Subject: Report on Investigation of Allegations Concerning Academy of Arts and Minds Charter High School

Ladies and Gentlemen:

In May 2011, the administration of Miami-Dade County Public Schools (M-DCPS) received a written complaint signed by six members of the Academy of Arts and Minds Charter School (A&M) PTSA Executive Board and six other Concerned Parents of Students at A&M.

At its September 2011 meeting, the School Board’s Audit and Budget Advisory Committee approved the conduct of an investigation into the complaint’s allegations as part of the Office of Management and Compliance Audit’s 2011-12 Annual Audit Plan. This plan was also approved by the School Board at its meeting of October 2011. The scope of our investigation was to investigate and draw conclusions about whether or not the allegations were substantiated, and make recommendations for consideration by M-DCPS and the Academy of Arts and Minds Charter High School.

This report’s Executive Summary begins on page 1, and our recommendations and corresponding responses begin on page 23. We would like to recognize the cooperation during this investigation process of the Academy of Arts and Minds Charter High School’s current Governing Board and management, and those current and former employees and contractors who agreed to meet with us. We also appreciate the assistance and cooperation provided to us by certain M-DCPS departments, including: School Choice/Charter School Operations; Office of the School Board Attorney; Food and Nutrition; and Governmental Affairs and Land Use.

Sincerely,

Jose F. Montes de Oca, Chief Auditor

EXECUTIVE SUMMARY

In May 2011, the administration of Miami-Dade County Public Schools (M-DCPS) received a written complaint signed by six members of the Academy of Arts and Minds Charter School (A&M) PTSA Executive Board and six other Concerned Parents of Students at A&M. The written complaint contains four fundamental allegations as follows:

- A&M does not have an independent Governing Board that functions in the best interest of the school, students, teachers or parents. Persons acting in the role of the Governing Board appear to have improperly delegated their authority to the landlord, Mr. Manuel Alonso-Poch, and/or are acting to protect Mr. Alonso’s interests and control.
- The school’s financial interests are not being protected by the Governing Board. (*The building lease and food service provider, companies owned by Mr. Alonso-Poch, are specifically referenced.*)
- There may be violations of law in connection with the school.
- There are concerns regarding the flow of monies received from Miami-Dade County Public Schools and used to pay expenses.

At its September 2011 meeting, the School Board’s Audit and Budget Advisory Committee approved the conduct of an investigation into the complaint’s allegations as part of the Office of Management and Compliance Audit’s (OMCA) 2011-12 Annual Audit Plan. The scope of our investigation was to investigate and draw conclusions about whether or not the four fundamental allegations were substantiated, and make recommendations for consideration by M-DCPS and Academy of Arts and Minds Charter High School.

Our investigation found the four above fundamental allegations to be largely substantiated. Notwithstanding this conclusion, for certain subcategories of the allegations in the complaint, specifically potential violations of the Jessica Lunsford Act (Florida Statute which requires screening and background checks for staff and others who will have access to the school’s campus) and physical plant issues, the school had been cited for non-compliance on several occasions. However, the school has worked with Miami-Dade Public Schools and/or other agencies so that it is currently in substantial compliance.

We found that Mr. Manuel Alonso-Poch, a founding Board member of the school, who served as a voting member of the non-profit school’s Board from its inception through 2006, has been the controlling force behind the school’s policies and major operational decisions and actions. The school’s Governing Board (Board), rather than having been appropriately engaged, informed, independent and accountable to its students, parents/guardians and the community at large, has been perfunctory and subservient.
Mr. Alonso-Poch is the owner of three for Profit entities that have substantial contracts with the school: the school’s landlord, Commodore Plaza Parking, L.C.; its contracted food service vendor, A&M Square Food Services, LLC; and its management company, EDU Management, LLC. Mr. Alonso-Poch continues to officially serve as the school's “Spokesman of the Board”, a non-voting, unpaid position, and as a legal advisor and a substantial donor to the non-profit school. His son Daniel Alonso, an insurance and benefits consultant, has an exclusive arrangement with the school to provide its teachers and other staff insurance benefits, and his co-founder, Ms. Ana L. Renteria, held the position of President of Abanico Performing Arts, Inc., a Florida Profit corporation whose principal address is the fourth floor theater (Abanico Theater) of the school.

In our opinion, the condition of an individual and his family serving as a for Profit contractor in multiple capacities while simultaneously controlling the Governing Board and actions of a tax exempt 501(c)(3) charter school, represents a conflict of interest. Internal Revenue Service rules state: “A section 501(c)(3) organization must not be organized or operated for the benefit of private interests, such as the creator or the creator’s family, shareholders of the organization, other designated individuals, or persons controlled directly or indirectly by such private interests.”

It is noteworthy that, without substantial contributions that were made to the school by Mr. Alonso-Poch and forgiveness of rent from Commodore Plaza Parking, L.C., which totaled $1,219,000 and $722,364, respectively, from FY 2008 through FY 2011, the school would have met a condition of Section 218.503, Florida Statutes (Determination of Financial Emergency) in each of the past four years and would have been at substantial risk of closure for failure to meet generally accepted standards of fiscal management.

We found that the school has paid rent of $4,217,000 to its landlord, Commodore Plaza Parking, L.C., for the five year period ended June 30, 2011. Annual rent and total operation of plant costs as a percentage of the school’s total revenues ranged from 23.1% to 29.8% and 32.5% to 39.5%, respectively during the said five year period.

We contracted with the law firm Shutts & Bowen, LLC, and the appraisal firm Real Estate Analysts to assist in the evaluation of the lease agreement and valuation of the school’s leased facility. The law firm opined that the lease contract is “sufficiently definite that it would be enforced by a Florida court” but that it contains irregular or unusual provisions, “Landlord-oriented” provisions and that “Overall, the lease is not well drafted.” The appraiser appraised the current market rent of the building at “$30.00 per square foot, on a net basis, of leasable building area.” The appraiser also noted “The subject’s current net rent is $30.64 per square foot per year and falls within the range of the adjusted rents in our survey. This would be based upon the entire building with 29,092 square feet of rentable area.”
We found that the school has not had exclusive use of its leased facility from 2007 through present, which should have been the case based on the lease contract as interpreted by Shutts & Bowen, LLC; as assumed by the appraisal firm Real Estate Analysts pursuant to its review of the lease; and used as a basis in the appraiser's calculation of the lease's current contract unit rent of $30.64 per square foot. In consideration of this, it is apparent that the effective rent per square foot has likely far exceeded the current contract unit rent of $30.64 per square foot and the appraisal's estimated market rent of $30.00 per square foot.

Our investigation concludes that the lease, as well as the food service and management agreements the school has with corporations owned by Mr. Alonso-Poch, had been executed and in place without the due diligence or adequate monitoring by the school's Governing Board.

The Academy of Arts and Mind's landlord (Commodore Plaza Parking, L.C.), owned by Manuel Alonso-Poch, has claimed and received a 65% charter school ad valorem tax exemption on three adjoining properties - folio #s 4121-047-(0180), (0190) and (0230), from 2005 to the present.

Those properties constitute a commercial parking lot in reasonably close proximity to the school, and are also owned by Commodore Plaza Parking, L.C. However, the evidence obtained suggested that these properties were not leased or used by the school, except very minimally. We informed the Office of the Miami-Dade County Property Appraiser of our concerns and they conducted their own investigation which found that for each of the three properties "the property did not meet the required use for a charter school" and "pursuant to Florida Law, the property was not entitled to a 65% exemption for the tax years 2005-2010." Tax liens, including back taxes, interest and penalties were placed on the three properties totaling $182,736, pending the final outcome of the Miami-Dade County Property Appraiser's investigation.

Our report contains seven recommendations, five of which are primarily directed to the Governing Board and management of Academy of Arts and Minds Charter High School, and two of which are for consideration by Miami-Dade County Public Schools. The respective responses to our recommendations in their entirety are also included in our report in Appendices J and k starting on page 109.
INTRODUCTION

In May 2011, the administration of Miami-Dade County Public Schools (M-DCPS) received a written complaint signed by six members of the Academy of Arts and Minds Charter School (A&M) PTSA Executive Board and six other Concerned Parents of Students at A&M (see Appendix A). The written complaint contains four fundamental allegations as follows:

- A&M does not have an independent Governing Board that functions in the best interest of the school, students, teachers or parents. Persons acting in the role of the Governing Board appear to have improperly delegated their authority to the landlord, Mr. Manuel Alonso-Poch, and/or are acting to protect Mr. Alonso’s interests and control.
- The school’s financial interests are not being protected by the Governing Board. (The building lease and food service provider, companies owned by Mr. Alonso-Poch, are specifically referenced.)
- There may be violations of law in connection with the school.
- There are concerns regarding the flow of monies received from Miami-Dade County Public Schools and used to pay expenses.

Upon receipt of the complaint by the administration of M-DCPS, it was forwarded to the Office of Management and Compliance Audits (OMCA) and the Office of the Inspector General (OIG) with a formal request for an investigation. In lieu of conducting its own investigation, the OIG referred the complaint to the M-DCPS Police and communicated the same to OMCA. At its September 2011 meeting, the School Board’s Audit and Budget Advisory Committee approved the conduct of an investigation into the complaint’s allegations as part of OMCA’s 2011-12 Annual Audit Plan.

The scope of our investigation was to investigate and draw conclusions about whether the four fundamental allegations were substantiated, and make recommendations for consideration by M-DCPS and Academy of Arts and Minds Charter High School. We conducted this investigation as a non-audit service pursuant to our Office’s compliance with Generally Accepted Government Auditing Standards, promulgated by the United States Government Accountability Office.

Our investigation found the four above fundamental allegations to be largely substantiated. Notwithstanding this conclusion, for certain subcategories of the allegations in the complaint, specifically potential violations of the Jessica Lunsford Act (Florida Statute which requires screening and background checks for staff and others who will have access to the school’s campus) and physical plant issues, the school had been cited for non-compliance on several occasions. However, the school has worked with Miami-Dade Public Schools and/or other agencies so that it is currently in substantial compliance.
CHARTER SCHOOLS

Section 1002.33, Florida Statutes, delineates the School District's responsibilities as a sponsoring district to monitor and oversee its charter schools. Charter schools are part of the state's program of public education. The sponsoring school board is charged with certain responsibilities including fiscal oversight and monitoring the school's revenues and expenditures. Like traditional public schools, charter schools are funded with local, state and federal tax dollars. The funding is largely derived from the Florida Education Finance Program (FEFP) in which the magnitude of funding is determined by weighted full time equivalent (FTE) / enrollment in the school during date-certain survey periods in October and February. Those public funds to operate the charter school are distributed to the school throughout the school year by the sponsoring school district. Charter schools in Florida are required to be organized as, or be operated by, a nonprofit organization. The schools typically have a tax exempt status under Section 501(c)3 of the Internal Revenue Code and their facilities are exempt from ad valorem taxes pursuant to Section 196.1983, Florida Statutes.

THE SCHOOL

On November 19, 2003, the Miami-Dade County School Board approved the charter school application submitted by the Board of Directors of Acting for All, Inc. for Academy of Arts and Minds Charter High School. Acting for All, Inc. is a nonprofit organization incorporated under the laws of the State of Florida and its purpose includes operating a charter school. Based on documents filed with the Florida Department of State, its founding Board members were Manuel Alonso-Poch, Ana L. Renteria and Jorge Guerra. The Academy of Arts and Minds charter was approved by the Miami-Dade County School Board on February 12, 2004, and is effective until June 30, 2015. According to the school's charter agreement with Miami-Dade County Public Schools, "Academy of Arts and Minds is dedicated to a philosophy that stresses the awareness of and development in the arts in concert with high academic standards. Students who are accepted will demonstrate these interests and will audition to determine placement in the areas of dance, drama, music and visual arts." For the year ended June 30, 2011, enrollment was 454 students in grades 9 through 12. Based on the school's audited financial statements, the school's Governing Board members as of June 2011 were:
Ms. Ruth Montaner, Chairperson and President (2004 through present)
Ms. Cecilia S. Holloman, Vice-President (2008 through present)
Mr. Percy Aguila, Treasurer (2011 through present)
Mr. Ignacio Ortiz-Petit, Secretary (2007 through present)
Mr. Jorge Guerra-Castro, Member (2004 through present)

The Principals of record for the school have been as follows:

Mr. Tom Shaw: June 2004 through August 2005
Mr. Alex Tamargo: September 2005 through June 2008
Mr. William Machado: July 2008 through April 2011
Mr. Kevin Sawyer: May 2011 through September 2011
Mr. Jorge Suarez: October 2011 through present

The school’s grades reported under the State of Florida’s academic accountability system since its inception have been as follows:

FINANCIAL REPORTING AND PERFORMANCE

State statutes allow for the presentation of special purpose audited financial statements of a charter school that is a component of a not-for-profit charitable entity and not its own legal entity. In this case, special purpose audited financial statements are prepared for Academy of Arts and Minds Charter High School, but not for the legal entity Acting For All, Inc. of which the school is an accounting entity. This financial reporting model, with its absence of a requirement to provide audited financial statements for the parent legal entity, likely increases the risk that a charter school’s expenses and liabilities could be obscured or its revenues and assets inflated in the charter school’s special purpose financial statements. It should be noted that we have no evidence of such financial statement manipulation in this case.

Based on the special purpose audited financial statements of Academy of Arts and Minds Charter High School, the following table reflects the school’s revenues, expenses, net operating surplus (deficit), and net asset position for the past five years. Also included in the table are contributions from Mr. Alonso-
Poch and Commodore Plaza Parking, L.C. (the landlord owned by Mr. Alonso-Poch) in the form of donations and forgiveness of facility rent, respectively.

Source: School’s Audited Financial Statements

During the 2006-07 fiscal year, the school incurred a $(57,456) operating deficit and had a net asset position of $8,529 at the year end. In each of the next four fiscal years, the school’s operating surpluses ranged from $833 to $84,245 and its net asset balances ranged from $9,362 to $187,983. It is noteworthy that, without the aforementioned contributions from Mr. Alonso-Poch and forgiveness of rent from Commodore Plaza Parking, L.C., (see two far right columns on the table above) which totaled $1,219,000 and $722,364, respectively, over the past four years, the school would have incurred substantial operating deficits and would have had deficit net asset balances in each of the last four years as follows:

Without said contributions and forgiveness of rent, the school would have met a condition of Section 218.503, Florida Statutes (Determination of Financial Emergency) in each of the past four years and would have been at substantial risk of closure for failure to meet generally accepted standards of fiscal management.

\[1\] Section 1002.34 (6), Florida Statutes states: “The sponsor may decide not to renew or may terminate a charter if the charter school or charter technical career center fails to correct the deficiencies noted in the corrective action plan within 1 year after being notified of the deficiencies or exhibits one or more financial emergency conditions specified in s. 218.503 for 2 consecutive years.”
FINDINGS

GOVERNANCE

State Statute and the Charter Agreement between the School Board of Miami-Dade County and Acting For All, Inc. on behalf of the Academy of Arts and Minds, establish the expected role of the school’s Governing Board. Section 1002.33, (9)(i) Florida Statutes, states, “The governing body of the charter school shall exercise continuing oversight over charter school operations.” The Charter Agreement states, “The school’s governing board will be held accountable to its students, parents/guardians, and the community at large through a continuous cycle of planning, evaluation, and reporting set forth in Florida’s Charter School Legislation...The school’s governing board will be diverse and provide a broad based coalition of parents/guardians, educators, community activists, academicians, and professionals.”

We found that Mr. Manuel Alonso-Poch, a founding Board member of the school, who served as a voting member of the non-profit school’s Board from its inception through 2006, has been the controlling force behind the school’s policies and major operational decisions and actions. The school’s Governing Board (Board), rather than having been appropriately engaged, informed, independent and accountable to its students, parents/guardians and the community at large, has been perfunctory and subservient.

The selection and composition of the school’s current Governing Board appears to have been heavily influenced by Mr. Alonso-Poch. The Chair of the Board, Ms. Ruth Chuny Montaner, who has served on the Board since the school’s inception in 2004, is Mr. Alonso-Poch’s first cousin. She signed on behalf of the non-profit Board on the three contracts with the for Profit companies owned by Mr. Alonso-Poch. As discussed later in this report, those contracts appear to have been executed without the due diligence of Ms. Montaner or the Board.

The current Vice-Chair of the Board, Ms. Cecilia Holloman, has served on the school’s Board from February 2008 through present, while Mr. Alonso-Poch has served as a paid contractor in three separate capacities for the school. During the overlapping two year period from 2007 through 2009, the arrangement had been reversed, where Ms. Holloman served as paid staff of the Urban Empowerment Corporation (UEC), a Florida non-profit corporation, and Mr. Alonso-Poch served as a member of UEC’s governing board of directors (see Appendices H and I). Additionally, Ms. Holloman and Mr. Alonso-Poch jointly served on the Board of Directors of Coconut Grove Ventures, Inc. a Florida for Profit Company from 2008 until its dissolution in 2010 (see Appendix H).

2 Documents filed with the Internal Revenue Service for the Urban Empowerment Corporation (UEC) show that Mr. Alonso-Poch served as President of the non-profit corporation’s governing board and Ms. Holloman served as Executive Director with annual compensation of $78,000 for each of the two years.
Current Board members Ignacio Ortiz-Petit (2007 through present), a non-practicing attorney who works as a communications professional for political campaigns, and Percy Aguila (2011 through present), a public finance professional, both told us they were asked to join the Board by Manuel Alonso-Poch. Mr. Aguila indicated to us that he has known Mr. Alonso-Poch for 15-20 years, had previously served on the Board of a private school in Miami and that his clients include charter schools in the State of Florida.

The final Board member of record, based on the school’s June 30, 2011 audited financial statements, is Jorge Guerra-Castro. According to Mr. Alonso-Poch and Mr. Jorge Suarez (A&M’s current Principal), Mr. Guerra-Castro has not been present at a Board meeting during the last four years, and his contact information provided by the school indicates he is domiciled in Lima, Peru.

Mr. Alonso-Poch is the owner of three for Profit entities that have substantial contracts with the school: the school's landlord, Commodore Plaza Parking, L.C.; its contracted food service vendor, A&M Square Food Services, LLC; and its management company, EDU Management, LLC. Mr. Alonso-Poch continues to officially serve as the school's "Spokesman of the Board", a non-voting, unpaid position, and as a legal advisor and a substantial donor to the non-profit school. His son Daniel Alonso, an insurance and benefits consultant, has an exclusive arrangement with the school to provide its teachers and other staff insurance benefits, and his co-founder, Ms. Ana L. Renteria, held the position of President of Abanico Performing Arts, Inc., a Florida Profit corporation whose principal address is the fourth floor theater (Abanico Theater) of the school (see Appendix H).

3 Ms. Renteria declined to interview with us in person but offered to answer our questions in writing.

When we interviewed the four active Board members in February 2012, we found their understanding and familiarity with the school's business and contractual operations to be limited both individually and in the aggregate. Although they were all aware that the landlord and food service operator were owned by Mr. Alonso-Poch, they lacked knowledge of important conditions, terms and provisions of the school's contracts and business operations such as the actual demised premises in the school's lease agreement, the portion of the facility actually used by the school (as opposed to being leased and/or used by other companies), the basic terms of the food service contract and the nature and character of the school's food service expenses (which totaled $141,000 during the 2010-11 fiscal year). The school did not have its own, distinct legal representation when entering into contracts with Mr. Alonso-Poch's private for Profit companies, nor was there a competitive process such as bids or requests for proposals (RFP) when procuring the aforementioned services (i.e. lease, food service, management services, fringe benefits).

As discussed later in this report, it appears that the Governing Board did not adequately oversee the use of ad valorem tax exemptions claimed by its landlord.

**Testimony of Academy of Arts and Minds Principals**

We interviewed each of the school’s three principals immediately preceding Mr. Jorge Suarez, the current principal. Their terms of service were as follows:

- **Mr. Alex Tamargo:** September 2005 through June 2008
- **Mr. William Machado:** July 2008 through April 2011
- **Mr. Kevin Sawyer:** May 2011 through September 2011

All three principals, whose collective tenure spanned for more than six years, indicated and detailed to us that Mr. Alonso-Poch, as opposed to the Board or principal, was effectively and ultimately in charge of the school. Mr. Tamargo indicated that he had no involvement with the school’s Governing Board, and that most staff and parents were not aware of the Board’s existence. According to Mr. Tamargo, Mr. Alonso-Poch was viewed as the landlord and school’s owner. Mr. Machado stated that the Governing Board of the School was “non-existent” and “the members had no understanding of the school.” He further indicated that Mr. Alonso-Poch effectively ran the Board meetings. Mr. Sawyer stated in his interview with us that “Manuel Alonso-Poch runs everything.”

The principals also cited numerous examples evidencing Mr. Alonso-Poch’s influence over school operations, staffing and academic management as follows:

- Manuel Alonso-Poch not the Board, hired and negotiated contracts to be the Principal with Alex Tamargo in September 2005 and William Machado in July 2008. Mr. Machado did not meet the Governing Board until a
month later at its meeting in August 2008, and he was surprised that the Board had not been active in his hiring and contract negotiation process.

- Mr. Alonso-Poch exerted pressure to effect the resignation of the school's Artistic Director in July 2010 against Principal Machado's objection.
- Mr. Alonso-Poch suspended the school's auditioning process/requirement beginning September 2011 against Principal Sawyer's objection.
- Mr. Sawyer had no budget control at Arts & Minds and he found this different than the principal's role from when he was an administrator in the Broward School system and as an administrator at a charter school in Broward County.
- Mr. Tamargo stated that Mr. Alonso-Poch was in charge of business administration, the building lease, food service, budget, and had significant input into hiring/firing staff.
- Mr. Tamargo "butted heads" with Ms. Renteria and Mr. Alonso-Poch over the time and use of the Abanico Theater. Mr. Tamargo wanted more space and usage for the school/students.
- Mr. Machado indicated that he insisted on development of a general calendar to allay battles he was having with Ms. Renteria and Mr. Alonso-Poch regarding the use of the Abanico Theater by the school versus its use by her "paying" clients.
- Mr. Machado stated that he was adamant that the Governing Board members adhere to the laws and rules which require screening, fingerprinting, background checks and proper governance training. According to Mr. Machado, despite his efforts, the Board members were uninterested in complying, as evidenced in notifications from Charter School Operations to the school.
- Mr. Machado requested from Mr. Alonso-Poch the use of specifically designated Florida Education Finance Program (FEFP) funds to purchase textbooks. Based on various monitoring visits by Charter School Operations, the existing textbooks were out of date. According to Mr. Machado, Mr. Alonso-Poch told him that there was no money for books. Mr. Machado had to resort to buying "good quality" used textbooks from Amazon.com using Internal Fund monies (e.g. funds raised by the school through activities).
- According to Mr. Sawyer, during his tenure, both the general and arts education programs were deficient and had inadequate resources (e.g. not enough textbooks and digital textbooks, lack of band instruments, insufficient supplemental resources such as for science labs).
- The school staff's fringe benefits (i.e. health insurance, dental, vision, life insurance, disability, etc.) were handled by Mr. Alonso-Poch's sons. According to Mr. Machado, he was inundated with inquiries and complaints from teachers and staff regarding requests for service and poor quality of service. According to Mr. Machado, he had no involvement in hiring Mr. Alonso-Poch's sons or the company they were affiliated with. A Parent of a student and husband of a teacher who was involved in the insurance/benefits industry inquired about bidding on the contract and
thought the school could do much better. According to Mr. Machado, he forwarded the inquiry to Mr. Alonso-Poch but was unable to have the school consider the offer.

- According to Mr. Sawyer, the school’s fringe benefits were handled by Mr. Alonso-Poch’s son and the service was not at a “professional” level.

Conflict of Interest

In our opinion, the condition of an individual and his family serving as a for Profit contractor in multiple capacities while simultaneously controlling the Governing Board and actions of a tax exempt 501(c)(3) charter school, represents a conflict of interest. Internal Revenue Service rules state: “A section 501(c)(3) organization must not be organized or operated for the benefit of private interests, such as the creator or the creator’s family, shareholders of the organization, other designated individuals, or persons controlled directly or indirectly by such private interests.”

The National Resource Center on Charter School Finance & Governance, an organization funded by a grant from the US Department of Education to help charter school operators, authorizers and policy makers, issued a report in November 2008 entitled, Creating and Sustaining High-Quality Charter School Governing Boards. That fairly comprehensive research contemplates governing board composition and recruitment practices that will maintain that “School-based governance is a cornerstone of the charter school concept of autonomy,” while increasing stakeholder participation and reducing conflicts of interest. The report considers such issues as to whether the Board should include parents and teachers, be appointed or elected, have slots for members to be appointed by the authorizer, and whether there should be prohibitions against serving on multiple charter school boards.
FACILITY LEASE

The school's leased facility is located at 3138 Commodore Plaza, Miami, FL in the Coconut Grove commercial district and is owned by Commodore Plaza Parking, L.C., a for Profit entity owned by Manuel Alonso-Poch (see Appendix H). The building has a subterranean parking garage and three floors above grade, for a total of four floors. It has approximately 29,092 square feet of rentable area and is situated on a site of 15,000 square feet. The property was purchased by Commodore Plaza Parking, L.C. in December 2003 for a recorded price of $3,400,000.

The Academy of Arts and Minds has leased the facility from Commodore Plaza Parking, L.C. since 2004 on a triple net basis (most costs incurred by tenant) and currently pays a base rent of $74,272 per month or $891,264 per year. According to the school's audited financial statements, total annual rent paid to Commodore Plaza Parking, L.C. ranged from $449,000 in 2006-07 to $984,000 in 2010-11. Total Operation of Plant, which includes maintenance and operation of the building as well as rent, ranged from $769,416 in 2006-07 to $1,188,837 in 2010-11. The following table displays the school's rent and Operation of Plant costs and their percentage of total revenues for the past five fiscal years.

Column (6) shows that annual rent as a percentage of total revenues ranged from 23.1% to 29.8% during the five year period. Total annual Operation of Plant cost (column 5) as a percentage of total revenues ranged from 32.5% to 39.5% during the period.

Forgiveness of Rent by Commodore Parking Plaza, L.C. totaled $390,364 and $332,000 in years 2009-10 and 2010-11, respectively. These amounts are included in total revenues (column 2) and rent and operation of plant costs (columns 3 and 4) for the said years.
Lease

The executed lease on file with M-DCPS and represented to us as the lease in place by the school and landlord had been restated on June 1, 2007, commencing on July 1, 2004, and comprises a lease term of one (1) year with thirty (30) one (1) year renewal options (see Appendix B). The restated lease was signed by Mr. Manuel Alonso-Poch as Manager of the landlord, and his first cousin Ms. Ruth Chuny Montaner, as Chairperson on behalf of the school’s Governing Board. Our investigation concludes that the lease had been executed and in place since 2007 without the due diligence or adequate monitoring by the school’s Governing Board.

We learned that the school did not have its own distinct legal representation in negotiating and executing the lease with Commodore Plaza Parking, L.C. Also, Mr. Alonso-Poch, an attorney with substantial real estate expertise licensed in Florida, has served as a pro bono legal advisor to the non-profit school since 2002. Mr. Alonso-Poch therefore, appears to have represented the school during the time when the lease was signed, while simultaneously owning the landlord company, Commodore Plaza Parking, L.C.

