INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Florida International Academy
Miami, Florida

We have audited the accompanying financial statements of the governmental activities and each major fund of Florida International Academy (the "School") a department of Florida International Academy, Inc. and a component unit of the School Board of Miami-Dade County, Florida, as of and for the year ended June 30, 2012, which collectively comprise the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements of the School, a department of Florida International Academy, Inc., are intended to present the financial position and changes in financial position of only that portion of the governmental activities and each major fund of Florida International Academy, Inc., that is attributable to the transactions of the School. They do not purport to, and do not, present fairly the financial position of Florida International Academy, Inc. as of June 30, 2012, and its change in financial position or budgetary comparison, where applicable, for the year ended June 30, 2012, in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the School, as of June 30, 2012, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 27, 2012, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 6 and 21 through 22 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**FLORIDA INTERNATIONAL ACADEMY
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2012**

Our discussion and analysis of Florida International Academy (the "School") financial performance provides an overview of the School's financial activities for the year ended June 30, 2012 and 2011. Please read it in conjunction with the School's financial statements which immediately follow this discussion.

FINANCIAL HIGHLIGHTS

The following are highlights of financial activity for the year ended June 30, 2012:

- The School's total assets exceeded its liabilities as of June 30, 2012 by \$ 389,779 (net assets).
- The School's net assets increased by \$ 36,920 during the current fiscal year as a result of this year's operations.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements, which consist of the following two statements, are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all the School's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The statement of activities presents information showing how the School's net assets changed during the year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 7 and 8 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School only has one category of funds - governmental funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the year. Such information may be useful in evaluating the School's near-term financing requirements.

**FLORIDA INTERNATIONAL ACADEMY
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2012**

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and change in fund balance provide reconciliation to facilitate this comparison between governmental funds and governmental activities.

The School maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance. The General, Special Revenue and Capital Projects funds are considered to be the School's major funds.

The School adopts an annual budget for its governmental funds. A budgetary comparison statement has been provided for the General and Special Revenue funds to demonstrate compliance with the budgets adopted for each.

Notes to Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on pages 13 through 20 of this report.

Other Information:

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the School's adopted budget to actual results. Required supplementary information can be found on pages 21 and 22 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of financial position. The following table reflects the condensed government-wide statement of net assets as of June 30:

Florida International Academy		Net Assets	
	2012		2011
CURRENT ASSETS	\$ 452,087	\$	428,003
NONCURRENT ASSETS	188,743		55,219
Total assets	640,830		483,222
CURRENT LIABILITIES	146,985		130,363
NONCURRENT LIABILITIES	104,066		-
Total liabilities	251,051		130,363
NET ASSETS:			
Invested in capital assets, net of related debt	57,984		35,116
Unrestricted	331,795		317,743
Total net assets	\$ 389,779	\$	352,859

**FLORIDA INTERNATIONAL ACADEMY
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2012**

A portion of the School's net assets reflects its investment in capital assets, less any related outstanding debt used to acquire those assets. The School uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the School's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The remaining balance, unrestricted, may be used to meet the School's ongoing obligations.

The following table reflects the School's change in net assets for the years ended June 30, 2012 and 2011.

Florida International Academy Change in Net Assets			
		<u>2012</u>	<u>2011</u>

NET ASSETS, June 30,	\$	<u><u>389,779</u></u>	\$ <u><u>352,859</u></u>

FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

As noted earlier, the School uses fund accounting to maintain control over resources that have been segregated for specific activities or objectives. The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the School's net resources available for spending at the end of the fiscal year.

**FLORIDA INTERNATIONAL ACADEMY
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2012**

The General Fund is the chief operating fund of the School. At the end of year 2012, unassigned fund balance of the General Fund was \$ 231,826, an increase of \$ 66,392 from the prior year. The overall General Fund balance decreased by \$ 39,417.

GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the final amended budget and actual amounts can be briefly summarized as follows:

1. The school budgeted revenue net of the district administrative expense. Adjusting entries were made to recognize revenue and expense resulting in a budget variance for these two items.
2. Education Jobs Funds were included in state sources in the school's budget
3. The school entered into a promissory note for the purchase of a fence. The payments were budgeted but not the revenue and expense for the note and capital asset.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets

The School's investment in capital assets as of June 30, 2012 amounts to \$ 166,698 net of accumulated depreciation. This investment in capital assets is composed of leasehold improvements, vehicles, and office and classroom equipment.

