INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Somerset Academy Elementary School (South Miami Campus) Miami, Florida

We have audited the accompanying financial statements of the governmental activities and each major fund of Somerset Academy Elementary School (South Miami Campus) (the "School"), a charter school under Somerset Academy, Inc., as of, and for the year ended June 30, 2015, which collectively comprises the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Somerset Academy Elementary School (South Miami Campus) at June 30, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

As described in Note 1, the accompanying financial statements referred to above present only the financial position of Somerset Academy Elementary School (South Miami Campus) at June 30, 2015, and the respective changes in financial position for the year then ended, and is not intended to be a complete presentation of Somerset Academy, Inc. These financial statements do not purport to and do not present fairly the financial position of Somerset Academy, Inc. as of June 30, 2015 and its changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Required Supplementary Information

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2015, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 9 and 28 through 29 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis

Somerset Academy Elementary School (South Miami Campus)
(A Charter school Under Somerset Academy, Inc.)
June 30, 2015

The corporate officers of Somerset Academy have prepared this narrative overview and analysis of the school's financial activities for the period ended June 30, 2015.

Financial Highlights

- 1. The net position of the School at June 30, 2015 was \$2,313,972.
- 2. At year-end, the School had current assets on hand of \$1,381,435.
- 3. The School had an increase in its net position of \$168,902 for the year ended June 30, 2015.
- 4. The unassigned fund balance at year end was \$1,172,930.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The School's financial statements for the year ended June 30, 2015 are presented under GASB Codification Section 2200. The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources. The difference is reported as net position. Over time increases or decreases in net position may serve as an indicator of whether the financial position of the School is improving or deteriorating.

The Statement of Activities presents information on how the School's net position changed during the fiscal year. All changes in net position are reported when the underlying event occurs without regard to the timing of related cash flows. Accordingly, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 10 - 11 of this report.

Fund Financial Statements

A "fund" is a collection of related accounts grouped to maintain control over resources that have been segregated for specific activities, projects, or objectives. The School like other state and local governments uses fund accounting to ensure and report compliance with finance-related legal requirements.

All of the funds of the School are governmental funds. Government Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Government Fund financial statements, however, focus on near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources which are available at the end of the fiscal year. Such information may be used to evaluate a government's requirements for near-term financing.

The Board of the School adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the School's budget.

The basic governmental fund financial statements can be found on page 12 - 16 of this report.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 17 - 27 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a charter school's financial position. In the case of the School, the net position was \$2,313,972 at the close of the fiscal year. A summary of the School's net position as of June 30, 2015 and 2014 follows:

	2015	2014
Cash and cash equivalents	\$ 1,307,553	1,032,249
Prepaid expenses	57,956	70,183
Due from other agencies	9,614	16,731
Deposit	6,312	
Long-term receivable from other charter school	225,000	225,000
Capital Assets, net	851,774	965,219
Total Assets	2,458,209	2,309,382
		
Deferred outflows of resources	-	-
Accounts Payable and Accrued Liabilities	142,200	151,941
Deferred revenues	2,037	-
Due to other charter school		12,371
Total Liabilities	144,237	164,312
Deferred inflows of resources	-	-
Net Position:		r .
Net investment in capital assets	1,076,774	1,177,848
Unrestricted	1,237,198_	967,222
Total Net Position	\$ 2,313,972	\$ 2,145,070

At the end of the year, the School is able to report positive balances in total net position.

A summary and analysis of the School's revenues and expenses for the years ended June 30, 2015 and 2014 follows:

	2015	2014
REVENUES		
Program Revenues		
Operating Grants and Contributions	\$ 33,108	\$ 51,647
Capital Outlay Funding	157,742	230,839
Lunch Program	66,634	60,262
Charges for Services	389,252	769,529
General Revenues		
Local Sources(FTE non specific)	2,972,909	3,054,263
Other Revenues	167,251	190,185
Total Revenues	\$ 3,786,896	\$ 4,356,725
EXPENSES		
Component Unit Activities:		
Instruction	\$ 1,966,659	\$ 1,958,648
Instructional staff training	4,043	2,066
Board	54,825	59,879
School administration	362,081	489,569
Facilities acquisition	56,397	58,453
Fiscal services	66,775	71,250
Food services	101,678	97,821
Central services	81,372	104,477
Operation of plant	580,275	654,087
Maintenance of plant	112,131	93,370
Community Services	231,758	386,773
Total Expenses	3,617,994	3,976,393
Increase in Net Position	168,902	380,332
Net Position at Beginning of Year	2,145,070	1,764,738

The School's revenues decreased by \$569,829 and expenses decreased by \$358,399 in the current year. Student enrollment for 2015 decreased by 23 students. The School had an increase in its net position of \$168,902 for the year.