The minutes of the July 3, 2007 Board meeting reflect that the June 1, 2007 lease agreement and the rent payment schedule for 2007-08 were ratified by the Governing Board. Although the tenant had the ability to negotiate the terms of the lease every year, there is scant evidence in the Board meeting minutes during the four year period from July 2007 through September 2011, to indicate that the Board had at all contemplated the lease terms and conditions or considered exercising its right to negotiate the terms and conditions. Additionally, all four active Board members we interviewed in February 2012 stated that either the lease terms and conditions had not been contemplated by the Board since 2007 (or during their respective tenures on the Board), and/or indicated that they had only very general knowledge about the lease terms and conditions.

We engaged the law firm of Shutts & Bowen, LLP to evaluate the June 1, 2007 restated lease (see Appendix E). The firm opined that the lease contract is “sufficiently definite that it would be enforced by a Florida court” but that it contains irregular or unusual provisions, “Landlord-oriented” provisions and that “Overall, the lease is not well drafted.” The evaluation noted the following:

- The description of the “Demised Premises” in the Lease is confusing. It is very unusual for the demised premises not to be clearly indicated in a lease.
- “Based on our interpretation and the labeling in the upper left-hand corner of Exhibit 1, it appears that Exhibit 1 is intended to describe the entire

building...There do not appear to be any “carve-outs” for Landlord or other tenants to occupy any portion of the Building. Since the core of a lease is the right to possession of certain space, it is unusual for that space not to be clearly defined.”

- It appears that Tenant is supposed to be the only occupant of the Building; however, Section 27.1 states that “Tenant hereby acknowledges the existing tenants as co-tenants.” We do not understand this and find it irregular.

- The hours of access to and from the Demised Premises are not stated. Usually in a lease of this type, there is “24 hour access, 365 days a year” or access “weekdays from 8:00 a.m. to 5:00 p.m. unless advance written notice is provided” or similar language. It is unusual that the issue is not addressed at all.

- Regarding the lease term of one (1) year with thirty (30) one (1) year renewal options, “Usually a tenant that has a site specific license or permit negotiates for a term longer than one (1) year.”

- Regarding the statement that the rental rate for option terms will be at “prevailing market rates”, “A central component of any lease transaction is the rent to be paid. It is irregular for rental provisions to be as vague as they are here.”

- The lease does not stipulate the number of parking spaces available to the school.

- The 10% Landlord administrative cost in connection with Common Area Maintenance cost is unusually high.

- The Lease does not appear to cover any property other than 3138 Commodore Plaza.

**Property Appraisal**

We also engaged Real Estate Analysts, an independent real estate appraiser and consultant to determine whether the rent being paid by the school to the landlord was reasonable and in line with market rates (see Appendix F). The appraisal noted the following:

- Real Estate Analysts appraised the current market rent of the building at “$30.00 per square foot, on a net basis, of leasable building area.”

- The appraisal report states: “The adjusted net rents range from $24.70 to $40.00 per square foot net on an annual basis with an average of $31.11 per square foot. The subject’s current net rent is $30.64 per square foot per year and falls within the range of the adjusted rents in our survey. This would be based upon the entire building with 29,092 square feet of rentable area.”

- The appraisal letter also states: “In reviewing the occupancy history it was found there have been other tenants that (3 known based on leases provided) have used the subject premise which is atypical...Other unusual operating characteristics, the owner has a food service agreement which authorizes the subject premises to sell food to the
general public. Also it was reported that the subject owner has used and/or is currently using the subject premises as office space for non-school business.

- The appraisal report also states: “Market lease terms are 1 to 3 year leases with annual adjustments based on Consumer Price Index (CPI). Lease terms for the entire building would typically involve a longer term.”

Actual Non-Exclusive Use of Facility

We found substantial evidence that since June 1, 2007, significant portions of the building have been leased to and/or used by private, for Profit entities other than the school. Therefore, the school has not had exclusive use of the building during the said period, as follows:

- Unit 101 of the subject property was leased by Commodore Plaza Parking, L.C. to a private consignment business from April 1, 2006 through March 31, 2009, at a base rent of $2,800 per month in the initial year.

- Unit 109 of the subject property was leased by Commodore Plaza Parking, L.C. to a private nail salon business from September 1, 2006 through August 31, 2011, at a base rent of $4,500 per month in the initial year.

- Unit 104 of the subject property was leased by Commodore Plaza Parking, L.C. to a private salon and spa business from February 1, 2005 through January 31, 2008, at a base rent of $1,750 per month in the initial year.

- The Florida Department of State records currently show 3138 Commodore Plaza Suite 102 as the principal addresses of Manuel Alonso-Poch, P.A. (a law office) and Florida National Title Company, LLC (see Appendix H). Upon our inquiry, Mr. Alonso-Poch acknowledged that his law office/title company occupied Room 318 of the building, totaling 625 square feet from approximately 2004 through 2008, and that use was without a lease.

The following for Profit corporations, which have contracts or arrangements with the school, also have (or have the contractual right) other non-school business operations located at the school’s leased facility: Commodore Plaza Parking, L.C.; A & M Square Food Service, LLC; EDU Management, LLC; and Abanico Performing Arts, Inc. Daniel Alonso and Manuel Alonso-Poch serve as Managers of the former three entities and Ana L. Renteria served as President of Abanico Performing Arts, Inc. Additionally, Mr. Tamargo and Mr. Machado, the school’s Principals from 2005 through 2011, both indicated substantial non-school use of the school’s theater and the cafeteria/food service area.

Other corporate entities showing 3138 Commodore Plaza as their principal address on the Department of State records during 2007 through present, the period during which the lease indicates the school has exclusive use of the
building (based on the interpretations of our contracted attorneys and appraisers), include:

According to Mr. Alonso-Poch, the school has not been remunerated for space or utilities used by any of the above-mentioned entities. Additionally, the Governing Board's Chair, Ms. Montaner, when asked, did not know whether the school had been remunerated or the extent of non-school usage.

In conclusion, the school has not had exclusive use of the property from 2007 through present, which should have been the case based on the lease contract as interpreted by Shutts & Bowen, LLC; and as assumed by the appraisal firm Real Estate Analysts pursuant to its review of the lease. The appraiser's calculation of the lease's current contract unit rent of $30.64 per square foot was based on the assumption that the school had exclusive use of the entire premises. Regarding the above entities, it is not clear the extent to which all of the corporations listing 3138 Commodore Plaza as their principal address conducted non-school business, if any, at the school's facility. However, the evidence clearly shows substantial non-school business use during the subject period by a consignment business, nail salon, salon and spa, law practice, title company, commercial parking business, restaurant and the Abanico theater. That business activity included use of the school's space and utilities for which the school was not remunerated. When considering the above, it is apparent that the effective rent per square foot has likely far exceeded the current contract unit rent of $30.64 per square foot and the appraisal's estimated market rent of $30.00 per square foot.
OTHER CONTRACTS AND ARRANGEMENTS

Food Service
The school contracts with A&M Square Food Service, LLC, which was established in November 2004 and is owned by Mr. Alonso-Poch, who is also listed in the Florida Department of State records as Manager. The contract currently in place between the two entities is dated August 2010 and signed by Mr. Alonso-Poch and Ms. Montaner, on behalf of the company and the school, respectively (see Appendix D). Based on information obtained during interviews with the active Board members, the school did not have its own, distinct legal representative when negotiating and executing this contract, nor were competitive bids or requests for proposals sought. In FY 2010-11, the school incurred food service costs of $141,364 with A&M Square Food Service, LLC, to subsidize the school’s free and reduced lunch program. In addition, the food service operator would have received revenues directly from its sales to students, teachers and parents, etc.

The contract states that "Operator shall have the exclusive right and privilege to sell food within the Academy of Arts and Minds’ campus from 7:00 AM to 3:00 PM. Operator shall occupy the kitchen and food service area at 3138 Commodore Plaza Miami, Florida 33133 without charge or expense and shall be allowed to serve to the public after 3:30 PM weekdays and all day Saturdays, Sundays, Holidays and at any other time when the Academy of Arts & Minds High School is not in regular session."

In fact, we obtained significant documentary and testimonial evidence that shows the subject food service operator has sold to the general public through Al Fresco restaurant. Additionally, A&M Square Food Service, LLC has maintained a license to sell beer and wine from December 2005 through March 2013.

Management Agreement

The school entered into an agreement with EDU Management, LLC for a five year term commencing July 1, 2011 and ending June 30, 2016 (see Appendix C). EDU Management, LLC was established in April 2011 and is owned by Mr. Alonso-Poch who is listed in Florida Department of State records as Manager (see Appendix H). The agreement outlines the responsibilities assigned to the management company, which include cafeteria management services, employee benefits, faculty development, annual school operating budget, contract administration and coordination of parent activities. The base management fee to be paid by the school is $200 per pupil per year, and it includes a provision for the management company to subcontract for the performance of responsible services. Actual fees paid to EDU Management, LLC, since July 1, 2011, if any, are yet to be determined pending issuance of the school’s FY 2011-12 audited financial statements.
The agreement had been submitted to the M-DCPS Charter School Operations department in August 2011 in accordance with policies and procedures for charter schools. It was signed by Mr. Alonso-Poch and Ms. Montaner, on behalf of the company and the school, respectively. Based on interviews with the active Board members, the school did not have its own, distinct legal representative when negotiating and executing this contract with EDU Management, LLC, nor were competitive bids or requests for proposals sought.

The first paragraph of the agreement states that the agreement "...is made and entered into as of the 23rd day of December, 2003..." When we showed this agreement to Ms. Cecelia Holloman, the Board member designated to oversee this contractual arrangement, and asked her why the execution date was shown as 2003 and the effective date shown as 2011, she stated that "it was probably a typo." When we later asked Mr. Alonso-Poch about this apparent inconsistency, he stated: "The date of December 23, 2003 on the Agreement is a typo. The effective date of the Agreement is July 1, 2011. The Contract was submitted to Charter School Operations for review. The contract will be executed as soon as Charter School Operations provides written instructions that the Contract has been reviewed and approved."

We question how these contracts could have been executed, or at a minimum in the case of the management agreement, signed by the school's Governing Board, while containing said terms or obviously erroneous language.
TAX EXEMPTIONS

Charter schools, and sometimes their contractors, are typically exempt from paying various Federal, State and local taxes. It is noteworthy that these taxes are the principal source of funding for traditional public schools and charter schools alike.

Section 196.1983, Florida Statutes states in part: "Any facility, or portion thereof, used to house a charter school whose charter has been approved by the sponsor and the governing board pursuant to s. 1002.33(7) shall be exempt from ad valorem taxes. For leasehold properties, the landlord must certify by affidavit to the charter school that the lease payments shall be reduced to the extent of the exemption received."

We found that Academy of Arts and Mind’s landlord (Commodore Plaza Parking, L.C.), owned by Manuel Alonso-Poch, has claimed and received a 65% charter school ad valorem tax exemption on three adjoining properties - folio #’s 4121-047-(0180), (0190) and (0230), from 2005 to the present.

Those properties constitute a commercial parking lot in reasonably close proximity to the school, and are also owned by Commodore Plaza Parking, L.C. However, the evidence obtained suggested that those properties were not leased or used by the school, except very minimally. We informed the Office of the Miami-Dade County Property Appraiser of our concerns and they conducted their own investigation which found that for each of the three folios “the property did not meet the required use for a charter school” and “pursuant to Florida Law, the property was not entitled to a 65% exemption for the tax years 2005-2010.” Tax liens (see Appendix G), including back taxes, interest and penalties, were placed on the three properties totaling $182,736, pending the final outcome of the Miami-Dade County Property Appraiser’s investigation.

The landlord also claimed and received the charter school exemption on the building leased by the school, 3138 Commodore Plaza, Miami, FL 33133 (folio # 4121-047-0130) as follows:

---

6 According to Mr. William Machado, the school’s Principal from July 2008 through April 2011, the school’s use of this commercial parking lot was about 3 parking spaces (during school hours) in 2009-10 and at most 5 parking spaces (during school hours) in 2010-11. Mr. Alex Tanago, the school’s Principal from September 2005 through June 2008, as well as Mr. Machado, testified to us that the garage parking lot in the 3138 Commodore Plaza building (the school’s facility) was also used substantially for non-school and commercial parking after school hours.

Source: Office of the Miami-Dade County Property Appraiser Records

Based on the building's non-exclusive use by the charter school as detailed in the Lease Section of this report, the propriety and basis for calculating these exemptions taken is not apparent or transparent. We have also communicated these concerns to the Office of the Miami-Dade County Property Appraiser for their review and possible investigation.

Additionally, as detailed in the Governance Section of this report, we also question the validity of the school's status as a Section 501(c)(3) corporation exempt from Federal income taxes.
RECOMMENDATIONS

1. The Governing Board and management of the Academy of Arts and Minds should work with the Miami-Dade County Public Schools in consultation with other oversight agencies such as the Florida Department of Education and the Internal Revenue Service to eliminate the structural conflicts of interests identified. Consideration should be given to noted governance best practices which will help ensure an engaged, informed and independent Board that is accountable to its students, parents/guardians and the community at large.

Academy response: The governing board will take steps to engage the services of an independent lawyer to review items coming before the governing board that may present conflict of interest situations. If any conflict of interest situations arise the independent attorney will guide the governing board on the manner in which to properly and legally deal with them. It is worthy noting that under the current governing structure of the Academy there are no structural conflicts in the governance of the school. The issues of structural conflicts have been raised by a small group of disgruntled parents most likely misguided by errant administrators who did not clearly understand the governance structure or most likely felt they could ignore the controls in place within the Academy's governance structure when they did not agree with the decisions taken by the governing board. We suggest that a review of the Governance Board Training Manual and board minutes confirm our position.

OMCA's Comment: The current arrangement contains structural conflicts of interest and may not comport with the operations of an IRS Section 501(c) 3 tax exempt corporation.

2. The Governing Board of the Academy of Arts and Minds Charter School should revisit the terms of its major contracts and analyze expenses in order to strive to achieve a self sufficient operation not reliant on large contributions by Mr. Alonso-Poch and Commodore Plaza Parking, L.C.

Academy Response: The governing board has a record of actions showing this they are always striving to make the Academy not only self-sufficient but also abundantly funded through budgeting and fundraising. The board recently negotiated a management contract with the lowest cost in the marketplace at only 3% of student FTE revenues. Secondly, the governing board will take no action that diminishes the integrity of the Academy or the governing board's integrity and will honor all contracts currently in effect. The governing board is not in a position of creating the risk of lawsuits against the Academy by not honoring current contracts. However, if vendors are willing to renegotiate their contracts before they term out then the board will entertain those options. The board will have an independent advisor assist in reviewing
the Food Service contract and agrees to follow the procurement standards suggested by the National School Lunch Program.

**OMCA's Comment:** The OMCA does not recommend that the Board not honor its contracts. The recommendation is to "revisit" the terms (the lease is on a year-to-year basis) and negotiate the contracts where possible. The "vendor" for the three major contracts referenced is Mr. Manuel Alonso-Poch.

3. An independent Governing Board of the Academy of Arts and Minds should renegotiate the lease as an arm's length transaction. The Board should be represented by its own distinct legal counsel who does not have an interest in the landlord or facility. The lease should be restated with clear, unambiguous terms and conditions so that the school knows its demise premises, whether it has exclusive use of the premises, or whether certain square footage and/or time slots will be "carved out" for use by other tenants or entities. If other tenants or entities will be entitled to use portions of the premises, the school should be remunerated or the lease rate amended, accordingly.

**Academy Response:** The lease is up for renewal this month., (June 2012). Thye governing board will retain independent counsel to review the lease and negotiate with the landlord. The lease, as confirmed in the minutes of the governing board, was negotiated with full disclosure of Mr. Alonso-Poch ownership. Mr. Alonso-Poch did not represent the Academy in the negotiation of the lease. The process followed the Florida Statutes completely as confirmed by the minutes of the governing board. The renegotiation of a lease can take place only if the landlord and the tenant are willing to negotiate. The Academy's lease is up for renewal July 1, 2012. The governing board will take steps to retain independent legal counsel to review and negotiate a clarification of the terms of the lease, and the board will explore retaining a real estate consultant to present a process of site selection and at the appropriate time to explore on a parallel track the possibility of current building acquisition negotiations.

4. An independent Governing Board of the Academy of Arts and Minds should renegotiate the Management Agreement, Food Service Contract and the benefits consultant arrangement. The Board should use a competitive procurement process such as bids or request for proposals, and should be represented by its own distinct legal counsel who does not have an interest in the school's vendors. If a vendor will have an opportunity to profit from the arrangement while occupying the school's premises and using its utilities (i.e., the food service contract), the school's Board should negotiate to be commensurately compensated. It is incumbent on the school's Governing Board to adequately review contracts and arrangements with vendors prior to contracting with them and to ensure that these contracts are negotiated to the best possible advantage of the school and are properly monitored after execution.
**Academy Response:** The independent governing board of the Academy is retaining a consultant to guide this process relating to food service and benefits consulting and to engage independent counsel to review the contracts before they are approved by the governing board. However, the Management Contract has yet to be approved by the District after a 10 month review. The management contract has the lowest contract price in the marketplace for these services. The governing board requests a response and comments by the District, if any, on the management contract and where it is deficient before concurring on a renegotiation.

5. The Governing Board and management of Academy of Arts and Minds should put controls in place to ensure that the Board is adequately informed of Federal, State and Local Charter School tax exemptions claimed and granted on its behalf, and ensure that the non-profit charter school receives the full benefits derived from such tax exemptions as intended.

**Academy Response:** The board agrees to place on its agenda an annual update on various governmental tax exemptions. This is appropriately done when the legislative update occurs during the spring/summer board meetings.

6. Miami-Dade County Public Schools, as part of its statutorily mandated duties for the sponsor to "monitor the revenues and expenditures of the charter school", should coordinate with the various taxing authorities to help ensure the propriety of tax exemptions taken by its charter schools and their landlords and contractors.

**Schools of Choice/Charter School Operations Response:**
At the present time, Charter School Operations (CSO) monitors all federal and state mandated requirements, including financial oversight and monitoring for the 109 charter schools currently in operation. Recommendation #6 provides for a deeper review of charter school properties and related tax exemptions which goes beyond the minimum oversight requirements and the professional expertise of the CSO department; therefore, such a review will have to be developed in conjunction with the School Board Attorney's Office and the Office of Facilities Management. CSO staff is committed to establishing a working group with all pertinent offices to evaluate this issue and potentially develop a process to implement this recommendation.

7. In order to minimize the risk of obscuring a charter school's expenses and liabilities or inflating its revenues and assets, Miami-Dade County Public Schools should consider putting forth in its legislative agenda process a requirement that charitable organizations which are the parent legal entity of a charter school, as is the case with Acting For All, Inc. and Academy of Arts and Minds, must submit to the sponsoring county School Board as charter
schools are presently required to do, independently audited financial statements.

**Schools of Choice/Charter School Operations Response:**
CSO is in agreement with Recommendation #7. We will work with the Office of Intergovernmental Affairs, Grants Administration, and Community Affairs to propose potential legislation as part of the District's legislative platform for the 2013 legislative session.

COMPLAINT

Ms. Tiffanie Pauline
Administrative Director

RE: Complaint Relating to the Governing Board of the Academy of Arts and Minds

Dear Ms. Pauline,

Thank you for your response to our letter dated April 21, 2011 in which we brought to your attention the exigent circumstances occurring at our school, the Academy of Arts and Minds ("A&M" or the "School"). We are now submitting this expanded list of concerns, and we request that the Office of Charter School Operations, Office of Management and Compliance Audits, and/or the School Board of Miami-Dade County Public Schools please investigate and take all appropriate actions to remedy the situation.

In the interest of efficiency we are providing a very broad description of our concerns. We have, however, documentation and other information that served as the foundation for the claims made herein. We would be happy to share our source materials with you upon request.

Our concerns stem from various sources. We have reviewed documents relating to the School, the Governing Board of Acting for All, Inc., the non-profit corporation that holds the charter and runs the School, Commodore Plaza Parking, LLC ("Commodore Plaza"), the building owner and landlord of the School; and A&M Square Food Service ("A&M Food Service"), the School’s food service provider. We have had discussions with numerous present and former Governing Board members, administration, teachers, staffs and other persons who have interacted with the school’s founder and principal of Commodore Plaza, Manuel Alonso-Poch and with the persons acting as the Governing Board. We have also had our own interactions with these persons.

The information we have gathered and reviewed strongly suggests that the persons acting in the role of the Governing Board are not managing the school in compliance with the charter agreement with M-DCPS or with Florida law. Instead we believe that Mr. Alonso-Poch, one of the co-founders of the school and the principal of the landlord and the food service provider, is in effect acting as the Governing Board and is using his authority to operate the school in his own interests, not the interests of the school and its community.

We understand that these are serious claims, and we do not make them lightly. As parents of students at A&M, however, we cannot continue to stand by and watch what appears to be a dismantling of a thriving arts charter school with apparently no good reason. We can no longer ignore the fact that whatever is going on behind the scenes at A&M does not appear to be for the benefit of our children—in fact, our children and the school appear to be pawns in some elaborate game to protect certain financial interests. This is not the role of a charter school; this is not fair for the students. We do not want this school to fail; we want to see it thrive, just as it had been thriving until just three months ago. We need your help to bring some real independence to the Governing Board of A&M in order to sort out and resolve the many issues that are threatening our school.

I. A&M does not have an independent Governing Board that functions in the interest of the school, its students, teachers or parents. Instead persons acting in the role of the Governing Board appear to have improperly delegated their authority to the landlord, Manuel Alonso-Poch, and/or are acting to protect Mr. Alonso-Poch’s interests and control.

- Prior to February 2011 the school community was generally unaware that the school had a Governing Board.
- The By-Laws of Acting for All that set forth rules for the Governing Board appear to be inconsistent with the operation of a charter school and in conflict with the charter contract and M-DCPS Rules and Regulations.
The school's financial interests are not being protected by the Governing Board.

The Building Lease:
- The school's landlord has always been Mr. Alonso-Poch's company.
- The original lease was signed by Mr. Alonso-Poch, on behalf of the company that owns the building, and by Ana L. "Lili" Renteria on behalf of Acting for All, Inc.
- Mr. Alonso-Poch was the chairperson of the Governing Board at the time of the original lease.
- Ms. Renteria is also a co-founder of the school. She has represented herself over the years to students, teachers, parents and the community as an officer and authorized representative of the school.
- Ms. Renteria and Mr. Alonso-Poch resided together at least for several years and have represented themselves as a couple in the past. Mr. Alonso-Poch and Ms. Renteria have also been involved in numerous business ventures together.
- Ms. Renteria was listed as a Manager for the landlord company from 2007-2011.
- Ms. Renteria has been listed as Executive Director, Artistic Director, and Activities Director for Acting for All and is or was the signatory on the Acting for All account.
- Neither the original lease nor any of the subsequent modifications have stated the specific square footage leased by the school; the lease only refers to the entire building. It is a commercial lease with terms unrelated to the use of the building as a charter school.
- There is no indication that the Governing Board or any other person negotiated this lease on behalf of the school or has otherwise done any review to ensure that the school's interests have been protected.
- The Governing Board Chairperson, Ruth "Chung" Montaner, signed the most recent lease agreement on behalf of Acting for All. Ms. Montaner is Mr. Alonso-Poch's first cousin as well as his client.
- There is no indication on the lease or on any other available documents that the school is obtaining the property tax credit pursuant to FSS 196.183. Instead the lease states that it is the tenant's responsibility to pay real estate taxes.

The Food Service Provider:
- The school's food service provider has always been Mr. Alonso-Poch's company.
- Co-founder Ana L. Renteria was listed as Managing Member/Manager for the for the food service company from 2007-2011.
There is no indication that any Requests for Proposals and/or Bids were sought in connection with food service at the school, or consideration by the Governing Board of any other vendor.

In 2010 A&M staff looked into bringing the school's food service into compliance with the National School Lunch Program for food cost reimbursement.

The school has always paid the cost of food for students who qualify for free or reduced cost lunches out of its budget; the school's financial statements listed the cost as $59,075.00 in 2010.

It appears that the food being served by Mr. Alonso's company does not meet the quality and nutritional standards of the National School Lunch Program.

Importantly, daily lunch costs for students are approximately $5.00-$6.00/day, well in excess of the M-DCPS school lunch average cost of approximately $2.75/day.

It appears that Mr. Alonso-Poch decided that it would be too administratively burdensome for the school to comply with the federal standards.

The Governing Board minutes of 20 January 2011 report that the Board voted not to pursue reimbursement for the school through the National School Lunch Program, with no indication of any discussion regarding the decision not to seek available additional funds for the school, or any cost-benefit analysis.

The net result is that Mr. Alonso's company can continue to prepare food for our kids and charge them its own prices without restrictions, and the school cannot apply to receive otherwise available funds.

Other Vendors

There is no evidence that any school contracts have been put out to bid.

One of the current Board members, Ignacio Ortiz-Pollit, is the Vice-President of the company that Mr. Alonso hired to provide IT services, INDRA USA. There have been numerous complaints by the teachers and administration, as documented in EESAC meetings, of disruption of the internet service and its interference with their work, which had previously worked well.

Mr. Alonso's son, Daniel Alonso, was hired as the agent or representative to offer and/or manage employee benefits for the teachers.

The school building includes a theater that is used for school performances. The theater has been used by Abenico Performing Arts, Inc., a for-profit entity owned by co-founder Ana L. Renteria, for performances open to the public. There is no indication that there has been any payment to the school for the use of the theater.

There may be violations of law in connection with the School.

Non-school related persons and businesses on school property.

Mr. Alonso-Poch has a private office located on the second floor of the building that houses the school. From this office he operates numerous non-school related companies.

There is a private tenant, a spa, located on the first floor of the building that houses the school, which we believe has a lease with Mr. Alonso-Poch's company.

Mr. Alonso-Poch hires people through Acting for All, Inc. and does not clear such persons through the front office of A&M to be properly screened as required by M-DCPS.

Jessica Lunsford Act.

It is likely that the school is in violation of the Jessica Lunsford Act since persons hired by Mr. Alonso-Poch through Acting for All, Inc.; persons hired by other companies operated by Mr. Alonso-Poch; persons entering Mr. Alonso-Poch's office on the second floor of the school; and/or persons entering the spa have not been properly cleared.

In particular there are at least two people, Ms. Renteria and Mikey Lopez, who are employed by Acting for All and are working at the school, with and among students. Neither has been screened through the school for clearance under Florida law. In addition, there may be other individuals such as maintenance, food service, administrative, etc that have not been properly screened.
Property Tax Issues under the Lease.
- The lease suggests that the entire building is leased by the school, so that the whole building would be tax exempt.
- If the portion of the property that is being used by Mr. Alonso-Poch or leased by Mr. Alonso-Poch's company is reported as being used by the school, there could be violations of tax and/or other laws.
- The applicable tax exemption credit to the rent payable under the lease is not reflected in the lease or in other school records provided to us.

