81% - 1.04%.

NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**11. OBLIGATIONS UNDER LEASE PURCHASE AGREEMENT –  
CERTIFICATES OF PARTICIPATION, Continued:**

**Hedging Derivative Instrument:**

**Objectives:** The District entered into pay-fixed interest rate forward swaps (referred to herein collectively as “Swaps”) in order to lower its cost of capital and protect against rising interest rates. The Swaps are classified as cash flow hedges on the District’s floating rate debt and were executed to manage its mix of fixed and floating rate exposure in its ongoing borrowing program.

The following Swaps had changes in fair value totaling \$12,319,103 classified as a decrease of the Deferred Outflow of Resources and all fair values (including accrued interest) have been calculated using the zero-coupon method independently calculated. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. The payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement of the swap.

Date of Execution	Notional Amount Outstanding	Effective Date	Termination Date	Associated Certificates	Fixed Payable Swap Rate	Variable Receivable Swap Rate	Counterparty credit rating at June 30, 2013*	Fair Value at June 30, 2013
04-03-2006	\$56,940,000	04-01-2007	08-01-2027	COP 2002A	3.821%	70% 1 Month LIBOR	Aa3/AA-/AA	(8,698,363)
04-03-2006	\$56,945,000	04-01-2007	08-01-2027	COP 2002B	3.821%	70% 1 Month LIBOR	Aa3/AA-/AA	(8,838,355)
04-03-2006	\$57,440,000	08-01-2008	07-15-2027	COP 2008C	3.909%	70% 1 Month LIBOR	Aa3/AA-/AA	(11,326,116)

\*Moody's/S&P/Fitch

Using rates as of June 30, 2013, debt service requirements for variable rate debt and net Swap payment, assuming current interest rates remain the same, are as follows (in thousands):

DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**11. OBLIGATIONS UNDER LEASE PURCHASE AGREEMENT –  
CERTIFICATES OF PARTICIPATION, Continued:**

**Risk Disclosure:**

*Credit Risk.* The Swaps rely upon the performance of the third parties who serve as swap counterparties, and as a result the District is exposed to credit risk, or the risk that a swap counterparty fails to perform according to its contractual obligations. The appropriate measurement of this risk at the reporting date is the fair value of the Swaps, as shown in the columns labeled Fair Value in the tables above. To mitigate credit risk, the District maintains strict credit standards for swap counterparties. The current swap counterparty has ratings in double-A category or better. To further mitigate counterparty credit risk, the District's swap documents require counterparties to post collateral for the District's benefit if they are downgraded below Aa3 by Moody's and below AA- by Standard & Poor's, if the swap values exceed specified thresholds. Collateral is to be in the form of U.S. Treasury or U.S. GSE securities held by a third party custodian. Currently, the Swaps have not been in an asset position requiring the posting of collateral. There is no master netting arrangement on the outstanding Swaps.

*Interest Rate Risk.* The Swaps are intended to protect the District against changes in floating interest rates. If floating rates rise, the District's payment on the variable rate bonds should increase but should be offset by the variable rate payments it receives under the Swaps.

*Basis Risk.* The District's Swaps expose the District to basis risk should the relationship between the floating rates the District will receive on the swaps (70% of LIBOR) fall short of the variable rate on the associated bonds, the expected savings may not be realized. As of June 30, 2013, the variable rate was 0.06%, while the LIBOR rate was 0.19% on both the 2002A & 2002B certificates, and the District received 0.13% (70%) and 0.14% (70%) on the 2002A & 2002B certificates, respectively. As of June 30, 2013, the 2008C variable rate was 0.13%, while the LIBOR rate was 0.19% and the District received 0.13% (70%).