Debt

At June 30, 2012, the School had outstanding debt of \$ 39,719 on its line of credit with a financial institution. In addition, the school funded facility improvements through the issuance of a note payable in the amount of \$ 71,500 during the current fiscal year.

ECONOMIC FACTORS

Facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations of the School in the year 2012 include the addition of a projected increase of 25 students

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of Florida International Academy, Inc. for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Florida International Academy, Inc.; 13400 NW 28th Avenue, Opa Locka, FL 33054.

EXPENDITURES AND CHANGE IN FUND BALANCE -
GOVERNMENTAL FUND TO THE STATEMENT OF ACTIVITIES
 For the Year Ended June 30, 2012

NET CHANGE IN FUND BALANCE - GOVERNMENTAL FUND, PAGE 11 \$ (30,758)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities, these costs are allocated over their estimated useful lives as a provision for depreciation.

Cost of capital assets	\$ 167,368	
Provision for depreciation	<u>(35,786)</u>	131,582

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets

Proceeds from debt	(71,500)	
Repayment of debt principal	<u>7,596</u>	<u>(63,904)</u>

CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES, PAGE 8 \$ 36,920

The accompanying notes to basic financial statements are an integral part of these statements.

FLORIDA INTERNATIONAL ACADEMY
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2012

NOTE 1 - ORGANIZATION AND OPERATIONS

Florida International Academy (the "School"), a department of Florida International Academy, Inc. and a component unit of the School Board of Miami-Dade County, Florida, is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act, and Section 228.056, Florida Statutes. The School commenced operations in August 1998 and offers classes for grades six through eight in the City of Miami. Three hundred fifty-two (352) students were enrolled in classes when the school year ended June 30, 2012.

In June 2010, the Florida International Academy, Inc. was granted an additional charter from the School Board of Miami-Dade County, Florida to operate a public elementary school within the school district. This school, Florida International Elementary Academy (the "Elementary"), has a separate financial statements and is not part of the School's basic financial statements.

The financial statements of the School present only the balances, activity, and disclosures related to the School. They do not purport to, and do not, present fairly the financial position of Florida International Academy, Inc. as of June 30, 2012 and its change in financial position or budgetary comparisons, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting entity:

The School operates under a charter granted by the sponsoring School Board, the School Board of Miami-Dade County, Florida. The current charter is effective until June 30, 2015, and may be renewed in increments of one year by mutual written agreement between the School and the District. At the end of the term of the charter, the Board may choose not to renew the charter under grounds specified in the charter, in which case the Board is required to notify the School in writing at least ninety days prior to the charter's expiration. During the term of the charter, the Board may also terminate the charter if good cause is shown. Florida International Academy is considered a component unit of the School Board of Miami-Dade County, Florida.

The School may also be financially accountable if an organization is fiscally dependent on the School regardless of whether the organization has a separately elected governing board, a governing board appointed by another government, or a jointly approved board. In addition, component units can be other organizations for which the nature and significance of their relationship with the School are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

As a result of evaluating the above criteria, management has determined that no component units exist for which the School is financially accountable which would require inclusion in the School's financial statements.

Basis of presentation:

Based on the contractual provisions within the School's contract with the School Board of Miami-Dade County, Florida and the provisions of the Florida Statutes, the School is presented as a governmental organization for financial reporting purposes.

Basic financial statements - government-wide statements:

The School's financial statements include both government-wide (reporting the School as a whole) and fund financial statements (reporting the School's major fund). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. All of the School's activities are classified as governmental activities.

FLORIDA INTERNATIONAL ACADEMY
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In the government-wide statement of net assets, the governmental activities column is presented on a consolidated basis, if applicable, and is reported on a full accrual, economic resource basis, which recognizes all noncurrent assets and receivables, as well as all noncurrent debt and obligations. The School's net assets are reported in three parts: invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets.

The government-wide statement of activities reports both the gross and net cost of each of the School's functions. The net costs, by function, are also supported by general revenues (unrestricted contributions, investment earnings, miscellaneous revenue, etc.). The statement of activities reduces gross expenses (including provision for depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

This government-wide focus is more on the ability to sustain the School as an entity and the change in the School's net assets resulting from the current year's activities.

Basic financial statements - fund financial statements:

The accounts of the School are organized on the basis of funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. The School reports the following major funds:

General Fund – This fund is employed in accounting for all the operating activities of the School except those required to be accounted for in another fund

Special Revenue Fund – This fund is used to account for federal grants that are legally restricted to expenditures for particular purposes

Capital Projects Fund – This fund is used to account for state capital outlay funding that is legally restricted to expenditures for particular purposes.

