### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and major fund of Lincoln-Marti Charter Schools, Inc. (Little Havana Campus Charter School) (the "School"), (a Component Unit of the School Board of Miami-Dade County), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

The School's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinions, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of the School as of June 30, 2016 and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

As discussed in Note 1, the financial statements of Lincoln-Martí Charter Schools, Inc. (Little Havana Campus Charter School) are intended to present the financial position and the changes in financial position of only that portion of the governmental activities and fund information of Lincoln-Martí Charter Schools, Inc. that is attributable to the transactions of the School. They do not purport to, and do not, present fairly the financial position of Lincoln-Martí Charter Schools, Inc., as of June 30, 2016, the changes in its financial position, or, where applicable, its cash flow for the year ended June 30, 2016, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 8 and budgetary comparison information on 22 and 23 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information as of and for the year ended June 30, 2016 in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The 2015 financial statements of Lincoln-Martí Charter Schools, Inc. were audited by other auditors.

### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated August 26, 2016, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2016

---

As management of Lincoln-Martí Charter Schools, Inc. (Little Havana Campus Charter School) (the "School"), we offer readers of the School this narrative overview and analysis of the financial activities of the School as of and for the year ended June 30, 2016.

Management's discussion and analysis is included at the beginning of the audited financial statements to provide, in layman's terms, the past and current position of the School's financial condition. This summary should not be taken as a replacement for the audited financial statements, which consists of the financial statements and supplementary information intended to furnish additional detail to support the financial statements themselves.

### **Financial Highlights**

---

Our financial statements provide these insights into the results of this year's operations.

The School's current year of operations generated change in a net position of \$365,580 compared to last year's change in net position of \$137,436. Revenues for the year ended June 30, 2016 decreased over prior period by approximately \$140,000 as a result of a decrease in local grants of approximately \$251,000 and contributions of approximately \$102,000, offset by an increase in State FTE of approximately \$214,000. State FTE revenues increased as a result of the increase in the weighted full time equivalent amount. Expenses during the year ended June 30, 2016 decreased over prior year by approximately \$368,000. In order to operate the School on a balanced budget, certain expenses including instruction, school administration and operation of plant were reduced to contain costs.

The net position of the School at June 30, 2016 was \$2,034,406, which \$1,117,303 was unrestricted.

### **Using this Annual Report**

---

This discussion and analysis is intended to serve as an introduction to the School's financial statements. The School's financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the financial statements themselves.

#### Government-Wide Financial Statements

*The government-wide financial statements* are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all the School's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected revenues and services rendered but unpaid).

The government-wide financial statements include all *governmental activities* that are principally supported by grants and entitlements from the State for full-time equivalent funding. The School does not have any *business-type activities*. The governmental activities of the School primarily include instructional and support services.

The government-wide financial statements can be found on pages 9 through 10 of the report.

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School, like state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The School's only fund is the General Fund, a governmental fund type.

Governmental Funds

*Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near term inflow and outflow of spendable resources*, as well as on balances of *spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a School's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The School maintains only one governmental fund type, which is the General Fund. Information is presented in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund.

The School adopts an annual budget for its governmental fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the budget and is presented as required supplementary information.

The governmental fund financial statements can be found on pages 11 through 13 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 14 through 20 of this report.

Other Information

In addition to the financial statements and accompanying notes, this report also presents certain required *supplementary information* concerning budgetary information for the School's general fund. Required supplementary information can be found on pages 22 and 23 of this report.

Our auditor has provided reasonable assurance in their independent auditor's report, located immediately preceding this Management's Discussion and Analysis, that the financial statements are fairly stated. Varying degrees of assurance are being provided by the auditor regarding the Supplementary Information identified above. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts listed in the table of contents.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2016

**Government-wide Financial Analysis**

---

This is the School's Seventh year of operations. The School's net position was \$2,034,406 at June 30, 2016. Of this amount, \$1,117,303 is unrestricted and \$917,103 is invested in capital assets.

Our analysis of the financial statements of the School begins below. The Statement of Net Position and the Statement of Activities report information about the School's activities that will help answer questions about the position of the School.