Violations of Florida Sunshine Laws.
- One of our concerned parents, Carlos M. Hernandez, has been making public records requests since 24 March 2011.
- He did not receive a formal response to his requests until 14 April 2011 and 22 April 2011 when the Board acknowledged receipt of some of the requests and indicated that a request had been referred to the Board's attorney, Humberto Candeo. Previously CC Holloman had sent him an email in her capacity as a member of the Board that chided him for making the requests, and Board member Percy Aguilera complained to him in an email that his request wasn't clear enough.
- To date, no information has been provided to Mr. Hernandez by the Governing Board or by anyone acting on the Board's behalf.
- The only address listed for Acting for All, Inc. and for the Governing Board is the school property. This is a small organization. There is no apparent reason that records couldn't have been made available for inspection and copying within a week of each request.
- The vast majority of the Minutes of Governing Board meetings are vague and non-descriptive.
- The Governing Board had noticed and held a public meeting until 2011 despite being put on notice of the requirement in 2008.
- The Governing Board has not met since the resignation of Director William Machado on April 8th, yet has undertaken various actions.
- Since April 8th, the Board has at least hired and authorized an attorney to appear unannounced at a PTSA meeting to argue with the parents on behalf of the Board; has appointed Mr. Alonso-Poch's co-founder and signatory on Acting for All's checking account, Ana L. Renteria, in a key position at the school; despite the fact that she does not speak, read, or write English and has not been cleared; has made demands of the Acting Director, Ilana Valdes, including a request that she write her own job description and provide her own contract for review; has failed to request that the registrar, Sandi Bellers, continue in service at the school; instead asking her to spend some of her last days in the office writing her own job description and her own contract; and apparently has been interviewing persons for positions at the school to replace William Machado, who resigned under pressure from the Board through CC Holloman.
- All of these actions are school governance issues that should be discussed at a public meeting.
- The Governing Board has also failed to provide any productive response to the PTSA's letter to the Governing Board describing parents' concerns.

Physical Plant Life-Safety Issues:
- There have been several life safety issues which have resulted in injuries on school property that were brought to the attention of the Governing Board, including a door that has closed on persons causing injury.
- The Governing Board has failed to address these serious issues and the City of Miami notified the school of the violations.
- Last week the City Of Miami posted a violation notice at the school and an employee of Acting for All angrily removed the notice in front of an audience of students.
- The use of school property for retail uses and by Mr. Alonso's other companies for other unrelated uses serves to further exacerbate the overcrowded conditions at the school.
IV. There are concerns regarding the flow of monies received from MDCPS and used to pay school expenses.

- Acting for All, Inc. receives all monies from M-DCPS and pays teacher and staff salaries.
- Mr. Alonso-Poch has always exercised control over the Acting for All, Inc. bank accounts.
- Ana L. Renteria has been the signatory on the Acting for All, Inc. account for years, despite the fact that she does not speak, read, or write English. During that time, she has also had an ownership interest in both the building and food service vendor.
- Ms. Renteria signs the IRS Tax Forms 990 on behalf of Acting for All, Inc.
- The Board, quite possibly through unauthorized actions, just appointed the signatory on the Acting for All, Inc. account, Ms. Renteria, to a key position at the school.
- Acting for All, Inc. has not provided full access to financial records.
- The school's director does not have access to the Acting for All, Inc. accounts.
- Mr. Alonso-Poch has always indicated that there isn't enough money to support the school, including for basic expenses like buying textbooks.
- Mr. Alonso-Poch files Special Purpose Financial Statements for A&M which do not include the statements of financial position, activities, and cash flows of Acting for All, Inc. despite the fact that the Governing Board and Mr. Alonso-Poch stated in the March 7, 2011 board meeting that Acting for All Inc exists exclusively for the purpose of operating Academy of Arts & Minds Charter High School.
- Acting for All, Inc.'s tax return, Form 990, seems to be in conflict with the Special Purpose Financial Statements filed for the same time period. Acting for All, Inc.'s tax returns indicate that the corporation has debt with Mr. Alonso-Poch and is being charged interest. They also reflect a loan from Commodore Plaza Parking LLC (landlord) that appears to have been paid off in FYE 2009. Neither of these loans are reflected on the Special Purpose Financial Statements.
- There are concerns that persons may be getting paid by Acting for All, Inc. using public funds but are working for non-school entities as directed by Mr. Alonso-Poch.
- There are concerns that services paid by the school such as internet, telephone, copy services, etc. are being utilized by non-school companies owned and/or operated by Mr. Alonso-Poch.

This list is not complete. We have a number of other concerns that are not covered here. In particular, we have serious concerns regarding what appear to be retaliatory discharges of school staff after such persons asked questions regarding school finances. We suggest, however, that this list of issues is more than enough for your office to initiate an investigation. If it is not, please let us know—we would be happy to share more concerns and provide you with additional information supporting them.

We are bringing these issues to the attention of your office for one reason only—the interests of our children and of all students and teachers at the Academy of Arts and Minds. Since 2008 A&M has been developing into a superb school of choice due to the work and dedication of great teachers and staff. The A&M community is not being well served, however, by Mr. Alonso-Poch and his Governing Board. A school is not just a building; a school is comprised of its teachers and staff and students, who are there each day teaching and learning. The persons acting as the Governing Board, however, seem to be allowing Mr. Alonso-Poch to exercise control over the school in his own interest, to the detriment of the school community. Mr. Alonso-Poch's financial interests in the building will continue to be served as long as there are enough student bodies enrolled to pay his rent and buy his food. The school's interests, however, will continue to suffer as long as A&M is being run by persons who are acting in concert with Mr. Alonso-Poch's interests.

We hereby request that M-DCPS please investigate this school and take whatever actions are necessary to correct these serious violations, including ensuring that the school is overseen by a truly independent Governing Board, so that the Academy of Arts and Minds can again be on the path to being a fabulous performing arts charter school.
Please let us know if you would like additional information. We look forward to hearing back from you soon and we thank you for your attention and assistance.

Upon any default by Tenant, all or part of said deposit may, at Landlord's sole option, be applied on account of such default, and thereafter Tenant shall promptly restore the remaining deficiency in said deposit. Tenant hereby waives the benefit of any provision of law requiring such deposit to be held in escrow or in trust, and said deposit shall be deemed to be the property of Landlord and may be so mingled by Landlord with its own funds. In the event a mortgagee becomes the owner of the property comprising the Demised Premises and does not receive the security deposit from the Landlord, then Tenant agrees to look only to the original or predecessor Landlord for the refund of any such security deposit.

5.8 Transfer of Security Deposit. Landlord may deliver the funds deposited hereunder by Tenant to the purchaser of Landlord's interest in the Demised Premises, in the event that such interest be sold and thereupon Landlord shall be discharged from any further liability with respect to such deposit.

Tenant and its employees and invitees shall be entitled to use the common areas during the lease term, in common with Landlord and with other persons authorized by Landlord from time to time to use such areas, subject to such reasonable rules and regulations relating to such use as Landlord may from time to time establish.

6.3 Control of Landlord. Landlord shall operate, manage, equip, police, light, repair, insure and maintain the common areas in such manner as Landlord may in its sole discretion determine to be appropriate. Landlord may temporarily close any common area for repairs or alterations, to prevent a violation thereof or the accrual of prescriptive rights therein, or for any other reason deemed sufficient by Landlord at Landlord's sole discretion. All automobile parking areas, driveways, entrances and exits thereto, common areas, and other facilities furnished by Landlord, including all parking areas, truck ways, pedestrian walkways and ramps, landscaped areas, stairways, corridors and other areas and improvements provided by Landlord for the general use, in common, of Tenants, their officers, agents, employees, servants, invitees, licensors, visitors, patrons, and customers, shall be at all times subject to the exclusive control and management of Landlord, and Landlord shall have the right from time to time to establish, modify, and enforce reasonable rules and regulations with respect to all such facilities and areas and improvements; to police same; from time to time to change the area, level, and location and arrangement of parking areas and other facilities hereabove referred to; to restrict parking by, and enforce parking charges (by operation of meters or otherwise) to, Tenants, their officers, agents, invitees, employees, servants, licensors, visitors, patrons, and customers, to close all or any portion of said areas or facilities to such extent as may, in the opinion of Landlord's counsel, be legally sufficient to prevent a violation thereof or the accrual of any rights to any person or the public therein; to close temporarily all or any portion of the common areas, common areas, or facilities, to discourage non-Tenant parking; to charge a fee for visitor or customer parking; and to do and perform such other acts in and to said areas and improvements as, in the sole judgment and discretion of Landlord, the Landlord shall determine. Reference in this paragraph to parking areas and facilities shall in no way be construed as giving Tenant hereunder any rights or privileges in connection with such parking areas and facilities unless such rights or privileges are expressly set forth herein. The rights of Tenant in and to the common areas shall at all times be subject to the rights of Landlord and the other tenants of Landlord in the Building to use the same in common with Tenant, and Tenant shall keep said areas free and clear of any obstructions created or permitted by Tenant or resulting from Tenant's operation. If in the sole discretionary opinion of Landlord unauthorized persons are using any of said areas by reason of the presence of Tenant in the Building, Tenant, upon demand of Landlord, shall remove such unauthorized use by appropriate proceedings. Nothing herein shall affect the right of Landlord at any time to remove any such unauthorized person from the common areas nor to prohibit the use of any said areas by unauthorized persons.

6.4 Tenant and its employees shall park their vehicles only in those portions of the parking areas as are from time to time designated for that purpose by Landlord. Tenant shall furnish Landlord with the names of its and its employees and their vehicle license numbers within five (5) days after taking possession of the Demised Premises and Tenant shall thereafter notify Landlord of any change in such list within five (5) days after such change occurs. Tenant hereby assumes responsibility for compliance by its employees with the parking provisions contained herein. Tenant further agrees that upon the second notice by the Landlord or its representatives, that if the Tenant and/or its employees shall have parked their vehicles in a portion of the parking area not so designated for parking by that employee, then and in that event, Landlord shall have, at Landlord's option, the power to remove the vehicle from the parking garage or require the Tenant to pay to Landlord the sum of Twenty-Five Dollars ($25.00) per day for each day the violation shall continue.

6.5 Common Area Rules and Regulations. Landlord or such other person(s) as Landlord may appoint shall have the exclusive control and management of the Common Areas and shall have the right, from time to time, to establish, modify, amend and enforce reasonable Rules and Regulations with respect thereto. Tenant agrees to abide

14.3 Tenant Negative Covenants.

14.3.1 Tenant agrees:

14.3.1.1 Use or operate any machinery that, in Landlord’s opinion, is harmful to the building or disturbing to other tenants in the building of which the Demised Premises is a part; nor shall Tenant use any loud speakers, televisions, phonographs, radios or other devices in a manner so as to be heard or seen outside of the Demised Premises, nor display merchandise on the exterior of the Demised Premises either for sale or for promotional purposes.

14.3.1.2 Do or suffer to be done any act, manner or thing objectionable to the fire insurance companies whereby the fire insurance or any other insurance now in force or hereafter to be placed on the Demised Premises or any part thereof, or on the building of which the Demised Premises may be a part, shall become void or suspended. Upon the breach of this covenant, in addition to all other remedies of Landlord and not as a limitation thereof, Tenant agrees to pay to Landlord as additional rent any and all increase or increases of premiums on insurance carried by Landlord on the Demised Premises, or any part thereof, or on the building of which the Demised Premises may be a part, caused in any way by the occupancy of Tenant.

14.3.1.3 Conduct any auction, sale, bankruptcy, selling-out, or going-out-of-business sale on or about the Demised Premises.

SECTION 15 SIGNS, AWNINGS, CANOPIES, FIXTURES

15.1 Installation by Tenant. All fixtures installed by Tenant shall be new or completely reconditioned. Tenant shall not make or cause to be made any alterations, additions, or improvements or install or cause to be installed any trade fixture, exterior signs, door coverings, interior or exterior lighting, plumbing fixtures, shades or awnings or make any changes to the store front without first obtaining Landlord’s written approval and consent. Tenant shall present to the Landlord plans and specifications for such work at the time approval is sought.

15.2 Removal and Restoration by Tenant. All alterations, decorations, additions and improvements made by the Tenant, or made by the Landlord or the Tenant’s behalf by agreement under this Lease, shall remain the property of the Tenant for the term of the Lease, or any extension or renewal thereof. Such alterations, decorations, additions and improvements shall not be removed from the Demised Premises prior to the end of the term hereof without prior consent in writing from the Landlord. Upon expiration of this Lease, or any renewal term thereof, at Landlord’s option, the Tenant shall remove all such alterations, decorations, additions and improvements, and restore the Demised Premises as provided in Paragraph 13 hereof. If the Tenant fails to remove such alterations, decorations, additions and improvements and restore the Demised Premises, then upon the expiration of this Lease, or any renewal thereof, all such alterations, decorations, additions and improvements shall become the property of the Landlord. Tenant shall not remove heating and air conditioning system or equipment.

15.3 Signs, Awnings and Canopies. Tenant will not place or suffer to be placed or maintained on any exterior door, wall or window of the Demised Premises any sign, awning or canopy, or advertising matter of other thing of any kind, and will not place or maintain any decoration, lettering or advertising matter on the glass of any window or door of the Demised Premises without first obtaining Landlord’s written approval or consent. Tenant further agrees to maintain such sign, awning, canopy, decoration, lettering, advertising matter or other thing as may be approved in good condition and repair at all times. See Exhibit “B”, attached hereto and made a part hereof.

SECTION 16 RIGHTS OF LANDLORD

16.1 Landlord reserves the following rights with respect to the Demised Premises:

16.1.1 At all reasonable times, by itself or its duly authorized agents to go upon and inspect the Demised Premises and every part thereof, and at its option to make repairs, alterations and additions to the Demised Premises or
the building of which the Demised Premises are a part.

16.1.2 To display a "For Sale" sign at any time, or also, after notice from either party of intention to terminate this Lease, or at any time within three (3) months prior to the expiration of this Lease, a "For Rent" sign, or both "For Rent" and "For Sale" signs, and all of said signs shall be placed upon such part of the Demised Premises as Landlord shall require, except on display windows or door or doors leading into the Demised Premises. Prospective purchasers, tenants or mortgagees authorized by Landlord may inspect the Demised Premises at reasonable hours at any time.

16.1.3 To install or place upon, or affix to, the roof and exterior walls of the Demised Premises equipment, signs, displays, antenae, and any other object or structure of any kind, provided the same shall not materially impair the structural integrity of the building or interfere with Tenant's occupancy.

16.1.4 Landlord hereby reserves the right at any time to make alterations or additions to and to build additional stories on the building in which the Demised Premises are contained and to build adjoining the same. Landlord also reserves the right to construct other buildings or improvements in the building from time to time and to make alterations thereof or additions thereto and to build additional stories on any such building and/or buildings and to build adjoining same and/or to construct double-deck or elevated parking facilities.

SECTION 17. ASSIGNMENT AND SUBLetting

17.1 Landlord's Consent Required. Tenant shall not voluntarily or by operation of law, assign, transfer, mortgage or otherwise encumber all or any part of Tenant's interest in this Lease, Tenants fixtures or in the Demised Premises, and shall not sublet all or any part of the Demised Premises and, if Tenant is a corporation, shall not permit a transfer of effective voting control of Tenant without the prior written consent of Landlord in each instance. Landlord's consent shall not be unreasonably withheld provided Landlord is assured substantially the same type, class, nature and quality of business, merchandise, services and management, including, without limiting the generality of the foregoing, similarity and nature, type, quality, retail price and volume of merchandise, goods or services sold or offered for sale, and prestige, reputation and financial soundness of ownership and management, is maintained and will continue to be furnished in a manner compatible with the high standards contemplated by this Lease, and provided further that each and every covenant, condition or obligation imposed upon Tenant by this Lease, and each and every right, remedy or benefit offered Landlord by this Lease, is not or will not be impaired or diminished. Notwithstanding assignor's continuing liability hereunder, the financial ability of any proposed assignee, and of the required sureties, shall be deemed to be material in Landlord's consideration of any proposed assignment hereunder.

17.2 Assignment Without Consent Invalid. Any attempted assignment, transfer, mortgage, encumbrance or subletting, without such consent, shall, at the option of the Landlord constitute grounds for termination of this Lease or an event of default of Paragraph 17.1.7 of this Lease. Landlord shall have the right to require Tenant to furnish Landlord with any information requested by Landlord relating to the proposed assignee's financial condition, the financial condition of the proposed assignee's other business operations, the proposed assignee's business history and background, including that of the principals, and the financial condition of any required sureties. If it shall be determined that Landlord's consent be unreasonably withheld, Landlord shall in no event be liable for any money judgment by any assignor hereof.

17.3 No Release of Tenant. No subletting or assignment, even with the consent of Landlord, shall relieve Tenant of its obligation to pay the rent and to perform all of the other obligations to be performed by Tenant hereunder. The acceptance of rent by Landlord from any other person shall not be deemed to be a waiver by Landlord of any provision of this Lease or to be a consent to any assignment or subletting.

17.4 Written Instrument. Each subletting or assignment to which Landlord has consented shall be by an instrument in writing in form satisfactory to Landlord, and shall be executed by the sub-Landlord or assignee and by the sub-Tenant or assignee in each instance, as the case may be, and each sub-Tenant or assignee shall agree in writing for the benefit of the Landlord herein to assume, to be bound by, and to perform the terms, covenants and conditions of this
Lease to be done, kept and performed by the Tenant. One original executed copy of such written instrument shall be delivered to the Landlord.

17.5 Assignor's Interest in The Assigned Lease. In the event this Lease is assigned with the Landlord's consent, then upon said assignment and the assumption by the assignee, the Tenant (assignor) shall have no further interest under this Lease and/or in the Demised Premises, notwithstanding the fact of any subsequent failure by the assignee in paying any rent due under the Lease and further notwithstanding the continuing liability of the assignor to make such payments.

17.6 Attorney's Fees and Approval Fees Relating to Assignment or Subletting. Tenant agrees to reimburse Landlord for Landlord's reasonable attorneys' fees and such other reasonable charges which Landlord incurs or causes to be incurred in conjunction with the processing and documentation of any such requested subletting or assignment of this Lease or Tenant's interest in and to the Demised Premises, such payment being due from Tenant to Landlord simultaneously with the Landlord granting such consent.

SECTION 18. EMINENT DOMAIN

18.1 Entire or Substantial Taking. If the entire Demised Premises, or so much thereof as to make the balance not reasonably adequate for the conduct of Tenant's business notwithstanding restoration by Landlord as hereinafter provided, shall be taken under the power of eminent domain, this Lease shall automatically terminate as of the date on which the condemning authority takes possession.

18.2 Partial Taking. In the event of any taking under the power of eminent domain which does not so result in a termination of this Lease, the fixed minimum rent payable hereunder shall be reduced, effective as of the date on which the condemning authority takes possession, in the same proportion which the floor area of the portion of the Demised Premises taken bears to the floor area of the entire Demised Premises prior to the taking. Following receipt of the award payable for said taking, Landlord shall restore the portion of the Demised Premises not so taken to as near its former condition as is reasonably possible, and this Lease shall continue in full force and effect.

18.3 Awards. Any award for any taking of all or any part of the Demised Premises under the power of eminent domain shall be the property of Landlord, whether such award shall be made as compensation for diminution in value of the leasehold, for taking of the fee, or otherwise. Nothing contained herein, however, shall be deemed to preclude Tenant from obtaining, or to give Landlord any interest in, any award to Tenant for loss of or damage to Tenant's trade fixtures and removable personal property or for damages for cessation or interruption of Tenant's business.

18.4 Sale Under Threat of Condemnation. A sale by Landlord to any authority having the power of eminent domain, either under threat of condemnation or while condemnation proceedings are pending, shall be deemed a taking under the power of eminent domain for all purposes under this Paragraph.

SECTION 19. OFFSET STATEMENT, ATTORNMENT, SUBORDINATION

19.1 Offset Statement. Within ten (10) days after request therefor by Landlord, or in the event that upon any sale, assignment or mortgaging of the Demised Premises and/or the Building, an offset statement shall be required from Tenant, Tenant agrees to deliver in recordable form a certificate to any proposed mortgagee or purchaser, or to Landlord, certifying (if such be the case) that this Lease is in full force and effect and that there are no defenses or offsets thereto, or stating those claimed by Tenant, and such other matters as such purchaser or mortgagee shall require.

19.2 Attornment. Tenant shall, in the event any proceedings are brought for the foreclosure of, or in the event of exercise of the power of sale under any mortgage made by the Landlord covering the Demised Premises, atom to the purchaser upon any such foreclosure or sale and recognize such purchaser as the Landlord under this Lease.

19.3 Subordination. Upon request of the Landlord, Tenant will subordinate its rights hereunder to the lien of any
mortgage or mortgages, or the lien resulting from any other method of financing or refinancing, now or hereafter in force against the land and/or buildings of which the Demised Premises are a part or against any buildings hereafter placed upon the land of which the Demised Premises are a part, and to all advances made or hereafter to be made upon the security thereof.

19.4 Attorney-In-Fact. The Tenant, upon request of any party in interest, shall execute promptly such instruments or certificates to carry out the intent of Paragraphs 15.2 and 15.3 above as shall be requested by the Landlord. The Tenant hereby irrevocably appoints the Landlord as attorney-in-fact for the Tenant with full power and authority to execute and deliver in the name of the Tenant any such instruments or certificates. If fifteen (15) days after the date of a written request by Landlord to execute such instruments, the Tenant shall not have executed the same, the Landlord may, at its option, cancel this Lease without incurring any liability on account thereof, and the term hereby granted is expressly limited accordingly.

SECTION 20. PERFORMANCE OF TENANT'S COVENANTS

20.1 Tenant covenants and agrees that it will perform all agreements herein expressed on its part to be performed, and that it will promptly upon receipt of written notice of non-performance thereof, comply with the requirements of such notice; and further, that if Tenant shall not comply with such notice to the satisfaction of Landlord within forty-eight (48) hours after delivery thereof, (or if such compliance cannot reasonably be completed within forty-eight [48] hours, if Tenant shall not commence to comply within such period and thereafter proceed to completion with due diligence), Landlord may, at its option, do or cause to be done any or all of the things specified in said notice; and in so doing Landlord shall have the right to cause its agents, employees and contractors to enter upon the Demised Premises and in such event shall have no liability to Tenant for any loss or damage resulting in any way from such action; and Tenant agrees to pay promptly upon demand any expense incurred by Landlord in taking such action, any such sum to be collectible from Tenant as additional rent hereunder.

20.2 The Tenant shall pay as additional rent all sums of money or charges required to be paid by Tenant under this Lease, whether or not the same be designated "additional rent." If such amounts or charges are not paid at the time provided in this Lease, they shall nevertheless, if not paid when due, be collectible as additional rent with the next installment of rent thereafter falling due hereunder, but nothing herein contained shall be deemed to suspend or delay the payment of any amount of money or charge at the time the same becomes due and payable hereunder, or limit any other remedy of Landlord.

20.3 Past Due Rent and Additional Rent. If Tenant shall fail to pay, when the same is due and payable, any rent or additional rent, or amounts or charges of the character described in Paragraph 16.1 and 16.2 hereof, such unpaid amounts shall bear interest from the due date thereof to the date of payment at the highest rate of interest allowed by law, but not to exceed eighteen percent (18%) per annum.

20.4 Service Charge. A service charge of $50.00 will be assessed to Tenant on the payment of rent received later than three (3) days after the due date thereof. In the event that any check, bank draft, order for payment or negotiable instrument given to Landlord for any payment under this Lease shall be dishonored for any reason whatsoever not attributable to Landlord, Landlord shall be entitled to make an administrative charge to Tenant of $50.00 or any amount provided by law, whichever is greater. In addition, Landlord shall be reimbursed by Tenant for any costs incurred by Landlord as a result of said payment being dishonored.

SECTION 21. EVENTS OF DEFAULT

21.1 The occurrence of any of the following shall constitute an event of default hereunder:

21.1.1 Failure of Tenant to pay when due any installment of rent hereunder or any other sums herein required to be paid by Tenant.
21.1.2 Failure of Tenant to commence business within the time period specified in Paragraph 2.6 hereof.

21.1.3 Discontinuance by Tenant of the conduct of its business in the Demised Premises.

21.1.4 The filing of a petition by or against Tenant for adjudication as a bankrupt or insolvent, or for its reorganization or for the appointment of a receiver or trustee of Tenant’s property; an assignment by Tenant for the benefit of creditors; or the taking possession of the property of Tenant by any governmental office or agency pursuant to statutory authority for the dissolution or liquidation of Tenant.

21.1.5 Vacation or desertion of the Demised Premises or permitting the same to be empty and unoccupied.

21.1.6 Tenants removal or attempt to remove, or manifesting an intention to remove Tenant’s goods or property from or out of the Demised Premises otherwise than in the ordinary and usual course of business without having first paid and satisfied Landlord for all rent which may become due during the entire term of this Lease.

21.1.7 Failure of Tenant to perform any other covenant or condition of this Lease.

SECTION 22 RIGHTS OF LANDLORD UPON DEFAULT BY TENANT

22.1 If the Tenant is in default as defined in Section 17 of this Lease then the Landlord, in addition to all the rights and remedies granted under the laws of the State of Florida and not as a limitation thereof, shall have any or all of the following rights:

22.1.1 To re-enter and remove all persons and property from the Demised Premises, and such property may be removed and stored in a public warehouse or elsewhere at the cost of and for the account of Tenant, all without service of notice or resort to legal process and without being deemed guilty of trespass, or becoming liable for any loss or damage which may be occasioned thereby.

22.1.2 Elect to declare the entire Minimum Rent and any Additional Rent for the balance of the term due and payable forthwith.

22.1.3 To terminate the Lease and relet the Demised Premises for account of the Landlord or within the sole discretion of the Landlord the Demised Premises may be relet for the account of the Tenant.

22.1.4 Except as to a default under Paragraph 17.1.3, Landlord shall have the right, at its option, to collect not only the minimum rent herein provided, but additional rent for each day of default equal to 1/30th of the monthly minimum rent, said additional rent being compensation to the Landlord for expenses incurred as the result of Tenant’s default and not a penalty payable by Tenant. Said additional rent shall be paid by Tenant weekly as the same occurs.

22.1.5 Except as to a default under Paragraph 17.1.3, Landlord shall have the right, at its option, to require that the minimum rent be paid in semi-annual installments, in advance, for the remainder of the term or extended term of this Lease, the said semi-annual rent to commence effective as of the first day of the month in which said default by Tenant occurs.

22.2 In the event collection of any amounts owed by Tenant becomes necessary or the enforcement of any covenant in this Lease becomes necessary, Tenant agrees to pay for the reasonable costs of collection and or enforcement, including attorneys’ fees. In the event suit shall be brought by Landlord because of the breach of any covenant of this Lease, the Tenant shall pay all costs of Landlord in connection with said litigation, including, without limitation, a reasonable attorney’s fee.

22.3 Tenant hereby expressly waives any and all rights of redemption granted by or under any present or future laws in the event of Tenant being evicted or dispossessed for any cause, or in the event of Landlord obtaining possession of the

Initials
Demised Premises, by reason of the violation by Tenant of any of the covenants or conditions of this Lease, or otherwise.

22.4 If this Lease is breached by Landlord, Tenant will provide written notice of such breach to the Landlord. If the Landlord does not cure the breach of this agreement within thirty (30) days from the receipt of the written notice (or if such breach cannot reasonably be cured in thirty (30) days, if the Landlord is not diligently pursuing the remedy), ("the Cure Period"), then Tenant may terminate the Lease by giving Landlord notice of such termination within thirty (30) days after the expiration of the Cure Period.