*Termination Risk.* The District's Swap agreements do not contain any out-of-the-ordinary termination events that would expose it to significant termination risk. In keeping with market standards, the District or the counterparty may terminate each swap if the other party fails to perform under the terms of the contract. In addition, the swap documents allow either party to terminate in the event of a significant loss of creditworthiness. If at the time an early termination of the swap was declared and the swap had a negative value, the District would be liable to the counterparty for a payment equal to the fair value of such swap. The District views such events to be remote in the case of the current counterparty, which is rated Aa3/AA-. On March 8, 2012 the District replaced the Merrill Lynch Capital Markets (MLCS) swap associated with the 2008C COP due to an Additional Termination Event, which occurred when MLCS guarantor, Merrill Lynch & Co. was downgraded by Moody's to below A3. The District Swap agreements provide the optional right of the District to replace the swap with a new creditworthy counterparty when an Additional Termination Event occurs.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**12. DEBT SERVICE:**

The amount available for debt service consists of resources from the Debt Service Funds legally required to be used for debt service until the related debt is extinguished (in thousands):

<u>Categories:</u>	<u>Amounts</u>
Restricted for Payment of State Board of Education and Capital Outlay Bonds	\$ 1,462
Restricted for Payment of District Bond Funds	32,402
Restricted for Other Debt Service	<u>43,755</u>
<b>Total Available in Debt Service Funds</b>	<b>\$ <u>77,619</u></b>

All Certificates of Participation Lease Payments and all other amounts required to be paid by the School Board under the various Series under the Master Lease and all other Leases are made from legally available funds appropriated for such purpose by the School Board. The substantive portion for these payments is provided by the Local Optional Millage Levy on ad-valorem property. Separate Lease Payment Accounts are established for each series of Certificates issued under the Trust Agreement. Lease Payments are due under the Master Lease on an all-or-none basis and are payable on a parity basis solely from legally available funds appropriated by the School Board for such purpose. Such payments are normally transferred to the Trustee 15 days before Lease Payments are due.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**13. ESTIMATED LIABILITY ON INSURANCE RISKS AND PENDING CLAIMS:**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; administrative errors and omissions; injuries to employees, students and guests; as well as natural disasters. The District is self-insured for portions of its general and automobile liability insurance, workers' compensation and health insurance. Losses involving auto and general liability claims are limited (generally) by provisions of the Florida Statute, Section 768.28. Claims brought against the District are handled by a contracted third-party administrator. The District purchases commercial insurance for other risks including property and other miscellaneous risks as follows:

Type	Risk Retention/ Deductible	Coverage after Retention/Deductible
Workers' Compensation	\$1,000,000	Statutory/\$1,000,000
General, Fleet Liability, and Errors and Omissions	\$200,000/\$300,000	\$500,000 per occurrence, \$3,250,000 annual aggregate
Property	\$100,000,000 per occurrence for hurricanes; \$500,000 per incident for all other perils. \$100,000 for each act of terrorism	\$20,000,000 per occurrence/annual aggregate for all perils including windstorms, earthquakes and floods. \$50,000,000 annual aggregate

Accordingly, liabilities for certain retained risks are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. The District's estimated liability for self-insured losses relating to the casualty program consisting of general liability, automobile liability, professional liability/errors and omissions, and workers' compensation claims was determined by an independent actuarial valuation performed as of June 30, 2013. Liabilities, as determined by the actuary, include an amount for claims that have been incurred but not reported (IBNR). Claims liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of pay-outs and other economic and social factors. The portion of the liability that is due and payable at June 30, 2013 is recorded in the General Fund, and the remaining portion is recorded in the government-wide financial statements. Liability for incurred losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using expected future investment yield assumptions of 2.5%.

The School Board authorized the purchase of Individual Stop Loss (ISL) coverage for its self-insured health program effective January 1, 2013, from Cigna with an attachment point of \$880,000 per claimant.

The School Board approved a set of premium equivalent rates, based upon actuarial projections of claims including claims incurred but not reported (IBNR) for the calendar year provided by the School Board's Employee Benefits Consulting firms of Deloitte Consulting, LLP, and Cigna. The calendar year 2013 monthly rates for the two offered Open Access Programs (OAP) are \$626 (OAP 10) and \$576 (OAP 20). The Board's contribution for employee only coverage is limited to the \$576 (OAP 20); therefore, employees who choose the \$626 (OAP 10) are subject to a monthly cost share based upon their salary band. Effective January 1, 2010, the cost of dependent healthcare coverage became banded by salary tiers, which was renewed for January 1, 2013.

The School Board continues to offer an opt out provision for employees who can provide proof of insurance coverage. Employees who opt out receive a monthly adjustment to gross compensation of \$100/month.

The District's estimated liability for health insurance claim payments was determined by an independent actuarial valuation performed as of June 30, 2013.

