Independent Auditor's Report

To the Honorable Mayor, City Commissioners and City Manager
of the City of Aventura, Florida
Aventura City of Excellence School
Aventura, Florida

We have audited the accompanying special purpose financial statements of the governmental activities and the major fund of the Aventura City of Excellence School (a special revenue fund of the City of Aventura, Florida) (the "School"), as of and for the year ended June 30, 2010, which collectively comprise the School's special purpose financial statements as listed in the table of contents. These special purpose financial statements are the responsibility of the School's management. Our responsibility is to express opinions on these special purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the special purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the special purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 2, the special purpose financial statements present only the Aventura City of Excellence School, a special revenue fund of the City of Aventura, Florida. These financial statements do not purport to, and do not, present fairly the financial position of the City of Aventura, Florida as of June 30, 2010 and its changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the special purpose financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Aventura City of Excellence School, as of June 30, 2010, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 26, 2010 on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and the budgetary comparison information as listed in the table of contents, respectively, are not a required part of the special purpose financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

McGladrey & Pullen, LLP

Fort Lauderdale, Florida
August 26, 2010

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the Aventura City of Excellence School's (the "School") financial performance provides an overview of the School's financial activities for the fiscal year ended June 30, 2010. Please read it in conjunction with the School's special purpose financial statements which immediately follow this discussion.

Overview of the Special Purpose Financial Statements

This discussion and analysis is intended to serve as an introduction to the School's special purpose financial statements. The special purpose financial statements are comprised of three (3) components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the special purpose financial statements. This report also contains other required supplemental information in addition to the special purpose financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements, which consist of the statement of net assets and the statement of activities, are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The statement of net assets provides information on all the School's assets and liabilities, with the difference between the two (2) reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the School's financial position is improving or deteriorating. However, as a governmental entity, the School's activities are not geared toward generating profit as are the activities of commercial entities. Other factors such as the safety at the School and quality of education, must be considered in order to reasonably assess the School's overall performance.

The statement of activities presents information and shows how the School's net assets changed during the year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School has only one (1) category of funds – governmental funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the School's near-term financing requirements.

Aventura City of Excellence School
(A Special Revenue Fund of the
City of Aventura, Florida)

Management's Discussion and Analysis (Unaudited)
Year Ended June 30, 2010

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the School's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and change in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Notes to the Special Purpose Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund special purpose financial statements.

Supplementary Information

In addition to the special purpose financial statements and accompanying notes, this report also presents certain required supplementary information concerning the School's adopted budget to actual results.

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of financial position. The following table presents a comparative analysis of the condensed government-wide statements of net assets:

	Summary of Net Assets		
	2010	2009	Variance
Current and other assets	\$ 2,183,016	\$ 2,220,672	\$ (37,656)
Capital assets	2,198,781	2,165,173	33,608
Total assets	4,381,797	4,385,845	(4,048)
Current liabilities	\$ 540,249	\$ 1,160,357	\$ (620,108)
Noncurrent liabilities	17,833	12,354	5,479
Total Liabilities	558,082	1,172,711	(614,629)
Net Assets:			
Invested in capital assets	2,198,781	2,165,173	33,608
Unrestricted	1,624,934	1,047,961	576,973
Total net assets	\$ 3,823,715	\$ 3,213,134	\$ 610,581

Aventura City of Excellence School
(A Special Revenue Fund of the
City of Aventura, Florida)

Management's Discussion and Analysis (Unaudited)
Year Ended June 30, 2010

Current and other assets decreased due to a relatively small net decrease in pooled cash and cash equivalents. Capital assets and invested in capital assets increased due to the remaining construction costs that were related to the ten (10) additional classrooms which had begun in the prior year.

Resources that are subject to external restrictions on how they may be used are classified as restricted assets. As of June 30, 2010 and 2009, the School had no restricted assets. The remaining unrestricted balance may be used in any of the School's ongoing operations.

The following table presents comparative information of the condensed government-wide statements of changes in net assets:

	Summary of Changes in Net Assets		
	2010	2009	Variance
Revenues:			
General revenues and transfers	\$ 6,249,627	\$ 6,058,952	\$ 190,675
Program revenues:			
Charges for services	645,257	665,864	(20,607)
Operating grants and contributions	637,694	674,700	(37,006)
Capital grants and contributions	96,600	86,725	9,875
Total revenues	7,629,178	7,486,241	142,937
Expenses:			
Instruction	4,158,956	3,774,384	384,572
Instructional media services	58,595	69,856	(11,261)
Operation of facility	1,544,215	1,532,516	11,699
School administration	935,083	907,747	27,336
Pupil transportation services	183,600	181,560	2,040
Community services	138,148	132,089	6,059
Total expenses	7,018,597	6,598,152	420,445
Change in net assets	610,581	888,089	(277,508)
Net assets, beginning	3,213,134	2,325,045	888,089
Net assets, ending	\$ 3,823,715	\$ 3,213,134	\$ 610,581

Aventura City of Excellence School
(A Special Revenue Fund of the
City of Aventura, Florida)

Management's Discussion and Analysis (Unaudited)
Year Ended June 30, 2010

- General revenues increased primarily due to an increase in the aggregate amount of state funding resulting from the addition of 32 new students.
- Instructional expenses increased primarily as a result of teacher salary increases based on years of service and new teacher positions added to accommodate the 32 new students.