SECTION 23 FINANCING AGREEMENT

23.1 Tenant agrees not to enter into, execute or deliver any financing agreement that can be considered as a priority to any mortgage or deed of trust that Landlord may have placed upon the Demised Premises, and, in the event Tenant does so execute or deliver such financing agreement, such action on the part of the Tenant shall be considered a breach of the terms and conditions of this Lease entitling Landlord to such remedies as are provided for herein.

SECTION 24 CONDUCT OF BUSINESS BY TENANT

24.1 Use of Premises. Tenant shall occupy the Demised Premises within one hundred and twenty (120) days after receiving possession of the Demised Premises and shall conduct continuously in the Demised Premises the business above stated. Tenant will not use or permit, or suffer the use of, the Demised Premises for any other business or purpose.

24.2 Operation of Business. Tenant shall operate at the Demised Premises during the entire term of this Lease with due diligence and efficiency unless prevented from doing so by causes beyond Tenant's control. Subject to liability by reason of strikes or labor disputes, Tenant shall carry at all times in the Demised Premises a stock of merchandise of such size, character and quality as shall be reasonably designed to produce the maximum return to Tenant. Tenant shall conduct its business in the Demised Premises during the regular customary days and hours for each type of business in the City or trade area in which the Building is located, and will keep the Demised Premises open for business during the same days, nights and hours as provided in the Basic Lease Information Page of this Lease. Tenant shall install and maintain at all times displays of merchandise in the display windows of the Demised Premises. Tenant shall keep the display windows and signs, if any, in the Demised Premises well lighted during the hours from sundown to 11:00 p.m., unless prevented by causes beyond the control of Tenant.

24.3 Advertised Name and Address. Tenant shall operate its business under the name designated in Basic Lease Information Page of this Lease and under no other or different name without the prior written consent of Landlord.

24.4 Tenant shall use as its advertised business address the name of the Building. Tenant shall not use the name of the Building for any purpose other than as the address of the business to be conducted by Tenant in the Demised Premises, and Tenant shall not acquire any property right in or to any name which contains the name of the Building as a part thereof. Any permitted use by Tenant of the name of the Building during the term of this Lease shall not permit Tenant to use, and Tenant shall not use, such name of the Building either after the termination of this Lease or at any other location.

24.5 Tenant agrees to use in its advertising and promotional activities for its business in the Demised Premises such references to the name of the Building and such identifying lettering, marks, or symbols referring to the Building as Landlord shall specify from time to time. Tenant shall include the name of the Building in its address for the Demised Premises and shall subscribe to a listing in the yellow pages of the local telephone directory which shall be printed in bold type.

24.6 Rules and Regulations. The rules and regulations appended to this Lease are hereby made a part of this Lease, and Tenant agrees to comply with and observe the same. Tenant's failure to keep and observe said rules and regulations shall constitute a breach of the terms of this Lease in the manner as if the same were contained herein as covenants. Landlord reserves the right from time to time to amend or supplement said rules and regulations and to adopt...
and promulgate additional rules and regulations applicable to Demised Premises and the Building. Notice of such additional rules and regulations, and amendments and supplements, if any, shall be given to Tenant, and Tenant agrees thereto to comply with and observe all such rules and regulations, and amendments thereto and supplements thereof.

SECTION 25 NOTICES

25.1 Wherever in this Lease it shall be required or permitted that notice or demand be given or served by either party to this Lease such Notice shall be given to the Landlord or the Tenant by Certified Mail Return Receipt Requested to the address appearing on the Basic Lease Information Page of this Lease. Such addresses may be changed from time to time by either party by serving notices as above provided.

SECTION 26 ENVIRONMENTAL LAWS AND HAZARDOUS WASTE

26.1 Compliance. Tenant shall strictly comply, at its sole cost and expense, with any and all applicable federal, state and local environmental laws, rules, regulations, permits and orders affecting the Premises and the business operation of Tenant conducted in the Premises, whether now in effect or as may be promulgated hereafter, and as may be amended from time to time (hereinafter referred to as "Environmental Laws"), and Tenant shall obtain and strictly comply with, at its sole cost and expense, all federal, state and local permits and other governmental approvals in connection with Tenant’s use and occupancy of the Premises.

26.2 Hazardous Materials. Without limiting the generality of Section 22.1, Tenant, at its sole cost and expense, shall strictly comply with any and all applicable Environmental Laws relating to the recycling, reuse, storage, handling, disposal and presence of any "Hazardous Materials" (as hereinafter defined) in or about the Premises. Tenant shall not permit or allow any "Hazardous Materials" in or about the Premises except when necessary in the operation of Tenant’s business. As used in this Section, the term "Hazardous Material(s)" shall mean any substances defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," "toxic substances," "contaminants" or other pollution under any applicable Environmental Laws. Tenant shall not permit or allow, and shall take all actions necessary to avoid, the occurrence of any spills of Hazardous Materials in or about the Premises. Tenant shall promptly advise Landlord in writing immediately upon becoming aware of:

(i) the existence of any spills, releases or discharges of Hazardous Materials that occur in or about the Premises, or on or away from the Premises as the result of any use of the Premises, and of any existing or threatened violation of this Section;

(ii) any and all enforcement, cleanup, removal or other governmental or regulatory actions instituted, completed or threatened by any governmental authority with respect to the Center from time to time under any applicable Environmental Laws;

(iii) any and all claims made or threatened by any nongovernmental party against Tenant or the Center relating to damage, contribution, costs, recovery, compensation, loss or injury resulting from any Hazardous Materials or any violation of applicable Environmental Laws; and

(iv) Tenant’s discovery of any occurrence or condition on any real property adjoining or in the immediate vicinity of the Center that could cause the Center or any part thereof to be subject to any restrictions on the ownership, occupancy, transferability or use of the Center under any Environmental Laws.

26.3 Waste Discharge. Without limiting the generality of Section 22.1, at all times during the term of this Lease and any renewals or extensions hereof, Tenant, at its sole cost and expense, shall comply with any and all applicable laws, regulations, ordinances, permits and orders regulating the type and quantity of waste that may be discharged into the sanitary sewer system serving the Premises. Tenant agrees to limit its discharges of waste into the sanitary sewer system to "Domestic Waste Water," as such term is defined by Rule 17-6.050(2)(D) of the Florida Administrative
Code as amended from time to time, or as the term may be defined by other laws, regulations, ordinances, permits or orders presently in effect or hereafter enacted, as such laws, regulations, ordinances, permits or orders may be amended from time to time. In no event, however, shall Domestic Waste Water be construed to mean or include any "NonDomestic Waste Water" that has undergone "Permeamplification" as the latter term is defined in Rule 17-6.323(62) of the Florida Administrative Code or as defined by other laws, regulations, ordinances, permits or orders presently in effect or hereafter enacted, as such laws, regulations, ordinances, permits or orders may be amended from time to time.

26.4 Environmental Claims. Without Landlord's prior written consent, Tenant shall not enter into any settlement, consent or compromise with respect to any "Environmental Claim(s)" as hereinafter defined, provided, however, that Landlord's prior consent shall not be necessary for Tenant to take any remedial action if ordered by a court of competent jurisdiction or if the presence of Hazardous Materials at the Center poses an immediate, significant threat to the health, safety or welfare of any individual otherwise requires an immediate remedial response. As used in this Section, "Environmental Claim(s)" shall mean any claim(s) or cause(s) of action resulting from the failure of Tenant or the Premises to comply with any Environmental law relating to Hazardous Materials, industrial hygiene, or environmental conditions. In any event, Tenant shall promptly notify Landlord of any action so taken.

SECTION 27 MISCELLANEOUS PROVISIONS

27.1 Acceptance of Demised Premises. The Tenant acknowledges that a portion of the Building containing the Demised Premises was in existence at the commencement of this Lease. Tenant hereby accepts (1) the existing tenants as co-tenants, (2) the design and construction of the Building, (3) the existing parking and access areas, and (4) the common areas, as satisfactory. In addition, the Tenant recognizes that the Demised Premises is existing and accepts the said Premises in their existing condition.

27.2 Accord and Satisfaction. No payment by Tenant or receipt by Landlord of a lesser amount than the rent herein stipulated shall be deemed to be other than an account of the earliest stipulated rent, nor shall any endorsement or statement on any check or any letter be deemed an accord and satisfaction, and Landlord may accept such check or payment without prejudice to Landlord's right to recover the balance of such rent or pursue any other remedies in this Lease provided.

27.3 Brokers. Tenant represents and warrants that there are no claims for brokerage commission or finder's fees in connection with the execution of this Lease and hereby indemnifies and holds Landlord harmless from and against all liabilities arising from any such claim, including, without limitation, attorney's fees and costs of litigation.

27.4 Exculpation. Tenant agrees that it shall look solely to the estate and property of the Landlord in the land and building comprising the Building of which the Demised Premises are a part for the collection of any judgment (or any other judicial process) requiring the payment of money by Landlord in the event of any default or breach by Landlord with respect to any of the terms, covenants and conditions of this Lease to be observed and performed by Landlord, and no other property or estates of Landlord shall be subject to levy, execution or other enforcement procedures for the satisfaction of Tenant's remedies.

27.5 Waiver. The waiver by Landlord of any breach of any term, covenant or condition herein contained shall not be deemed to be a waiver of such term, covenant or condition or any subsequent breach of the same or any other term, covenant or condition herein contained. The subsequent acceptance of rent hereunder by Landlord shall not be deemed to be a waiver of any preceding breach by Tenant of any term, covenant or condition of this Lease, other than the failure of Tenant to pay the particular rent so accepted, regardless of Landlord's knowledge of such preceding breach at the time of acceptance of such rent. No covenant, term or condition of this Lease as shall be deemed to have been waived by Landlord, unless such waiver be in writing signed by Landlord.

27.6 Partial Invalidity. If any term, covenant or condition of this Lease or the application thereof to any person or circumstance shall, to any extent be invalid or unenforceable, the remainder of this Lease or the application of such
term, covenant or condition to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected thereby and each term, covenant and condition of this Lease shall be valid and enforced to the fullest extent permitted by law.

27.7 Location. The location of the Demised Premises is as shown on Exhibit "A".

27.8 Waiver of Jury Trial and Counterclaims. The parties hereto waive trial by jury in connection with proceedings or counterclaims brought by either of the parties hereto against the other. In the event of suit by the Landlord to collect rent, Tenant shall not interpose any counterclaim in such proceeding, provided, however, Tenant may assert such counterclaim in a separate action brought by Tenant.

27.9 Holding Over. If the Tenant remains in possession of the Demised Premises after the expiration of the term of this Lease without written consent of the Landlord, such holding over shall, if rent is accepted by the Landlord for any period after the expiration of the term of this Lease, create a tenancy at sufferance from month to month with respect to the Demised Premises on all the same terms and conditions as are in effect on the last day of the preceding term.

27.10 Entire Agreement. This Lease and the Exhibits, and Rider, if any, attached hereto and forming a part hereof, set forth all the covenants, promises, agreements, conditions and understandings between Landlord and Tenant concerning the Demised Premises, and there are no covenants, promises, inducements, agreements, conditions or understandings, either oral or written, between them other than as are herein set forth. Except as herein otherwise provided, no subsequent alteration, amendment, change or addition to this Lease shall be binding upon Landlord or Tenant unless reduced to writing and signed by the Landlord and Tenant.

27.11 Captions and Paragraph Numbers. The captions, paragraph numbers, sub-paragraph numbers and index appearing in this Lease are inserted only as a matter of convenience and in no way define, limit, construe, or describe the scope or intent of such paragraphs or sub-paragraphs of this Lease or in any way affect this Lease.

27.12 Transfer of Landlord's Interest. In the event of any transfer or transfer of Landlord's interest in the Demised Premises or in the Building, the transferee shall be automatically relieved of any and all obligations and liabilities on the part of Landlord accruing from and after the date of such transfer. All of the provisions of this Lease shall bind and inure to the benefit of the parties hereto, and their respective heirs, legal representatives, successors and assigns.

27.13 Term of Lease. The "term of this Lease", "Lease term" or "term hereof" as used in this Lease means the initial term and any extensions or renewals of the Lease, if any and if expressly.

27.14 Interest on Past Due Obligations. Any amount due from Tenant to Landlord hereunder which is not paid when due shall bear interest at the highest rate of interest allowed by law (but not to exceed eighteen percent (18%) per annum) from the date due until paid unless otherwise specifically provided herein, but the payment of such interest shall not excuse or cure any default by Tenant under this Lease.

27.15 Time of Essence. Time is of the essence with respect to the performance of every provision of this Lease in which time of performance is a factor. All reference to "days" as used in this Lease shall mean calendar days.

27.16 Recording. The Landlord shall have the right to record this Lease or any memorandum of this Lease and, at the request of the Landlord, the Tenant agrees to execute a memorandum of lease or the necessary acknowledgment required to record the Lease. Tenant shall not record this Lease without the prior written consent of Landlord.

27.17 Radon Gas. Radon gas is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, it may present health risks to persons who are exposed to it over a period of time. Levels of radon that exceed Federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.
27.18 Successors and Assigns. Any waiver by any party of any breach of any provision of this Agreement should not be construed as a waiver of any continuing or succeeding breach of such provision, a waiver of the provision itself, or a waiver of any right, power, or remedy under this Agreement. No notice to or demand on any party in any case shall entitle such party to any other or further notice or demand in any other circumstance.

(b) consents to the jurisdiction of each such court in any suit, action, or proceeding; and

(c) waives any objection which it may have to the laying of venue of any such suit, action, or proceeding in any of such courts.

13.16 **Enforcement Costs.** In the event of any controversy arising under or relating to the interpretation or implementation of this Agreement or any breach thereof, the prevailing party shall be entitled to recover all court costs, expenses, and reasonable attorneys' fees (including, without limitation, all pre-trial, trial and appellate proceedings) incurred in that action or proceeding, in addition to any other relief to which such party or parties may be entitled.

No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof.

In any arbitration proceeding subject to these provisions, the arbitrators are specifically empowered to decide (by documents only, or with a hearing, at the arbitrators’ sole discretion) pre-hearing motions which are substantially similar to pre-hearing motions to dismiss and motions for summary adjudication. Any arbitration proceeding subject to these provisions shall be conducted in Miami-Dade County, Florida. Judgment upon the award rendered may be entered in any court of appropriate subject matter jurisdiction, which judgment may be domesticated in any jurisdiction for purposes of enforcement. The parties to this Agreement expressly subject themselves to the personal jurisdiction of any such court for the entry of any such judgment and for the resolution of any dispute, action or suit arising in connection with the entry of such judgment. Any Dispute subject to arbitration proceedings in accordance with this Agreement shall be decided by a majority vote of three arbitrators. writing as being copyrighted or proprietary. EDU shall have the sole and exclusive right to license such materials for use by other school districts, public school, or customers or to modify and/or sell such material to other schools and customers, including this Charter School. Charter School and the Charter School, to the extent permitted by law, shall treat all proprietary information specifically identified in writing by EDU as though it were a trade secret and copyrighted and shall use efforts as may be reasonably requested by EDU so as not to disclose, publish, copy, transmit, modify, alter or utilize such proprietary information during the term of this Agreement or at any time after its expiration other than to the extent necessary for implementation of this Agreement.

Re: Restated Commercial Lease between Commodore Plaza Parking LLC, a Florida limited liability company ("Landlord"), and Acting for All Inc., a Florida not-for-profit corporation ("Tenant") having a Restatement date of June 1, 2007 and consisting of 28 initialed pages (which includes 3 Exhibits, the first of which is blank) (collectively, the "Lease")

Gentlemen:

You have asked Shutts & Bowen (this "Firm"), acting as special counsel to the Miami-Dade County School Board, to review the Lease and the email dated February 10, 2012, 10:17 am from Manuel Alonso Poch to Jon Goodman, jsuarez@aandm.net and Daniel@woodringlawfirm.com (the "Email") and then (i) advise you of any significant legal terms set forth in the Lease which we find to be very unusual, and (ii) based upon our general experience as commercial real estate lawyers who have reviewed many lease transactions (although not charter school leases), advise you of any significant business terms set forth in the Lease which we find to be very unusual.

Based upon our review of the Lease and the Email, we find as follows:

1. Although arguments can be made that the Lease contains ambiguities, inconsistencies, extraneous provisions and omissions, we believe the Lease is sufficiently definite that it would be enforced by a Florida court.

2. The description of the "Demised Premises" in the Lease is confusing. It is very unusual for the demised premises not to be clearly indicated in a lease. The Lease contains
Jose F. Montes de Oca  
May 10, 2012  
Page 2

"blank" Exhibit 1 attached to it. Exhibit 1 is specifically intended to be the document describing and designating the Demised Premises. Furthermore, the follow-up Exhibit 1 attached to the Email which was provided recently and is intended to clarify the description of the Demised Premises is also very difficult to understand. Based upon our interpretation and the labeling in the upper left-hand corner of Exhibit 1, it appears that Exhibit 1 is intended to describe the entire building, including the basement level, ground floor level, courtyard Level 2, balcony Level 3 and Level 4. There do not appear to be any "carve-outs" for Landlord or other tenants to occupy any portion of the Building. (But see paragraph 8 below). Since the core of a lease is the right to possession of certain space, it is unusual for that space not to be clearly defined.

3. The Lease Term is for one (1) year with thirty (30) one (1) year renewal options. The provisions of the Lease concerning the Lease Term and the rent to be paid during the option terms are irregular because:

(i) Usually a tenant that has a “site specific” license or permit negotiates for a term longer than one (1) year;

(ii) The rental rate to be used during the option terms is not clearly defined. Paragraph 27 says the options will be on the same terms and conditions as set forth in the initial Lease and “minimum rent will continue to be adjusted as set forth in the original term of the Lease...” However, there are no adjustments to minimum rent during the original term of the Lease, and

(iii) The last section of Section 5.1 says the rental rate for option terms will be at “prevailing market rates.” A central component of any lease transaction is the rent to be paid. It is irregular for rental provisions to be as vague as they are here.

4. The Lease details that Tenant must pay $75 per month per parking space in the Building garage (which shall be adjusted to market rates) but the Lease does not specify the number of spaces available to Tenant; it could be 0 spaces or it could be 500 spaces.

5. Section 6.7 imposes on Tenant a 10% Landlord administrative cost in connection with Common Area Maintenance cost. This is unusually high.

6. Tenant’s maintenance and repair obligations in Section 11.3 are very Landlord-oriented.

7. The default provisions of Sections 21 and 22 are very Landlord-oriented (e.g., no notice of default or cure rights for Tenant and 30-day notice and cure right for Landlord).

8. It appears that Tenant is supposed to be the only occupant of the Building; however, Section 27.1 states that “Tenant hereby acknowledges the existing tenants as co-tenants.” We do not understand this and find it irregular.
9. The hours of access to and from the Demised Premises are not stated. Usually in a lease of this type, there is “24 hour access, 365 days a year” or access “weekdays from 8:00 a.m. to 5:00 p.m. unless advance written notice is provided” or similar language. It is unusual that the issue is not addressed at all.

10. The Lease does not appear to cover any property other than 3138 Commodore Plaza, “together with all improvements, grounds, building, parking areas.”

11. Overall, the Lease is not well drafted. In fact, there are a number of provisions in the Lease that seem to be “left over” from a prior shopping center lease form and have no applicability to this transaction (e.g., Tenant’s required hours of operation; Tenant maintaining a sufficient quantity of merchandise in the Demised Premises; Tenant’s use of the display windows; CPI index; obligations to conduct business “in a dignified manner and in accordance with the high standards of the store operations”).

Obviously, the above list is not intended to be exhaustive, but is intended only to present significant irregular items. We have not in any way addressed the irregularity of having some of the same principals, or affiliates of those principals, be on both the Landlord and Tenant sides of the same transaction. Nevertheless, we hope the above analysis is helpful to you.

Our comments above are limited to issues of Florida real estate law and do not address charter school or other laws or regulations.

Please contact Alex Tachmes or me with any further questions or comments.

Very truly yours,

Re: Market Rent Estimate
3138 Commodore Plaza
Coconut Grove, Florida

Dear Mr. Montes de Oca,

As requested, we have prepared a Summary Appraisal Report for the above described property. The purpose of the appraisal is to estimate the Current Market Rent of the commercial building which is currently being utilized as a school and is operating under a triple net lease agreement. The report is presented in a Summary format, and is intended to comply with the reporting requirements set forth under Standard Rule 2-2(b) of the Uniform Standards of Professional Appraisal Practice for a Summary Appraisal Report.

The subject building was built in 1986 and contains approximately 32,906 square feet of adjusted building area and approximately 29,092 square feet of rentable area. The building has a subterranean parking garage and three floors above grade, for a total of four (4) floors. The building is "U" in shape with a courtyard opening to Commodore Plaza and is situated on a site containing approximately 15,000 square feet or .34 acres. The basement level and a portion of the street level of the building are currently configured for parking. There are a total of 36 parking spaces which are all leased to the tenant by the owner at a rate of $75 per space or $2,700 per month. The property is currently being leased by Acting for All, Inc., and is used as a charter school.

Copies of building drawings and other pertinent documents relating to the subject property were obtained from Manuel Alonso Poch, founder of the charter school and the owner of the property. These drawings and documents have been utilized in the development of this report and are included in the addendum. The building square footage figures were taken from the boundary survey. The lot area was obtained through Public Records.

The property is zoned SD-2, Coconut Grove Center Commercial District with an underlying Future Land Use Designation of Commercial, both by the City of Miami. The site is located south of Grand Avenue and east of Margaret Street on the south side of Commodore Plaza in Coconut Grove, Florida.

Since this appraisal report is made subject to the Qualifying and Limiting Conditions, which are contained herein, it is imperative that any concerned parties in possession of this report are thoroughly familiar with each of these qualifying and limiting conditions. Disclosure of the contents of this report is governed by the By-Laws and Regulations of the Professional Appraisal Organizations with which the appraiser is affiliated. Neither all nor any part of the contents of this report or copies, thereof, shall be used for any purpose by anyone but the client specified in this report.

The subject property is currently being leased by the Academy of Arts and Minds Charter High School through its parent, Acting For All, Inc. The landlord is Commodore Plaza Parking, L.C. The commencement date of the original lease was July 1, 2004 for a period of one (1) year with thirty (30); one (1) year options to renew. The lease was restated on June 1, 2007 and provides for the same yearly renewal terms as the original lease, but now has a base rent at $74,272 per month or $891,264 per year on a net basis. This calculates to $30.64 per square foot net based on the rentable building area. All pass-thru expenses are paid by the tenant. At the time of inspection, Mr. Poch indicated that the school pays $16,295 per month in pass thru expenses or $195,540 per year. This figure translates to $6.72 per square foot of rentable building area. The total gross rent for the subject property is $37.36 per square foot on an annual basis. The rent can be adjusted annually. A copy of this restated lease is included in the addendum of this report.

As previously stated, the tenant also pays for parking at a rate of $75 per space per month. A total of 36 spaces are currently being leased from the landlord for a monthly sum of $2,700 or $32,400 per year. This is typical in this area to pay for parking in addition to base rent and pass thru expenses.

The original floor plan of the ground level of the building contained four store bays and a kitchen for an outdoor café. The store on the south side of the building has two levels and is currently being utilized as an office by the owner of the property.

The original floor plan of the second floor contained two restaurant spaces, an open air bar fronting the courtyard and two public restrooms. The center of the second level is an open courtyard.

The original floor plan of the third floor contained seven store or office bays, an elevator lobby and two bathrooms. Four of the bays are small, single room floor plans. A large bay on the west side of the building was a large open floor plan with a small office and a bathroom. The bay located on the north side of building was an office floor plan with eight private offices, a reception area, a secretary's office and a conference room. The bay located on the south side of the building was an office floor plan with a large open office, a private office and a bathroom. All of the bays front on covered walkways overlooking the courtyard.

The original floor plan of the fourth level contained a restaurant, a store, two bathrooms, an elevator lobby and a large theater. All of the bays on the fourth level front on covered walkways overlooking the courtyard and have double height ceilings. The restaurant and store had large open patio areas extending to the front of the building and overlooking Commodore Plaza.

The floor plan of the building has changed since the original construction, but most of the interior partitioning appears to be in place. The former restaurant improvements have been removed from the building. The current design of the subject is suitable for retail and office use.

Access between floors is provided by an electric elevator and two stair wells.

Based on the past occupancy of the subject property, the appraisers have surveyed rents in the immediate neighborhood for retail, restaurant and office type of occupancies. The subject building would more than likely not be leased as one space if the school were to move and would more than likely be leased to numerous tenants, as it was previously.

Based on the current lease information for the subject property and the asking and actual rents in the surrounding area, the current rent being achieved for the subject property appears to be within the market range of the rents surveyed for retail, office and restaurant type spaces.

The unadjusted net rents in our survey range from $19.00 per square foot net up to $100.00 per square foot net on an annual basis. Street level spaces appear to cluster around the $30.00 per square foot range. The adjusted net rents range from $24.70 to $40.00 per square foot net on an annual basis with an average of $31.11 per square foot.

The subject's current net rent is $30.64 per square foot per year and falls within the range of the adjusted rents in our survey. This would be based upon the entire building with 29,092 square feet of rentable area.

Pass thru expenses for the subject building are reported at $6.72 per square foot. The rental survey indicates pass thru expenses from $8.00 to $10.09 per square foot. The subject appears to be slightly below market due to the fact that the majority of the real estate taxes are exempt due to the school exemption.

In reviewing the occupancy history it was found there have been other tenants that (3 known based on leases provided) have used the subject premise which is atypical. More specifically the market rent estimated in this appraisal is $30.00 per square foot which is slightly less than the current contract unit rent of $30.64 per square foot, of which both are based on the entire building. Other unusual operating characteristics, the owner has a food service agreement which authorizes the subject premises to sell food to the general public. Also it was reported the subject owner has used and or is currently using the subject premises as office space for non-school business.

The ground floor or street level floor of the subject building contains approximately 5,101 square feet of gross leasable area. This is 17% of the total gross leasable building area. The second and third floors of the subject contain approximately 8,622.8 square feet of gross leasable area or 30% of the total gross leasable area per floor. These are the floors with the most leasable area in the building. The fourth floor of the subject contains approximately 6,745 square feet of gross leasable area or 23% of the total gross leasable area.

During our analysis, we have determined that rents are highest at street level and for spaces with road frontage. The subject property has very good road frontage and visibility due to its central courtyard design from all floors and no difference in rents would be anticipated as a result of floor location.

Based on an inspection of the subject property described in this report and an analysis of pertinent market data, the Current Market Rent, based upon market lease terms, as of March 13, 2012 (inspection), is as follows:

$30.00 per square foot, on a net basis, of leasable building area

Market lease terms are 1 to 3 year leases with annual adjustments based on Consumer Price Index (CPI). Lease terms for the entire building would typically involve a longer term.

This letter must remain attached to the report, in order for the value opinion set forth to be considered valid. Your attention is invited to the following pages of data and analyses, which, in addition to the judgment of the appraiser, form the basis for these conclusions.

Respectfully submitted,

Response to Auditor General’s Investigation of Allegations Concerning
Academy of Arts & Minds Charter High School

Overview -

Since the inception of Florida’s first charter school law in 1996 the objective of all charter schools has been two-fold. First, is to operate as an autonomous public school absent the significant and burdensome rules and regulations that refrain and hinder district schools from the effective delivery of quality education. Second, is to hold charter schools accountable for student achievement.