There were no losses which exceeded coverage in fiscal years ended June 30, 2011, 2012, and 2013.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**13. ESTIMATED LIABILITY ON INSURANCE RISKS AND PENDING CLAIMS, Continued:**

A total estimated liability amount of \$138,635 was actuarially determined to cover reported and unreported claims payable at June 30, 2013. It is estimated that of the current portion, \$64,645 is due within a year. The remaining \$73,990 will be due in future years (in thousands).

	Estimated Liability For Pending Claims

Adults with Disabilities	1,125
Workforce Education Performance Incentive	931
CO&DS Withheld For Administrative Expense	228
State License Tax	200
Interest on Undistributed CO&DS	143
SBE/COBI Bond Interest	59
Miscellaneous	1,439
<b>Total</b>	<b>\$ 1,154,704</b>

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**16. PROPERTY TAXES:**

The Board is authorized by state law to levy property taxes for District school operations, capital improvements and debt service. Property taxes consist of ad valorem taxes on real and personal property within the District. Property taxes are assessed by the County Property Appraiser and are collected by the County Tax Collector.

Property values are assessed as of January 1 of each year. Taxes are levied after the millage rate is certified in September of each year. Tax bills are mailed in October and taxes are payable between November 1 of the year assessed and March 31 of the following year at discounts of up to 4% for early payment.

Taxes become delinquent on April 1 of the year following the year levied. State law provides for enforcement of collection of real property taxes. First, interest-bearing tax certificates are sold at public auction to recover delinquent taxes. Finally, if the tax certificates are not paid with accrued interest by the property owner, the purchaser of the tax certificate is entitled to take possession of the property. Accordingly, substantially all of the taxes assessed for calendar year 2012 have been recognized during the fiscal year ended June 30, 2013.

The State Constitution limits the levying of non-voted taxes by the School Board to 10 mills (\$10.00 per thousand of assessed valuation). State law prescribes on an annual basis the upper limit of non-voted property tax millage that may be levied. For fiscal 2012-13 the limit of 7.765 mills was levied. The total adjusted assessed value for calendar year 2012 on which the fiscal year 2013 levy was based on approximately \$198.1 billion.

Actual property taxes collected and reflected in the table below totaled 98.9% of taxes levied, including collections from prior years' tax levies but exclude tax redemptions. The Miami-Dade County Tax Collector is not required by law to make an accounting to the District of the difference between taxes levied and taxes collected. However, because discounts are allowed for early payment of taxes and because of other reasons for noncollection, the District's budget anticipates that 96% of taxes levied will be collected.

The following is a summary of millages and taxes levied on the final 2012 tax roll for the fiscal year 2012-13 (in thousands):

	Millages	Taxes		
		Levied	Collected	Uncollected (Net)*
<u>GENERAL FUND</u>				
Nonvoted School Tax:				
Required Local Effort	5.557	\$ 1,100,823	\$ 1,038,816	\$ 62,007
Discretionary Local Effort	.647	128,168	120,949	7,219
	<u>6.204</u>	<u>\$ 1,228,991</u>	<u>\$ 1,159,765</u>	<u>\$ 69,226</u>
<u>CAPITAL PROJECT FUNDS</u>				
Nonvoted Tax:				
Local Capital Improvements	1.561	\$ 309,229	\$ 291,812	\$ 17,417
	<u>1.561</u>	<u>\$ 309,229</u>	<u>\$ 291,812</u>	<u>\$ 17,417</u>
<u>DEBT SERVICE FUNDS</u>				
Voted Tax:				
Debt Service - General Obligation Bonds	.233	\$ 46,156	\$ 43,557	\$ 2,599
	<u>.233</u>	<u>\$ 46,156</u>	<u>\$ 43,557</u>	<u>\$ 2,599</u>

Taxes reported in the Governmental Funds as reflected above includes an accrual only for taxes collected within 60 days after the fiscal year-end. In the government-wide financial statements the District bases the estimates of taxes receivable and uncollectible taxes on historical experience. For fiscal year 2012-13, the District considered \$68.1 million or 4.3% of levied taxes as uncollectible.

\* The uncollected net amount reported above is recorded as deferred revenue in the governmental funds.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**17. RETIREMENT BENEFITS:**

The School Board provides retirement benefits to its employees through the Florida Retirement System, the Supplemental Early Retirement Plan, and a Deferred Retirement Option Program (DROP), as well as state approved Other Post-Employment Benefits (OPEB) in the form of subsidized health insurance premiums.

