#### INDEPENDENT AUDITORS' REPORT

Board of Directors Somerset Academy Middle School (South Campus) Miami, Florida

We have audited the accompanying basic financial statements of the governmental activities and each major fund of Somerset Academy Middle School (South Campus) (the "School"), a charter school under Somerset Academy, Inc., a component unit of the District School Board of Miami-Dade County, as of, and for the year ended June 30, 2009, which collectively comprises the School's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the School's Our responsibility is to express an opinion on these basic financial management. statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the accompanying financial statements referred to above present only the financial position of Somerset Academy Middle School (South Campus) at June 30, 2009, and the respective changes in financial position for the year then ended, and is not intended to be a complete presentation of Somerset Academy, Inc.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of Somerset Academy Middle School (South Campus), as of June 30, 2009, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 28, 2009, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and the budgetary comparison information on pages 4 through 8 and 21 through 22, respectively, are not a required part of the basic financial statements but are supplemental information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

#### Management's Discussion and Analysis

Somerset Academy
(A Charter school Under Somerset Academy, Inc.)
June 30, 2009

The corporate officers of Somerset Academy have prepared this narrative overview and analysis of the school's financial activities for the period ended June 30, 2009.

#### Financial Highlights

- 1. The assets of the School exceeded its liabilities at June 30, 2009 by \$255,858 (net assets).
- 2. At year-end, the School had current assets on hand of \$255,858.
- 3. The School had an increase in its net assets of \$255,858 for the year ended June 30, 2009.

#### Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the School's basic financial statements. The School's financial statements for the year ended June 30, 2009 are presented under GASB 34. The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

#### Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the School's assets and liabilities. The difference between the two is reported as net assets. Over time increases or decreases in net assets may serve as an indicator of whether the financial position of the School is improving or deteriorating.

The Statement of Activities presents information on how the School's net assets changed during the fiscal year. All changes in net assets are reported when the underlying event occurs without regard to the timing of related cash flows. Accordingly, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 9 - 10 of this report.

#### Fund Financial Statements

A "fund" is a collection of related accounts grouped to maintain control over resources that have been segregated for specific activities, projects, or objectives. The School like other state and local governments uses fund accounting to ensure and report compliance with finance-related legal requirements.

All of the funds of the School are governmental funds. Government Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Government Fund financial statements, however, focus on near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources which are available at the end of the fiscal year. Such information may be used to evaluate a government's requirements for near-term financing.

The Board of the School adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the School's budget.

The basic governmental fund financial statements can be found on pages 11 - 14 of this report.

#### Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 15 - 20 of this report.

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a charter school's financial position. In the case of the School, assets exceeded liabilities by \$255,858 at the close of the fiscal year. A summary of the School's net assets as of June 30, 2009 follows:

	2009
Cash	\$ 253,006
Prepaid Expenses	-
Due from other charter schools	-
Due from other agencies	2,852
Capital Assets, net	 
Total Assets	\$ 255,858
Deposits Accrued Liabilities	- -
Total Liabilities	\$ -
Invested in Capital Assets, net of	
related debt	\$ -
Unrestricted	 255,858
Total Net Assets	\$ 255,858

At the end of the period, the School is able to report positive balances in total net assets.

A summary and analysis of the School's revenues and expenses for the year ended June 30, 2009 follows:

	2009
REVENUES	
Program Revenues	
Capital Outlay funding	\$ 8,557
Operating Grants and Contributions	252,279
General Revenues	
FTE nonspecific revenues	83,561
Other Revenues	-
Charges for services	 -
Total Revenues	\$ 344,397
EXPENSES	
Component Unit Activities:	
Instruction	\$ 24,460
Instructional Staff Training Services	164
Board	1,400
School Administration	29,889
Fiscal Services	2,100
Central Services	2,234
Operation of Plant	 28,292
Total Expenses	88,539
Increase in Net Assets	255,858
Net Assets at Beginning of Year	-
Net Assets at End of Year	\$ 255,858

Somerset Academy School's revenues were \$344,397 in the current period and expenses were \$88,539, as a result of a start up grant and capital outlay funding. The largest expenses were for Instruction, School Administration and Operation of Plant. The School has an increase in its net assets of \$255,858 for the year.

