#### INDEPENDENT AUDITOR'S REPORT

To the Board Members of Alpha Charter of Excellence, Inc. Miami, Florida

I have audited the accompanying Financial Statements of the governmental activities, and each major fund, of Alpha Charter of Excellence, Inc. ("the School") (a nonprofit organization) as of and for the year ended June 30, 2016, which collectively comprise the School's basic financial statements as listed in the foregoing Table of Contents. These financial statements are the responsibility of the Management of the School. My responsibility is to express an opinion on these financial statements based on my audit.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

#### Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

To the Board Members of Alpha Charter of Excellence Inc. Miami, Florida
Page 2

#### **Opinion**

In my opinion, the financial statements referred to above and the Statement of Revenues, Expenditures and Changes in Fund Balance-Budget (GAAP Basis) and Actual-All Governmental Fund Types present fairly, in all material respects, the respective financial position of the governmental activities, and each major fund, of the School as of June 30, 2016, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued my report dated August 29, 2016, on my consideration of the School's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

#### Other Matters

The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplemental information required by the Governmental Auditing Board. I have applied certain limited procedures, which consisted principally of inquiries of Management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

Palm Beach Gardens, Florida August 29, 2016

Our discussion and analysis of Alpha Charter of Excellence, Inc.'s ("the School") financial program provides an overview of the School's financial activities for the year ended June 30, 2016.

Because the information contained in this discussion is intended to highlight significant transactions, it should be read in conjunction with the School's financial statements, which begin on page 7.

For financial statement purposes the School is considered a component unit of the School Board of Miami-Dade County, which is a primary government entity for financial reporting. The School has included separate statements for the Governmental Fund Balance Sheet and the statement of Revenue, Expenditures and Changes in Fund Balance. The Statement of Net Position and the Statement of Activities report provide information on the activities of the School. The Fund Financial Statements reflect financing activities of the School by providing information on inflows and outflows of spendable resources.

#### NON FINANCIAL HIGHLIGHTS

The School had 300 students enrolled for the school year 2016, which was approximately the same as budgeted. It has budgeted for 340 students for the school year 2016-2017.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

#### Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the School's financial position. Included in these statements are all assets and liabilities using the accrual basis of accounting. All of the current year's revenues and expenses are recorded when received.

The Statement of Net Position presents information on all of the School's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

#### Fund Financial Statements

A *Fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives.

#### OVERVIEW OF THE FINANCIAL STATEMENTS (Cont'd.)

#### Fund Financial Statements (Cont'd.)

Governmental Funds — All of the School's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School's governmental activities and the basic services it provides.

#### Notes to the Financial Statements

The *Notes to the Financial Statements* provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 15-22 of this report.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net positions may serve over time as a useful indicator of the School's financial position. The School's assets exceeded liabilities by \$271,648 at June 30, 2016.

#### NET POSITION

#### **BUDGETARY HIGHLIGHTS**

Total revenues were \$26,401 more than budgeted because student enrollment was marginally higher than budgeted.

Overall actual expenses were approximately \$14,929 less than budgeted primarily because of lower instruction and food costs.

Total fund balance of the General Fund was \$165,463 at June 30, 2016.

#### CAPITAL ASSETS

The School's investment in capital assets at June 30, 2016 was \$106,185 (net of depreciation). The investment includes improvements other than buildings, furniture, fixtures and equipment. The following is a summary of capital assets balances at June 30, 2016:

Improvements other than Buildings	\$ 308,008
Furniture, Fixtures and Equipment	169,734
	 477,742
Less Accumulated Depreciation	 371,557
	\$ 106,185

#### LONG TERM DEBT

The Note Payable balance at June 30, 2016 was \$5,887. The Note matures on August 15, 2016, and bears interest of 7% per annum.

#### PROSPECTS FOR THE FUTURE

The School continues to receive funds from State sources in the form of Florida Education Finance Program Fees (FEFP). The fees are evaluated in October and February and are based on student enrollment.