Net assets:

Net assets are classified in three categories. The general meaning of each is as follows:

- Invested in capital assets, net of related debt – represents the difference between the cost of any capital assets, less accumulated depreciation reduced by the outstanding balance of any borrowings used for the acquisition, construction or improvements of those assets, if any.
- Restricted net assets – consists of net assets with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- Unrestricted – indicates that portion of net assets that do not meet the definition of restricted or invested in capital assets, net of related debt.

NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Balance:

The school has implemented the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement provides more clearly defined fund balance classifications to report on the nature and extent to which the School is bound to have constraints on the specific purposes for which amounts in those funds can be spent.

The following classifications describe the relative strength of the spending constraints:

- Nonspendable – amounts that are not in spendable form (such as prepaid items and deposits) or are legally or contractually required to be maintained intact.
- Restricted – amounts constrained to specific purposes by external providers (such as grantors) or imposed by law through constitutional provisions, or by enabling legislation.
- Committed – amounts constrained to specific purposes by formal action of the School itself, using its highest level of decision making authority (i.e., the School Board) through Resolution. To be reported as committed, amounts cannot be used for any other purpose unless the School Board takes the same highest level action (i.e., Resolution) to remove or change the constraint.
- Assigned – amounts the School intends to use for a specific purpose but are neither restricted nor committed. Assignments can be made by the School's body or any delegated authority at their direction.
- Unassigned – amounts that have not been assigned to other funds and that have not been restricted, committed or assigned to specific purposes within the General Fund.

The details of the fund balances are included in the Governmental Balance Sheet on Page 9.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, the School considers restricted funds to have been spent first. When expenditures are incurred for which committed, assigned or unassigned fund balances are available, the School considers amounts to have been spent first out of committed funds, then assigned funds and finally unassigned funds, as needed, unless the School Board or its delegated official or body has provided otherwise in its commitment or assignment actions.

Measurement focus and basis of accounting:

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied. Governmental funds use the current financial resources measurement focus and the governmental-wide statement uses the economic resources measurement focus.

Governmental activity in the government-wide financial statements is presented on the full accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

FLORIDA INTERNATIONAL ACADEMY
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement focus and basis of accounting: (continued)

The governmental fund basic financial statements are presented using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Measurable means the amount of the transaction can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for long-term debt principal and interest which are reported as expenditures in the year due.

Cash and cash equivalents:

Cash and cash equivalents are defined as demand deposits, money market accounts, and short-term investments with original maturities of three months or less from the date of acquisition.

Capital assets:

Capital assets purchased or acquired are capitalized at historical cost or estimated historical cost. Capital assets are defined by the School as assets with an initial cost of \$ 750 and useful life of over one year. Donated capital assets are valued at their estimated fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized and depreciated over the remaining useful lives of the related capital assets. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the estimated useful lives as follows:

Equipment	5 years
Vehicles	5 years
Leasehold improvements	5-10 years

Income Taxes:

The School is a department of a nonprofit corporation whose revenue is derived primarily from other governmental entities. The School is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in these basic financial statements.

Grant and contract revenue:

Grant and contract revenue is recognized when the allowable costs as defined by the individual grant or contract are incurred.

Due from other governments:

Amounts due to the School by other governments or agencies are for grants or programs under which the services have been provided by the School.

FLORIDA INTERNATIONAL ACADEMY
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2012

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Prepaid expenses/expenditures:

Certain payments to vendors reflect cost applicable to a future accounting period and are recorded as prepaid items in both government-wide and fund financial statements.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Unearned/deferred revenue:

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. Deferred revenues, also known as unearned revenue, at the government-wide level, arise only when the school receives resources before it has a legal claim to them.

Date of managements review:

Subsequent events have been evaluated through August 27, 2012, which is the date the financial statements were available to be issued.

NOTE 3 - BUDGET

The School formally adopted a budget for the General Fund by function for the year ended June 30, 2012. The budget has been prepared in accordance with accounting principles generally accepted in the United States of America. A comparison of the actual results of operations to the final budgeted amounts for the General Fund and Special Revenue Fund are presented as required supplemental information.

NOTE 4 - DEPOSITS

At June 30, 2012 the total carrying amount of the School's cash balances was \$ 262,036. The bank balance at local depositories was \$ 339,596, for which the entire balance was insured by the FDIC.