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### Governmental Funds

The focus of the School's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the School's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year, the School's governmental fund reported a fund balance of \$255,858.

#### Achievements

Somerset Academy Middle School (South Campus) opened as a "N.E.S.T.E.D" school within the Somerset Academy Silver Palms campus. By year-end, the School identified a permanent facility in the City of Homestead, where it will expand in the years to follow to offer a full 6th-8th grade educational program to over 300 students. Due to limited enrollment, the School was not eligible to receive a grade in 2008-2009. However, based on the points it received under the State of Florida Accountability Program, the School would have received a letter grade of "A." In 2009, Somerset Academy became accredited by the Southern Association of Colleges and Schools (SACS).

Somerset provides its students with a rigorous curriculum, as well as an extra-curricular program of activities, including team sports and clubs. Somerset has implemented a complete performance/sports program, which includes jazz/hip-hop, ballet, cheerleading, karate, volleyball, soccer, basketball and flag football.

#### Governmental Fund Budget Analysis and Highlights

Prior to the start of the School's fiscal year, the Board of the Charter School adopted an annual budget. A budgetary comparison statement has been provided for the governmental funds to demonstrate compliance with the School's budget.

	Original Budget	Final Budget	A	ctual
REVENUES				
Program Revenues				
Capital Outlay	\$ 7,000	\$ 8,600	\$	8,557
Operating Grants and Contributions	12,105	253,000		252,279
General Revenues				
FTE Nonspecific Revenues	56,000	83,000		83,561
Other Revenues	-	-		-
Total Revenues	 75,105	344,600	\$	344,397
CURRENT EXPENDITURES				
Component Unit Activities:				
Instruction	10,000	24,500	\$	24,460
Instructional Staff Training Services	175	175		164
Board	1,400	1,400		1,400
School Administration	32,105	30,000		29,889
Fiscal Services	1,700	2,100		2,100
Central Services	1,712	2,250		2,234
Operation of Plant	17,000	28,600		28,292
Total Current Expenditures	64,092	 89,025	\$	88,539

#### **Requests for Information**

This financial report is intended to provide a general overview of the finances of the Charter School. Requests for additional information may be addressed to Ms. Ana Martinez at Academica Dade, LLC, 6361 Sunset Drive, Miami, Florida 33143.

#### Note 1 - Organization and Operations

Somerset Academy Middle School (South Campus) (the "School"), is a charter school under Somerset Academy, Inc., a not-for-profit corporation organized in the State of Florida. The governing body of the School is the board of directors of Somerset Academy, Inc., which also governs other various charter schools. The School operates under a charter granted by the sponsoring district, the District School Board of Miami-Dade County (the "District"). The current charter expires on June 30, 2018 and is renewable for an additional 15 years by a mutual written agreement between the School and the District. During the term of the charter, the District may terminate the charter if good cause is shown. The School is considered a component unit of such District. The School is located in Miami, Florida for students from sixth through eighth grades and is funded by the District.

These financial statements are from inception through June 30, 2009, when approximately 14 students were enrolled for the school year.

## Note 2 – Summary of Significant Accounting Policies

#### Basis of presentation

Based on the guidance provided in the American Institute of Certified Public Accountants Audit and Accounting Guide – Audits for States and Local Governments and provisions of Florida Statutes, the School is presented as a governmental organization for financial statement reporting purposes.

#### Government-wide and Fund Financial Statements

Government-wide Financial Statements

The government-wide financial statements include the statement of net assets and the statement of activities. These statements report information for the School as a whole. Both statements report only governmental activities as the School does not engage in any business type activities.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees; (2) operating grants and contributions which finance annual operating activities; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. Other revenue sources not properly included with program revenues are reported as general revenues.

# Note 2 – Summary of Significant Accounting Policies (continued)

#### Fund Financial Statements

Fund financial statements are provided for governmental funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures. Major individual governmental funds, namely, the general and special revenue funds are reported as separate columns in the fund financial statements:

General Fund - is the School's primary operating fund. It accounts for all financial resources of the school, except those required to be accounted for in another fund.