Net Position

A summary of the School's Net Position is presented in Table A-1 and a summary changes in net position is presented in Table A-2.

As noted above, the cost of all governmental activities during the year ended June 30, 2016 and 2015 was \$5,984,297 and \$6,352,114, respectively. The majority of these activities were financed through general revenues of \$5,410,198 and \$5,268,814, which consist primarily of FTE funding from the State for the years ended June 30, 2016 and 2015, respectively.

See "Financial Highlights" on page 3 of this report, for a further explanation of the reason for the increase in net position.

**Financial Analysis of the School's Funds**

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Financial Analysis of the School's Fund (Continued)**

**Governmental Fund.** The focus of the School's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the School's seventh fiscal period of operations, fund balance of the general fund was \$1,117,303. The general fund is the chief operating fund and only fund of the School.

A summary of the general fund's condensed balance sheet and statement of revenues, expenditures and changes in fund balance is presented in Table B-1 and B-2 as of and for the years ended June 30, 2016 and 2015.

Total expenditures	<u>5,948,795</u>	<u>6,449,472</u>
Excess of revenues over expenditures	<u>\$ 401,082</u>	<u>\$ 40,078</u>

**Major Governmental Funds Budgeting and Operating Highlights**

An operating budget was adopted and maintained by the governing board for the School pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. There were no amendments to the budget during the year ended June 30, 2016.

The general fund actual revenues were \$6,349,877 for the year ended June 30, 2016. That amount is above the budget estimates primarily due to higher FTE students than expected and contribution revenue.

The actual expenditures of the general fund were \$5,948,795 for the year ended June 30, 2016. This is over the budget estimates primarily due to higher than expected instruction, food services and fiscal services expenditures. See page 22 for detail of budget vs. actual variance.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
JUNE 30, 2016

**Capital Assets**

---

At June 30, 2016, the School had \$2,403,194 invested in furniture, fixtures, computers, equipment, textbooks and leasehold improvements of which \$1,486,091 has been depreciated, which resulted in a net book value of \$917,103. Total additions for the year ended June 30, 2016 were \$289,386.

**Economic Factors and Next Year's Budget**

---

The State of Florida education funding for the Florida Education Finance Program for the fiscal year 2016-2017 minimally increased. Student enrollment is expected to increase due to the success of the Lincoln-Marti Charter Schools on the 2016 Florida Standard Assessment. These factors were considered in preparing the School's budget for fiscal year 2016-2017.

**Requests for Information**

---

This financial report is designed to provide a general overview of the School's finances for all those with an interest in the School's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Board of Directors of Lincoln-Marti Charter Schools, Inc., 2700 SW 8th Street, Miami, FL 33135.

On January 14, 2009, the Miami-Dade County School Board approved the application submitted by the Board of Directors of Lincoln-Marti Charter Schools, Inc. for the creation of Lincoln-Marti Charter School (Little Havana Campus Charter School) (the "School"). Lincoln-Marti Charter Schools, Inc. (the "Organization") is a non-profit organization incorporated under the laws of Florida to operate charter schools organized pursuant to Section 1002.33 of the Florida Statutes. The governing body of the School is the Organization's Board of Directors.

The School operates under a charter of the sponsoring school district, the Miami-Dade County School Board (the "School Board"). The School's charter was approved by the School Board on January 14, 2009 and is effective until June 30, 2019. The charter may be renewed for up to an additional fifteen (15) years by mutual written agreement between the Organization and the School Board. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter in which case the School Board is required to notify the Organization in writing at least 90 days prior to the charter's termination. Pursuant to Section 1002.33(8)(e), of the Florida Statutes, the charter school contract provides that in the event the School is dissolved or terminated, any unencumbered funds and all school property purchased with public funds automatically revert to the School Board. During the term of the charter, the School Board may also terminate the charter if good cause is shown. For financial reporting purposes, the School is considered a component unit of the School Board of Miami-Dade County and is included in the School Board's comprehensive annual financial report.