State statute require, and it is the School's policy, that all deposits be made into, and be held by, financial institutions designated by the treasurer of the State of Florida as qualified public depositories as defined by Chapter 280 of the Florida Statutes. This statute requires that every qualified public depository institution maintain eligible collateral to secure the public entity's funds. The minimal collateral to be pledged by an institution, the collateral eligible for pledge, and reporting requirements of the qualified public depositor to the treasurer is defined by the statue. Collateral is pooled in a multiple qualified public depository institution pool with the ability to assess members of the pool should the need arise. The School's deposits are held in a qualified public depository. They are covered by the collateral pool, as the School has identified itself as a public entity at June 30, 2012.

NOTE 5 - CAPITAL ASSETS

A summary of changes in governmental capital assets is as follows:

	Balance at July 1, 2011	Additions	Deletions	Balance at June 30, 2012
	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Capital assets, being depreciated:				
Equipment	\$ 209,420	\$ 2,751	\$ -	\$ 212,171
Vehicles	14,280	-	-	14,280
Leasehold improvements	<u>-</u>	<u>164,617</u>	<u>-</u>	<u>164,617</u>
Total capital assets, being depreciated	<u>223,700</u>	<u>167,368</u>	<u>-</u>	<u>391,068</u>
Accumulated depreciation:				
Equipment	(174,780)	(20,051)	-	(194,831)
Vehicles	(13,804)	(476)	-	(14,280)
Leasehold Improvements	<u>-</u>	<u>(15,259)</u>	<u>-</u>	<u>(15,259)</u>
Total accumulated depreciation	<u>(188,584)</u>	<u>(35,786)</u>	<u>-</u>	<u>(224,370)</u>
Net capital assets	\$ <u>35,116</u>	\$ <u>131,582</u>	\$ <u>-</u>	\$ <u>166,698</u>

Depreciation for the year ended June 30, 2012, amounted to \$ 35,786, of which was allocated to Regular instruction, facilities acquisition and construction and transportation in the amounts of \$ 20,051, \$ 15,259 and \$ 476 respectively.

As part of the School's charter contract, all capital assets purchased with public funds will automatically revert to the district school board upon the non-renewal or termination of the contract.

NOTE 6 - CONTINGENCIES AND COMMITMENTS

Grant funding:

The School received financial assistance from federal, state, and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and may be subject to audit by the grantor agencies. In accordance with OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the Florida Single Audit Act, the School is required to conduct a "single audit" since the required threshold for both Federal and state money is currently \$ 500,000 and the School exceeded such threshold. The School is currently in process of completing this requirement.

Management agreement:

The School also has a contract with a management company to assist the performance of various administrative, operating, and financial duties. Under the terms of the agreement, the School will pay monthly \$ 7,500 through June 2013. The total amount incurred during the year ended June 30, 2012 relating to this contract was \$ 90,000. This contract can be terminated unilaterally by either party if school enrollment falls below 200 students.

FLORIDA INTERNATIONAL ACADEMY
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2012

NOTE 7 – RELATED PARTY TRANSACTIONS

The School is related to Florida International Elementary Academy (“Elementary”) through being operated under the same not-for-profit organization, Florida International Academy, Inc. The Elementary was granted its charter in May 2010, and will begin operations August 2010. The School and the Elementary share various cost inherent with operation out of the same facility and may also advance monies on an interim basis to one another. As a result of these transactions, the School was owed \$ 88,708 as of June 30, 2012.

NOTE 8 – DEBT

During the year, the School financed certain facility improvements through the issuance of a note payable. The note is payable monthly in the amount of \$ 945 including principal and interest at a rate of 10% until November 2021. The balance outstanding on the above note payable as of June 30, 2012 was \$ 68,995.

In addition, the School has a \$ 50,000 revolving unsecured line of credit from a bank expiring July 2012, which bears interest at 3.00% above the prime rate (3.25%) at June 30, 2012. This line of credit is renewable annually with the School’s payment of the Commitment Fee. The balance outstanding on the above mentioned line of credit amounted to \$ 39,719 as of June 30, 2012.