**Florida State Retirement Programs**

The School Board participates in the Florida Retirement System (FRS) a cost sharing multiple employer public employee retirement system which is totally administered by the State of Florida, Department of Management Services, Division of Retirement. The District's payroll for employees covered by FRS for the year ended June 30, 2013 was approximately \$1.7 billion; the District's total payroll was approximately \$1.7 billion.

Prior to September 2002 all Florida Retirement System plans were defined benefit plans. Since September 2002 all covered employees may opt to participate in a defined contribution plan referred to as the FRS Investment Plan established by the State of Florida. Participating employers pay to FRS a single rate established annually by the Florida Legislature. Other than a one year vesting requirement, the state has established no restrictions which would affect when an employee participating in the defined contribution plan may retire. Only restrictions imposed by the Internal Revenue Service would apply.

The 2011 Florida Legislature passed Senate Bill 2100, making significant changes to the FRS. The bill signed into law by Governor Rick Scott was effective July 1, 2011. Some of the changes impact current members while other changes will only impact future members who are initially enrolled in FRS on or after July 1, 2011.

Effective July 1, 2011, FRS members must contribute 3% of their gross salary amount on a pretax basis. Members participating in the Deferred Retirement Option (DROP) Program, and reemployed retirees who are not allowed to renew membership are not required to pay employee contribution. Members with an effective retirement date or DROP begin date on or before July 1, 2011, did not have a change in their 3% Cost of Living Adjustment (COLA). Members with an effective retirement date or DROP begin date on or after August 1, 2011 had their COLA reduced from 3%. The COLA formula is the total years of service before July 2011 divided by the total service credit at retirement multiplied by 3%. The annual DROP interest rate will be 1.3% for members whose DROP participation begins on or after July 1, 2011.

There are three major changes to the FRS which only affect members that are initially enrolled in the FRS on or after July 1, 2011. FRS changes dealing with vesting requirements, normal retirement date and the calculation of average final compensation (AFC). First, members of the FRS Pension Plan must be vested to be eligible for a future monthly retirement. Members initially enrolled on or after July 1, 2011, are vested after eight years of creditable service. Members that terminate FRS employment prior to vesting may receive a refund on the total employee contribution. Second, members initially enrolled on or after July 1, 2011, the normal retirement date is when first eligible to receive an unreduced retirement benefit based on age or years of service. A Regular Class, Senior Management Service Class or Elected Officers' Class member is eligible for normal retirement when he or she is vested and reaches age 65 or completes 33 years of service, whichever occurs first. A Special Risk Class member is eligible for normal retirement when he or she is vested and reaches age 60 or complete 30 years of special service, whichever occurs first. Third, for members enrolled on or after July 1, 2011, the average final compensation calculation used in calculating the retirement benefit will be the highest eight fiscal years of salary.

DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**17. RETIREMENT BENEFITS, Continued:**

**Florida State Retirement Programs – continued**

Under the FRS, the District was required to contribute to the plans as of July 1, 2012, 5.18% of the salary of regular members (both Pension Plan and Investment Plan), 10.23% for elected county officers, 6.3% for senior management, and the 14.90% of the salary of the special risk members. DROP participant employer contributions are 5.44%. Employer rates include 1.11% for the postemployment health insurance subsidy and, except for DROP participants, .03% for administrative costs of the Investment Plan. The District’s contributions to FRS for both the Regular plan and Special Risk plan are equal to the annual required contributions for each year as follows (dollars in thousands):

	<u>June 30, 2011</u>	<u>June 30, 2012</u>	<u>June 30, 2013</u>
Florida Retirement System	\$ 199,876	\$ 84,262	\$ 89,764
Teacher’s Retirement System – Plan E: Employer	\$ 41	\$ 16	\$ 16

The State of Florida issues an annual report that includes financial statements and required supplementary information for FRS. The latest available report is as of June 30, 2013. That report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000.