Financial Statement Presentation

For financial reporting purposes, Little Havana Campus Charter School is a Charter School operated by Lincoln-Marti Charter Schools, Inc.

The financial statements present the government-wide statements, balance sheet and statement of revenues, expenditures and changes in fund balance for Lincoln-Marti Charter Schools, Inc. (Little Havana Campus Charter School) only and do not represent a complete presentation of the assets, liabilities, net position, statement of activities and cash flows of Lincoln-Marti Charter Schools, Inc. (a nonprofit organization). Accordingly, the accompanying financial statements are not intended to present the financial position, changes in net position and cash flows of Lincoln-Marti Charter Schools, Inc. as of June 30, 2016 and for the year then ended in conformity with accounting principles generally accepted in the United States of America.

---

**Government-Wide and Fund Financial Statements**

The School's government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the School. Governmental activities are supported by Full-Time Equivalent ("FTE") dollars and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) Florida Department of Education ("FDOE") funding through the Florida Education Finance Program, 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function and 3) capital grants and contributions that are restricted to meeting the capital requirements of a particular function. FTE dollars and other items not properly included among program revenues are reported instead as general revenues.

The *general fund* is the School's only operating fund and its only governmental fund. It accounts for all financial resources of the school.

**Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The School's government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The School's fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School considers revenues to be available if they are collected within 9 months of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting.

FTE dollars, grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. All other revenues items are considered to be measurable and available only when cash is received by the School.

The School's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as applicable to state and local governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

**Assets, Liabilities and Net Position**

Cash and Cash Equivalents

The School considers all highly liquid investments with a maturity of three months or less when purchased to be cash and cash equivalents. The School has no cash equivalents at June 30, 2016.

Receivables

All intergovernmental receivables are considered to be collectible. No allowance for uncollectible is considered necessary.

**Assets, Liabilities and Net Position (Continued)**

Due From Other Agencies

The Due From Other Agencies in the accompanying statement of net position and balance sheet – governmental fund represents capital outlay funds receivable from the School Board. These receivables are considered to be fully collectible and as such, no allowance for uncollectable accounts is recorded.

Prepaid Expenses

Certain prepayments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses in both government-wide and fund financial statements. The cost of prepaid expenses is recorded as expenses when consumed rather than when purchased.

Capital Assets

Capital assets, which include improvements other than buildings and classroom furniture, fixture, textbooks, equipment and others, are reported in the government-wide financial statements. Capital assets are defined by the School as assets with an initial, individual or collective cost of more than \$750 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capital assets of the School are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Improvements other than buildings	10
Classroom furniture, fixtures, equipment and others	3 - 7

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net positions that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The School does not have any items that qualify for reporting in this category.

Fund Balance/Net Position

GASB defines fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

---

Fund Balance/Net Position (Continued)

*Nonspendable* - This classification includes amounts that cannot be spent because they are either (a) not in spendable form (i.e. inventories and prepayments) or (b) are legally or contractually required to be maintained intact.

*Restricted* - This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

*Committed* - This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the School's Board of Directors. These amounts cannot be used for any other purpose unless the School's Board of Directors removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

*Assigned* - This classification includes amounts that are constrained by the School's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the School's Board of Directors.

*Unassigned* - This classification consists of the fund balance for the General Fund. Unassigned amounts are the portion of fund balance which is not obligated or specifically designated and is available for any purpose.

The government-wide financial statements utilize a net position presentation. Net position is categorized as investment in capital assets (net of related debt) and restricted and unrestricted.

*Investment in Capital Assets (net of related debt)* - is intended to reflect the portion of net assets which are associated with non-liquid capital assets less outstanding capital asset related debt. The net related debt is debt less the outstanding liquid assets and any associated unamortized cost.

*Restricted Net Position* - represent liquid assets (generated from revenues and not bond proceeds) which have third party (statutory, bond covenant or granting agency) limitations on their use. The School would typically use restricted net position first, as appropriate opportunities arise, but reserve the right to selectively defer the use thereof to a future project or replacement equipment acquisition.

*Unrestricted Net Position* - represent unrestricted assets.