Immediately after the beginning of the charter school movement the concern for many was that regulation “reload” would occur. Thus, charter schools would simply dissolve into nothing more than educational centers that looked like typical district schools with the same rules, regulations and other requirements that were there previously. However, the accountability would never be relaxed and the effectiveness of charter schools would be left in question.

The Florida legislature noted this when developing the statutes for the establishment of a charter. It was the obvious intent for charter schools to have minimal regulations but keep high the delivery of quality education. The legislature confirmed this by specifically stating in Florida Statutes 1002.33 (5) d “The sponsor’s policies shall not apply to a charter school unless mutually agreed to by both the sponsor and the charter school”.

The Academy of Arts & Minds Charter High School has always had a cooperative and transparent approach to providing a fine high quality education for aspiring students. The first thing anyone looking at the Academy should notice is that the Academy is a model of what charter schools were intended to be. The Academy was organized by a group of individuals with a clear vision of the school and specific mission for delivering its academic and arts based curriculum. Accreditation was achieved from the Southern Association of Colleges and Schools at the end of the second year and has never been in question. The students of the school have achieved an A grade in the past 2 years and a B grade the two years before that. Finally, because of Academy’s impeccable detail to finances and management, it is one of the few charter schools in the State, to achieve the distinction of “High Performing Charter School”. This distinction, as recognized by Florida’s Commissioner of Education, bestows upon the Academy a menu of benefits and allows Acting For All Inc. to open other charters in any Florida district with minimal oversight.
Please note that based on the latest review by the Southern Association of Colleges and Schools (SACS) in February/March 2011, the school "has been placed on Accredited On Advisement status because it failed to meet one or more of the standards of the accreditation process." Of the seven standards, the school did not meet Standard 2 (Governance and Leadership). The SACS report indicates: "Statements made by various stakeholder groups indicated that they believe the governing board is not fully aware of interferences from the co-founder with regard to the management of the school. Areas of fiscal management are not open for review by designated entities such as the Educational Excellence School Advisory Committee (EESAC)."

Of the 109 currently operating charter schools in Miami-Dade County, 31% or 34 charter schools meet the designation of a High Performing Charter School.
Academy's Response to Executive Summary:

To provide context, the AG's investigation and report, being responded to here, (the "Report"), was prompted by a letter, dated May 2, 2011, (the "Accusing Letter"), sent to the District by a very small group of parents, (12 of 920), accusing the Academy's governing board and the founders of a long list of wrongdoings. It is noteworthy that accusations, do not represent the sentiments of the overwhelming majority of parents who are satisfied with the superior education provided and who believe in the vision and mission of the Academy and the work of the founders and the Academy's governing board.

These non-representative parents appear to have launched an attack against school leadership in an attempted takeover of the school.

We respectfully suggest in this response that, (the "Response"), (i) that the accusations made by the accusing parents are not supported by the facts reflected in the Report, (ii) that the conclusions reached by the accusing parents were not founded in law or fact and (iii) that the accusations made by parents are unfounded and any concerns raised are minimal and have been addressed.

The governing board realizes in hindsight that independent counsel to represent the Academy’s interests should have been retained on specific issues. We object however, to all the findings charging that the Academy’s governing board is not independent. Two members of the governing board are attorneys and one is a municipal finance banker that regularly deals with complex contract and policy issues. The Academy’s governing board may be fairly criticized for not retaining independent counsel in transactions of significance where conflicts, whether real or perceived, have arisen. However, to go any further in accusing the governing board of lacking independence is inflammatory rhetoric that at a minimum is untrue and serves no purpose. The Academy’s Response will show that the best to examine the decisions that were made by the governing board is to show how outcomes would have changed. In this case, the outcomes and results of all the actions or inactions the governing board is accused of would be the same. In the future, the governing board will be retaining independent counsel to complement the three legal professionals that are currently members of the board.

As detailed in the Academy's Response below, the information provided by the accusing parents in their Accusing Letter is vague, incorrect or inaccurate. A large body of favorable evidence, available to the parents and supportive of the Academy, was totally ignored and never considered before the parents launched their attack.

This Response addresses each accusation mentioned in the AG’s Report. Each statement in the AG’s Report is underlined with the Academy’s response following each statement.
Our research indicates that there is only one attorney on the current Board, Mr. Ignacio Ortiz-Petit, who is a non-practicing attorney.
As stated by the AG's Report there are four (4) fundamental accusations that the AG opines are "largely substantiated". The Academy wholeheartedly disagrees with the AG's conclusion as follows:

1. **Does the Academy have an independent board that functions in the best interest of the school, students, teachers or parents?**
   - **Academy's response:** Unequivocally YES. The minutes of the meetings (more than forty (40)), held by the governing board over the last eight years (from 2004 through the present), demonstrate the actions taken by the governing board and convincingly show that the Academy's governing board has been deliberate and independent of third parties delivering a school with SACS accreditation after its second year of operation, an A+ school in the past 2 years, a school with a B grade the two years before that and a school with the distinction of being designated a "High Performing Charter School" by the Florida Department of Education.

2. **Are the school's financial interests being protected by the governing board?**
   - **Academy's response:** Unequivocally YES. The Academy has been independently audited at the end of each school year for the last seven years. The Academy's Annual Audited Financial Statements show clean yearly audits and do not reveal any discrepancies or inconsistencies in the Academy's finances. The Academy's governing board pays consistent attention to the annual budget and makes sure that finances and operations are regularly monitored by the educational management company and the principal. As a result the Academy is one of the few charter schools in the State, to achieve the distinction of "High Performing Charter School", recognized by Florida's Commissioner of Education.

3. **There may be violations of law in connection with the school.**
   - **Academy's response:** Unequivocally NO. The AG's Report does not reflect violations of law by the Academy. Historically alleged violations of law whenever brought to the attention of the governing board, if any, have been immediately addressed.

4. **There are concerns regarding the flow of monies received from Miami-Dade County Public Schools and used to pay expenses.**
   - **Academy's response:** Unequivocally ALL MONIES RECEIVED BY THE ACADEMY FROM MDCPS ARE ACCOUNTED FOR. The Academy has been independently audited at the end of each school year for the last seven years. The Academy's Annual Audited Financial Statements show clean yearly audits and do not reveal any discrepancies or inconsistencies in the flow of monies the Academy has received and the AG's Report contains no findings of any discrepancies regarding the flow of funds to the Academy.

Office of Management and Compliance Audits: Comments

As detailed in the report, OMCA’s review of substantial documentary and testimonial evidence, including the governing board meeting minutes, is the basis for our conclusion.

Please note that based on the latest review by the Southern Association of Colleges and Schools (SACS) in February/March 2011, the school “has been placed on Accredited On Advisement status because it failed to meet one or more of the standards of the accreditation process.” Of the seven standards, the school did not meet Standard 2 (Governance and Leadership). The SACS report indicates: “Statements made by various stakeholder groups indicated that they believe the governing board is not fully aware of interferences from the co-founder with regard to the management of the school. Areas of fiscal management are not open for review by designated entities such as the Educational Excellence School Advisory Committee (EESAC).”

Our report suggests that the governing board fell short in procuring and monitoring its large contracts.

As stated in the report, the school and/or its landlord, appear to have violated Section 196.1983, Florida Statutes, and may have violated IRS Rules governing tax exempt organizations. The school was found to have been in violation of other statutes and ordinances, including the Jessica Lunsford Act, but is currently in compliance or working towards compliance.

Although we found no irregularities with the “flow of monies received from Miami-Dade County Public Schools”, the evidence detailed in the report suggests that expenses were paid with public monies for purposes other than the non-profit school.
FINANCIAL REPORTING AND PERFORMANCE

The Academy is pleased that the AG’s Investigation finds no evidence of any financial statement manipulation. The remaining criticisms are legally unfounded.

Without contributions and forgiveness of rent from Manuel Alonso-Poch, the Academy’s founder, the school would have met a condition of Section 218.503, Florida Statutes (Determination of Financial Emergency) in each of the past four years and would have been at substantial risk of closure for failure to meet generally accepted standards of fiscal management.

Academy’s response: Charter schools are allowed to receive gifts and donations to supplement the revenues they receive from the State. This practice is not illegal or in any way nefarious. It is actually a commonly encouraged and accepted practice. Charter schools, throughout the state and elsewhere, are always being encouraged to solicit charitable gifts and donations. The efforts made by the Academy’s governing board to maintain financial stability should be praised as an example of good financial performance and reporting for the good of the Academy.

The past four years have shown significant downturns in the economy. State FEFP funding dropped 8%. Fortunately Mr. Alonso-Poch is committed to the mission and the vision of the Academy and has had the ability to contribute generously—according to the AG’s Report, approximately $2,000,000.00 in cash and rent waivers over the last 8 years. His contributions are cause for celebration by the charter school board, not recriminations by the district.

Philanthropy has always been part of the American way of life and has survived vicious attacks from cynics and naysayers. Bill Gates and Warren Buffet have recently brought philanthropy to the forefront of the country’s conscience with very generous contributions to the charitable non-profit institutions they created and believe in. Philanthropy in general should always be encouraged and praised. It should never be debased or discouraged. Rejecting or casting a negative light upon philanthropy flies in the face of every conceivable public policy concept regarding charitable contributions known to man. To reject the landlord’s philanthropic cash donations and forgiveness of rent over the years would be tantamount to putting a stick in his eye.

To emphasize this the point, if the school property were owned by the Academy with a traditional institutional mortgage the governing board would have had very limited options to deal with shortfalls and the school could have been thrust into a financial emergency. On the other hand, with the voluntary philanthropy of Mr. Alonso-Poch, the Academy has been able to get thru the economy’s
OMCA in no way condemns philanthropy, and in fact, recognizes it as a critically important component of our society. Our concern is that the school's dependence on contributions from Mr. Alonso-Poch and companies owned by him (i.e. Commodore Plaza Parking, L.C.) further behold the non-profit school to for Profit interests.
recessionary pressures over the last four years without incident. The Academy is blessed with a sympathetic landlord/owner/founder.

GOVERNANCE

We found that Mr. Manuel Alonso-Poch, a founding Board member of the school, who served as a voting member of the non-profit school’s Board from its inception through 2006, has been the controlling force behind the school’s policies and major operational decisions and actions. The school’s Governing Board (Board), rather than having been appropriately engaged, informed, independent and accountable to its students, parents/guardians and the community at large, has been perfunctory and subservient.

- Academy’s response: The governing board wholeheartedly disagrees with the AG’s opinion that the Academy’s governing board is not engaged, informed, independent and accountable and that its actions have been perfunctory and subservient to Mr. Manuel Alonso-Poch. Mr. Alonso-Poch is a founding member of the school’s governing board and pursuant to the provisions of the Academy’s Charter, served as a voting member of the school’s non-profit Board from its inception through 2006. As such, Mr. Alonso-Poch had significant influence on the start of the Academy’s business affairs. The Academy’s affairs have always been handled under a structure where, under the governing board’s responsibility, the business manager and the school administrator, (principal), manage the Academy’s operations as a team.

1. Governing board independence through action

While a District Superintendent has opinions about how to implement policies established by the members of his District’s School Board, the superintendent always receives policy direction from his Board. The same should occur with charter school governing boards—in fact this rule applies to all governing boards. Thus, the most direct and compelling way to test the independent nature and thought of any governing board is to examine governing board meeting minutes, look at the items discussed and determine the extent of the decisions made.

However, a review of the actions taken by the governing board over the years, however, as reflected by board meeting minutes from 2004 through 2011, demonstrates the opposite. Copies of the minutes of the Academy’s governing board from 2004-2011 are attached as Addendum I.

Board meeting minutes from the start of school operations in 2004 show the actions and non-actions of the governing board and the consideration of policy issues. They also show the governing board’s item by item discussion of the agenda and the items about the school being considered, debated and resolved at every meeting. Sadly, in an unsubstantiated opinion, the AG’s Report
As detailed in the report, OMCA’s review of substantial documentary and testimonial evidence, including the governing board meeting minutes, is the basis for our conclusion.
characterizes 38 sets of detailed minutes covering 8 years of meetings as "scant" evidence.

The minutes show extensive deliberations, arguments pro and con being debated and decisions thoughtfully reached. They also show the school principal and other sub-administrators present and actively participating at the meetings held by the Academy’s governing board from 2004-2010.

Finally, a look at the Academy’s governing board shows reputable community citizens that have excelled in various professions who were recruited to serve based on their comprehension and understanding of the vision and the mission originally crafted by the founders of the Academy as set out in the school’s Charter. They have backgrounds in law, municipal finance, communications and education. They voluntarily and without compensation, provide their time and knowledge for the good of the school. Copies of their resumes are attached as Addendum II.

In most instances, established professionals or in this case group of professionals with established reputations in the community sit on not-for-profit boards to fulfill a personal sense of community participation and to give back. They give their time because they care and are willing to provide independent knowledgeable advice based on their life experiences and professional expertise as a service to their community. So the question that must be asked is "What would motivate these governing board members, who have exemplary track records in their community to put their professional standing and impeccable reputations at risk by sitting on a board only to acquiesce to Mr. Alonso-Poch?" The AG’s Report does not explore the answer with any depth and totally ignores the most compelling body of evidence, -the extensive minutes of their meetings.

The minutes of the meetings and the laundry list of items discussed show the the members looking after the best interests of the students that attend the Academy of Arts & Minds Charter High School. No evidence provided by the AG’s Report shows anything to the contrary.

The AG’s Report confuses the governing board members’ commitment to the vision and the mission of the Academy and their close and harmonious relationship with the founders as subservience and superficiality. The Report also confuses purpose and responsibility with support for the best interests of the organization.

The governing board has resolved increase the number of members to seven (7) and to elect an alumni parent as a member of the board. A current parent is also being considered but, as discussed below in more detail, will present a conflict in some instances. An alumni parent allows the independence needed with the understanding of a parents concern. Finally, it will be suggested that, as in the last year, the board continue to rotate its chairmanship. These tweaks to the
governing board should more than satisfy concerns regarding board independence.

2. Governing board independence through composition

As previously stated, the main objective of a charter school and its governing board is to be held accountable for the student's education. The charter agreement with the Miami-Dade School District is what the school primarily focuses on. The Academy and its governing board have performed that duty in an exemplary manner by delivering an A school with High Performing Status.

There is a suggestion by the AG's Report that the governing board is not independent because they all know Mr. Alonso-Poch. There is no evidence presented in the AG's Report however, to show that just because people know each other they are willing to compromise their independence or their conscience. The only motive in evidence is the governing board's interest in providing the best education possible for the students. The governing board's actions, as reflected by their meeting minutes show it convincingly.

It has been suggested that the governing board would be independent if parents were included as members. The governing board has resolved to elect an alumni parent as a member of the board and a current parent is also being considered. In the past, the governing board has taken exception to including teachers and parents as members of the governing body for a number of reasons. Many are documented in the National Resource Center on Charter School Finance and Governance Guide "Creating and Sustaining High Quality Charter School Governing Boards", (the "Guide"), referenced in the AG's Report as the guide to follow. It is not that we don't consider parents and teachers a vital component in the education process. We most certainly do. But the Academy is loyal first to the student's education with other concerns taking a lesser priority. The Guide says that "Finding people with the time, skills, and aptitude to serve on a charter school's governing board can be a daunting task. Requiring certain types of board members, like parents and teachers, broadens participation in school-level governance but also has its disadvantages. On the one hand, allowing teachers and parents to serve on charter school boards provides members who are heavily invested in the success of the school. On the other hand, parent and teacher members can create additional biases, for example, if parents make policy decisions based on their own child's needs rather than the school's needs and there is also a danger that parents will take a short-term view of the school's needs, focusing on the duration of their child's enrollment rather than the long-term needs of the school".

Teacher and parent input is invaluable but it is the governing board that is held responsible and accountable to the State and the sponsor for all of the school's affairs, for the school making the appropriate learning gains and avoiding financial hardships. The Academy's governing board has followed its Charter
being diligent in the recruiting hard to get members and being careful about who is appointed.

3. Governing board independence and the relationship with Mr. Alonso-Poch

The Academy’s governing board members are volunteers. The governing board does not have staff. They normally meet once a month, they have regular jobs and are not on-site at the Academy on a daily basis. There is an expectation that they are policymakers -- not managers and that the manager - administrator team under the control of the governing board is the operational model the Academy has followed since it began operations in 2004. During the first two years (2004-2006) the Academy’s Charter allowed Mr. Alonso-Poch, as the founder and landlord of the school to be a member of the governing board. The relationship with the Academy’s first educational management company ended six months into the first year of the school’s operation, so responding to the need for someone to oversee operations on-site the governing board selected Mr. Alonso-Poch as the most logical person who knows the school and its needs to be the governing board’s eyes and ears at the school. The board has felt assisted and fortunate to have the availability of the founder as a non-compensated volunteer to provide oversight when needed to assist the Principal, to help address immediate concerns and to assure the policies and directives of the governing board are followed. The policy of the Academy’s governing board has always been to have an on-site person or company to oversee and manage the business side of the Academy, in addition to the Principal. The Principal executes the policies of the governing board with the oversight of the on-site manager.

Contrary to the suggestion that the governing board is “controlled” or “puppeted” by Mr. Alonso-Poch, the governing board, the principal and the founder have worked together as a team to provide the best information to make the best decisions possible, each fulfilling essential yet complimentary roles. In most instances this approach has brought information, wisdom and balance to the decision making process with the insight of three different perspectives with a common goal. But when final policy decisions have to be made, the governing board alone makes the decisions based on all information available and with the authority vested in them as final, legal and accountable decision makers for the school. The governing board sets policy, which is their responsibility, Mr. Alonso-Poch provides regular oversight of school operations and the principal makes sure the school runs smoothly and complies with the rules, regulations and laws of the State and the District.

An example of the effectiveness of the policy to have a Academy’s established operating structure is shown in the minutes of the January 20, 2011 governing board meeting. See Addendum I. There is a healthy discussion between Mr. Machado the school principal, and the governing board relating to textbooks. The governing board, after reviewing Mr. Machado’s proposal established the policy for the textbook standard not Mr. Alonso-Poch. The minutes reflect a long discussion of the issue and ultimate policy decision. Mr. Machado with Mr.
Alonso-Poch’s oversight implemented the deliberative decision of the board policy.

Since time has elapsed one can go back and review the decision. The school purchased the most textbooks with the least amount of dollars to deliver an “A” school. The FEFP funds would have been required to be spent on new books. The most cost effective decision for a charter school with limited funds was to go with the used books that assisted in delivering the “A”. Examples like this, which are clear indicators of the schools organizational structure and the governing board’s independence are ignored and not taken into account by the AG’s Report.

All of the Academy’s governing board members are seasoned professionals who have complied with the State mandated Governance Board training. The training has exercises to quiz board members on the appropriate role a board member is required to carry out.

*The selection and composition of the school's current Governing Board appears to have been heavily influenced by Mr. Alonso-Poch. The Chair of the Board, Ms. Ruth Chuny Montaner, who has served on the Board since the school's inception in 2004, is Mr. Alonso-Poch's first cousin. She signed on behalf of the non-profit Board on the three contracts with the for Profit companies owned by Mr. Alonso-Poch.*

**Academy’s response:** There are two issues brought up by these comments in the AG’s Report regarding the blood relationship between a member of the governing board and Mr. Alonso-Poch. First the AG’s Report mentions that “the selection and composition of the school’s current Governing Board appears to have been heavily influenced by Mr. Alonso-Poch”. This is neither a crime or unethical. The composition of the governing board is the result of active recruitment by the founders of the Academy as mandated by the Academy’s Charter. This is their duty and responsibility—recruiting and selecting trustworthy individuals who are committed to the vision, the mission and the best interests of the Academy and the education of its students. This is not only prescribed by the Academy’s Charter but it's the normal and customary way governing boards are formed. As developer of the vision and mission of the Academy the founders will always have influence with the members of the governing board who look to the founders for guidance regarding the implementation of the vision and mission of the organization.

The AG’s report confuses this function and tries to convert it into lack of independence without any other evidence. The question that the AG should ask is if the guidance given by the founders has ever resulted in negative consequences of any kind for the Academy. The answer is obviously no. Whatever guidance has been provided by the founders of the Academy has been beneficial as evidenced by the high performance of the school.
The AG’s Report implies that the governing board is dependent, subservient and perfunctory because Mr. Alonso-Poch and Ms. Montaner are first cousins although the AG’s Report provides no evidence to support the conclusion. So long as the relationship of the parties is disclosed and the terms of the business relationship are disclosed, as is the case with the chairperson of the board and Mr. Alonso-Poch, who are first cousins, it is not illegal, under federal, state or local law for members related by blood who sit on a governing board to deal with companies owned by family members. Other than the relationship, the AG’s Report provides no logical connection to establish that the independence of the governing board was lost or compromised because a member of the governing board and the owner of a company doing business with the Academy are first cousins. The execution of the contracts followed the law and the by-laws of the corporation. Before the three contracts were approved, the relationship between Mr. Alonso-Poch and Ms. Montaner and the terms and conditions of the contracts were disclosed to the governing board.

The AG’s comments also imply that the cousin relationship creates a conflict of interest. The Academy agrees that a conflict of interest is created where a member of a governing board is related by blood to a vendor or other contractor doing business with the corporation. The fact that a conflict exists however is not inappropriate or illegal provided the governing board follows the prescribed procedure to dissolve the conflict and/or the appearance of a conflict by disclosing the relationship and the details of the transaction. The governing board has followed the appropriate procedure by doing both. The procedure is reflected in the minutes of the governing board and the AG’s report offers no evidence to the contrary.

The current Vice-Chair of the Board, Ms. Cecilia E. Holloman, has served on the school’s Board from February 2008 through present, while Mr. Alonso-Poch has served as a paid contractor in three separate capacities for the school. During the overlapping two year period from 2007 through 2009, the arrangement had been reversed, where Ms. Holloman served as paid staff of the Urban Empowerment Corporation (UEC), a Florida non-profit corporation, and Mr. Alonso-Poch served as a member of UEC’s governing board of directors. Additionally, Ms. Holloman and Mr. Alonso-Poch jointly served on the Board of Directors of Coco Ventures, Inc. a Florida for Profit Company from 2008 until its dissolution in 2010.

- Academy’s response: There is nothing in the relationship described above that is improper or unethical, nor does the AG’s Report cite to any rule, regulation or provision of law for why this is unlawful or unethical. The Academy fails to find any evidence in the AG’s Report that can establish the correlation between Mr. Alonso-Poch being a member of a board where Ms. Holloman is also a member and Ms. Holloman’s independence or lack of it as a member of the Academy’s governing board. Absent other evidence not included in the AG’s Report the argument made by the AG is illogical.
Ms. Holloman was essentially an employee of Mr. Alonso-Poch at UEC during the same time he was an employee/multiple contractor of hers at the Academy of Arts and Minds. We believe this to impair Ms. Holloman's independence. The other items cited in our report regarding the recruitment and composition of the Board, may not be illegal or even problematic in isolation. However, we question whether the process and the entirety of the current Board's recruitment and composition foster an independent Board.
Current Board members Ignacio Ortiz-Petit (2007 through present), a non-practicing attorney who works as a communications professional for political campaigns, and Percy Aquila (2011 through present), a public finance professional both told us they were asked to join the Board by Manuel Alonso-Poch. Mr. Aquila indicated to us that he has known Mr. Alonso-Poch for 15-20 years, had previously served on the Board of a private school in Miami and that his clients include charter schools in the State of Florida.

- **Academy’s response:** Knowing the Founder or being recruited to serve on a board by a founder is not evidence of improper influence. The Academy does not understand the logic of the AG’s statement and absent other evidence not in the Report the argument made by the AG is illogical.

**Mr. Alonso-Poch is the owner of three for Profit entities that have substantial contracts with the school: the school’s landlord, Commodore Plaza Parking, L.C.; its contracted food service vendor, A&M Square Food Services, LLC; and its management company, EDU Management, LLC. Mr. Alonso-Poch continues to officially serve as the school’s "Spokesman of the Board", a non-voting, unpaid position, and as a legal advisor and a substantial donor to the non-profit school. His son Daniel Alonso, an insurance and benefits consultant, has an exclusive arrangement with the school to provide its teachers and other staff insurance benefits, and his co-founder, Ms. Ana L. Renteria, held the position of President of Abanco Performing Arts, Inc., a Florida Profit corporation whose principal address is the fourth floor theater of the school.**

- **Academy’s response:** The comments above are made by the AG in the context of the Academy’s governance and the governing board’s lack of independence. There is no prohibition against Mr. Alonso-Poch’s companies providing services to the Academy. Mr. Alonso-Poch is allowed by law to be the owner of the for-profit companies that provide services to the Academy. The AG’s Report does not cite any rule, regulation or law to contradict this. The governing board approved the contracts with the three for-profit entities owned by Mr. Alonso-Poch after careful deliberations and due diligence. In the case of the food service contract the governing board found that the services provided by the food service company were the best and most suitable services for the students of the Academy. In the case of the educational services contract the governing board found that the services were the best and least costly services in the Florida market. In the case of the lease, the governing board found that the premises were the best and the rent the least costly in the market. After reaching these conclusions and addressing the potential conflicts of interests with proper disclosure, the governing board approved the contracts.

**The AG found the understanding and familiarity with the school’s business and contractual operations of the governing board members to be limited both individually and in the aggregate. They were all aware that the landlord and food service operator were owned by Mr. Alonso-Poch but they lacked knowledge of important conditions, terms and provisions of the school’s contracts and business**
There is scant evidence, at best, in the minutes or otherwise provided that the governing board deliberated or exercised due diligence in approving the three contracts with Mr. Alonso-Poch's companies or the provision of employee benefits with his son. None of those actions included a competitive procurement process or counsel from a conflict free attorney.
operations such as the actual demised premises in the school's lease agreement, the portion of the facility actually used by the school (as opposed to being leased and/or used by other companies), the basic terms of the food service contract and the nature and character of the school's food service expenses (which totaled $141,000 during the 2010-11 fiscal year). The school did not have its own, distinct legal representation when entering into contracts with Mr. Alonso-Poch's private for Profit companies, nor was there a competitive process such as bids or requests for proposals (RFP) when procuring the aforementioned services (i.e. lease, food service, management services, fringe benefits).

- Academy's response: The Academy's governing board is advised of Academy matters at each meeting of the board. This includes governance matters, matters related to finance, operations, personnel, facilities, student affairs, education, etc. See minutes in Addendum I. The governing board is informed of these matters by the principal and by the educational management company. On many occasions a member of the governing board is assigned the responsibility of overseeing one or another particular area of school operations. In regards specifically to the three contracts with Mr. Alonso-Poch, the governing board was provided the contracts for review in advance of the meeting, considered the material provisions of the contracts at the meeting and then approved them. It is worth noting that two members of the governing board are attorneys and one is an investment banker. All three members have extensive experience reading and examining contracts. Regarding the three contracts, it is also worth noting that Mr. Alonso-Poch did not represent the academy or the governing board as an attorney when the contracts were considered and he did not give the governing board any legal advice in this regard. It should finally be noted that it is not customary for governing boards to be involved in the day to day management of a school. The AG sets a new standard by expecting the Academy's governing board to get involved in the management of the Academy's business when the Academy's governing board has not elected to undertake such a task. The members of the Academy's governing board set policy for the Academy and are not intimately involved with specific details of any given contract etc. The members of the governing board are not managers and they definitely don't expect to be micro managers. The Academy's principal is paid a salary to manage the academic affairs of the Academy and the educational management company is paid a fee to manage the business affairs of the Academy. Volunteer members of the Academy's governing board are generally familiar with the Academy's operation but are not intimately familiar with the details. The Academy feels that the AG is imposing a new standard of responsibility upon the members of the Academy's governing board which goes beyond what is generally expected of governing boards and what the Academy's governing board has elected to undertake. By way of example, the standard of management knowledge applied to members of the Miami-Dade County School Board is not as stringent as the standard expected by the AG's Report from the
OMCA's expectation is that the governing board will challenge the school's management/multiple contractor (i.e. Mr. Alonso-Poch) to ensure large contracts are procured in the best interest of the school, such as by using bids/RFP's and engagement of its own, conflict free attorney to help the Board in this process.
Academy's governing board. Members of the Academy's governing board are as familiar with the details of the Academy's affairs as the members of the Miami-Dade County School Board are familiar with the details of the items that come before them for approval.