Special Revenue Fund - accounts for specific revenue, such as capital outlay funding and federal lunch program that are legally restricted to expenditures for particular purposes.

## Measurement Focus and Basis of Accounting

The financial statements of the School are prepared in accordance with generally accepted accounting principles (GAAP). The School's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The government-wide financial statements apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

The government-wide statements report using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Revenues from non-exchange transactions are reported according to Governmental Accounting Standards Board (GASB) Statement No. 33 Accounting and Financial Reporting for Non-Exchange Transactions, as amended by GASB Statement No. 36 Recipient Reporting for Certain Shared Non-Exchange Revenues, they include grants and donations. On the accrual basis, revenues from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. "Measurable" means the amount of the transaction can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for long-term debt principal and interest which are reported as expenditures in the year due.

## Note 2 – Summary of Significant Accounting Policies (continued)

#### Cash

Cash and cash equivalents include all highly liquid investments with a maturity of three months or less.

### Due from Other Governments or Agencies

Amounts due to the School by other governments or agencies are for grants or programs under which the services have been provided by the School.

Capital Assets

The School's property, plant and equipment with useful lives of more than one year are stated at historical cost and comprehensively reported in the statement of net assets in the government-wide financial statements. Donated capital assets are recorded at their estimated fair market value on the date donated. The School generally capitalizes assets with cost of \$500 or more. Building improvements, additions and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. Estimated useful lives, in years, for depreciable assets are as follows:

Improvements	10-15 Years
Furniture, Equipment and Software	5 Years
Textbooks	3 Years

For the year ended June 30, 2009, the School's facility was shared with other schools and did not have any capital assets.

#### Revenue Sources

Revenues for operations will be received primarily from the District pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the School will report the number of full-time equivalent (FTE) students and related data to the District. Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of the full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the Florida Education Finance Program and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. In addition, the school receives an annual allocation of charter school capital outlay funds for leasing of school facilities.

## Note 2 – Summary of Significant Accounting Policies (continued)

Finally, the School may also receive Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. Any excess amounts are recorded as deferred revenues until expended. Additionally, other revenues may be derived from various fundraising activities and certain other programs.

Post-retirement Benefits

The School had no post-retirement benefits to its employees since all payroll costs were incurred through a usage fee paid to Somerset Academy (another charter school under Somerset Academy, Inc.)

Compensated Absences

The School had no accrual for compensated absences since all payroll costs were incurred through a usage fee paid to Somerset Academy (another charter school under Somerset Academy, Inc.)

Income Taxes

Somerset Academy, Inc. qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### Note 3 - Management Agreement

Academica Dade, LLC, a professional charter school management company, provides management and administrative services to the School including, but not limited to, facility design, staffing recommendations, human resource coordination, regulatory compliance, legal and corporate upkeep, maintenance of the books and records, bookkeeping, budgeting and financial reporting. The agreement between the School and the management company calls for a fee of \$450 per full time equivalent (FTE) student per year. The agreement is for a period of five years, through July 2013, and unless terminated by the board shall be renewed along with any renewals to the charter agreement. During the year ended June 30, 2009, the School incurred approximately \$6,300, in management fees.

18

## Note 3 - Management Agreement (continued)

Academica Dade, LLC is located at 6361 Sunset Drive, Miami, Florida 33143 and its officers are:

Fernando Zulueta, President Magdalena Fresen, Vice President Ignacio Zulueta, Vice President Collette Papa, Secretary

## Note 4 - Transactions with Other Charter Schools and Other Revenues

The school was charged a usage fee by Somerset Silver Palms (another charter school under Somerset Academy, Inc.) for use of its facilities, teachers and resources. The total usage fee paid was approximately \$57,000. In addition, another school provides lunch for the school at no charge.

## Note 5 - Deposits Policy and Credit Risk

It is the School's policy to maintain its cash and cash equivalents in major banks and in high grade investments. As of June 30, 2009, the carrying amount of the School's deposits was \$253,006 and the respective bank balances totaled \$260,793, which was subject to coverage under the Federal Depository Insurance Corporation (FDIC).