The following table summarizes the debt activity for the year ended June 30, 2012:

	Balance at July 1, 2011	Additions	Deletions	Balance at June 30, 2012	Due In One Year
	<u> </u>	<u> </u>	<u> </u>	<u> </u>	<u> </u>
Note payable	\$ -	\$ 71,500	\$ 2,505	\$ 68,995	\$ 4,648
Credit line	<u>44,810</u>	<u>-</u>	<u>5,091</u>	<u>39,719</u>	<u>-</u>
	<u>\$ 44,810</u>	<u>\$ 71,500</u>	<u>\$ 7,596</u>	<u>\$ 108,714</u>	<u>\$ 4,648</u>

The following are principal over the life of the above loans:

Year Ending <u>June 30</u>	
2013	\$ 4,648
2014	5,135
2015	5,673
2016	6,267
2017	6,923
2018-2022	<u>40,349</u>
	<u>\$ 68,995</u>

FLORIDA INTERNATIONAL ACADEMY
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2012

NOTE 9 - LEASES

The School leases facilities for its operations under a joint agreement with the Elementary where 43% of the lease expense is allocated to the School and 57% is allocated to the Elementary. The lease agreement became effective August 1, 2010 and expires on July 31, 2035. The agreement has the option for four, five year extensions, subsequent to the end of the 25 year lease term. In addition, the Schools have the option to purchase the property for approximately \$ 11,000,000 for the first four years of the agreement. Rent is based on agreed upon amounts for the initial three years and then increased by the consumer price index in effect for the third year. Monthly lease payments are approximately \$ 30,100. Total expense in connection with the facility lease amounted to approximately \$ 356,100 for the year ended June 30, 2012. .

Future base lease payments in accordance with the new agreement are as follows:

<u>Year Ending</u> <u>June 30</u>		
2013	\$	355,700
2014	\$	357,800
2015	\$	357,800
2016	\$	357,800
2017	\$	357,800
2018-2022	\$	1,788,800
2023-2027	\$	1,788,800
2028-2032	\$	1,788,800
2033-2034	\$	1,103,100

NOTE 10 – RISK FINANCING

The School is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School places all insurance risk, less nominal deductibles, in the hands of commercial carriers. At the present time, management believes that any claims the School may have are insured and that any expense associated with them will not materially affect the financial position of the School.

OTHER AUDITORS' REPORTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Florida International Academy
Miami, Florida

We have audited the financial statements of the governmental activities and each major fund of Florida International Academy (the "School"), a department of Florida International Academy, Inc. and component unit of the School Board of Miami-Dade County, Florida, as of and for the year ended June 30, 2012, which collectively comprise the School's basic financial statements and have issued our report thereon dated August 27, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the School's management, members of the Board of Directors, the Auditor General of the State of Florida and the Miami-Dade County Public School District, and is not intended to be and should not be used by anyone other than these specified parties.

KEEFE, McCULLOUGH & CO., LLP

Fort Lauderdale, Florida
August 27, 2012

INDEPENDENT AUDITORS' REPORT TO THE BOARD OF DIRECTORS

To the Board of Directors
Florida International Academy
Miami, Florida

We have audited the basic financial statements of governmental activities, the General Fund, and the aggregate remaining fund information of Florida International Academy (the "School"), a department of Florida International Academy, Inc. and a component unit of the School Board of Miami-Dade County, Florida, as of and for the fiscal year ended June 30, 2012, which collectively comprise the School's basic financial statements and have issued our report thereon dated August 27, 2012.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters. Disclosures in that report, which are dated August 27, 2012, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with Chapter 10.850, Rules of the Auditor General, which governs the conduct of charter school audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditors' reports or schedule.

1. Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding audit report.
2. Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
3. Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address violations of provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

4. Section 10.854(1)(e)5., Rules of the Auditor General, provides that the auditor may, based on professional judgment, report the following matters that are inconsequential to the determination of financial statement amounts, considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, and (2) deficiencies in internal control that are not significant deficiencies. In connection with our audit, we did not have any such findings.
5. Section 10.854(1)(e)6., Rules of the Auditor General, requires the name or official title of the school. The official title of the school is Florida International Academy.
6. Section 10.854(1)(e)2., Rules of the Auditor General, requires a statement be included as to whether or not the school has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the Florida International Academy did not meet any of the conditions described in Section 218.503(1), Florida Statutes.
7. Pursuant to Sections 10.854(1)(e)7.a. and 10.855(11), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the Florida International Academy's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Pursuant to Chapter 119, Florida Statutes, this report is a matter of public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended solely for the use and information of the School's management, the Board of Directors, the Auditor General of the State of Florida and the School Board of Miami-Dade County, and is not intended to be and should not be used by anyone other than these specified parties.