When both restricted and unrestricted resources are available for use, it is the School's policy to use restricted resources first, then unrestricted resources as they are needed. When expenditure is incurred for the purpose of which both restricted and unrestricted funds are available, the School considers restricted funds to have been spent first. When expenditures are incurred for which committed, assigned, or unassigned fund balances are available, the School considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the School has provided otherwise in its commitment or assigned actions.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may differ from actual results.

NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2016

**1. REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Revenue Sources**

Revenues for operations are received primarily from the Miami-Dade County District School Board pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter, the School reports the number of full-time equivalent students and related data to the District. Under the provisions of Section 1011.62, of the Florida Statutes, the District reports the number of full-time equivalent students and related data to the Florida Department of Education ("FDOE") funding through the Florida Education Finance Program. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the Florida Education Finance Program and the actual full-time equivalent students reported by the School during the designated full-time equivalent student survey periods.

**Income Taxes**

Lincoln-Marti Charter Schools, Inc. qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3), and is therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

**Subsequent Events**

The School has evaluated subsequent events through August 26, 2016 which is the date the financial statements were available to be issued.

**2. CASH**

The School's cash includes cash on hand and demand deposits. At June 30, 2016 the carrying amounts of the School's deposits were \$833,569, while the bank balances of such deposits were \$1,141,493. The School's deposit are insured up to \$250,000 by the Federal Deposit Insurance Corporation ("FDIC"). At times, bank balances may potentially be in excess of the FDIC coverage. All cash in the bank is held in banking institutions approved by the State of Florida, State Treasurer.

**3. COMMITMENTS AND CONTINGENCIES**

---

**Leases**

The School entered into a lease agreement for the School premises with D.P. Real Estate Holdings, LLC ("DP"), a related party, on October 30, 2015 which effectively terminated the former lease with DP. The School is responsible for the leasehold improvements, repairs and maintenance, and the insurance of the properties. The lease term is for a period of eleven years, expiring in 2026, and includes a provision for escalating annual rentals based on a rate of 4% per year. The provision to escalate the annual rent by 4% will be negotiated yearly.

The School also entered into a lease agreement for a portion of the premises located at 103 E Lucy Street, Florida City, 33034 with DP on February 9, 2015. The lease term is for a period of five years, expiring in 2020, with annual rent payments of approximately \$28,000 which is included in operation of plant on the statement of activities, payable in equal monthly installments due in advance at the beginning of each month.

The School entered into a lease agreement for the School premises with RIO Towers, Ltd. ("RIO Ltd"). The School is responsible for the leasehold improvements, repairs and maintenance, and the insurance of the properties. The lease term is for a period of five years, expiring in 2019, and includes a provision for escalating annual rentals based on a rate of 3% per year. The provision to escalate the annual rent by 4% will be negotiated yearly. The rental expenses were allocated between Little Havana Campus Charter School and Lincoln-Martí Community Agency, Inc.

2021	978,000
Thereafter	<u>6,083,000</u>
	<u><b>\$ 10,987,000</b></u>

**Risk Management**

The School is exposed to various risks of loss related torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which the School carries property and liability insurance. Settlement amounts do not exceed insurance coverage. In addition, there have been no reductions of insurance coverage during the year.

**Management Services Agreement**

The School entered into a five-year management agreement with a charter management company Educational Management Associates, LLC ("EMA") to provide management and administrative services to the School. The agreement expires on April 24, 2018. On April 25, 2013, the agreement was modified providing for changes in the management fee structures requiring the School to pay, as compensation, a management fee of \$500 per Full Time Equivalent ("FTE") per annum. Prior to this date, management fee was based on the full amount of the actual net operating income of the School. Management fee expense during the fiscal year 2016 were approximately \$416,000, which is included in fiscal services on the statement of activities.

**5. RELATED PARTY TRANSACTIONS**

---

Related party transactions occurred during the year with the following entities:

**School Board**

Pursuant to the Charter School Agreement with the School Board, the School Board is paid an administrative fee of up to five percent (2%) of the qualifying revenues of the School. During the year ended June 30, 2016, approximately \$34,000 was paid to the School Board for administrative fees. Pursuant to the Charter School Agreement with the School Board, the School receives from the School Board an FTE for each full-time equivalent student enrolled. There were 785 full time students enrolled during the year ended June 30, 2016. The School also receives other allowances based upon students enrolled.