Financial Analysis of the School's Funds

As noted earlier, the School uses fund accounting to maintain control over resources that have been segregated for specific activities or objectives. The focus of the School's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the School's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2009/10 the School's governmental fund reported ending fund balance of \$1,597,418. The fund balance unreserved and available for spending at the School's discretion is \$1,566,940. These funds will be available for the School's future ongoing operations. The fund balance increased by \$537,103 from the prior year because of higher than anticipated state revenues including FTE and capital outlay in conjunction with lower than projected operating costs.

Budgetary Highlights

In order to address the Florida Class Size Mandate Legislation, funding was included in the 2008/09 budget to provide for constructing ten (10) new classrooms at an estimated cost of \$2,099,000. The classrooms were completed in time for the 2009/10 school year. The 10 new classrooms allow the addition of 72 new students with 32 added in 2009/10 and 40 being added in 2010/11.

Capital Assets and Debt Administration

As of June 30, 2010, the School had an investment in capital assets of \$2,198,781. This amount is net of accumulated depreciation of \$457,436. This amount represents an increase of \$33,608 or 1.6%.

The School has no outstanding debt.

Economic Factors

Facts, decisions or conditions that are expected to have a significant effect on the financial position or results of operations of the School in fiscal year 2010/11 include the following:

The 2010/11 school year represents the eighth year of operations of the School. Our past has shown that we can continue to operate the School at a high level and provide quality education for our students, within the school-based revenues and without outside subsidies. We have also been fortunate to have a strong business community and involved parents that participate in fund raising activities for School improvements.

This past year marks the second year in a row that the State of Florida responded to the economic recession by reducing the amount of funding available for the School. As was previously reported, based on reductions imposed by the State Legislature to balance the State budget, the Charter School Fund lost \$21,000 during the 2009/10 fiscal year. The amount lost was offset by reducing the school's budgeted contingency account. The revenues for next year have been estimated on the conservative side and continue to anticipate the funding reduction based on actions taken by the State Legislature.

In order to respond to the anticipated revenues for the upcoming school year without impacting the "classroom" and current educational programs the following plan of action was utilized in the preparation of the 2010/11 budget:

- The transfer to the General fund of \$30,000 to offset services provided by the Finance Department to the School will be deferred this year.
- Charter School USA agreed to freeze their fee at last year's rate which resulted in a cost savings of \$25,000.
- Revenue in the amount of \$100,000 from the City's Intersection Safety Camera Program is included to assist in funding the contingency line item in the budget.
- Teacher salary increases will reflect a step increase based on years of service reflective of the Miami-Dade School Board pay plan and provides that returning teachers will be rewarded with a service award based on years of service. Based on previous year's increases and the service award program, our teachers' salaries will again exceed those of the Miami-Dade School Board.
- Downsized Special Project Coordinator position to part-time.

With the use of the additional classrooms constructed last year, class sizes will be reduced in grades fourth through eighth and 40 additional students will be admitted in the upcoming school year. The budget contains the following changes to address the class size revisions, the growth of the School sports program and expansion of technology in the classrooms:

- Four (4) new teacher positions and two (2) sixth period salary supplements were added.
- Math Mentor position was upgraded to Math Specialist.
- Two (2) additional basketball intramural teams were included and competitive boys and girls soccer were added to the School's athletic offerings.
- Funds have been budgeted to complete the installation of smart boards in all classrooms.

Aventura City of Excellence School
(A Special Revenue Fund of the
City of Aventura, Florida)

Management's Discussion and Analysis (Unaudited)
Year Ended June 30, 2010

In addition, a receptionist position for the front desk was added to accommodate larger student population and has not been increased since the School opened with 600 students. A major impact on the budget is attributed to an estimated 15% increase in employee health insurance costs. The budget continues to include revenue in the amount of \$125,000 from the Clear Channel agreement for proceeds from the billboard advertising to assist in funding school programs.

The overall budget increased by 3.8% or \$277,829 largely due to addition of 40 new students with 8 students being added per grade in grades fourth through eighth. The budget includes funding for lease payments to the City for use of the School facilities.