- Administration believes that the School will receive a high rating from the Department of Education, based on test scores and academic achievement.
- The School should surpass its budgeted amount of 340 students for the 2016-2017 School Year.
- The Administration believes that the School will progress and contribute to the educational requirements of Dade County.

#### REQUESTS FOR INFORMATION

The Management Discussion and Analysis provides a general overview of the finances of the School. Requests for additional information should be addressed to Isabel Navas, Principal, 1217 SW Fourth Street, Miami, FL 33135.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Reporting Entity

Alpha Charter of Excellence, Inc. ("the School") was established as a nonprofit organization in June 2010 under the laws of the State of Florida and is the reporting entity.

The School operates as a Charter School pursuant to a Charter School Contract ("the Contract") with the School Board of Miami-Dade County, Florida. Under the Contract the School provides an elementary education to children who reside in Dade County in and around the City of Miami. For financial statement purposes the School is considered a component unit of the School Board of Miami-Dade County, which is a primary government entity for financial reporting.

The School Board of Miami-Dade County received 5% of the Florida Education Finance Program (FEFP) revenue as an administrative fee.

The School began its operations July 1, 2012. The School received a five year Charter Contract to June 30, 2017. The Contract requires the School Board to provide the School's primary source of funding based upon the number of full-time equivalent students (FTES) registered at the School.

The School is a tax-exempt organization under 501(C)(3) of the Internal Revenue Code.

The School's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Government Accounting Standards Board (GASB) is responsible for establishing GAAP for school districts through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the School are discussed below.

#### **Basic Financial Statements**

The School's basic financial statements are the Statements of Net Position and the Statement of Activities. All the activities of the School are classified as governmental type activities. There are no business type activities of the School. All the School's governmental type activities are included in the general and special revenue funds. There are no other major or non-major funds. In the Statement of Net Position, the governmental activities column is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt obligations. The School's net position is reported in three parts – invested in capital assets, net of related debt; restricted for categorical carryover programs, debt service; and unrestricted net position.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

#### Basic Financial Statements (Cont'd.)

The Statement of Activities reports both the gross and net cost of each of the School's functions. The functions are also supported by government revenues such as Florida Education Finance Program (FEFP), and Federal Implementation Grants. The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants.

Program revenues must be directly associated with the function (after care and youth services, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants column reflects capital-specific grants.

#### **Fund Financial Statements**

Fund financial statements are provided for governmental funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures. Major individual governmental funds are reported as separate columns in the fund financial statements:

General Fund – is the School's primary operating fund. It accounts for all financial resources of the School, except those required to be accounted for in another fund.

Special Revenue Fund – accounts for specific revenue, such as federal grants and capital outlay grants that are legally restricted to expenditures for particular purposes.

#### Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounting and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

#### Accrual

The governmental type activities in the financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. When both restricted and unrestricted resources are available for use, it is the policy of the School to use restricted resources first, then unrestricted resources as they are needed.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

#### Measurement Focus

The accounting and financial reporting treatment is determined by applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets and liabilities).

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet and operating statements present increases (i.e. revenues) and decreases (i.e. expenses) in net assets.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e. revenues and other financing sources) and decreases (i.e. expenditures and other financial uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized when they become measurable and available to finance expenditures of the fiscal period. For this purpose, the School considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles include the use of estimates that affect the financial statements. Accordingly, actual results could differ from those estimates.

#### Concentration of Credit Risk

Financial instruments that subject the School to concentrations of credit risk include cash. While the School attempts to limit its financial exposure, its deposit balances may at times exceed federally insured limits. The School has not experienced any losses on such balances.

Cash deposits are held at banks qualified as public depositories under Florida law.

#### Fair Value Measurements

The Fair Value Measurement Topic of the FASB Accounting standards Codification defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

#### Fair Value Measurements (Cont'd.)

The School measures the fair value of assets and liabilities as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants at the measurement date. The fair value hierarchy distinguishes between independent observable inputs and unobservable inputs used to measure fair value as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted market prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs for an asset or liability. Level 3 inputs should be used to measure fair value to the extent that observable Level 1 or 2 inputs are not available.

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of assets and liabilities and their placement within the fair value hierarchy levels.

