INDEPENDENT AUDITORS' REPORT

Board of Directors Foundation for New Education Initiatives, Inc. Miami, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of Foundation for New Education Initiatives, Inc. (the "Foundation"), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Foundation for New Education Initiatives, Inc. as of June 30, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Cash and cash equivalents, end of year	\$ 2,600,542

NOTE 1 – NATURE OF ACTIVITIES

Foundation for New Education Initiatives, Inc. (the "Foundation"), a not-for-profit corporation, was incorporated under the laws of the state of Florida in April 2008 and began operations on November 24, 2008. The Foundation seeks to enhance student achievement and community engagement in support of educational initiatives of Miami-Dade County Public Schools. The Foundation supports initiatives such as the Cultural Passport program, equipping needy students and classrooms in poor schools with wireless devices, plus many other valuable programs.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded as earned and expenses are recorded at the time liabilities are incurred.

Basis of Presentation

The Foundation prepares its financial statements in accordance with the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC). The Foundation is required to report information regarding its financial position and activities according to three classes of net assets. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Unrestricted net assets are the part of net assets that are neither permanently nor temporarily restricted by donor-imposed stipulations. Unrestricted net assets which are designated by the governing board for specific purposes are classified as board designated funds.

Temporarily restricted net assets result from contributions and other inflows of assets whose use is limited by donor-imposed stipulations that either expire by passage of time or can be removed by actions of the organization pursuant to those stipulations.

Permanently restricted net assets result from contributions and other inflows of assets whose use is limited by donor-imposed stipulations that neither expire by the passage of time nor can be fulfilled or otherwise removed by actions of the organization.

Program Services/Temporarily Restricted Net Assets

Program services represent various established programs that meet the Foundation's purpose of fostering improved education and cultural experiences for all students attending Miami-Dade County Public Schools. Funds raised for each of the programs below are temporarily restricted net assets until expended for the applicable programs:

Cultural Passport: The Cultural Passport is an education initiative in partnership with Miami- Dade's various arts and cultural institutions, to provide all K-12 students with a different age-appropriate cultural experience each school year. Support is provided for transportation, venue admission fees, curriculum and professional development, and other operational needs.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Summer Youth Internship Program: is a partnership between Miami-Dade County, The Children's Trust, Miami-Dade County Public Schools and the Foundation for New Education Initiatives to provide over 1,400 paid summer internships for youth across the county. The unique structure of the summer internship program included parent, student and employer orientations across the county, online training for interns, training curriculum including weekly assignments, and an online interface called GetMyInterns.org, which was used to match interns with employers. Additionally, all interns and employers were supported with instructional coaches throughout the five-week internship period. This internship program provided a meaningful employment opportunity for Miami-Dade County's youth.

College Tour: Provides support to the College Tour Institute which provides students an opportunity to prepare for college by visiting college campuses.

College Assistance Program (CAP): The College Assistance Program, is an advisory program in the Miami Dade County Public Schools. CAP provides full time service in every senior high school. The purpose of the CAP school advisory program is to guide students and their parents through the college admission and financial aid processes. CAP advisors in the schools help students find appropriate post-secondary institutions, apply for admission, and apply for financial aid and scholarships.

Posse Foundation: Through the Posse Foundation, deserving students are awarded four-year, full tuition leadership scholarships by partner universities and colleges in the United States. Students are sent to colleges and universities in a "Posse," a group of ten students. Each Posse acts as a traveling support system to ensure that each Posse scholar succeeds and graduates from college.

Together for Children: An innovative collaboration between government, education, business, law enforcement, and justice entities, along with community-based organizations, faith-based institutions, individual community members and investment partners. The mission of Together for Children is to leverage resources, experience and ideas to create data driven, neighborhood action plans to prevent youth violence.

Other Programs: Assisting Families in Need: Referrals, monetary, and other types of aid for students and their families in crisis.

Contributions

Revenues are reported as an increase in unrestricted net assets, unless use of the related assets are limited by a donor-imposed purpose or time restriction. Expenses are reported as decreases in unrestricted net assets. Expirations of temporary restrictions recognized on net assets are reported as reclassifications from temporarily restricted net assets to unrestricted net assets. Temporary restrictions on gifts to acquire long lived assets are considered met in the period in which the assets are acquired or placed into service.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

For the purpose of reporting cash flows, the Foundation considers all highly liquid financial instruments with maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable consist of contributions promised from corporate donors. Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through adjustments to valuation allowances based on its assessment of the current status of individual receivables. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance. The Foundation does not believe they need an allowance for uncollectible accounts receivable as of June 30, 2017.