Specific comments to the Testimony of Academy of Arts & Minds Principals

- **Academy's response**: The AG relies heavily on the testimony of the three principals listed below to reach most conclusions and opinions. It is unfortunate that the AG did not interview Mr. Tom Shaw the first principal of the Academy nor Mr. Jorge Suarez, current principal of the Academy, and Assistant Principal under Mr. Sawyer. Mr. Tamargo was terminated by the governing board. Mr. Machado and Mr. Sawyer both resigned for health reasons although the accusing parents accuse the governing board of forcing them out. Mr. Shaw and Mr. Suarez could have provided the AG with a wealth of information that would have given the AG a more balanced view of the Academy's governance. There is no explanation by the AG why Mr. Shaw and Mr. Suarez were not interviewed.

A review of the "Testimony of Arts & Minds Principals", (the "Testimony"), shows a lack of understanding by these principals concerning the Academy's three branch operating structure and the role of the governing board, the role of management and the role of the administrators of the school. It is the administrator's duty and responsibility to assure that the school runs smoothly, follows the rules and abides by the law. The Testimony of the three principals does not reflect this understanding and reveals many instances of circumstances that the principals felt were the province of the governing board when they were the province of the administrator and vice versa.

**All three principals, whose collective tenure spanned for more than six years, indicated and detailed to us that Mr. Alonso-Poch, as opposed to the Board or principal, was effectively and ultimately in charge of the school. Mr. Tamargo indicated that he had no involvement with the school's Governing Board, and that most staff and parents were not aware of the Board's existence. According to Mr. Tamargo, Mr. Alonso-Poch was viewed as the landlord and school's owner. Mr. Machado stated that the Governing Board of the School was non-existent" and 'The members had no understanding of the school." He further indicated that Mr. Alonso-Poch effectively ran the Board meetings. Mr. Sawyer stated in his interview with us that "Manuel Alonso-Poch runs everything."**

- **Academy's response**: The Testimony of the three principals interviewed by the AG is inconsistent with the evidence of the governing board's involvement and
Mr. Shaw served as Principal for one school year, 2004-05, a period pre-dating the core of the allegations. Mr. Suarez had just recently been appointed Principal at the outset of our investigation.

Mr. Tamargo’s and Mr. Machado’s tenures as Principal were each 2 years and 10 months.
raises serious questions about their credibility. The Testimony of the principals is “I had no involvement with the school’s governing board” (Tamargo), “the governing board was non-existent” (Machado), “Alonso-Poch ran everything” (Sawyer). The minutes of the governing board meetings however show a totally different picture with these individuals present and actively participating at the meetings held by the governing board. The AG’s Report does not question the accuracy of the minutes of the meetings and there is no reason to doubt their accuracy so the only conclusion that can be reached is that the principals gave false Testimony to the AG. See minutes of the governing board from 2004-2012 attached as Addendum I. Given this circumstance, it is unfortunate that the AG’s conclusions and opinions rely so heavily on the Testimony of these three principals.

**Manuel Alonso-Poch not the Board, hired and negotiated contracts to be the Principal with Alex Tamargo in September 2005.**

- **Academy’s response:** The allegation by Mr. Tamargo is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG that the governing board members of the Academy are not independent and are subservient to Mr. Alonso-Poch.

The Academy’s governing board has never negotiated contracts as a full board for a number of reasons, the most significant being that given the public nature of governing board meetings and the requirements of the Government in the Sunshine Law, salary negotiations are customarily conducted privately. At the Academy, and mostly elsewhere, salary negotiations are not conducted by the full board but rather delegated to one board member with subsequent ratification of the negotiations by the full board. In Mr. Tamargo’s case, Mr. Shaw, Ms. Montaner and Mr. Alonso-Poch participated in Mr. Tamargo’s selection as Mr. Shaw’s replacement. Ms. Montaner and Mr. Alonso-Poch negotiated the terms of his employment. The governing board, upon recommendation of Mr. Shaw, the chairperson of the board and Mr. Alonso-Poch approved Mr. Tamargo as principal of the Academy. The governing board was just as independent when the governing board resolved to dismiss Mr. Tamargo, June 2, 2008. See minutes of the June 2, 2008 governing board meeting, when the action to dismiss was taken. The letter dismissing Mr. Tamargo shows the governing board acting on its own. It is written evidence that the Academy’s governing board acts independently and understanding their responsibilities. A copy of Mr. Tamargo’s letter of dismissal, dated June 5, 2008 signed by Ms. Montaner, the chairperson of the governing board, is attached as Addendum III.

The question that should have been asked by the AG to determine if the board was not independent, subservient and perfunctory to Mr. Alonso-Poch should have been: Did Mr. Alonso-Poch, force or impose his will in

the hiring of Mr. Tamargo, over the objections of the governing board members who felt that hiring Mr. Tamargo was not in the best interests of the Academy and the students. If the question had been asked the answer would have been convincingly NO. Another question should have been did Mr. Alonso-Poch, force or impose his will in the dismissal of Mr. Tamargo, over the objections of the governing board members who felt that dismissing Mr. Tamargo was not in the best interests of the Academy and the students. If the question had been asked the answer would have been convincingly NO.

Mr. Machado did not meet the Governing Board until a month later at its meeting in August 2008, and he was surprised that the Board had not been active in his hiring and contract negotiation process.

- Academy's response: This allegation by Mr. Machado is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG, that the governing board members of the Academy are not independent and are subservient to Mr. Alonso-Poch. As stated in Mr. Tamargo’s case, the Academy’s governing board has never negotiated contracts as a full board for the reasons previously given. Ms. Montaner and Mr. Alonso-Poch were responsible for interviewing Mr. Machado as the Academy’s principal and negotiating his contract. Mr. Alonso-Poch conducted the search that led to Mr. Machado. Ms. Montaner and Mr. Alonso-Poch negotiated the terms of his employment. Ms. Montaner signed the letter of employment in front of him August 18, 2008 and the governing board approved and ratified her actions. A copy of the letter of employment, signed by Ms. Ruth Montaner is attached as Addendum IV. The Academy fails to see the correlation between these actions and the governing board members lacking independence to have the final word on Academy matters. It is not the province of the governing board to negotiate contracts. The governing board, upon review of Mr. Machado’s resume and the recommendation of Ms. Montaner and Mr. Alonso-Poch approved hiring Mr. Machado as principal of the Academy. This is evidence of the role the Academy’s governing board plays as part of its responsibilities. The governing board is always the final decision maker. The governing board was just as independent when they resolved to accept Mr. Machado’s resignation July 28, 2011. See minutes of the governing board meeting of July 28, 2011 in Addendum I.

The Academy’s governing board is responsible for making final decisions regarding the hiring or firing of the school principal. The question that should have been asked by the AG to determine if the board was not independent should have been: Did Mr. Alonso-Poch, in any way force or impose his will upon the governing board to hire Mr. Machado, over the objections of the governing board members who felt that hiring Mr.
Office of Management and Compliance Audits: Comments

There is no indication of the Board’s approval or ratification of Mr. Machado’s contract or employment in the minutes provided to OMCA during fieldwork or in the school’s response.
Machado was not in the best interests of the Academy and the students. If the question had been asked the answer would have been convincingly NO.

Mr. Alonso-Poch exerted pressure to effect the resignation of the school’s Artistic Director in July 2010 against Principal Machado’s objection.

Academy’s response: Don’t like this response, very defensive, assume many could have had appropriate role in suggesting personnel changes. This allegation by Mr. Machado is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG that the governing board members of the Academy are not independent and are subservient to Mr. Alonso-Poch. As the person overseeing the management of the Academy for the governing board, one of Mr. Alonso-Poch’s roles is to suggest personnel changes, whether they are based on performance or lack thereof, for budgetary reasons or any other sensible reason. The hiring and firing of staff is the province of the Principal. Resignations are the province of an employee who wishes to end his/her employment voluntarily as in the case of Mr. Campos. If Mr. Machado felt unduly pressured against his better judgment, by Mr. Alonso-Poch, it was his duty and obligation to bring this situation to the attention of the governing board. Mr. Campos resigned in July 2010. The governing board met August 10, 2010. The minutes specifically reflect discussion of faculty and administrative arrivals and departures but there is no mention or notation by Mr. Machado that he or Mr. Campos felt undue pressure from Mr. Alonso-Poch regarding Mr. Campos’ resignation.

Mr. Alonso-Poch suspended the school’s auditioning process/requirement beginning September 2011 against Principal Sawyer’s objection.

Academy’s response: This allegation by Mr. Sawyer is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG, that Mr. Alonso-Poch exerts undue influence over the governing board members of the Academy so that they are not independent but subservient to Mr. Alonso-Poch. The governing board is the only body with authority to suspend the Academy’s audition process. This is the process by which the school recruits students. Other than Mr. Sawyer’s Testimony, there is no evidence provided in the AG’s Report to show that auditions were suspended by the Academy. Interestingly, if the AG had investigated further and not taken Mr. Sawyer’s testimony as fact the AG would have found that auditions at the Academy, like in most other schools with art programs in Miami-Dade County, customarily begin in early December of each year and end in mid-July of the following year. The school year starts in late August so schools in general and the Academy particularly don’t normally have auditions in September when the school year is just getting underway.
Auditions are part of the Academy's daily operations and are conducted by the principal and his staff with the oversight of management. The governing board does not get involved in student auditions except to receive reports from the school principal regarding recruitment and enrollment of students. This report is given by the school principal at governing board meetings. The reports are reflected in the minutes. See minutes of the governing board in Addendum I.

**Mr. Sawyer had no budget control at Arts & Minds and he found this different than the principal's role from when he was an administrator in the Broward School system and as an administrator at a charter school in Broward County.**

- **Academy's response:** This allegation by Mr. Sawyer is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG, that the governing board members of the Academy are not independent and are subservient to Mr. Alonso-Poch. The governing board of the Academy controls and approves the budget. The principal proposes the budget to the governing board. The governing board approves it and the principal follows it providing monthly reports over the course of the year. This is a glaring example of Mr. Sawyer's serious misunderstanding of the Academy's governance structure. It is not Mr. Sawyers place to "control" the budget. Mr. Sawyer's job was to propose a budget to the governing board and for the governing board to consider and approve and for Mr. Sawyer to adhere to it.

The question that should have been asked by the AG to determine if the board was not independent should have been: Did Mr. Alonso-Poch, force or impose his will by having Mr. Sawyer take control of the budget, over the objections of the governing board members who felt that giving control of the budget to Mr. Sawyer was not in the best interests of the Academy and the students. If the question had been asked the answer would have been convincingly NO.

**Mr. Tamargo stated that Mr. Alonso-Poch was in charge of business administration, the building lease, food service, budget, and had significant input into hiring/firing staff.**

- **Academy's response:** This allegation by Mr. Tamargo is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG, that the governing board members of the Academy are not independent and are subservient to Mr. Alonso-Poch. Mr. Tamargo's statement is not clear. Mr. Alonso-Poch is responsible for hiring and firing the staff of the service companies that provide services to the Academy and are owned by Mr. Alonso-Poch. Under the Academy's operating structure, the governing board makes final
decisions but does not get involved with details regarding day to day business of the maintenance of the building or the provision of food services. That is the province of the educational management entity. Mr. Tamargo is correct as to the building lease, (we assume he means the building's maintenance and the payment of rent) and the food service. Mr. Alonso-Poch's is the landlord and maintains the school building. Another company owned by Mr. Alonso-Poch provides food service to the school and Mr. Alonso-Poch is in charge of those functions. Mr. Tamargo is also correct as to the budget. The governing board approves and authorizes the budget and as part of providing educational management services Mr. Alonso-Poch's company keeps track of Academy revenues and expenditures to assure that the principal stays within the budget approved.

Mr. Tamargo "butted heads" with Ms. Renteria and Mr. Alonso-Poch over the time and use of the Abanico Theater. Mr. Tamargo wanted more space and usage for the school/students.

- Academy's response: This allegation by Mr. Tamargo is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG, that the governing board members of the Academy are not independent and are subservient to Mr. Alonso-Poch. As the person overseeing the management of the Academy for the governing board, one of Mr. Alonso-Poch's roles is to examine and report to the governing board if the space occupied by the Academy is being used efficiently. If Mr. Tamargo felt that more space was needed, it was his duty and obligation to bring the matter to the attention of the governing board at a governing board meeting. The minutes of the meetings do not reflect that Mr. Tamargo did this.

Mr. Machado indicated that he insisted on development of a general calendar to allay battles he was having with Ms. Renteria and Mr. Alonso-Poch regarding the use of the Abanico Theater by the school versus its use by her "paying" clients.

- Academy's response: This allegation by Mr. Machado is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG that the governing board members of the Academy are not independent and are subservient to Mr. Alonso-Poch. As the person overseeing the management of the Academy for the governing board, one of Mr. Alonso-Poch's roles is to oversee the use of the space occupied by the Academy, which includes the theater space named Abanico Theater. The theater has been used by professional groups in exchange for allowing the Academy's students to participate and become familiar with the professional experience up close and personal. This is part of the academic methodology established when the Academy was created. If Mr. Machado felt unduly pressured against his better judgment, by Mr. Alonso-Poch and Ms. Renteria regarding the use of the
theater space, it was his duty and obligation to bring this matter to the attention of the governing board. The minutes of the meetings do not reflect that Mr. Machado did this. His testimony can be characterized as masterful innuendo and conjecture without any factual support. It would be helpful if Mr. Machado was more detailed in what he meant by "allaying battles" and "paying clients".

"Mr. Machado stated that he was adamant that the Governing Board members adhere to the laws and rules which require screening, fingerprinting, background checks and proper governance training. According to Mr. Machado, despite his efforts, the Board members were uninterested in complying, as evidenced in notifications from Charter School Operations to the school.

- **Academy's response:** Mr. Machado should have been more attentive to his duties as principal. He failed to notify two governing board members of their appointments to be fingerprinted. If the AG had asked the two governing board members about this matter the AG would have had a more objective picture of the situations that took place regarding the screening, fingerprinting and background checks mentioned.

**Mr. Machado requested from Mr. Alonso-Poch the use of specifically designated Florida Education Finance Program (FEFP) funds to purchase textbooks. Based on various monitoring visits by Charter School Operations, the existing textbooks were out of date. According to Mr. Machado, Mr. Alonso-Poch told him that there was no money for books. Mr. Machado had to resort to buying "good quality" used textbooks from Amazon.com using Internal Fund monies (e.g., funds raised by the school through activities).

- **Academy's response:** This allegation by Mr. Machado is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG, that the governing board members of the Academy are not independent and are subservient to Mr. Alonso-Poch. This is a perfect example of the effectiveness of the Academy's operating structure as shown in the minutes of the January 20, 2011 meeting. (See Addendum I). There is a healthy discussion at this meeting between Mr. Machado the school principal, and the governing board relating to textbooks. The governing board, after reviewing Mr. Machado's proposal established the policy for the textbook standard not Mr. Alonso-Poch. The minutes reflect a long discussion of the issue and ultimate policy decision. Mr. Machado with Mr. Alonso-Poch's oversight implemented the deliberative decision of the board policy. An independent board with management providing oversight and administration providing execution of the agreed upon policy.

**According to Mr. Sawyer, during his tenure, both the general and arts education programs were deficient and had inadequate resources** (e.g., not enough textbooks and digital textbooks, lack of band instruments, insufficient supplemental resources
A substantial component of the discussion cited has to do with Mr. Machado expressing discomfort with the notion that the school should make digital pdf copies of its textbooks. Mr. Machado expressed "concern that the conversion of the books to digital format may be a violation of the publisher's copyrights." The minutes further indicate: "The members of the Governing Board feel that if the books are being copied unto paper without concern over the books copyright the copying of a textbook into digital format is no different and there should be no concern over its copyright."
such as for science labs).

- **Academy's response**: This allegation by Mr. Sawyer is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG, that the governing board members of the Academy are not independent and are subservient to Mr. Alonso-Poch. The Academy has the resources necessary to be an A school for the last two years and a B school the two years before that and to be designated by the Secretary of Education as a high performing charter school. Resources don't simply evaporate. On the contrary. Every year the Academy is able to add assets to its resources. For example last school year the Academy purchased AP textbooks. This school year, after Mr. Sawyer's resignation in September, the Academy added a computer lab with 24 student stations.

It is the duty and obligation of the principal, in this case Mr. Sawyer, to assess the needs of the school for the coming year and to present them to the governing board through the budget and academic assessment process that takes place in the summer months when school is not in session. Most of Mr. Sawyer's four month "tenure" was during the summer of 2011. Mr. Sawyer failed to do that. The governing board met July 28, 2011 and specifically discussed the budget (Item II of the minutes) and Academic and Arts Education (Item VII of the minutes). As reflected by the meeting minutes none of Mr. Sawyer's concerns above were mentioned by him at the July 28, 2011 meeting. It is unclear to the Academy how this comment relates to the board's lack of independence. What the Testimony does reveal is the principal's lack of understanding of his obligations as a principal. It is the principal's job to report any deficiencies in the school to the governing board and to submit proposals for addressing any such deficiencies to the governing board at their meetings. The minutes do not reflect Mr. Sawyer ever giving any reports or proposals addressing deficiencies to the governing board nor discussing them with the board at the meetings.

*The school staff's fringe benefits (e.g. health insurance, dental, vision, life insurance, disability etc.) were handled by Mr. Alonso-Poch's sons. According to Mr. Machado, he was inundated with inquiries and complaints from teachers and staff regarding requests for service and poor quality of service. According to Mr. Machado, he had no involvement in hiring Mr. Alonso-Poch's sons or the company they were affiliated with. A parent of a student and husband of a teacher who was involved in the insurance/benefits industry inquired about bidding on the contract and thought the school could do much better. According to Mr. Machado, he forwarded the inquiry to Mr. Alonso-Poch but was unable to have the school consider the offer.*

- **Academy's response**: This allegation by Mr. Machado is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG, that the governing board members

of the Academy are not independent and are subservient to Mr. Alonso-Poch. According to the contract between the Academy and the educational management organization, contracts with vendors are handled by the EMO. Again Mr. Machado’s Testimony is vague and nonspecific, such as, “the parent of a student and the husband of a teacher ‘thought’ the school could do much better” — yet the names of the individuals and why they or Mr. Machado “thought” the school could do “much better” is not revealed by the AG’s Report. The Academy is unable to properly respond without specific facts. It is not evident to the Academy how this Testimony relates to the AG’s argument that the governing board is subservient and perfunctory.

**According to Mr. Sawyer, the school’s fringe benefits were handled by Mr. Alonso-Poch’s son and the service was not at a "professional" level.**

**Academy’s response:** This allegation by Mr. Sawyer is provided by the AG for purposes of supporting and proving the accusation of the parents and the opinion/conclusion of the AG, that the governing board members of the Academy are not independent and are subservient to Mr. Alonso-Poch. This comment exemplifies Mr. Sawyer’s misunderstanding of the Academy’s operating structure. The Academy’s management organization has always been responsible for the coordination of health benefit services provided to the Academy’s staff. Services provided are always delivered in a professional manner. There is no evidence provided by the AG’s Report to show that employee health benefits were not delivered as promised. The Academy cannot respond to subjective opinions such as “the service was not at a “professional” level”.

**Conflicts of Interest**

*In our opinion, the condition of an individual and his family serving as a for Profit contractor in multiple capacities while simultaneously controlling the Governing Board and actions of a tax exempt 501(c)(3) charter school, represents a conflict of interest. Internal Revenue Service rules state: “A section 501(c)(3) organization must not be organized or operated for the benefit of private interests, such as the creator or the creator’s family, shareholders of the organization, other designated individuals, or persons controlled directly or indirectly by such private interests.”*

**Academy’s response:** As reflected in the minutes of the meetings of the governing board from 2004 to the present, the governing board makes final decisions for the Academy. As the business manager Mr. Alonso-Poch provides suggestions and makes recommendations regarding the Academy’s business but the governing board makes the final decision. The concerns raised by the AG’s Report about the use of the 501 (c) 3 status that Acting for All, Inc. enjoys are misplaced. Florida Statutes require the charter contract to be negotiated with a not-for-profit entity. The statutes do NOT require the not-for-profit entity to have 501(c)(3) status. This status is determined by the IRS for the sole reason of
The testimony supports that Mr. Alonso-Poch’s son was contracted without a competitive process.

Based on the school’s audited financial statements, the Academy has claimed and received tax exempt treatment under section 501(c) 3 of the Internal Revenue Code since 2005.
allowing tax exempt donations, tax exempt financing and tax exemptions from any excess revenues or profits. Since the inception of Florida’s Charter Schools in 1996 many charter schools have been established by for-profit entities. In fact, Acting for All, Inc. was founded with a partnership by Charter Schools USA, a for-profit management company. Similarly, the food service contract with the Academy has been in place since the Academy began operations in 2004 well before the IRS approved the Academy’s 501 (c) 3 status. Thus, the current governance model of the Academy is exactly the way the IRS made the original approval.

The identification of a potential conflict is not per se inappropriate or illegal provided the governing board follows the prescribed procedure to deal with it and not have the situation become a conflict or take on the appearance of a conflict.

When a potential conflict has been identified, the Academy’s governing board has followed the appropriate procedures to deal with it. The procedures followed are reflected in the company’s by-laws and the minutes of the governing board. While there are accusations of Mr. Alonso-Poch being in a conflicted situation we turned to the facts and the state approved governance board training manual and looked at how the manual indicates such transactions should be handled.

As authorized by the Academy’s Charter, Mr. Alonso-Poch was a member of the Academy’s governing board from 2004 to 2006, when he resigned. From 2004 to 2006 Mr. Alonso-Poch disclosed the details of the business transactions for the lease of the school building and the food service contract between the Academy and his companies. The governing board, after careful deliberation and determination that the transactions were beneficial to the Academy, approved the contracts, so there was no conflict. As of 2006 Mr. Alonso-Poch was not legally in a conflict of interest situation since he has no voting or legal decision making power on the governing board that makes decisions on its own in the best interests of the Academy and its students. Contrary to the conclusions reached by the AG, the Report does not reveal any instances of Mr. Alonso-Poch’s involvement with the governing board any more than what is reasonable consultation or a prudent recommendation, as a business manager, no different than a consultation or recommendation from a parent who has a vested interest in the well-being of their child or a teacher who has a vested interest in the efficient operation of the school. It is actually a good thing that the founder of the Academy has remained interested in the well-being of the school and the students, as are most of the parents and the volunteer governing board.

Much is said in the AG’s Report about the lease and the conflict of interest it raised by it. In this regard particularly it is worth mentioning that notice of the conflict and the details of the transaction was disclosed to the Academy’s governing board on May 10, 2004 and duly noted in the minutes. A review of the minutes show there was a healthy discussion of the lease terms and conditions with specific terminology stating that “its terms are fair and reasonable and
beneficial to the Corporation and the Corporations activities, at this time Mr. Alonso-Poch has not in any way significantly influenced the action of the board with respect to the Lease". The same applies to the food service contract.

While we value every parent and teacher involved at the Academy of Arts & Minds High School, we realize that not all of our decisions will bring joy and happiness to everyone. The Academy is a school of choice, where a parent makes the choice to enroll a child. A parent is not obligated to enroll the child at the school and can withdraw the child anytime the parent feels the school is not the best "choice" for the child. This means that some parents may regretfully have to part ways on occasion. Section B(2), (at Page 9), of the Academy's Charter provides that "all conflicts between the School and parents shall be handled by the School or its governing board". This is the standard for Florida's Charter School movement. A difference of opinion between the governing board and administrators, teachers and/or parents is just that. It is certainly not a conflict of interest and definitely not evidence of lack of independence.

The school went thru a period without an Educational Management Organization and now has retained another EMO. Florida's Educational Management Organizations serve in multiple capacities when taking direction from the independent governing board.

The Lease

The executed lease on file with M-DCPS and represented to us as the lease in place by the school and landlord had been restated on June 1, 2007, commencing on July 1, 2004, and comprises a lease term of one (1) year with thirty (30) one (1) year renewal options (see Appendix B). The restated lease was signed by Mr. Manuel Alonso-Poch as Manager of the landlord, and his first cousin Ms. Ruth Chuny Montanez, as Chairperson on behalf of the school's Governing Board. Our investigation concludes that the lease had been executed and in place since 2007 without the due diligence or adequate monitoring by the school's Governing Board.

Academy's response: There has been significant attention given by the accusing parents and the AG to the real estate lease currently in place between the tenant Academy, and Mr. Alonso-Poch, the landlord. The Academy's lease is a triple net lease that has been in place since 2004, (8 years). The Academy currently occupies all the space in the building, which was formerly a retail mall. The AG's Report reaches conclusions and provides opinions regarding the lease that are mostly supported by inaccurate information and/or incorrect assumptions. The Academy will address each of them hereafter in the order mentioned in the AG's report.

The AG's Report seems to imply that the only lease in question is the restated lease dated July 1, 2007. This is not the case. Leases are submitted to the District by the Academy every year. The initial lease entered
The school represented to us, and other evidence supports, that the June 1, 2007 restated lease was the lease in effect from June 1, 2007 through the time of our investigation.
into in 2004 when the Academy began operating was submitted and accepted by the District in 2004. The lease and all of its restatements were submitted and accepted by the District each year from 2004 to the present. It is worthwhile to note that in the 7 plus years the lease and its restatements have been in place the District has not raised any of the concerns now raised by the AG in his Report. The major terms of the lease (the term, the rent rate and the ability of the Academy to negotiate yearly), are very favorable to the Academy. Notwithstanding, the governing board will place on the agenda of its next meeting an item to have the lease reviewed by an independent attorney to correct any inconsistencies that the lease may have.

The June 1, 2007 restated lease and the rent payment schedule for 2007-08 were ratified by the governing board July 3, 2007. The minutes of the July 3, 2007 governing board meeting reflect it. If the minutes reflect the approval and ratification of the lease and the changes in the lease terms, the governing board must have reviewed and discussed it at the meeting. The AG’s report provides no evidence to support a contrary conclusion and it is not clear what the AG’s report means by a lack of “adequate monitoring”.