School Location and Lease of Facility

The School leases a facility located at 5876 Southwest 68th Street, Miami, FI 33143

Capital Improvement Requirements

The School maintains a continuous capital improvements program to enhance facilities and update fixtures and equipment as required.

School Enrollment

This past year, the School had approximately 451 students enrolled in kindergarten through fifth grade.

Accomplishments

In 2015, Somerset Academy South Miami ("SoMi") completed its sixth year of operations, serving over 450 students in grades K-5. To date, the State of Florida has not released school grades for the 2014-2015 school year. Last academic year, the school earned a letter grade of "A" for the 4th consecutive year. Based on the points it received under the State of Florida Accountability Program in 2014, SoMi ranked as the highest performing public elementary school in all of Miami-Dade County.

Somerset SoMi offers a rigorous curriculum, featuring bilingual programs in Spanish and Mandarin. In addition, Somerset SoMi provides its students with an extra-curricular program of activities, including team sports and clubs, such as Volleyball, Baseball, Soccer, Basketball, Cheerleading, Dance, and flag football. Somerset SoMi is also a member of the National Elementary Honor Society.

This past year, Somerset SoMi students participated in various school-based events and productions, including the "Reading Under the Stars" Family Night, the "Random Acts of Kindness Week" campaign, the Vocabulary Parade, Reader's Theater, Science Fair Week, the Chinese New Year Celebration, Hispanic Heritage Week, Field Day, the Annual Holiday Show, and SoMi Art Gallery Night. Students also participated in district-wide events such as the Somerset District Annual Spelling Bee, the Somerset Math Bowl (1st place in 5th grade in Team), the Miami Herald Spelling Bee, the Science Fair, Career Day, Earth Day, American Airlines Court of Dreams, Take Your Child to Work Day, and Read Across America Day. In addition, SoMi students got to take educational field trips to places such as: Zoo Miami, plays at Actor's Playhouse, Miami-Dade Environmental Center, Fairchild Tropical Gardens, Museum of Discovery and Science, Jungle Island, Everglades, Disney on Ice, Cauley Square Historic Village for Renaissance Festival, the Disney Experience in Orlando, and St. Augustine, and Knausberry Farms.

Giving back to their community is also very important to students at Somerset SoMi. Throughout the year, students participated in various community service projects, including *Ronald McDonald House*, the *Amigos for Kids Toy Drive*, the *Live Like Bella Fundraiser*, and the *South Miami Community Center Thanksgiving Food and Can Drive*.

As with all Somerset Academy schools, parental involvement is a key part of the educational process at SoMi. The Teacher-Parent-Student partnership plays an integral role in each child's education, as parents volunteer hours of their time and participate in school activities. This past year, SoMi parents produced two outstanding events to help raise funds for the school: a Fishing Tournament and a School Carnival.

Providing valuable professional development activities for its teachers is also a priority for the school. This past year, teachers participated in professional development course/workshops including Reading Coach's meetings, Math and Science workshops, and Special Education courses that apply for teacher recertification.

Providing valuable professional development activities for its teachers is also a priority for the school. This past year, teachers participated in professional development course/workshops including Reading Coach's meetings, Math and Science workshops, and Special Education courses that apply for teacher recertification.

Accomplishments (continued)

As a member of the Somerset Academy network of high quality charter schools, Somerset SoMi is fully accredited by AdvancED under the Southern Association of Colleges and Schools Council on Accreditation and School Improvement (SACS-CASI) division. It is one of only a few public elementary schools in Miami-Dade County to be fully accredited by AdvancEd. As with all the schools within the network, Somerset SoMi places high expectations for student learning and offers multiple opportunities for allstudents to acquire requisite knowledge, skills, and attitudes in a safe and nurturing environment. Key to achieving successful learning for all students is the school's implementation of research—based instructional strategies by a highly qualified instructional staff, and the use of innovative resources in a technology-rich setting.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, the unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Most of the School's operations are funded in the General Fund. The majority of the General Fund revenues are distributed to the School by the District through the Florida Education Finance Program (FEFP), which uses formulas to distribute state funds and an amount of local property taxes (i.e., required local effort) established each year by the Florida Legislature.