Concentration of Credit Risk

Cash and cash equivalents are exposed to credit risks. The Foundation maintains its cash and cash equivalents in bank deposit accounts that, at times, may exceed federally insured limits. To minimize risk, the Foundation's cash accounts are placed with high credit quality financial institutions. The Foundation regularly evaluates its depository arrangements.

Income Taxes

The Foundation is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code and therefore, has made no provision for federal income taxes in the accompanying financial statements. In addition, the Foundation qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

There are no reserves held for uncertain tax positions at June 30, 2017. Tax years that are open under the statute of limitations remain subject to examination by the IRS.

In-Kind Contributions

In-kind contributions of student transportation, venue admission fees, curriculum and professional development, and other operational needs as well as donated personnel related cost received from Miami-Dade County Public Schools and donated professional services from third parties are properly included in the accompanying statement of activities at their estimated fair market values at the date of receipt. In-kind contributions for the year ended June 30, 2017 was approximately \$47,000. This amount is included in management and general under supporting services in the statement of activities.

Reclassification

Certain reclassifications have been made to 2016 financial statements to correspond to the current year's format. Total net assets and changes in net assets are unchanged due to these reclassifications.

Subsequent Events

The Foundation has evaluated subsequent events through December 31, 2017, which is the date the financial statements were available to be issued.

NOTE 3 – ACCOUNTS RECEIVABLE, temporarily restricted Accounts receivable as of June 30, 2017 consists of the following:

Accounts receivable	\$ 835,000
Other	 6,500
	\$ 841,500

NOTE 4 – ACCOUNTS PAYABLE AND ACCRUED EXPENSES

Accounts Payable and accrued expenses as of June 30, 2017 consists of the following:

Accrued Wages	\$ 3,076
Accounts Payable - Trade	199,073
	\$ 202,149

NOTE 5 – RELATED PARTIES

The recipients of the services offered by the Foundation are primarily students enrolled in Miami-Dade County Public Schools and their families. During fiscal year 2017, the Foundation expended approximately \$2,950,000 with the District and certain schools in the District for college assistance programs, scholarships for students, after school programs and teacher incentives. Approximately \$33,000 is due to Miami Dade County Public Schools at June 30, 2017. This amount is included in accounts payable. The Chair of the School Board and Superintendent serve on the Board of Directors of the Foundation. Additionally, the Foundation's financial statements are included in the financial statements of the School Board.

NOTE 6 – CONCENTRATIONS

Approximately 50% of the Foundation's support for the year ended June 30, 2017, came from Miami-Dade County grants.

NOTE 7 – TEMPORARILY RESTRICTED NET ASSETS

The balance in the temporarily restricted net assets at June 30, 2017, was \$2,869,073 and the assets are held in cash of \$2,027,573 and accounts receivable of \$841,500 in the Statement of Financial Position.

NOTE 8 – FAIR VALUE MEASUREMENTS

The Foundation classified its investments as of June 30, 2017, based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Foundation uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Foundation measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs were not available. The three-level valuation hierarchy is established for the measurement and disclosure of fair value. The valuation hierarchy is based upon the transparency of inputs used to measure fair value. The three levels are as follows:

<u>Level 1</u> – Inputs are quoted prices (unadjusted) in active markets for identical investments that the entity has the ability to access at the measurement date.

<u>Level 2</u> – Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs that are observable, either directly or indirectly, for substantially the full term of the assets or liability.

<u>Level 3</u> – Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (that is, the inputs are supported by little or no market activity).

NOTE 8 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2017.

<u>Money Market</u> – consists of negotiable certificates of deposit (CDs), government securities, and commercial paper that offer higher yields than are generally found in savings accounts. Such amounts are included in cash and cash equivalents.

		Fair Value Measurements Using:			
		Quoted Prices in Significant Other		Significant	
		Active Markets for	Observable	Unobservable	
		Identical Assets	Inputs	Inputs	
Assets	Fair Value	(Level 1)	(Level 2)	(Level 3)	
Money Market	\$ 211,969	\$ 211,969	\$ -	\$ -