**D.P. Real Estate Holdings, LLC.**

The School is related to DP as a result of the School's business relationship with EMA. Both DP and EMA share the same principal officer. During the year ended June 30, 2016, lease expenses for the rental of the school property between DP and the School was approximately \$885,000 which is included in operation of plant on the statement of activities.

**Educational Management Associates, LLC**

During the year ended June 30, 2016, the School incurred expenses under the term of the agreement with EMA for approximately \$416,000 which is included in fiscal services on the statement of activities. The amount due to the School as of June 30, 2016 was approximately \$69,000.

**Lincoln-Marti Charter Schools, Inc. (Hialeah Campus Charter School)**

Lincoln-Marti Charter Schools, Inc. is an entity within Lincoln-Marti Charter Schools, Inc. During the year ended June 30, 2016, the School advanced funds of \$195,000 to Lincoln-Marti Charter Schools, Inc. (Hialeah Campus Charter School) to provide cash flows for the operations of the Hialeah Campus Charter School. The advances are non-interest bearing and due on demand. The amount due from the Hialeah Campus Charter School as of June 30, 2016 was \$195,000.

**U.S. Community Transportation, Inc.**

The School is a related party to U.S. Community Transportation, Inc. as a result of the form of the borrowing transactions. Additionally, the School paid U.S. Community Transportation, Inc. approximately \$12,000 for transportation services during the year ended June 30, 2016.

**Lincoln-Marti Community Agency, Inc.**

The School is a related party to Lincoln-Marti Community Agency, Inc. as a result of the terms and conditions of the meal program. The School participates in a meal program with a related party, Lincoln-Marti Community Agency, Inc., whom purchases, prepares and delivers the food to the School. The School recorded approximately \$649,000 in food services as a contribution and expense during the year ended June 30, 2016.

**6. CURRENT VULNERABILITY DUE TO CONCENTRATION**

---

During the year ended June 30, 2016, the School received most of its support from the Miami-Dade School Board. It is reasonably possible that in the near term these programs could increase or decrease due to budget modifications at the School Board, which could affect the School and its ability to continue operations. The School has considered this possibility and would seek other funding sources to continue its operations if any decreases were to occur.

NOTE TO BUDGETARY COMPARISON SCHEDULE  
FOR THE YEAR ENDED JUNE 30, 2016

**1. BUDGETS AND BUDGETARY ACCOUNTING**

---

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. All annual appropriations lapse at year-end. The original budget and any subsequent amendments are approved by the Board of Directors. For the year ended June 30, 2016, there were no amendments to the original budget.

The general fund actual revenues were \$6,349,877 for the fiscal year ended June 30, 2016. That amount is above the budget estimates primarily due to higher FTE students than expected and due to contribution income of \$681,698. The actual expenditures of the general fund were \$5,948,795 for the year ended June 30, 2016. This is over the budget estimates primarily due to higher than expected instruction, food services and fiscal services expenditures. The excess of expenditures was funded by contribution income.

SUPPLEMENTARY AUDITOR'S REPORTS

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

---

To the Board of Directors and Officers of  
Lincoln-Martí Charter Schools, Inc.  
Little Havana Campus Charter School  
(A Component Unit of the School Board of Miami-Dade County)

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and major fund, of Lincoln-Martí Charter Schools, Inc. (Little Havana Campus Charter School) (the "School") (a Component unit of the School Board of Miami-Dade County), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated August 26, 2016.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity. The official title of the entity is Lincoln-Marti Charter Schools, Inc. (Little Havana Campus Charter School).

### **Financial Condition**

Sections 10.854(1)(e)2., Rules of the Auditor General, requires that we report the results of our determination as to whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the School did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for the School. It is management's responsibility to monitor the School's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

### **Transparency**

Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require that we report the results of our determination as to whether the School maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that the School maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.