#### Contributed Services and Facilities

The School does not recognize any support, revenue or expense from services contributed by individual volunteers since no objective basis is available to measure the value of such services. However, a substantial number of volunteers have donated significant amounts of time to the School's program services.

#### **Budgetary Basis of Accounting**

Budgets are presented on the modified accrual basis of accounting. During the fiscal year expenditures were controlled at the object level (i.e. salaries, purchased services, and capital outlay).

#### Capital Assets

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

#### Capital Assets (Cont'd.)

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Furniture, Fixtures and Equipment	5-10 Years
Building & Fixed Equipment	10 Years
Improvements other than Buildings	5 Years

#### Revenue Sources

Revenues for operations are received primarily from the School Board of Miami-Dade County pursuant to the funding provisions included in the School's Charter. In accordance with the funding provisions of the Charter and Section 1002.33, Florida Statutes, the School will report the number of full-time equivalent (FTE) students and related data to the School Board of Miami-Dade County. Funding for the School is adjusted during the year to reflect the revised calculations by the Florida Department of Education under the Florida Education Finance Program and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods.

#### Fund Balance Classifications

GASB requires the fund balance amounts to be properly reported within one of the fund balance categories listed below:

- a) Nonspendable fund balance includes amounts that are not in a spendable form such as inventories, prepaid expenses, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed or assigned). There was a nonspendable fund balance at year end.
- b) Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally, or through enabling legislation. There was no restricted fund balance at year end.
- c) Committed fund balance includes amounts than can be used only for the specific purposes determined by a formal action of the School's highest level of decision making authority. There was no committed fund balance at year end.
- d) Assigned fund balance includes amounts intended to be used by the School's Management for specific purposes but which does not meet the criteria to be classified as restricted or committed. There was no assigned fund balance at year end.
- e) Unassigned fund balance includes amounts that are available for any purpose. These amounts are reported only in the general fund. There was an unassigned fund balance at year end.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

#### Order of Fund Balance Spending Policy

The School's policy is to apply expenditures against nonspendable fund balance, followed in order by restricted fund balance, committed fund balance, assigned fund balance, and lastly unassigned fund balance at the end of the fiscal year. The School's Board of Directors can deviate from this policy if it is in the best interest of the School.

Transfer of funds between the General Fund and Special Revenue Fund in the amount of \$3,164 was for additional costs related to the Title 1 Program.

#### NOTE 2 - CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2016, were as follows:

· · · · · · · · · · · · · · · · · · ·	Balance Beginning		dditions	<u>Disposals</u>	Balance Ending
Improvements other than Buildings Furniture, Fixtures & Equipment	\$ 308,008 169,734	\$	· .	\$ -	\$ 308,008 169,734
	 477,942		-	_	477,942
Less Accumulated Depreciation	274,601	,	96,956		371,557
NET CAPITAL ASSETS	\$ 203,141	\$	(96,956)	\$ -	\$ 106,185

Depreciation expense of \$96,956 was unallocated during the year ended June 30, 2016.

#### NOTE 3 - LONG TERM DEBT

	. Beginning	Additions	Reductions	Balance	Payments due within
					one year
June 30, 2016	\$ 73,921	\$ -	68,034	\$5,887	\$5,887

Future minimum payments on long-term debt are as follows:

	\$ 5.887	\$ 22
June 30, 2017	5,887	 22_
	<u>Principal</u>	<u>Interest</u>

#### NOTE 4 – MANAGEMENT AGREEMENT

The School has a Management Agreement with the Leona Group Florida, LLC (TLGF) to provide management services for the School dated February 12, 2012. The Agreement is for five years, the same as the Charter School Contract with the School Board of Miami-Dade, Florida and ends on June 30, 2017. The Agreement calls for TLGF to provide educational services to the School in the areas of curriculum development and instruction, administrative services, business administration and budgeting, and technology and professional development. Under the terms of the Agreement the School will pay TLGF \$460 per full time equivalent student. Total management fees for the year ended June 30, 2016 were \$156,970.