**Supplemental Early Retirement Plan**

In addition to participating in the FRS, the School Board established an early retirement plan on July 1, 1984. The plan is a single employer, non-contributory defined benefit plan and is administered by an independent trustee and investments are managed by the District. The School Board closed the Supplemental Early Retirement Plan (the “Plan”) to new employees on July 1, 2000, with no additional employees vesting after July 1, 2003. The Plan was established in order to supplement an early retiree’s benefits by the amount of reduction imposed by the FRS. The Plan provides supplemental income for those employees who retired between the ages of 55 to 61 and who had completed at least 25 years, but not more than 28 years of creditable service. Payments under the Plan are equal to the difference in monthly retirement income for the participant under the FRS between the retirement benefit based on average final compensation, as defined above, and creditable service as of the member’s early retirement date and the early retirement benefit under the FRS. Benefits are subject to an annual 3% cost of living adjustment. These benefit provisions and all other requirements are established by Florida Statutes, Section 1012.685.

The total number of retirees and beneficiaries of deceased retirees currently receiving benefits is 580, averaging \$608 per month for each retiree. No benefits are provided for termination of employment prior to retirement.

The School Board’s funding policy provides for actuarially determined periodic contributions sufficient to pay the benefits provided by this Plan when they become due. Plan members do not contribute to the Plan. Total contributions to the Plan for the 2012-13 fiscal year of \$1,942 (in thousands) were made in accordance with actuarially determined requirements computed through an actuarial valuation performed as of July 1, 2011.

Valuations to determine the Plan’s contribution requirements are performed every other year at the beginning of the fiscal year in odd years. To determine the Plan’s funding requirements, the Entry Age Actuarial Cost Method was used. The actuarial cost method is closed group.

Separate statements are not issued for the Plan.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**17. RETIREMENT BENEFITS, Continued:**

**Supplemental Early Retirement Plan – continued**

The methodology for determination of the contribution requirement has been updated to reflect assumptions for cost of living increases instead of assumed growth of future payroll since there is no longer covered payroll under the Plan.

The UAAL will be amortized using an open flat-dollar amortization method over a 10-year period beginning on July 1, 2012, through annual contributions. This methodology has been updated effectively July 1, 2012. Assets are valued at fair value, the inflation rate is 2.5% and the investment rate of return is assumed to be 6.75%.

An analysis of funding progress is presented below:

Fiscal Year Ended June 30,	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
2013	\$ 1,942	100 %	-
2012	2,188	100 %	-
2011	2,125	100 %	-

**Funded Status and Funding Progress –**

Actuarial Accrued Liability (AAL) (a)	\$ 41,510
Actuarial Value of Plan Assets (b)	24,632
Unfunded Actuarial Accrued Liability (UAAL) (c)	16,878
Funded Ratio (b/a)	59 %
Covered Payroll (Active than Members) (d)	N/A*
UAAL as a percentage of covered payroll (c/d)	N/A* %

\* The School Board terminated eligibility for the Supplemental Early Retirement Plan for eligible employees who did not elect to retire under its provision by July 1, 2003.

The schedule of funding progress is presented as Required Supplementary Information (RSI) following the notes to the financial statements and presents multi-year trend information about whether the actual value of plan assets is increasing or decreasing over time relative to the accrued actuarial liability for benefits over time.

The Plan is included as a Pension Trust fund in the accompanying financial statements. Contributions are recognized when due. Benefits are recognized when due and payable in accordance with the terms of the Plan.

Investments are reported at fair value and are comprised of the following at June 30, 2013 (amounts in thousands):

<b>Commercial Paper</b>	<b>\$ 8,498</b>
<b>Money Market Mutual Funds</b>	<b>\$ 601</b>
<b>Equity Mutual Funds:</b>	
Mutual Funds Closed-End	11,088
Mutual Funds Open-End	4,368
<b>Total Mutual Funds</b>	<b>15,456</b>
<b>Total Investments</b>	<b>\$ 24,555</b>

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**17. RETIREMENT BENEFITS, Continued:**

**Other Post Employment Benefits**

As authorized by the Board, employees who retire in the first year of their eligibility under the FRS or who retired under the Plan can receive up to \$1,200 per year as reimbursement for health insurance cost paid until they reach 65 years of age or until they become eligible for Medicare or Social Security disability. In October 2013, approximately 213 retirees will receive an estimated \$202 thousand in premium reimbursements for the year ended June 30, 2013.