At the end of the fiscal year, the School's governmental general fund reported ending fund balance of \$1,237,198. The fund balance unassigned and available for spending at the School's discretion is \$1,172,930. These funds will be available for the School's future ongoing operations.

Capital Assets

The School's investment in capital assets as of June 30, 2015 amounts to \$851,774 (net of accumulated depreciation). This investment in capital assets includes furniture, fixtures and computer equipment. As of June 30, 2015, the School had no long term debt related to capital assets.

Governmental Fund Budget Analysis and Highlights

Prior to the start of the School's fiscal year, the Board of the Charter School adopted an annual budget. A budgetary comparison statement has been provided for total governmental funds (both general fund and special revenue funds) to demonstrate compliance with the School's budget.

	Governmental Fund					
	Original					
	Budget	Final Budget	Actual			
REVENUES	•					
Program Revenues						
State capital outlay funding	\$ 135,000	\$ 156,000	\$ 157,742			
Federal sources	30,000	33,500	33,108			
Lunch program	65,000	65,500	66,634			
General Revenues						
FTE nonspecific revenues	2,943,500	2,970,000	2,972,909			
Charges and other revenues	577,696	555,000	556,503			
Total Revenues	3,751,196	3,780,000	3,786,896			
CURRENT EXPENDITURES						
Component Unit Activities						
Instruction	1,898,000	1,880,000	1,873,817			
Instructional staff training	5,000	4,500	4,043			
Board	55,000	55,000	54,825			
School administration	365,000	365,000	361,526			
Fiscal services	67,000	67,575	66,775			
Food services	95,000	99,000	98,788			
Central services	85,000	82,000	81,372			
Operation of plant	525,000	556,000	554,669			
Maintenance of plant	115,000	115,000	112,131			
Community Services	235,000	232,000	231,758			
Total Current Expenditures	\$ 3,445,000	\$ 3,456,075	\$ 3,439,704			

Most variances occurred as a result of the Budget adopted being more conservative than actual results for the year.

Requests for Information

This financial report is intended to provide a general overview of the finances of the Charter School. Requests for additional information may be addressed to Ms. Ana Martinez at Academica Dade, LLC 6340 Sunset Drive Miami, Florida 33143.

Reconciliation of the Governmental Fund Balance Sheet to the Statement of Net Position For the year ended June 30, 2015

Total Fund Balance - Governmental Funds

\$ 1,237,198

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets of \$1,845,071 net of accumulated depreciation of \$993,297 used in governmental activities are not financial resources and therefore are not reported in the fund.

851,774

Long-term recivable from landlord will not be allocated as a rental credit during the current period and therefore is not reported in the fund.

225,000

Long term liabilities were not due and payable in the current period and, therefore, are not reported in the fund.

\$ 2,313,972

Total Net Position - Governmental Activities

The accompanying notes are an integral part of this financial statement.

Reconciliation of the Statement of Revenues, Expenditures an Changes in Fund Balance of Governmental Funds to the Statement of Activities

For the year ended June 30, 2015

Net Change in Fund Balance - Governmental Funds

\$ 269,976

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays of \$64,845 exceeded depreciation expense of \$178,290.

(113,445)

Increase in long term payables is a current resource in the governmental funds, but a increase long-term debt. Repayment of such debt reduces long-term liabilities in the statement of net position. This is the amount by which increase in long-term payable of \$0 exceeded repayments of in the current period.