## Note 6 - Commitments and Contingencies

Subsequent to year end, the School entered into a lease agreement with the Archdiocese of Miami, Inc. (the "Landlord") for its 4,522 square feet building including all outdoor areas and other improvements and changed the school's name to Somerset Academy Charter Middle School (South Homestead). This facility will be shared with Somerset Charter Elementary South Homestead (formerly known as Somerset Country Palms) (a charter school under Somerset Academy, Inc.). Fixed initial annual payments under this agreement are \$210,000 adjusted annually based on the Consumer Price Index (CPI) plus \$700 per student, per year for every student above 299 that is enrolled by the School at the facility. Additional property costs including repairs, maintenance and insurance. The agreement continues through August 16, 2014 with two automatic renewals for five year terms unless terminated as provided by in the agreement. At the expiration of the second five-year term, the agreement will automatically renew for additional terms of two years.

## Note 6 - Commitments and Contingencies (continued)

Future minimum payments for the full lease are as follows:

<u>Year</u>	
2010	\$210,000
2011	\$210,000
2012	\$210,000
2013	\$210,000
2014	\$210,000

The School received substantially all of its revenues from Federal and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and may be subject to audit by the grantor agencies.

## Note 7 – Risk Management

The School is exposed to various risks of loss related to torts, thefts of, damage to and destruction of assets, errors and omissions and natural disasters for which the School carries commercial insurance. Settlement amounts have not exceeded insurance coverage for the past years. In addition, there were no reductions in insurance coverage from those in the prior year.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors of Somerset Academy Middle School (South Campus) Miami, Florida

We have audited the financial statements of Somerset Academy Middle School (South Campus) (the "School") as of, and for the year ended June 30, 2009, and have issued our report thereon dated August 28, 2009. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered the School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the School's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the School's financial statements that is more than inconsequential will not be prevented or detected by the School's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the School's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the audit committee, the Auditor General of the State of Florida and the School Board of Miami-Dade County and is not intended to be and should not be used by anyone other than these specified parties.

#### MANAGEMENT LETTER

Board of Directors of Somerset Academy Middle School (South Campus) Miami, Florida

We have audited the accompanying basic financial statements of Somerset Academy Middle School (South Campus) as of and for the year ended June 30, 2009 and have issued our report thereon dated August 28, 2009.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters. Disclosure in those reports, which are dated August 28, 2009, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with Chapter 10.850, Rules of the Auditor General, which govern the conduct of charter school audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditor's report or schedule:

1. Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

Not applicable since this is the first year of operations.

2. Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management.

In connection with our audit, we did not have any such recommendations.

3. Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address violations of laws, regulations, contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential.

In connection with our audit, we did not have any such violations.

4. Section 10.854(1)(e)5., Rules of the Auditor General, provides that the auditor may, based on professional judgment, report the following matters that are inconsequential to the determination of financial statement accounts, considering both quantitative and qualitative factors: (1) violations of laws, regulations, contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, and (2) control deficiencies that are not significant deficiencies, including, but not limited to; (a) improper or inadequate accounting procedures (e.g., the omission of required disclosures from the annual financial statements); (b) failures to properly record financial transactions; and (c) inaccuracies, shortages, defalcations, and instances of fraud discovered by, or that come to the attention of, the auditor.

In connection with our audit, we did not have any such findings.

5. Section 10854.(1)(e)6., Rules of the Auditor General, requires the name or official title of the school.

The official title of the school is disclosed in the accompanying financial statements.

6. Section 10.854(1)(e)2., Rules of the Auditor General, requires a statement be included as to whether or not the school has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met.

In connection with our audit, no such conditions were noted.

7. Pursuant to Sections 10.854(1)(3)7.a. and 10.855(10)., Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

We have applied such procedures and no deteriorating financial condition has been noted.

Pursuant to Chapter 119, Florida Statutes, this management letter is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended solely for the information and use of management, the audit committee, the Auditor General of the State of Florida and the School Board of Miami-Dade County, and is not intended to be and should not be used by anyone other than these specified parties.