From 1991 through 2005, the District offered retirement incentive programs in an effort to reduce salary costs. The programs include enhanced insurance benefits up to the Board's annual monthly contribution and payments of accrued sick leave at an enhanced rate. Enhanced insurance benefits offered to eligible employees, as defined under the provisions of each program, consist of health and term life insurance subsidies for up to ten years. Expenditures for the retirement incentive program are recognized in the General Fund each year on a pay-as-you-go basis. The estimated liability for retirees receiving benefits of approximately \$1.6 million is fully accrued and included in the government-wide financial statements.

The District implemented GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*, for certain postemployment health care benefits provided by the District for the fiscal year ended June 30, 2008.

Plan Description – Effective January 1, 2010, the District changed from a fully-insured health program to a self-insured program for eligible employees and retirees. The Plan operates as a single employer defined benefit plan. Employees who participate in and satisfy the vesting, disability, early or normal retirement provision of FRS may be eligible for Other Post Employment Benefits (OPEB). Retirees and their dependents are permitted to remain covered under the District's respective medical plans as long as they pay the premium charged for the plan and coverage elected. This conforms to the minimum required of Florida governmental employers per Chapter 112.08, F.S.

The State of Florida prohibits the District from separately rating retirees and active employees. The District therefore charges both groups an equal, blended rate premium. Although both groups are charged the same blended rate premium, accounting standards require the actuarial amounts presented above to be calculated using age adjusted premiums approximating claims costs for retirees separate from active employees. The use of age adjusted premiums results in the addition of an implicit rate subsidy into the actuarial accrued liability.

Funding Policy – The District is not required by law or contractual agreement to provide funding for OPEB other than the pay-as-you-go amount necessary to provide current benefits to retirees and eligible dependents. Currently, the District's OPEB benefits are unfunded. That is, there is not a separate Trust Fund or equivalent arrangement into which the District would make contributions to advance-fund the obligation, as it does for its pension plan, FRS. Therefore, the ultimate subsidies which are provided over time, are directly financed by general assets of the District, which are invested in short-term fixed income instruments. For the 2012-13 fiscal year, 1,889 retirees received other postemployment benefits.

Consequently, in accordance with GASB Statement No. 45, the interest discount rate used to calculate the present value and costs of the OPEB must be the long-range expected return on such short-term fixed income instruments. The District selected an interest discount rate of 4.5% for this purpose. In addition to the interest discount rate, the other significant actuarial assumption used is the healthcare cost trend rate and participation assumptions. The valuation used a health care trend rate of 10.0% grading down by 0.5% annually to an ultimate of 5%, a payroll growth rate of 3.5%, and an inflation rate of 3%. The participation assumption of 25% is the assumed percentage of future retirees that participate and enroll in the health plan. The unfunded actuarial accrued liability is being amortized over the period of 30 years on an open basis. It is calculated assuming a level percentage of projected payroll.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**17. RETIREMENT BENEFITS, Continued:**

**Other Post Employment Benefits – continued**

Annual OPEB and Net OPEB Obligation – The District’s annual OPEB cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount that was actuarially determined by using the entry age actuarial cost method (one of the actual cost methods in accordance with GASB Statement No. 45), with an amortization of the Unfunded Actuarial Accrued Liability as a level percent of expected payroll.

The following table shows the District’s OPEB cost for the fiscal year ended June 30, 2013 (in thousands):

Annual Required Contribution (ARC)	\$	10,270
Interest on Net OPEB Obligation		803
Adjustment to ARC		(682)
Annual OPEB Cost (Expense)		10,391
Employer Contributions		(14,145)
Increase (decrease) in Net OPEB Obligated		(3,754)
Net OPEB Obligation at beginning of year		17,853
<b>Net OPEB Obligation at end of year</b>	<b>\$</b>	<b>14,099</b>

Actuarial Methods and Assumptions – Calculations of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The District’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligations as of June 30, 2013, was as follows (in thousands):

Fiscal Year	Annual OPEB Cost	Amount Contributed	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2011	\$ 6,094	\$ 10,313	169 %	\$ 19,171
2012	10,258	11,576	113 %	17,853
2013	10,391	14,145	136 %	14,099

**Funded Status and Funding Progress (in thousands):**

Actuarial Accrued Liability (AAL) (a)	\$	152,835
Actuarial Value of Plan Assets (b)		0
Unfunded Actuarial Accrued Liability (UAAL) (c)		152,835
Funded Ratio (b/a)		0 %
Covered Payroll (Active Members)		1,709,167
UAAL as a percentage of covered payroll (c/d)		8.94 %

The schedule of funding progress is presented as Required Supplementary Information (RSI) following the notes to the financial statements and presents multi-year trend information about whether the actual value of plan assets is increasing or decreasing over time relative to the accrued actuarial liability for benefits over time.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**18. COMMITMENTS AND CONTINGENCIES:**

**A. Commitments**

As part of its capital outlay program, the District has entered into various construction commitments totaling approximately \$31.2 million as of June 30, 2013 (See Note 4).