12,371

Change in Net Position of Governmental Activities

(A charter school under Somerset Academy, Inc.) Notes to Financial Statements June 30, 2015

Note 1 – Summary of Significant Accounting Policies

Reporting Entity

Somerset Academy Elementary School (South Miami Campus) (the "School"), is a charter school sponsored by the School Board of Miami-Dade County, Florida (the "District"). The School's charter is held by Somerset Academy, Inc., a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not-For-Profit Corporation Act. The governing body of the School is the board of directors of Somerset Academy, Inc., which is composed of eight members and also governs other charter schools. The board of directors has determined that no component units exist that would require inclusion in the School's financial statements.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter granted by the sponsoring district, the School Board of Miami-Dade County, Florida. The current charter expires on June 30, 2018 and is renewable for an additional term pursuant to law and/or by a mutual written agreement between the School and the District. At the end of the term of the charter, the District may choose not to renew the charter under the grounds specified in the charter in which case the District is required to notify the School in writing at least 90 days prior to the charter's expiration. During the term of the charter, the District may terminate the charter if good cause is shown. The School is located in Miami, Florida for students from kindergarten through fifth grades and is funded by the District. These financial statements are for the year ended June 30, 2015, when approximately 451 students were enrolled for the school year.

Basis of presentation

The School's accounting policies conform to accounting principles generally accepted in the United States as applicable to state and local governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section of deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The School does not have any items that qualify for reporting in this category.

(A charter school under Somerset Academy, Inc.) Notes to Financial Statements June 30, 2015

Note 1 – Summary of Significant Accounting Policies (continued)

Government-wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report information about the School as a whole. Any internal interfund activity has been eliminated from these financial statements. Both statements report only governmental activities as the School does not engage in any business type activities. These statements also do not include fiduciary funds.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees; (2) operating grants such as the National School Lunch Program, Federal grants, and other state allocations; and (3) capital grants specific to capital outlay. Other revenue sources not properly included with program revenues are reported as general revenues.

Fund Financial Statements

Fund financial statements are provided for governmental and fiduciary funds, even though the fiduciary funds are not included in the government-wide financial statements. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures. Major individual governmental funds are reported as separate columns in the fund financial statements:

General Fund - is the School's primary operating fund. It accounts for all financial resources of the school, except those required to be accounted for in another fund.

Special Revenue Fund - accounts for specific revenue, such as capital outlay funding and federal lunch program that are legally restricted to expenditures for particular purposes.

Agency Fund – School's internal funds accounts for resources of the schools' Internal Fund which is used to administer monies collected at the schools in connection with school, student activities, class, and club activities.

Measurement Focus and Basis of Accounting

The financial statements of the School are prepared in accordance with generally accepted accounting principles (GAAP). The School's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) Codification of Accounting and Financial Reporting Guidance.

The government-wide statements report using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

(A charter school under Somerset Academy, Inc.) Notes to Financial Statements June 30, 2015

Note 1 – Summary of Significant Accounting Policies (continued)

Measurement Focus and Basis of Accounting-continued

The School recognizes assets of non-exchange transactions in the period when the underlying transaction occurs, when an enforceable legal claim has arisen, or when all eligibility requirements are met. Revenues are recognized, on the modified accrual basis, when they are measurable and available. Non-exchange transactions occur when the school provides (or receives) value to (from) another party without receiving (or giving) equal or nearly equal value in return. Most donations are examples of non-exchange transactions. Revenues from grants and donations are recognized on the accrual basis, in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. "Measurable" means the amount of the transaction can be determined. "Available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Florida Education Finance Program (FEFP) revenues are recognized when received. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Charges for services and fees are recognized when cash is collected as amounts are not measurable. When grant terms provide that the expenditure of funds is the prime factor for determining eligibility for federal, state, and other grant funds, revenue is recognized at the time the expenditure is made. Expenditures are recorded when the related fund liability is incurred, except for long-term debt principal and interest which are reported as expenditures in the year due.

Agency fund assets and liabilities are accounted for on the accrual basis of accounting.

Budgets and Budgetary Accounting

In compliance with Florida Statutes, the Board of Directors adopts an annual budget using the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g. salaries and benefits, purchased services, materials and supplies and capital outlay) within each activity (e.g. instruction, pupil personnel services and school administration). Revisions to the annual budget are approved by the Board.

Deposits and Investments

All deposits are held in major banks and high grade investments. The School has not adopted a formal investment policy; however the School invests excess deposit funds in collateralized repurchase agreements. Cash and cash equivalents include all highly liquid investments with a maturity of three months or less. All deposits and investments in repurchase agreements are carried at cost plus accrued interest.

(A charter school under Somerset Academy, Inc.)