#### NOTE 5 - COMMITMENTS AND CONTINGENCIES

#### Lease Agreement

The School operates under a non-cancelable operating lease, which expires in June 2017. Annual rental expenses for the year ended June 30, 2016 were approximately \$331,000. As the School's charter expires June 30, 2017, future minimum lease payments are presented for only one year. Future minimum lease payments are as follows:

June 30, 2017	 330,000
	\$ 330,000

#### Risk Management

The School is exposed to various risks of loss related to theft, damage to, and destruction of assets, errors and omissions; injuries to employees; and natural disasters. The School purchases commercial insurance for all material risks of loss to which the School is exposed, including general liability, property, auto and workers compensation. A review of the last four years reveals that settled claims have not exceeded insurance coverage.

The School receives funding from the State of Florida based on the number of full time equivalent (FTE) students who attend the Charter School. The data is compiled by the School and is subject to audit by the State and if errors are found this could result in amounts having to be repaid to the State or decrease in future allocations. Management believes that the amounts that would have to be remitted to the State due to errors in their FTE count would not be material to the financial position of the School.

#### NOTE 6 – SUBSEQUENT EVENTS

Management has evaluated events that occurred subsequent to the year-end for potential recognition or disclosure in the financial statements, through the date on which the financial statements were available to be issued. The date when the financial statements were available to be issued was August 29, 2016. Management's evaluation did not reveal any subsequent events that would have a material effect on the financial statements.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board Members of Alpha Charter of Excellence, Inc., Miami, Florida

I have audited the financial statements of Alpha Charter of Excellence, Inc. ("the School") (a nonprofit organization) as of and for the year ended June 30, 2016, and have issued my report thereon dated August 29, 2016. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control over Financial Reporting

In planning and performing my audit, I considered the School's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the School's internal control over financial reporting

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

To The Board Members of Alpha Charter of Excellence, Inc. Miami, Florida Page 2

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board Members, Management, others within the organization and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### MANAGEMENT LETTER

To the Board Members of Alpha Charter of Excellence, Inc. Miami, Florida

#### Report on the Financial Statements

I have audited the financial statements of Alpha Charter of Excellence, Inc., Florida, ("the School") as of and for the fiscal year ended June 30, 2016, and have issued my report thereon dated August 29, 2016.

#### Auditor's Responsibility

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

#### Other Reports and Schedules

I have issued my Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*.

#### Prior Audit Findings

• Section 10.854(1)(e)1., Rules of the Auditor General, requires that I determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

#### Official Title

• Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity. The official title of the entity is Alpha Charter of Excellence, Inc.

#### Financial Condition

- Section 10.854(1)(e)2., Rules of the Auditor General, requires that I report the results of my determination as to whether or not the Alpha Charter School of Excellence, Inc. has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with my audit, I determined that Alpha Charter of Excellence, Inc. did not meet any of the conditions described in Section 218.503(1), Florida Statutes.
- Pursuant to Sections 10.854(1)(e)6.a. and 10.855(12), Rules of the Auditor General, I applied financial condition assessment procedures for the Alpha Charter of Excellence, Inc. It is management's responsibility to monitor Alpha Charter of Excellence, Inc.'s financial condition, and my financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

#### Transparency

• Sections 10.854(1)(e)7. and 10.855(13), Rules of the Auditor General, require that I report the results of my determination s to whether the Alpha Charter of Excellence, Inc. maintains on its web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with my audit, I determined that the Alpha Charter o Excellence, Inc. maintained on its web site the information specified in Section 1002.33(9)(p), Florida Statutes.

#### Other Matters

- Section 10.854(1)(e)3., Rules of the Auditor General, requires that I address in the management letter any recommendations to improve financial management. In connection with my audit, I did not have any such recommendations.
- Section 10.854(1)(e)4., Rules of the Auditor General, requires that I address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with my audit, I did not have any such findings.

#### Purpose of this Letter

My management letter is intended solely for the information and use of the Legislative Auditing Committee, Members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Directors, applicable management, and Miami-Dade County Public Schools and is not intended to be and should not be used by anyone other than these specified parties.