The District leases certain facilities and equipment under various cancelable, operating lease agreements with lease terms not extending beyond one year. The total lease rent expense for the fiscal year ended June 30, 2013, under these leases was approximately \$5.8 million.

**B. Contingencies**

**Florida Education Finance Program and Federal, State and Local Grants**

The School Board receives funding from the State of Florida under the Florida Education Finance Program (FEFP), which is based in part on a computation of the number of full-time equivalent (FTE) students attending different instructional programs. The accuracy of FTE student data submitted by individual schools and used in the FEFP computations is subject to audit by the state and, if found to be in error, could result in refunds to the state or in decreases to future funding allocations. Additionally, the School Board participates in a number of Federal, State and local grants which are subject to financial and compliance audits. It is the opinion of management that the amount of revenue, if any, which may be adjusted against FEFP revenues in future fiscal years by the State due to errors in the FTE student data or the amount of grant expenditures, which may be disallowed by grantor agencies, would not be material to the financial position of the District.

**C. Litigation**

The School Board is a defendant in numerous lawsuits as of June 30, 2013. In the opinion of management, the District's estimated aggregate liability, with respect to probable losses, has been provided for in the estimated liability for insurance risks and pending claims in the accompanying financial statements, after giving consideration to the District's related insurance coverage, as well as the Florida statutory limitations of governmental liability on uninsured risks. It is the opinion of management and District legal counsel that the amount of losses resulting, if any, from the above-mentioned litigation in excess of the amount accrued as of June 30, 2013, would not be material to the financial position of the District.

**19. FUND BALANCES:**

In accordance with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the District reports its fund balance in the following categories:

**Nonspendable** – The District has \$23.8 million of prepaid amounts and \$8.7 million of inventories that are considered nonspendable.

**Restricted** – The District reported restricted fund balances totaling \$139.4 million comprised of \$1.5 million of State Required Carryover programs, \$14.4 million in Food Service, \$0.6 in Miscellaneous Special Revenue, \$77.7 million in Debt Services and \$45.2 million in Capital Projects.

**Committed** – The District did not have any committed fund balances at June 30, 2013.

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**19. FUND BALANCES, Continued:**

**Assigned** – The District has assigned fund balances totaling \$19.1 million comprised of \$7.2 million for rebudgets and obligations, \$10.5 million for outstanding purchase obligations for goods and services, and \$1.4 for capital projects.

**Unassigned** – The portion of fund balance that is the residual classification for the general fund. This balance represents balance amounts that have not been restricted, committed, or assigned for specific purposes. The unassigned fund balance for the General Fund is \$58.0 million.

Committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Board Policy 6220.01 delineates Fund Balance Reserve Policies to target 5.5% of the combined assigned and unassigned fund balance, as a percentage of Total General Fund Revenues at fiscal year end. At June 30, 2013 the combined assigned and unassigned General Fund Balance totaled \$75.7 million or 3.2% of General Fund Revenues.

Below is a table of fund balance categories and classifications for the fiscal year ended June 30, 2013 for the Districts’ governmental funds:

	Governmental Funds				Total
	General Fund	Capital Improvement LOML	Certificates of Participation	Other Governmental Funds non-major*	
<b>FUND BALANCES</b>					
<b>Nonspendable:</b>					
Inventory	\$ 5,571	\$ -	\$ -	\$ 3,109	\$ 8,680

<b>Total Fund Balance</b>	<b>\$ 84,350</b>	<b>\$ 34,496</b>	<b>\$ 15,801</b>	<b>\$ 114,258</b>	<b>\$ 248,905</b>

\* Aggregates all of the District’s nonmajor fund balances

**MIAMI-DADE COUNTY  
DISTRICT SCHOOL BOARD  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2013**

**20. SUBSEQUENT EVENTS:**

**Tax Anticipation Notes**

On July 25, 2013, the District sold \$250 million in Tax Anticipation Notes ("the Notes") with an effective yield of 0.16%. The Notes were issued to pay operating expenditures incurred prior to the receipt of the ad-valorem taxes levied and collected for operating purposes for the fiscal year commencing July 1, 2013. The Notes matured on March 4, 2014.