Notes to Financial Statements

June 30, 2015

Note 1 – Summary of Significant Accounting Policies (continued)

Inter-fund Transfers

Outstanding balances between funds are reported as "due to/from" other funds. Inter-fund transfers are made to move any excess or shortage of funds derived from the National School Lunch Program from the Special Revenue Fund to the General Fund.

Due from Other Governments or Agencies

Amounts due to the School by other governments or agencies are for grants or programs under which the services have been provided by the School.

Long -Term Debt

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. In the fund financial statements, governmental fund types report the face amount of debt issued as other financing sources.

Capital Assets

The School's property, plant and equipment with useful lives of more than one year are stated at historical cost and comprehensively reported in the statement of net position in the government-wide financial statements. Donated capital assets are recorded at their estimated fair market value on the date donated. The School generally capitalizes assets with a cost of \$500 or more. Building improvements, additions and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. Estimated useful lives, in years, for depreciable assets are as follows:

Improvements	10-15 Years
Furniture, Equipment and Software	5 Years
Textbooks	3 Years

Compensated Absences

The School grants a specific number of sick days. Full time instructional employees are eligible to one day per month to up to ten days of active work during the ten-month period (a "benefit year"). In the event that available time is not used by the end of the benefit year, employees may "rollover" all unused days for use in future benefit years. There is an opportunity to "cash out" unused sick days however, the employees may only cash out if they have used three days or less of their sick leave in that benefit year. Employees may not cash out more than ten days per school year and are required to always maintain a minimum of twenty-one unused days. The cash out value is eighty percent of their current daily rate. There is no termination payment for accumulated unused sick days.

(A charter school under Somerset Academy, Inc.) Notes to Financial Statements June 30, 2015

Note 1 – Summary of Significant Accounting Policies (continued)

GASB Codification Section C60, Accounting for Compensated Absences, provides that compensated absences that are contingent on a specific event that is outside the control of the employer and employee should be accounted for in the period those events take place. Accordingly, these financial statements do not include an accrual for sick days available to be used in future benefits years.

The School also provides certain days to be used for specific personal matters such as family death and jury duty. Because the use of such days is contingent upon those events taking place and such events are out of the control of both the employer and the employee, there is no accrual for such days.

Revenue Sources

Revenues for current operations are received primarily from the District pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the School will report the number of full-time equivalent (FTE) students and related data to the District. Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of the full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. After review and verification of FTE reports and supporting documentation, the FDOE may adjust subsequent fiscal period allocations of FEFP funding for prior year errors disclosed by its review as well as to prevent statewide allocations from exceeding the amount authorized by the Legislature. Normally, such adjustments are treated as reductions of revenue in the year the adjustment is made.

In addition, the School receives state funds through the District under charter school capital outlay funding pursuant to Section 1013.62, Florida Statutes. Funds are based on a capital outlay plan submitted to the District and are to be used for lease of school facilities.

Finally, the School also receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. Any excess amounts are recorded as deferred revenues until expended. Additionally, other revenues may be derived from various fundraising activities and certain other programs.

(A charter school under Somerset Academy, Inc.) Notes to Financial Statements

June 30, 2015

Note 1 – Summary of Significant Accounting Policies (continued)

Net Position and Fund balance classifications

Government-wide financial statements

Equity is classified as net position and displayed in three (3) components:

- a) Net investment in capital assets and long term receivables consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any borrowings that are attributable to the acquisition or improvement of those assets and long term receivables.
- b) <u>Restricted net position</u> consists of net position with constraints placed on their use either by external groups such as creditors, grantors, contributors or laws or regulations of other governments.
- c) <u>Unrestricted net position</u> all other net position that does not meet the definition of "restricted" or "invested in capital assets and long term receivables."

Fund financial statements

Under GASB Codification Section 1800.142, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes. GASB requires the fund balance amounts to be properly reported within one of the fund balance categories listed below:

- a) Nonspendable includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Consists of fund balance associated with inventories, prepaid expenses, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned).
- b) Restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. There are no restricted fund balances at year end.
- c) <u>Committed</u> fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School's Board of Directors. There are no committed fund balances at year end.
- d) <u>Assigned</u> fund balance classification are intended to be used by the School's management for specific purposes but do not meet the criteria to be classified as restricted or committed. There are no assigned fund balances at year end.
- e) <u>Unassigned</u> portion of the fund balance that has not been restricted, committed or assigned for a specific purpose. This is the residual classification for the School's general fund.