**We learned that the school did not have its own distinct legal representation in negotiating and executing the lease with Commodore Plaza Parking, L.C. Also, Mr. Alonso-Poch, an attorney with substantial real estate expertise licensed in Florida, has served as a pro bono legal advisor to the nonprofit school since 2002. Mr. Alonso-Poch therefore, appears to have represented the school during the time when the lease was signed, while simultaneously owning the landlord company, Commodore Plaza Parking, L.C.**

**Academy’s response:** The AG’s Report correctly states that the school did not have its own distinct legal representation in negotiating and executing the lease with Commodore Plaza Parking, L.C. and that Mr. Alonso-Poch, has served as a pro bono legal advisor to the non-profit school since 2002, a situation that can be perceived as a conflict if not properly dealt with. Mr. Alonso-Poch has provided pro bono legal advice to the Academy on miscellaneous matters not related to the lease. Mr. Alonso-Poch however, did not represented the Academy in the negotiation of the lease. It is worthwhile noting that the terms of the lease have always been disclosed to the members of the governing board. All the leases in place for every tenant in the building follow the same format and contain similar clauses except that in the case of the Academy, as shown in this section of the Academy’s Response below, the terms of the lease and the relationship between the landlord and the tenant are below market rates and very favorable to the Academy.

The minutes of the July 3, 2007 Board meeting reflect that the June 1, 2007 lease agreement and the rent payment schedule for 2007-08 were ratified by the governing
In fact, the District and OMCA have raised serious concerns about the school’s facilities lease. The lease and facility were discussed extensively at the January 2006 Audit Committee meeting and again at the December 2006 meeting.
Board. Although the tenant had the ability to negotiate the terms of the lease every year, there is scant evidence in the Board meeting minutes during the four year period from July 2007 through September 2011, to indicate that the Board had at all contemplated the lease terms and conditions or considered exercising its right to negotiate the terms and conditions. Additionally, all four active Board members we interviewed in February 2012 stated that either the lease terms and conditions had not been contemplated by the Board since 2007 (or during their respective tenures on the Board), and/or indicated that they had only very general knowledge about the lease terms and conditions.

Academy's response: There was no reason for the governing board to renegotiate the lease during the four year period from July 2007 through September 2011. The question that should be asked is: Was there any reason for the governing board to explore the renegotiation of the lease during this period of time? The answer is NO and it's not hard to understand why. The school has no other place to go, the lease was in place, the rent was fair and reasonable and there were no issues with the building or the other tenants in the building. So there was no need to go into extensive renegotiations about an item that did not need changing. The AG seems to ignore the minutes of the meetings of the governing board of May 10, 2004, October 9, 2004, July 19, 2006, July 3, 2007, September 18, 2007, December 19, 2007, February 21, 2008, April 29, 2008, November 15, 2008, January 12, 2009, April 13, 2009, June 12, 2009, August 11, 2009, November 12, 2009, February 8, 2010, April 12, 2010, August 10, 2010, October 28, 2010, January 20, 2011 and July 28, 2011 that reflect the governing board discussing the Academy's facilities, which include the lease of the building. The Academy provided copies of all the minutes of all the meetings of the Academy's governing board and this information in particular was specifically provided to the AG at his request February 10, 2012.

We engaged the law firm of Shutts & Bowen, LLP to evaluate the June 1, 2007 restated lease. The firm opined that the lease contract is "sufficiently definite that it would be enforced by a Florida court" but that it contains irregular or unusual provisions, "Landlord-oriented" provisions and that "Overall, the lease is not well drafted."

Academy's response: The law firm hired by the AG to examine the lease determined that the lease contract is "sufficiently definite that it would be enforced by a Florida court". The lawyer also opined that the lease is poorly drafted. The Academy thinks that opinions of that nature 7 years after the effective date of the lease, is nothing more than "arm chair quarterbacking". The lease is enforceable and accurately reflects the terms agreed upon. The treatment of the lease term, which is called irregular by the attorney was incorporated into the lease by restatement, on the recommendation of the Academy's independent auditors in 2007. Our re-examination of the minutes cited here confirms that there is "scant" evidence that the Governing Board had at all contemplated the lease terms and conditions from July 2007 through September 2011. As an example, minutes cited in the response for December 19, 2007, February 21, 2008, and April 29, 2008, reflect no discussion at all related to facilities, and in fact, indicate "none" under the caption Facilities Report.
in the original shopping mall show all tenants signed the same form of lease as what the school was asked to sign. Nothing more or less, except for the rent which obviously depends on the amount of space each tenant occupied. This is common practice when leasing at a mall or other multi-tenant facility.

The opinions of the attorney seem to be based on the restatement of the lease entered into by the Academy and the landlord in 2007. It is apparent that the attorney only reviewed the restated lease without examining the pages of Exhibit A designating the space occupied by the Academy. The attorney also did not review the initial 2004 lease which is also on file with the District. Although the restated lease procured by the AG from the District had the cover to Exhibit A, it apparently did not have the pages detailing the space occupied by the Academy. Exhibit A is the document that identifies, with clarity, the space occupied by the Academy. The restated lease of 2007 has an Exhibit A with the detail. The AG has it. The AG requested the Academy provide him with the detail of Exhibit A on February 1, 2012. The Academy provided Exhibit A with the details of the space occupied by the Academy to the AG February 10, 2012. It is worthy to note that the attorney reviewing the lease provided the findings of his review on May 10, 2012. The Academy assumes that the attorney's opinions would have been different if the attorney had seen Exhibit A with the details showing the space occupied by the Academy.

Following are the opinions of the Attorney hired by the AG to review the 2007 restated lease with Responses by the Academy:

The description of the "Demised Premises" in the Lease is confusing. It is very unusual for the demised premises not to be clearly indicated in a lease.

- **Academy's response:** The premises are clearly defined in Exhibit A provided to the AG February 10, 2012.

"Based on our interpretation and the labeling in the upper left-hand corner of Exhibit 1, it appears that Exhibit 1 is intended to describe the entire building. There do not appear to be any "carve-outs" for Landlord or other tenants to occupy any portion of the Building. Since the core of a lease is the right to possession of certain space, it is unusual for that space not to be clearly defined"

- **Academy's response:** The premises are clearly defined in Exhibit A provided to the AG February 10, 2012.

It appears that Tenant is supposed to be the only occupant of the Building; however. Section 27.1 states that "Tenant hereby acknowledges the existing tenants as co-tenants." We do not understand this and find it irregular.

- **Academy's response:** There are other tenants occupying space in the building. Until this year, the Academy was not the only tenant in the building.
In fact, we forwarded to Shutts and Bowen, LLC, the attachment received from Mr. Alonso-Poch that was purported to be Exhibit A. The law firm’s analysis addresses it with specificity (Appendix E).

OMCA’s contracted attorneys stated in their analysis: “Furthermore, the follow-up Exhibit 1 attached to the Email which was provided recently and is intended to clarify the description of the Demised Premises is also very difficult to understand.”
The premises occupied by the Academy are clearly defined in Exhibit A of the leases and provided to the AG February 10, 2012. The premises occupied by other tenants are clearly identified in the leases between the landlord and the other tenants. The leases with the other tenants were provided to the AG in February 2012.

The hours of access to and from the Demised Premises are not stated. Usually in a lease of this type, there is "24 hour access, 365 days a year" or access "weekdays from 8:00 am. to 5:00 p.m. unless advance written notice is provided" or similar language. It is unusual that the issue is not addressed at all.

- **Academy's response:** A lease that does not provide a limitation on the hours of access by the tenant is unlimited as to the hours of occupation. Specifying the hours would have made the lease more clear.

Regarding the lease term of one (1) year with thirty (30) one (1) year renewal options, "Usually a tenant that has a site specific license or permit negotiates for a term longer than one (1) year."

- **Academy's response:** The lease term of one (1) year with thirty (30) one (1) year renewal options was incorporated into the restated lease at the suggestion of the Academy's Certified Public Accountants based on tax and capitalization considerations. The AG conferred with the Academy's CPAs to receive an explanation for the current lease structure.

Regarding the statement that the rental rate for option terms will be at "prevailing market rates", "A central component of any lease transaction is the rent to be paid. It is irregular for rental provisions to be as vague as they are here."

- **Academy's response:** The landlord agreed to modify the lease to allow tenant to stay or vacate and negotiate the terms of the lease at the end of each year. Section 5.1 at Page 3 of the restated lease allows the landlord to adjust the rent based on the market and the utilization of the building. The parties agreed that this was a fair commercial compromise that was reached between the landlord and the tenant when the lease was restated in 2007.

The lease does not stipulate the number of parking spaces available to the school.

- **Academy's response:** The Academy has the use of as many spaces as it needs. Specifying the number of parking spaces would have made the lease more clear.

The 10% Landlord administrative cost in connection with Common Area Maintenance cost is unusually high.

area and for the administrative services provided by the landlord.

The Lease does not appear to cover any property other than 3138 Commodore Plaza.

- **Academy's response:** The restated lease must be considered jointly with the initial lease that covers 3138 and 3102 Commodore Plaza. Specifying both addresses in the restated lease would have made the lease more clear.

*The AG engaged Real Estate Analysts, an independent real estate appraiser and consultant to determine whether the rent being paid by the school to the landlord was reasonable and in line with market rates.*

Real Estate Analysts appraised the current market rent of the building at $30.00 per square foot, on a net basis, of leasable building area.

*The appraisal report states: "The adjusted net rents range from $24.70 to $40.00 per square foot net on an annual basis with an average of $31.11 per square foot. The subject's current net rent is $30.64 per square foot."

- **Academy's response:** The appraiser did not take into account the impact rent waivers granted to the Academy by the Landlord had on the rent. The AG's Report does not mention them either. When rent waivers received by the Academy are factored in, the actual rent paid by the Academy is $20.34 / SF.

The Academy paid rent since 2004 as follows:

The per square foot rent paid by the Academy over the last eight years has always been below or in the range of market rents in the area. The average **contract rate rent** paid by the Academy over the last eight years is $26.53/ SF, which is $3.47/ SF less than the average market rent rate of $30.00 for the area.

The average **effective rent rate, (actual rent paid)**, by the Academy over the last eight years is $20.34/ SF, Which is $9.66/ SF less or 33% below the average market rent rate established by the AG's appraiser. See Rent Rate Chart above.

Since 2007 the lease has provided the tenant with the contractual right to renew on a yearly basis and to negotiate the terms of the lease.
As detailed in our report, the school’s facility rental expenses were taken directly from the school’s audited financial statements. "Forgiveness of Rent" is included in the school's revenues as contributions and is not contractual. The Forgiveness of Rent was not evident at the time the lease was executed, but was provided by the landlord "after the fact."
The AG’s Report does not suggest what could be accomplished by entering into lease negotiations...... rent reductions? The property has been recently appraised by 2 independent appraisers. One commissioned by the AG and the other one commissioned privately.

Both appraisals show that the real estate in the area has maintained most of its value during the recession. If the property owner chose to enter into negotiations to reduce rent such an action would have the effect of inducing a downward spiral on property values in the neighborhood and future appraisals of neighboring properties would be adversely impacted and directly affected by the reduction of rent in the Academy’s lease.

The rent paid by the Academy, according to the appraisal commissioned by the AG is fair and reasonable for the area, for the Academy and for the local school district and the local governments receiving the benefits of higher assessments as a result of the higher property values resulting from the Academy’s lease.

The recession, the local real estate values, the rent forgiveness, the long term lease with options to annually negotiate are all considerations and reasons that guided the board’s decisions to keep the lease in place. Some members of the governing board are experienced in real estate and two are attorneys, so that the governing board felt adequately informed as these decisions were deliberated and made to not renegotiate the Academy’s lease at this time. While the governing board has the right to enter annual negotiations on the lease, the business conditions of the day show it would be unwise and imprudent to do so at this time.

A fair question to ask is should the governing board be looking for alternatives to the existing site. This question will be studied by the governing board this summer. The governing board will conduct an independent examination at the options available. Some of these options would be other real estate opportunities or the purchase of the existing building. The board will coordinate the engagement of independent counsel for selection by the governing board for any transactions of this nature.

The AG’s Report makes reference to other comments made by the appraiser. Following are the Academy’s answers to the appraiser’s comments:

"In reviewing the occupancy history it was found there have been other tenants that (3 known based on leases provided) have used the subject premise which is atypical.

- Academy’s response: No basis is provided by the appraiser for this opinion. Having more than one tenant in a mall is typical not atypical.

Other unusual operating characteristics: the owner has a food service agreement which
Our research indicates that there is only one attorney on the current Board, Mr. Ignacio Ortiz-Petit, who is a non-practicing attorney.
authorizes the subject premises to sell food to the general public.

- **Academy's response:** The Academy, as a tenant, engages a food service provider to provide food service to students. Before 2009 the food service provider was allowed by contract to sell food to the general public from 5:00 PM to 10:00 PM. The arrangement was negotiated as part of the consideration between the parties. As of 2009 the food service provider does not sell food to the general public.

*Also it was reported that the subject owner has used and/or is currently using the subject premises as office space for non-school business.*

- **Academy's response:** The owner of the building has not and does not use space in the building leased to the Academy.

"Market lease terms are 1 to 3 year leases with annual adjustments based on Consumer Price Index (CPI). Lease terms for the entire building would typically involve a longer term."

- **Academy’s response:** The lease term of one (1) year with thirty (30) one (1) year renewal options was incorporated into the lease at the suggestion of the Academy’s Certified Public Accountants.

**Actual Non-Exclusive Use of Facility**

*We found substantial evidence that since June 1, 2007, significant portions of the building have been leased to and/or used by private, for profit entities other than the school. Therefore, the school has not had exclusive use of the building during the said period.*

- **Academy's response:** This is correct. The building is a mall with tenants other than the Academy occupying space in the building, (the “Other Tenants”). The leases for the Other Tenants were provided to the AG, at the AG's request in February of 2012.

*For profit corporations, which have contracts or arrangements with the school, also have (or have the contractual right) other non-school business operations located at the school’s leased facility: Commodore Plaza Parking, L.C.; A & M Square Food Service, LLC; EDU Management, LLC; and Abanico Performing Arts, Inc.*

- **Academy’s response:** Commodore Plaza Parking, L.C. is the owner of the building. A & M Square Food Service, LLC, is the food service provider for the Academy. EDU Management, LLC, is the educational management organization providing educational management services to the Academy. Abanico Performing Arts, Inc. is a company owned by the Academy’s founder Lili Renteria. It does not occupy space in the building. It has a box in the
The current food service contract in place, effective as of August 2010, states: "Operator shall have the exclusive right and privilege to sell food within the Academy of Arts and Minds' campus from 7:00 AM to 3:00 PM...Operator shall occupy the kitchen and food service area at 3138 Commodore Plaza Miami, Florida 33133 without charge or expense and shall be allowed to serve to the public after 3:30 PM weekdays and all day Saturdays, Sundays, Holidays and at any other time when the Academy of Arts & Minds High School is not in regular session." Also, please note that A&M Square Food Service renewed its beer and wine license with the State of Florida with a payment on March 7, 2012.

At a minimum, the evidence shows non-school usage of the leased building by a law firm, title company, restaurant and commercial parking company owned by the landlord.

It is unclear as to whether the purported advice of the school's auditor would have benefited the school or the landlord.
building's main mail box which is located in the garage. Abanico Performing Arts, Inc. does not have a contract, a contractual right or any other business arrangement with the Academy.

Mr. Tamargo and Mr. Machado, the school's Principals from 2005 through 2011, both indicated substantial non-school use of the school's theater and the cafeteria/food service area.

- **Academy's response**: This statement by both principals is simply false. If necessary the Academy can provide testimonial evidence from the theater teacher and staff employed by the school during the period of time mentioned that the theater and the cafeteria have not been used for non-school activities during school hours and have been used for activities associated with the school during non-school hours. The Academy is unable to address non-specific allegations. It would have been helpful if Mr. Machado and Mr. Tamargo were specific and more detailed with their statements.

Other corporate entities show 3138 Commodore Plaza as their principal address on the Department of State records during 2007 through present, the period during which the lease indicates the school has exclusive use of the building (based on the interpretations of our contracted attorneys and appraisers).

- **Academy's response**: The entities mentioned have their mailing address at the building and receive mail in a box in the building's main mailbox. None of these entities use or occupy any space in the building.

According to Mr. Alonso-Poch, the school has not been remunerated for space or utilities used by any of the above-mentioned entities. Additionally, the Governing Board's Chair, Ms. Montaner, when asked, did not know whether the school had been remunerated or the extent of non-school usage.

- **Academy's response**: No remuneration or compensation from any of these entities is or should be expected. Service providers to the Academy provides service to school students during regular school hours and occupies whatever space is necessary to properly provided the service. The food service provider occupies the school kitchen and food service area when providing food services. The food service provider does not sell food to the general public at any time during school hours or after school hours including times when the school is not in session. Under most commercial relationships the receiver of a service pays the provider of the service for the service being provided. You don't expect the satellite television provider to pay the recipient of the signal for using the property to mount the dish. It is no different in the case of the Academy’s food service provider. The food service provider provides a service and the provider is not expected to compensate the receiver of the service for providing the service. Additionally, students are allowed to bring their own lunch to school so there is no obligation from students to buy food from the food service provider. The food service provider undertakes the risk of providing food service without any
guarantee that students will purchase food. A&M Square Food Service LLC is not
a tenant. A&M Square Food Service LLC provides food service for the student
body that attends school during school hours. A&M Square Food Service LLC
pays for its operating overhead, for its licenses and permits to operate as a food
service provider but does not pay for utilities. If it did the cost would have to be
passed on to the students in the price of the food. Similarly EDU Management
Services LLC provides educational management services to the Academy.
Daniel Alonso provides health care benefits to the Academy’s staff.

In conclusion, the school has not had exclusive use of the property from 2007 through
present, which should have been the case based on the lease contract as interpreted
by Shutts & Bowen, LLC, and as assumed by the appraisal firm Real Estate Analysts
pursuant to its review of the lease. The appraiser’s calculation of the lease’s current
contract unit rent of $30.64 per square foot was based on the assumption that the
school had exclusive use of the entire premises. Regarding the above entities, it is not
clear the extent to which all of the corporations listing 3138 Commodore Plaza as their
principal address conducted non-school business, if any, at the school’s facility.

- Academy’s response: Until July 1 of 2011 the Academy has never
occupied all the space in the Building and there has been no intention for
the Academy to have “exclusive” use of the building. In 2004 there were
other tenants with leases occupying space in the building and when the
Academy began operations in 2004 with 75 students the intention was for
the Academy to expand as enrollment grew and as existing tenants vacated
when their leases expired. The 2004 lease reflected the space occupied by
the Academy and the space occupied by others from 2004 to 2007. In 2007
the 2004 lease was restated to follow the recommendations of the
Academy’s CPAs to provide yearly renewals of the lease term and the
renegotiation of other terms in the lease. The space occupied by the
Academy did not change. The Academy began taking on additional space
in 2008 as follows:

However, the evidence clearly shows substantial non-school business use during the
subject period by a consignment business, nail salon, salon and spa, law practice, title
company, commercial, parking business, restaurant and the Abarico theater. That
business activity included use of the school’s space and utilities for which the school
was not remunerated. When considering the above, it is apparent that the effective
rent per square foot has likely far exceeded the current contract unit rent of $30.64 per
square foot and the appraisals estimated market rent of $30.00 per square foot.
The demised premises in the restated lease of July 1, 2007, is interpreted by both our contracted law firm and appraisal firm as including the whole building.
Academy's response: Without analysis appearances can be deceiving and opinions can be misplaced. As stated on page 27 of this report, the average contract rate rent paid by the Academy over the last eight years is $26.53/ SF, which is $3.47/SF less than the average market rent rate of $30.00 for the area. The average effective rent rate, (actual rent paid), by the Academy over the last eight years is $20.34/ SF, which is $9.66/SF less or 33% below the average market rent established by the AG's appraiser. Contrary to the opinion in the AG's Report, the analysis the lease contract rate and the actual rent rate paid by the Academy do not exceed the "current unit contract rate" or the average market rent rate for the area. Both are actually much lower.

Other Contracts and Arrangements

- Academy's answer: The AG's Report, prompted by the complaints of the accusing parents, attempts to raise concerns about Mr. Alonso-Poch's ownership of for-profit companies providing services to the school. These include food service, benefits consulting and education management.

Food Service -

The school contracts with A&M Square Food Service, LLC, which was established in November 2004 and is owned by Mr. Alonso-Poch. Based on information obtained during interviews with the active Board members, the school did not have its own, distinct legal representative when negotiating and executing this contract, nor were competitive bids or requests for proposals sought.

Academy's response: The accusing parents complain that "Mr. Alonso-Poch runs the for-profit company that provides food service to the Academy". Interestingly, there are no complaints about the quality of the food, the on-premise preparation of the food or the cost of the food. The complaint is just that Mr. Alonso-Poch owns the for-profit company. A survey of the student body shows that the quality and preparation of the food is very good and the cost reasonable. It is also noted that Paragraph A(9) in Part IV of the Charter Contract (at Page 30) directs the Academy "to contract with a private agency to provide food service".

The food service program will be transitioning this year under the National Food Lunch Program. It is the schools intent to have the procurement rules of the Federal program guide the school during the next academic year. However, to include more transparency in the process the Academy will retained the services of a consultant to notice, provide guidance and counsel the Academy's governing board in the selection process, creation of vendor qualifications and the review of proposals and recommendations to the governing board. The consultant will, within the context of the rules and regulations of the National School Lunch Program, utilize the consumers (students), to guide the selection process concerning the quality and choices of food. In addition, the consultant will be
The schedule referenced was first provided to us as part of the Academy's final response. During the five years that the restated June 1, 2007 lease was in effect, it reflects an average contract rate of $33.70 per square foot.
retained to create a similar selection process for the employee benefits proposal. The consultant will work with teachers and staff to select the most qualified, best choice related to employee benefit plans.

Employee Benefits -

- **Academy's response:** The accusing parents also complain about the employee benefits services provided to school personnel. Interestingly, the overwhelming majority of the school staff feels the services being provided are very good and no employee has ever complained that the employee benefits provided have not been delivered as promised.

Management Agreement -

*The school entered into an agreement with EDU Management, LLC for a five year term commencing July 1, 2011 and ending June 30, 2016. EDU Management, LLC was established in April 2011 and is owned by Mr. Alonso-Poch who is listed in Florida Department of State records as Manager. The base management fee to be paid by the school is $200 per pupil per year, and it includes a provision for the management company to subcontract for the performance of responsible services. Actual fees paid to EDU Management, LLC, since July 1, 2011, if any, are yet to be determined pending issuance of the school's FY 2011-12 audited financial statements.*

*The agreement had been submitted to the M-DCPS Charter School Operations department in August 2011 in accordance with policies and procedures for charter schools. It was signed by Mr. Alonso-Poch and Ms. Montener, on behalf of the company and the school, respectively. Based on interviews with the active Board members, the school did not have its own, distinct legal representative when negotiating and executing this contract with EDU Management, LLC, nor were competitive bids or requests for proposals sought.*

- **Academy's response:** The charter school movement in Florida is filled with successful management companies that provide a menu of services to governing boards. Some governing boards prefer an à la carte option of picking and choosing services while most prefer setting the overall vision and policy of the school and allowing the management companies to run the day to day operations of the educational center. In this context, at a meeting requested by the accusing parents with a governing board member in attendance, representatives of the District's Charter School Operations office noted and suggested to the accusing parents and to Mr. Alonso-Poch that though Mr. Alonso-Poch was designated by the governing board as an individual to provide oversight over the school operations, it would be more efficient and more definition could be provided if he were to incorporate and be known as the school's EMO or educational management organization. This was not unusual or challenging for the governing
board to accept since the inception of the school began with Charter Schools USA being the EMO.

The question to the governing board that sets the policy was two-fold. First, what are the costs? Second: Is the management company effective in delivering a high quality education?

The answer can be seen in the results. The AG’s Report correctly states that the fee stipulated in the contract between the Academy and EDU for the school management services is $200.00 per student or 3% of FTE revenues. A survey of Florida charter school management companies will show fees ranging from 8% to 15% of FTE revenues as the norm. In fact, Charter Schools USA charged 12% when it was the Academy’s EMO, at the inception of the school.

With a management contract providing the lowest fees in the marketplace the second question: “How well did the management company do in concert with the governing board managing the Academy’s affairs to meet the Charter contract requiring the delivery of a high quality education to its students? The answer must be stated again that this is a SACS accredited school with an A grade the last two years and a B grade the two years before that, and rated a “High Performing Charter School” by the Florida State Department of Education. This was an obvious decision that any board should make on merit alone. The governing board prudently made this decision after significant discussion and noted them in the board minutes. It should be noted that EDU has received no compensation as of date for the services provided since Miami-Dade School District policies require their approval of the contract before any payment is received and the approval has not been provided by the District.

Charter School Ad-Valorem Tax Exemptions

Charter schools, and sometimes their contractors, are typically exempt from paying various Federal, State and local taxes. It is noteworthy that these taxes are the principal source of funding for traditional public schools and charter schools alike.

Section 196.1983, Florida Statutes states in part: 'Any facility, or portion thereof, used to house a charter school whose charter has been approved by the sponsor and the governing board pursuant to s. 1002.33(7) shall be exempt from ad valorem taxes. For leasehold properties, the landlord must certify by affidavit to the charter school that the lease payments shall be reduced to the extent of the exemption received.'

- Academy’s response: Florida statutes specifically grant charter schools an exemption from ad-valorem taxes on property used in connection with school operations. The intent of the law is to establish an exemption that allows charter schools operating from commercial properties to save the cost of the taxes the school would otherwise have to pay to the landlord allowing the savings to be used for education. The Academy has a triple net lease with the landlord, which requires the Academy to pay for all the real estate taxes imposed on property
leased and used by the school. If the exemption were not in place the Academy would have to pay the landlord for the real estate taxes on the property.

*We found that Academy of Arts and Mind’s landlord (Commodore Plaza Parking, L.C.), owned by Manuel Alonso-Poch, has claimed and received a 65% charter school ad-valorem tax exemption on three adjoining properties (folio #’s 4121047-[0180], [0190] and [0230], from 2005 to the present.*

- **Academy’s response:** Contrary to what the AG found, the exemption in question was requested by and granted to the property for the benefit of the Academy as provided by Florida statutes, not to the landlord or for the benefit of the landlord as stated by the AG in his report. (Copy of the Application is attached as Addendum V).

*Those properties constitute a commercial parking lot in reasonably close proximity to the school, and are also owned by Commodore Plaza Parking, L.C. However, the evidence obtained suggested that those properties were not leased or used by the school, except very minimally.*

- **Academy’s response:** The Academy uses the parking lot at least 65% of the time and is therefore entitled to a partial exemption of 65%. The following analysis shows how the percentage of exemption was determined.

The AG’s only evidence to support the conclusions reached “that the exemptions are not properly granted” is the accusations made by the parents and the Testimony of Tamargo & Machado. The AG does not go beyond this evidence. If any additional evidence exists it is not reflected in the AG’s Report. The AG could have examined the application made by the Academy in 2005 for the exemption and would have found the analysis above. The AG could have interviewed the staff that attends the property to find out the extent to which the property is used by the Academy and if it coincides with the information used in the analysis above. This would have provided a more precise picture of the facts that led the Property Appraiser’s to grant the 65% partial exemption in 2005. It is worth noting that the accusations launched by the parents are simply that; accusations and the evidence obtained by the AG is the Testimony of Tamargo and Machado. That testimony of Tamargo and Machado should have prompted further inquiry from the AG based on their lack of credibility. (See this Response at Page 13). They should not be the basis to support the conclusion reached by the AG that the property is used “minimally”.