**General Obligation Bonds**

On August 15, 2012 the School Board approved Resolution 12-133 calling for a bond election to be held on November 6, 2012. The District requested that the electors of Miami-Dade County, Florida vote on the issuance of General Obligation Bonds (GOB) in an aggregate amount not exceeding \$1.2 billion. The voter residents of the County approved the General Obligation Bond referendum on November 6, 2012 to fund a plan to modernize and construct schools throughout the District, including technology upgrades.

The District sold \$190 million of Series 2013 GOB on July 10, 2013, at a premium which will provide \$200 million of project funding. The District also sold \$96 million GOB Series 2014A on February 11, 2014, at a premium, which will provide \$100 million of project funding.

**Certificate of Participation**

On March 11, 2014 the District issued \$70,980,000 of Certificate of Participation (COP) Series 2014A to provide funds for refunding the School Board's outstanding COP Series 2011A Term Rate Certificates on May 1, 2014. The Series 2014A with a maturity date of May 2031 are subject to a mandatory tender on May 1, 2024.

Notes: (1) Basis of Presentation. The Schedule of Expenditures of Federal Awards represents amounts expended from Federal programs during the fiscal year as determined based on the modified accrual basis of accounting. The amounts reported on the Schedule have been reconciled to and are in material agreement with amounts recorded in the District's accounting records from which the basic financial statements have been reported.

(2) Noncash Assistance:

(A) National School Lunch Program - Includes \$7,617,333.88 of donated food used during the fiscal year. Donated foods are valued at fair value as determined at the time of donation.

(B) ARRA - State Energy Program - Includes \$345,385.26 representing the Federally-paid portion of solar panels and related site preparation and installation and training costs.

(3) Special Education Grants to States. Total CFDA No. 84.027 expenditures: \$78,709,817.09.

(4) Improving Teacher Quality State Grants. Total CFDA No. 84.367 expenditures: \$17,776,154.31.

(5) ARRA - State Fiscal Stabilization Fund (SFSF) - Race-to-the-Top Incentive Grants, Recovery Act. Total CFDA No. 84.395 expenditures: \$25,439,887.46.

(6) Fund for the Improvement of Education. Total CFDA No. 84.215 expenditures: \$2,821,847.93.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

## Report on the Financial Statements

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Miami-Dade County District School Board as of and for the fiscal year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated March 14, 2014, included under the heading **INDEPENDENT AUDITOR'S REPORT**. Our report includes a reference to other auditors who audited the financial statements of the aggregate discretely presented component units, as described in our report on the Miami-Dade County District School Board's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a

timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of the **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*** is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

### Report on Compliance for Each Major Federal Program

We have audited the Miami-Dade County District School Board's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the District's major Federal programs for the fiscal year ended June 30, 2013. The District's major Federal programs are identified in the **SUMMARY OF AUDITOR'S RESULTS** section of the **SCHEDULE OF FINDINGS AND QUESTIONED COSTS**.

#### *Management's Responsibility*

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal programs.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on compliance for each of the District's major Federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major Federal program. However, our audit does not provide a legal determination of the District's compliance.

The District's basic financial statements include the operations of Everglades Preparatory Academy, Excelsior Language Academy of Hialeah, Florida International Academy, Keys Gate Charter School, Mater Academy Charter High School, Mater Academy Charter Middle School, Somerset Academy at Silver Palms, and The Charter School at Waterstone, reported as part of the aggregate discretely presented component units on the accompanying basic financial statements. These charter schools each expended in excess of \$500,000 in Federal awards for the fiscal year ended June 30, 2013. Our audit did not extend to the operations of these charter schools because pursuant to Section 218.39(1), Florida Statutes, the charter schools engaged other auditors to perform audits in accordance with OMB Circular A-133.

### ***Opinion on Each Major Federal Program***

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major Federal programs for the fiscal year ended June 30, 2013.

### **Report on Internal Control Over Compliance**

District management is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,