Order of Fund Balance Spending Policy

The School's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries. First Non-spendable fund balances are determined.

(A charter school under Somerset Academy, Inc.) Notes to Financial Statements June 30, 2015

Note 1 – Summary of Significant Accounting Policies (continued)

Then restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then any remaining fund balance amounts for the non-general funds are classified as restricted fund balance. It is possible for the non-general funds to have negative unassigned fund balance when non-spendable amounts plus the restricted fund balances for specific purposes amounts exceed the positive fund balance for the non-general fund.

Income Taxes

Somerset Academy, Inc. qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Subsequent Events

In accordance with GASB Codification Section 2250.106, the School has evaluated subsequent events and transactions for potential recognition or disclosure through August 31, 2015, which is the date the financial statements were available to be issued.

Note 2 - Capital Assets

The following schedule provides a summary of changes in capital assets, acquired substantially with public funds, for the period ended June 30, 2015:

	Balance 07/01/14					lditions_	Retire	ments_	Balance 06/30/15	
Capital Assets:										
Buildings and Improvements	\$ 9	58,929	\$	-	\$	-	\$	958,929		
Computer equipment and software	2	82,454		36,511		-		318,965		
Furniture, equipment and textbooks	5	38,843		28,334				567,177		
Total Capital Assets	\$ 1,7	80,226	\$	64,845	\$		\$	1,845,071		
Less Accumulated Depreciation:										
Buildings and Improvements	(2	13,625)		(59,223)		-		(272,848)		
Computer equipment and software	(1	93,389)		(49,370)		-		(242,759)		
Furniture, equipment and textbooks	(4	07,993)		(69,697)				(477,690)		
Total accumulated depreciation	(8	15,007)		(178,290)		<u>-</u> _		(993,297)		
Capital Assets, net	\$ 9	65,219	\$	(113,445)	\$		\$_	851,774		

(A charter school under Somerset Academy, Inc.) Notes to Financial Statements June 30, 2015

Note 2 – Capital Assets (continued)

For the fiscal year ended June 30, 2015, depreciation expense is allocated in the Statement of Activities by function as follows:

Instruction	\$ 92,844
School administration	555
Facilities acquisition	56,397
Food service	2,890
Operation of plant	25,606
Total Depreciation Expense	\$ 178,292

Note 3 – Deposits and Investments

Deposits

The School maintains its cash and cash equivalents in major banks and in high grade investments. As of June 30, 2015, the bank balance of the School's deposits and investments was \$1,319,199; of which \$359,199 consisted of bank balances and \$960,000 was fully collateralized under a repurchase agreement with Regions Bank (the "Bank").

Deposits at FDIC-insured institutions are insured up to \$250,000 per depositor, per financial institution. The School is a charter school under Somerset Academy, Inc., which also operates various other charter schools. All bank accounts are opened under the account ownership of Somerset Academy, Inc., therefore, bank balances at times may potentially be in excess of FDIC coverage. As of June 30, 2015, bank balances in potential excess of FDIC coverage totaled \$359,199; including fiduciary account bank balances.

Investments and Credit Risk

Custodial credit risk for deposits is the risk that in the event of a failure of a depository financial institution, the School will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty to a transaction, the School will not be able to recover the value of investments or collateral securities that are in the possession of an outside party. At June 30, 2015, all of the School's investments in repurchase agreements were held as part of the Bank's investment portfolio.

The School has not formally approved an investment policy regarding custodial credit risk; however it mitigates its credit risk by maintaining excess funds available in overnight repurchase agreements. Amounts invested in repurchase agreements are secured obligations collateralized by securities that include: non-callable U.S. Government and Agency Securities; Callable and Structured Agency Securities; Agency Mortgage-Backed Securities guaranteed by a federal agency, Bonds issued by government sponsored enterprises, Freddie Mac and Fannie Mae. Amounts invested in repurchase agreements are not insured by the FDIC and are subject to investment risks, including possible loss of principal invested, and if the Bank fails the School will become a secured creditor and may become an unsecured general creditor to the extent the

(A charter school under Somerset Academy, Inc.) Notes to Financial Statements June 30, 2015

Note 3 – Deposits and Investments (continued)

market value of the securities used as collateral falls below the outstanding amount of repurchase obligations to the School.