_We informed the Office of the Miami-Dade County Property Appraiser of our concerns and they conducted their own investigation which found that for each of the three folios “the property did not meet the required use for a charter school” and “pursuant to Florida Law, the property was not entitled to a 65% exemption for the tax years 2005-2010.” Tax liens [see Appendix G], including back taxes, interest and penalties, were placed on the three properties totaling $182,736, pending the final outcome of the Miami-Dade County Property Appraiser’s investigation._

- **Academy’s response**: The Governing Board’s Chairperson, the School Director and the landlord Mr. Alonso-Poch recently met with representatives of the Miami-Dade Property Appraisers office to discuss the partial tax exemption granted by that office to the Academy in 2005. Under the triple net lease between the Academy and the landlord the Academy is responsible for the payment of all real estate taxes. The Academy will be responsible for any taxes that become due. Given the AGs accusation, the exemption has been questioned by the Office of the Property Appraiser. Details about the partial exemption granted to the Academy are currently under review. Acting for All, Inc. maintains that a written application was submitted to the Property Appraiser in 2005. After careful consideration the Property Appraiser granted and the Academy received the correct amount of tax exemption and there are sufficient records and testimony from persons directly connected with the daily management of the property, during the years the exemption has been in place, to back up the exemption given by the Property Appraiser. In this regard, the Academy will reserve its rights to appeal to the Value Adjustment Board or Circuit Court, any decision adverse to the Academy taken by the Property Appraiser.

_Additionally, as detailed in the Governance Section of this report, we also question the validity of the school's status as a Section 501(c)(3) corporation exempt from Federal income taxes._
- **Academy's response:** See Academy's response to Conflicts of Interest on Pages 21-23 of this Response.

**Response to Recommendations**

1) *The governing Board and management of the Academy of Arts and Minds should work with the Miami-Dade County Public Schools in consultation with other oversight agencies such as the Florida Department of Education and the Internal Revenue Service to eliminate the structural conflicts of interests identified.*

- **Academy response:** The governing board will take steps to engage the services of an independent lawyer to review items coming before the governing board that may present conflict of interest situations. If any conflict of interest situations arise the independent attorney will guide the governing board on the manner in which to properly and legally deal with them. It is worthy noting that under the current governing structure of the Academy there are no structural conflicts in the governance of the school. The issues of structural conflicts have been raised by a small group of disgruntled parents most likely misguided by errant administrators who did not clearly understand the governance structure or most likely felt they could ignore the controls in place within the Academy's governance structure when they did not agree with the decisions taken by the governing board. We suggest that a review of the Governance Board Training Manual and board minutes confirm our position.

2) *The Governing Board of the Academy of Arts and Minds Charter School should revisit the terms of its major contracts and analyze expenses in order to strive to achieve a self-sufficient operation.*

- **Academy Response:** The governing board has a record of actions showing that they are always striving to make the Academy not only self-sufficient but also abundantly funded through budgeting and fundraising. The board recently negotiated a management contract with the lowest cost in the marketplace at only 3% of student FTE revenues. Secondly, the governing board will take no action that diminishes the integrity of the Academy or the governing board's integrity and will honor all contracts currently in effect. The governing board is not in a position of creating the risk of lawsuits against the Academy by not honoring current contracts. However, if vendors are willing to renegotiate their contracts before they term out then the board will entertain those options. The board will have an independent advisor assist in reviewing the Food Service contract and agrees to follow the procurement standards suggested by the National School Lunch Program.
OMCA’s conclusion is that the current arrangement contains structural conflicts of interest and may not comport with the operations of an IRS Section 501(c) 3 tax exempt corporation.

The OMCA does not recommend that the Board not honor its contracts. The recommendation is to “revisit” the terms (the lease is on a year-to-year basis) and negotiate the contracts where possible. The “vendor” for the three major contracts referenced is Mr. Manuel Alonso-Poch.
3) **An independent Governing Board of the Academy of Arts and Minds should renegotiate the lease as an arm’s length transaction.**

   - **Academy Response:** The lease is up for renewal this month. (June 2012). Thye governing board will retain independent counsel to review the lease and negotiate with the landlord. The lease, as confirmed in the minutes of the governing board, was negotiated with full disclosure of Mr. Alonso-Poch ownership. Mr. Alonso-Poch did not represent the Academy in the negotiation of the lease. The process followed the Florida Statutes completely as confirmed by the minutes of the governing board. The renegotiation of a lease can take place only if the landlord and the tenant are willing to negotiate. The Academy’s lease is up for renewal July 1, 2012. The governing board will take steps to retain independent legal counsel to review and negotiate a clarification of the terms of the lease, and the board will explore retaining a real estate consultant to present a process of site selection and at the appropriate time to explore on a parallel track the possibility of current building acquisition negotiations.

4) **An independent Governing Board of the Academy of Arts and Minds should renegotiate the Management Agreement, Food Service Contract and Benefits Consultant Arrangements.**

   - **Academy Response:** The independent governing board of the Academy is retaining a consultant to guide this process relating to food service and benefits consulting and to engage independent counsel to review the contracts before they are approved by the governing board. However, the Management Contract has yet to be approved by the District after a 10 month review. The management contract has the lowest contract price in the marketplace for these services. The governing board requests a response and comments by the District, if any, on the management contract and where it is deficient before concurring on a renegotiation.

5) **The Governing Board and management of Academy of Arts and Minds should put controls in place to ensure that the board is adequately informed of Federal, State and Charter School Tax exemptions.**

   - **Academy Response:** The board agrees to place on its agenda an annual update on various governmental tax exemptions. This is appropriately done when the legislative update occurs during the spring/summer board meetings.

*Items 6 and 7 are recommendations to the Miami-Dade County Public Schools.*

   - The Academy has no comments.

Academy's Conclusions

All the accusations made by the Accusing Parents, including the four (4) fundamental accusations posited by the AG have been addressed in this Response.

(1) the board is fully independent as proven by the minutes showing deliberative, thoughtful and decisive actions over the course of eight years and the delivery of a SACS accredited A+ school with the distinction of being designated a "High Performing Charter School" by the Florida Department of Education;

(2) the Academy has been independently audited at the end of each school year for the last seven years and its Annual Audited Financial Statements show clean yearly audits and do not reveal any discrepancies or inconsistencies in the Academy’s finances or flow of funds;

(3) the AG’s Report does not reflect violations of law by the Academy and any violations of law brought to the attention of the governing board in the past, if any, have been immediately corrected;

(4) the Academy has been independently audited at the end of each school year for the last seven years. The Academy’s Annual Audited Financial Statements show clean yearly audits and do not reveal any discrepancies or inconsistencies in the monies the Academy has received.

Additionally, although not a fundamental concern, the building lease was fully lawful and accepted by the Miami-Dade School District Charter School Operations Office. It has been used during the past seven years. The conflicts presented by the landlord being a member of the board when the lease was initially entered into were addressed properly with due process and the actual rent paid by the Academy has been significantly below the market rent rate for the area. Mr. Alonso’s philanthropy has allowed the school to succeed during the recent recession and government funding shortfalls. The Academy’s governing board is appreciative of this and will not condemn it. The board will review the various vendor contracts during this coming school year and will engage the appropriate stakeholders, i.e. students, parents teachers, etc.

[Remainder of this page intentionally left blank]
OMCA's conclusion is that the school's Governing Board, rather than having been appropriately engaged, informed, independent and accountable to its students, parents/guardians and the community at large, has been perfunctory and subservient to Mr. Alonso-Poch. We would not characterize the Board's minutes as "deliberative" or "thoughtful." In many cases, such as the lease negotiations, there is "scant" evidence that the Governing Board had at all contemplated the lease terms and conditions from July 2007 through September 2011.

The school's audits for FY 2006 and FY 2009 indicate a material weakness in internal controls over financial reporting in each of those years.

As stated in the report, the school and/or its landlord, appear to have violated Section 196.1983, Florida Statutes, and may have violated IRS Rules governing tax exempt organizations. The school was found to have been in violation of other statutes and ordinances, including the Jessica Lunsford Act, but is currently in compliance or working towards compliance.
Requests

In its Executive Summary and in the body of the IG's Report, the IG states that four (4) fundamental accusations were made by a group of parents against the Academy.

The Academy is extremely disappointed that the AG is of the opinion that the four fundamental accusations are substantiated by his investigation when two of the accusations are not directly substantiated, explored or addressed in the Draft Report.

One fundamental accusation states that: "There may be violations of law in connection with the school".

Yet no mention has been made and no evidence has been offered in the AG's 20 page Report of any violation of the law. We would ask the Auditor General that if his investigation did not reveal any violations of law, that he acknowledge that nothing was found to substantiate the accusation.

Another fundamental accusation states that: "There are concerns regarding the flow of monies received by the Academy from Miami-Dade County Public Schools and used to pay expenses".

No mention has been made and no evidence has been offered in the 20 page report of any irregularities in the flow of monies received by the Academy. We would ask the Auditor General that if his investigation did not reveal any irregularities regarding the flow of monies received by the Academy, that he acknowledge that nothing was found to substantiate the accusation.

END OF RESPONSE
As stated in the report, the school and/or its landlord, appear to have violated Section 196.1983, Florida Statutes, and may have violated IRS Rules governing tax exempt organizations. The school was found to have been in violation of other statutes and ordinances, including the Jessica Lunsford Act, but is currently in compliance or working towards compliance.

Although we found no irregularities with the “flow of monies received from Miami-Dade County Public Schools”, the evidence detailed in the report suggests that expenses were paid with public monies for purposes other than the non-profit school.

(Request Attached). CC Holloman moved the motion to approve the AP and A+ bonuses and distribute the checks to the teachers named on the list provided by the Principal. Percy Aguila seconded the motion. The floor was opened for discussion by the board.

Chairperson Ruth Montaner clarified that the checks were ready for the principal to pickup immediately. Due to excessive noise on the phone, the chairperson was unable to hear the Principal state that he had a question. She initially stated that due to time constraints, board members were at work and had to get back to their duties, the board would not be taking questions from the public but that the Principal might have some comment or questions. It was brought to her attention by Percy Aguila that the Principal was on the phone and wanted to ask a question. The Principal then stated that he retracted his question. Chairperson Ruth Montaner introduced the agenda which was unanimously approved by the board.

SACS - CASI Review.

Chairperson Ruth Montaner indicated that all board members had been trained and the required screening process for new board members had commenced. The Chair also indicated that this emergency meeting was called to address the major concerns of the governing board in regard to the outcome of the SACS-CASI review meeting held on March 2, 2011 with Ms. Evelyn Lorton as the SACS review committee representative and the members of the Governing Board Directors as a follow up to a meeting held by the entire SACS review committee on February 16, 2011, with the members of the Governing Board Directors.

Chairperson Ruth Montaner turned the gavel to board member CC Holloman as the designee for the Board’s, operations and management.

CC Holloman welcomed those persons in attendance and explained the protocol to be followed in the meeting. She indicated that the meeting was necessary for the board to address and decide upon the course of action needed to respond to issues and concerns that were raised in the meeting with the SACS representative on March 2, 2011. Ms. Holloman stated that Board members would discuss each item and then vote on a recommended course of action. After the board has concluded its business, time permitting, the floor would be open to Q&A from the audience but to maintain an order and allow for timely discussion, people would only be allowed to comment when recognized by the person chairing the meeting. Ms. Holloman reminded everyone that this is a Governing Board meeting and those in the audience are invited guests and that the opportunity to comment is a courtesy extended to them. If there were questions that could not be readily addressed, Ms. Holloman indicated that the question should be addressed to the chairperson by e-mail and the appropriate person would respond as soon as possible.

Carlos Denpi, the PTSA President stated that he had a position paper he would like to present. Ms. Holloman stated that she would allow time at the end of the board session for comment and Q &A at which time he could make the presentation.

Ms. Holloman indicated that she would state the issue and concern and ask the board members to comment prior to requesting a motion.

Ms. Holloman indicated that in attendance at the February 16, 2011 meeting was Chairperson Ruth Montaner, board members CC Holloman and Ignacio Ortiz-Petit, and Founder Manuel Alonso-Poch. Board member Percy Aguilas was unavailable. Ms. Evelyn Lorton was the SACS review representative who met with the board members and founder at her request to review her findings.

Ms. Holloman also indicated that at the time of the February 16 meeting the board did not have access to the SACS review report that Ms. Lorton indicated was sent to William Machado, Director/Principal of the Academy.
Ms. Holloman then asked Board Member Ignacio Ortiz-Petit to provide a brief summary of the meeting held with the SACS representative and to briefly outline the issues. Board member Ortiz-Petit indicated that Dr. Lorton requested the meeting with the board and Founders to summarize her findings and share her concerns about the SACS Review in regard to the resulting rating of "emerging" status for the governance section of the SACS review. Mr. Ortiz indicated that the board listened to Dr. Lorton first as she outlined the SACS Review process and identified the seven standards used and the rubrics covered. He reported that she then identified the findings that she used to justify the "emerging" rating on the standard for "governance and leadership".

He reported that the members of the Board addressed each issue by providing the documentation and other evidence, which was provided to her at the February 16, 2011 meeting. It was brought to her attention that many of her "findings" were simply assumptions on her part with no factual basis or with factual evidence provided in the material provided as part of the review and inspected by her that clearly contradicted her assumptions. In other instances Ms. Lorton showed a clear lack of knowledge of how charter schools work and how they operate. In some instances, the Board members made extensive efforts to show Ms. Lorton that her assumptions and statements were incorrect and unfounded with simple explanations indicating the procedures that were followed and sharing with her factual information. Mr. Ortiz indicated that he was particularly concerned about Ms. Lorton’s demeanor in that she was insulting despite the board’s attempt to be accommodating and polite.

Percy Aguilla asked what the board options were and how did the review affect the school. Mr. Ortiz-Petit indicated that the review was overall very favorable and that the school received an emerging rating in governance, even when it should not have been rated as such and that the particular rating in governance would not affect the school’s accreditation.

Mrs. Montaner explained that in regard to the items brought up by Ms. Lorton the school had two years to provide a response that the comments by Ms. Lorton would be addressed to SACS in writing.

Mrs. Holloman outlined the options for the board:

- Do nothing and treat the comments as a personal opinion of the SACS Representative
- Disclaim the comments in writing per the two year period to provide a response on each item
- Require the SACS office to retract the comments.
- Hire legal counsel to advise the board.

MOTION: Mr. Ortiz made a motion to hire an attorney to advise the board including the possibility of taking legal action to protect the interests of the Academy and additionally it was proposed and agreed by the board that a letter should be forwarded by Friday March 11, 2011 to require a retraction of the unwarranted negative comments.

SECOND: Mr. Aguilla seconded the motion and it passed unanimously.
A Q&A session was opened to the audience. Numerous comments were received and questions were answered between the Governing Board members and the audience.

Ms. Holloman thanked everyone for attending and respecting the protocol of the meeting and handed the gavel back to the chairperson.

The Chairperson thanked everyone for attending and stated that the board would take every comment into consideration. She mentioned the discussion was good for all sectors of the Academy and that in the future we should all communicate better.

She stated that the overarching goal should be to help the students get the best education they can get at the Academy and to support their talent in performing arts.

VI. Student Affairs - Enrollment and Recruitment.
1. No written Enrollment Report was provided but the Mr. Machado reported that the school enrollment has dropped to 435 students from the 465 students that started the year in August 2010. He mentioned that this is a normal "meltdown" that takes place for numerous reasons like students with transportation issues, students that feel A&M is not the right fit, students that don't perform as teachers expect.
2. No written Recruitment Report was presented but Mr. Machado reported that approximately 350 applications have been received to date and that one audition session has taken place with two other audition sessions scheduled for the end of January and the beginning of February. For the next meeting Ms, Valdez will prepare a list of schools and the names and telephone numbers of strand teachers at each middle school for use in recruiting initiatives.
3. The lack of a Student Government was discussed. Mr. Machado reported that there was no student government set up this year at A&M because there was no teacher available to supervise the Student Government process. Board members suggested that the American Government and/or World Government teacher be the teacher assigned to oversee the Student Government and that the elected students be the ones to act as representatives of their peers in school related committees.
4. A long discussion was had regarding Digital Books. A&M faculty and staff make between 20,000 and 25,000 copies per month. A predominant portion of these are copies of parts the textbooks the school has purchased for our students. Teachers regularly make copies of the textbooks to carry out their lesson plans. A number of school textbooks have been converted to pdf format and Mr. Machado is not comfortable with the conversion of the remainder of the school textbooks out of concern that the conversion of the books to digital format may a violation of the publisher's copyrights. The members of the Governing Board feel that if the books are being copied unto paper without concern over the books copyright then the copying of a textbook into digital format is no different and there should be no concern over its copyright. Mr. Machado will get answer to the following questions by the next meeting so the Governing Board can make a more informed decision on how the school should proceed with the use of digitized textbooks. The questions should be posed to the publishers in anonymous form. 1. The administration will find out if the textbooks currently used by A&M are published in digital format and what is the cost of the license to use the books in digital format. 2. The
administration will find out if the publishers of the textbooks being used by A&M prohibit the making of paper copies of the textbooks for use by students for which the textbooks have been purchased. 3. The administration will survey the student body to find out how many students don't have a computer at home.

5. A long discussion was had regarding the administration’s request for New Textbook purchases for students taking Advanced Placement classes. The request is for approximately $20,000. The line item for books and technology proposed by the Administration and approved by the Governing Board in July 2010 for the 2010-2011 school year is $12,000 of which $10,000 have been spent to move and upgrade the computer lab. The Governing Board suggested that the Administration further define the books that are definitely required for each class and whether used versions of the textbooks requested by the faculty can be purchased through Amazon or other book seller at a reduced rate. The Administration will have a report for the next Governing Board meeting.

Letter of Dismissal

of Principal Alex Tamargo
June 5, 2008

Alex Tamargo,
Director
Academy of Arts & Minds
3138 Commodore Plaza
Miami, Florida
33133

Dear Alex:

You are seriously mistaken about teacher exit interviews. Manuel Alonso-Poch is not handling teacher exit interviews, he never has in the past. He has no faculties or intentions to ever handle teacher exit interviews.

Evaluations and exit interviews are your responsibility as director of the school.

It would be enlightening to know how you have arrived at the notion that Manuel Alonso-Poch, our founder, would be doing teacher exit interviews and that I, as Chairperson of the Governing Board would be doing faculty and staff evaluations as you suggest in your email below.

I don’t think you have become totally out of touch with reality so I take the email below as disingenuous, insolent, disrespectful, and unprofessional of you.

It has the same bad smell as your recent contention that the management of the school has been “taken away from you” and that you are not responsible for the management of the school when nothing could be further from the truth.

Take a moment to think about this.

You negotiated and engaged the services of the bank providing banking services to the school. The bank official is your close friend. You negotiated and engaged the services of the payroll company providing payroll services to the school, the school’s insurance contracts and the relationship with the CPA handling the school’s taxes until recently, when the CPA, a very close friend of yours, was removed for malpractice. You negotiated the leases for the school’s copy machines and the school’s copy machines service contracts. You made and maintained the relationships with school vendors of books, uniforms, school supplies and janitorial supplies. The uniform and janitorial supplies vendor also being good friends of yours. Except for the
faculty hired before you became director, you hired all the school’s faculty members and all the school’s substitute teachers some whom are friends of yours. You hired the school’s receptionist and your personal assistant. You even negotiated, as recently as three weeks ago, the cellular phone contracts for you and your staff. You have been in control of student enrollment and dis-enrollment. You have been in charge of school fundraising activities.

By every known standard you manage the financial affairs of the school so you are making a mistake trying to convince yourself and others that you have not been managing the school’s financial affairs. The fact that, for reasons you don’t want to recognize or acknowledge, you have conveniently and unilaterally decided, for yourself, to disavow your obligations and responsibilities as the school’s financial manager does not release you from them.

In addition to the exit interviews, it is your responsibility, as director of the school, to prepare written evaluations for each of the 30 members of the school faculty and administrative staff. To prepare letters of intent for faculty members returning next year. To prepare class schedules for new and returning students. To prepare a classroom usage plan for the students attending school this coming school year. To prepare a preliminary school budget for the coming school year.

All of the above are your responsibility as Director of the school. That’s what you are hired and paid to do.

The school year has ended.

You have failed to prepare written evaluations for the faculty and the administrative staff. Which, according to your email you feel I should do. You have failed to hold exit interviews with the faculty and staff. You have failed to prepare letters of intent for faculty members and administrative staff returning next year. You have not completed the preparation of class schedules for the students attending school this coming year. You have not completed a classroom usage plan for the students attending school the coming school year. You have not prepared a preliminary school budget for the coming school year.

Given that the above constitutes a serious dereliction of your duties and the gross neglect of your professional responsibilities to the school, the Governing Board hereby terminates your employment immediately.

Sincerely,

[Signature]
Ruth C. Montaner
Governing Board Chair.

COMMITTEE: EDUCATION AND SCHOOL OPERATIONS

On November 19, 2003, the School Board approved a charter school application submitted
for Academy of Arts & Minds. The Board authorized the Superintendent to negotiate a
charter school contractual agreement with the applicant for a term of ten years.

The school will be located at 3138 Commodore Plaza, Coconut Grove, Florida 33133. The
charter school will serve a maximum of 500 students in grades nine through twelve, with
a maximum of 300 students in grades nine through ten in its first year of operation,
commencing with the 2004-2005 school year.

The following is the Founding Board for the charter school: Mr. Daniel Medvedov, Artist
and Educator; Mr. Chuny Montaner, Broadcasting Executive; Mr. Jorge Guerra, Artist and
Educator; Mr. Manuel Alonso-Poch, Attorney; and Dr. José Noy, Physician.

The Charter School Contract Review Committee met on January 16, 2004, and by a
unanimous vote made a recommendation for approval of the charter school contractual
agreement with Acting for All, Inc., on behalf of Academy of Arts & Minds.

Section 1002.33, Florida Statutes, Charter Schools, requires that the major issues involved
in the operation of charter schools be considered in advance and written into a charter
school contractual agreement between the charter school and the sponsor, following a
public hearing to ensure community input.

Copies of the charter school contractual agreement will be placed on file and will be
available for inspection in the School Board Members’ office, in the Office of Board
Recording Secretary, and in the Citizen Information Center.

RECOMMENDED: Recognizing that The School Board of Miami-Dade County, Florida,
has previously approved the charter school application, it is
recommended that the Board grant approval of the charter school
contractual agreement with Acting for All, Inc., on behalf of
Academy of Arts & Minds, for a term of ten years, commencing with
the 2004-2005 school year and ending on June 30, 2014.

Investigation of Allegation Concerning Academy of Arts & Minds Charter High School

ADDENDUM VI

Academy's Fire Drill Safe Area
FIRE DRILL PROCEDURE

Ten fire drills will take place according to the Miami-Dade County Public School Policy and Emergency Procedures. Fire drills are very important and should be taken seriously. At the sound of the emergency bell, students must stop what they are doing and follow the teacher's instructions. When fire drills are conducted, teachers and students must clear the building promptly by the prescribed route to the “Safe Area” located to the south side of the building in the parking lot next to Greenstreet Restaurant and according to the directions posted in each classroom. (See map)

Any student who is in the hallway or the restroom at the sound of the emergency bell must proceed to the nearest exit and locate his/her teacher. Everyone must move QUICKLY, QUIETLY and IN ORDER to the designated “Safe Area”. All windows and doors should be closed; electric lights and other electrical appliances should be turned off before leaving the room. Silence is to be maintained throughout the drill. Students, teacher and staff must remain outside the building until permission is given to re-enter.

Parking Lot Usage for Stacking per Academy's Traffic Study
Traffic Flow Plan

To reduce the congestion during drop-off and pick up it is very important for the safety of our students that you follow traffic flow patterns. All motor traffic entering from the north through Commodore Plaza may use the Commodore Plaza Parking lot next to Greenstreet Restaurant as a through way - make a turn east (right) when you pass the Academy of Arts & Minds Charter School building then use the back street to exit. Security Office can assist if you need any help.

Thank you for your compliance and your heightened attention while driving around the school.

Traffic Flow Pattern
Accumulation Assessment

The existing Academy of Arts & Minds Charter High School is currently providing a drop-off / pick-up area on Commodore Plaza (adjacent to the building) to accommodate three (3) stacking vehicles. Based on field observations, a significant amount of parents are using the on-street parking along Commodore Plaza to drop-off and pick-up students while high school students driving to school are using the nearby parking lots to park their vehicles and walk to school. Currently, the school's arrival and dismissal process seems to be working adequate and with a short duration. Please note such operations are typical for schools located within an urban setting where properties have limited access and limited parking conditions. Figure 6 depicts the existing on-street parking areas utilized by parents during the arrival and dismissal of students.

Figure 6: Existing Stacking Areas Utilized by Parents
Moreover, the subject school has an underground parking garage within the building designated for staff only. In addition, the school has approximately 15 available parking spaces at an adjacent parking lot (currently not utilized) that may be allocated to accommodate the projected accumulation. Table 6 describes the proposed vehicle stacking capacity while Figure 7 depicts the stacking areas.

MEMORANDUM

June 15, 2012

TO: Mr. Jose Montes de Oca, Chief Auditor  
Office of Management and Compliance Audits

FROM: Freddie Woodson, Deputy Superintendent  
District/School Operations

SUBJECT: ADMINISTRATION RESPONSE TO SELECTED RECOMMENDATIONS Delineated in the Report: INVESTIGATION OF ALLEGATIONS CONCERNING ACADEMY OF ARTS AND MINDS CHARTER HIGH SCHOOL, MAY 17, 2012

As requested, below are the responses to recommendations 6 and 7 of the May 17, 2012 Report: Investigation of Allegations Concerning Academy of Arts and Minds Charter High School.

Recommendation #6: MDCPS, as part of its statutorily mandated duties for the sponsor to “monitor the revenues and expenditures of the charter school”, should coordinate with the various taxing authorities to help ensure the propriety of tax exemptions taken by its charter schools and their landlords or contractors.

At the present time, Charter School Operations (CSO) monitors all federal and state mandated requirements, including financial oversight and monitoring for the 109 charter schools currently in operation. Recommendation #6 provides for a deeper review of charter school properties and related tax exemptions which goes beyond the minimum oversight requirements and the professional expertise of the CSO department; therefore, such a review will have to be developed in conjunction with the School Board Attorney’s Office and the Office of Facilities Management. CSO staff is committed to establish a working group with all pertinent offices to evaluate this issue and potentially develop a process to implement this recommendation.

Recommendation #7: In order to minimize the risk of obscuring a charter school’s expenses and liabilities or inflating its revenues and assets, M-DCPS should consider putting forth in its legislative agenda process a requirement that charitable organization which are the parent legal entity of a charter school, must submit to the sponsoring county School Board as charter schools are presently required to do so, independently audited financial statements.

CSO is in agreement with Recommendation #7. We will work with the Office of Intergovernmental Affairs, Grants Administration, and Community Affairs to propose potential legislation as part of the District’s legislative platform for the 2013 legislative session.

If you have any questions, please contact Dr. Helen S. Blanch, Assistant Superintendent, School Choice, at 305-995-4266 or Ms. Tiffanie Pauline, Administrative Director, Charter School Operations, at 305-995-1403.