Note 4 -Education Services and Support Provider Agreement

Academica Dade, LLC, a professional education service and support provider, offers management and administrative services to the School including, but not limited to, facility design, staffing recommendations, human resource coordination, regulatory compliance, legal and corporate upkeep, maintenance of the books and records, bookkeeping, budgeting and financial reporting and virtual education services. The agreement calls for a fee on a per student basis. The agreement is with Somerset Academy, Inc. for a period of five years, through June 30, 2016, and unless terminated by the board shall be renewed along with any renewals to the charter agreement. During the year ended June 30, 2015, the School incurred approximately \$200,325 in fees.

Recoverable Grant

During the year ended June 30, 2015, the School received a \$150,000 recoverable grant from Academica. The purpose of the grant is for the School to use on operating expenses. Under the terms of the grant, the School would repay Academica in the event the School experiences a surplus of its operating budget for any period ending on June 30, following the execution of the agreement.

Academica Dade, LLC is located at 6340 Sunset Drive, Miami, Florida 33143 and its officers are:

Fernando Zulueta, President Magdalena Fresen, Vice President & Treasurer Ignacio Zulueta, Vice President Collette Papa, Secretary

Note 5 – Transactions with other divisions of Somerset Academy, Inc.

The School shares a facility and lease with Somerset Academy Charter Middle School – South Miami Campus which is another charter school under Somerset Academy, Inc. (See note 6). As a result certain activities such as fundraising activities are recorded in the books of the School and not in those of Somerset Academy Charter Middle School School – South Miami Campus.

In addition, the School has made long term, non-interest bearing advances to other schools under Somerset Academy, Inc.. The following schedule provides a summary of changes in long-term advances to other schools for the year ended June 30, 2015:

	Balance			Balance
	07/01/14	07/01/14 Additions		06/30/15
Somerset Bay	\$ 225,000	\$ -		\$ 225,000
Total Long Term Receivable	\$ 225,000	\$ -	\$ -	\$ 225,000

(A charter school under Somerset Academy, Inc.) Notes to Financial Statements June 30, 2015

Note 5 – Transactions with other divisions of Somerset Academy, Inc. (continued)

The School's lunch program is shared. Revenues and expenses related to such program have been allocated based on FTE equivalent for purposes of presentation in the financial statements.

Somerset Academy, Inc. (the "Corporation") charges an assessment to all its affiliated schools for shared corporate costs and accreditation expenses. During 2015, the School paid \$45,175 to the Corporation for these shared costs.

Note 6 – Commitments, Contingencies and Concentrations

The School entered into a lease and security agreement with Somi Group, LLC, Inc. for its 27,269 square feet facility. The facility will be shared with Somerset South Miami Middle. The Landlord is an affiliate of the School's education services and support provider (See Note 4). Fixed annual payments under this agreement (based on \$21.85 per square foot) are approximately \$451,824, net of enrollment discounts, adjusted annually based on Consumer Price Index (CPI). The agreement continues through July 31, 2029. Under the agreement, the School must meet certain covenants and requirements, including a "Lease Payment Coverage Ratio" of not less than 1.10 to 1.00.

Under the agreement, the School will reimburse the landlord for tenant improvements. As of June 30, 2015, the School capitalized \$874,753 of tenant improvements of which non were payable at year end. In addition, under the terms of the lease, the landlord agreed to certain enrollment period discounts. The discount for the year ended June 30, 2015 was approximately \$36,000 for the full lease.

Lease payments are allocated among the two schools based on enrollment and usage of facility. The allocation used for 2015, was 75% for the School and 25% for Somerset Academy Charter Middle School. For 2015, rent expense net of enrollment discounts totaled \$429,906. The school had prepaid rent of approximately \$37,000 at June 30, 2015.

Future minimum payments for the full lease, net of enrollment discounts (excluding common area maintenance costs) are as follows:

Year	Base Rent	Discounts	Net
2016	632,245	(36,000)	596,245
2017	632,245	-	632,245
2018	632,245	-	632,245
2019	632,245	-	632,245
2020	632,245	-	632,245
2021-2025	3,060,620	-	3,060,620
2026-2029	2,448,496	.	2,448,496

(A charter school under Somerset Academy, Inc.) Notes to Financial Statements June 30, 2015

Note 6 - Commitments, Contingencies and Concentration (continued)

Contingencies and Concentrations

The School receives substantially all of its funding from the District under the Florida Education Finance Program (FEFP), which is based in part on a computation of the number of full-time equivalent (FTE) students attending different instructional programs. The accuracy of FTE student data submitted by individual schools and used in the FEFP computations is subject to audit by the state and, if found to be in error, could result in refunds to the state or in decreases to future funding allocations. Additionally, the School receives various forms of federal, state and local funding which are subject to financial and compliance audits. It is the opinion of management that the amount of funding, if any, which may be remitted back to the state due to errors in the FTE student data or the amount of grant expenditures which may be disallowed by grantor agencies would not be material to the financial position of the School.

Pursuant to the Charter School contract with the School District, the District withholds an administrative fee of 2% of the qualifying revenues of the School. For the year ended June 30, 2015, administrative fees withheld by the School District totaled \$32,580.

Note 7 - Risk Management

The School is exposed to various risks of loss related to torts, thefts of, damage to and destruction of assets, errors and omissions and natural disasters for which the School carries commercial insurance. Settlement amounts have not exceeded insurance coverage for the past years. In addition, there were no reductions in insurance coverage from those in the prior year.

Note 8 - Defined Contribution Retirement Plan

Post-retirement Benefits

The School provides a defined contribution 401(k) plan sponsored through ADP TotalSource Group, Inc. covering employees who meet certain age and tenure requirements. Under the ADP TotalSource Retirement Savings Plan, the School will provide a match of 50% up to 4% of employee compensation. Contributions to the plan were \$12,349 for the year ended June 30, 2015. The school does not exercise any control or fiduciary responsibility over the plan's assets.

Note 9 – Subsequent Events

As of July 1, 2015, the School moved to utilizing a government money market mutual fund as an investment vehicle for it excess deposit funds. A government money market mutual fund invests exclusively in obligations issued or guaranteed by the U.S. Government and its agencies and instrumentalities and in repurchase agreements collateralized by such securities. All balances held under the repurchase agreement as of June 30, 2015 have been moved to this new vehicle.

Notes to Budgetary Comparison Schedule

An annual budget is adopted on the modified accrual basis of accounting, consistent with generally accepted accounting principles. Amendments to the budget can only be made with the approval of the Board of Directors.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors of Somerset Academy Elementary School (South Miami Campus) Miami, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. the financial statements of the governmental activities and each major fund of Somerset Academy Elementary School (South Miami Campus) (the "School") as of, and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the School's basic financial statements and have issued our report thereon dated August 31, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management in a separate management letter dated August 31, 2015 pursuant to Chapter 10.850, Rules of the Auditor General.

Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

Board of Directors of Somerset Academy Elementary School (South Miami Campus) Miami, Florida

Report on the Financial Statements

We have audited the financial statements of the governmental activities and each major fund of Somerset Academy Elementary School (South Miami Campus) as of and for the year ended June 30, 2015 and have issued our report thereon dated August 31, 2015.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General

Other Reports and Schedules

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards. Disclosure in those reports, which are dated August 31, 2015, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations in the preceding financial audit report.

Official Title

Section 10.854(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity. The official title of the entity is Somerset Academy Elementary School (South Miami Campus).

Financial Condition

Sections 10.854(1)(e)2, Rules of the Auditor General, requires that we report the results of our determination as to whether or not Somerset Academy Elementary School (South Miami Campus) has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that Somerset Academy Elementary School (South Miami Campus) did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Financial Condition (Continued)

Pursuant to Sections 10.854(1)(e)6.a and 10.855(12), Rules of the Auditor General, we applied financial condition assessment procedures for Somerset Academy Elementary School (South Miami Campus). It is management's responsibility to monitor Somerset Academy Elementary School (South Miami Campus)'s financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. We have applied such procedures as of the fiscal year end and no deteriorating financial condition has been noted.

Transparency

Sections 10.854(1)(e)7 and 10.855(13), Rules of the Auditor General, require that we report the results of our determination as to whether Somerset Academy Elementary School (South Miami Campus) maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In connection with our audit, we determined that Somerset Academy Elementary School (South Miami Campus) maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

Other Matters

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, School Board of Miami-Dade County, Federal and other granting agencies, the Board of Directors, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.