Requests for Information

This financial report is designed to provide a general overview of the Aventura City of Excellence School's finances for all those with an interest. If you should have any questions pertaining to the information presented in this report or would like additional information, please contact the Finance Director at the City of Aventura, 19200 W. Country Club Drive, Aventura, Florida 33180.

Change in net assets on the statement of activities			<u>\$ 610,581</u>
--	--	--	-------------------

See Notes to Special Purpose Financial Statements.

Notes to Special Purpose Financial Statements

Note 1. Organization and Operations

Nature of operations: Aventura City of Excellence School (the "School"), is a special revenue fund of the City of Aventura, Florida (the "City"). The School commenced operations in August 2003 in the City and offers classes for kindergarten through eighth grades with an enrollment of 932 for the year ended June 30, 2010. The School is funded from public funds based on enrollment and can also be eligible for grants in accordance with State and Federal guidelines, including food service and capital outlay. The School can accept private donations and the City can incur debt for the operation of the School.

Note 2. Summary of Significant Accounting Policies

A summary of the School's significant accounting policies is as follows:

Reporting entity: The School operates under a charter granted by the sponsoring school district, the Miami-Dade County Public School District (the "District"). The current charter is effective until June 20, 2018. In 2005, the School amended the charter to include grades six through eight. At the end of the term of the charter, the District may choose not to renew the charter under grounds specified in the charter in which case the District is required to notify the School in writing at least 90 days prior to the charter's expiration. During the term of the charter, the District may also terminate the charter for good cause as defined.

The School is owned and operated by the City, is part of the City's government and is not a separate legal entity or otherwise organized apart from the City. The City was incorporated in November 1995. The City operates under a Commission-Manager form of government. In accordance with Chapter 10.850, *Rules of the Auditor General of the State of Florida*, the School is required to prepare special purpose financial statements. Section 10.855(4) states that the special purpose financial statements should present the charter school's financial position including the charter school's current and capital assets and current and long-term liabilities, and net assets; and the changes in financial position. The financial statements contained herein present only the operations of the School and do not purport to, and do not, present the financial position and changes in financial position of the City. Only capital assets acquired with FTE funding are reported. The facility used by the School is owned by the City and the capital assets and related debt for the facilities are not included in this special purpose report.

Basis of presentation: Based on the guidance provided in the American Institute of Certified Public Accountants Audit and Accounting Guide – *Audits for States and Local Governments* and provisions of Florida Statutes, the School is presented as a governmental organization for financial statement reporting purposes.

Government-wide financial statements: The School's special purpose financial statements include both government-wide (reporting the School as a whole) and fund financial statements. Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. All of the School's activities are classified as governmental activities.

Notes to Special Purpose Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

In the government-wide statement of net assets, the governmental activities column is reported on a full accrual, economic resource basis, which recognizes all current and noncurrent assets and all current and noncurrent liabilities. The School's net assets are reported in three (3) categories: invested in capital assets; restricted net assets; and unrestricted net assets.

The government-wide statement of activities reports both the gross and net cost of each of the School's functions. The net costs, by function, are supported by general revenues. The statement of activities reduces gross expenses by related program revenues. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

Fund financial statements: The School's accounts are organized on the basis of funds. The operations of the fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures.

The Charter School Special Revenue Fund is a governmental fund type and is used to account for all of the School's financial transactions.

Measurement focus and basis of accounting: Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the special purpose financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied. Governmental funds use the current financial resources measurement focus and the government-wide statement uses the economic resources measurement focus.

Governmental activity in the government-wide financial statements is presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when a liability is incurred.

The governmental fund financial statements are presented on the modified accrual basis of accounting under which revenue is recognized in the accounting period in which it becomes susceptible to accrual (i.e., when it becomes both measurable and available). Revenues susceptible to accrual include FTE nonspecific revenue, transportation funds, capital grant funds, operating grants and contributions and investment earnings. Intergovernmental revenues are recognized when all eligibility requirements have been met, if available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the School considers revenues to be available if they are collected within two (2) months of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred. However, expenditures related to compensated absences are recorded only when paid from expendable available financial resources.

Notes to Special Purpose Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

When both restricted and unrestricted resources are available for use, it is the School's policy to use restricted resources first, then unrestricted resources as they are needed.

Capital assets: Capital assets purchased or acquired with an original cost of \$5,000 or more are capitalized at historical cost or estimated historical cost and are reported in the government-wide financial statement. Donated capital assets are valued at the estimated fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized and depreciated over the remaining useful lives of the related capital assets. Other costs incurred for repairs and maintenance are expensed as incurred.

Capital assets, which include equipment acquired with state shared revenues are reported in the government-wide financial statements.

Depreciation on equipment is provided on the straight-line basis over the respective estimated useful lives ranging from 3 to 5 years.

Within governmental funds, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported within the governmental fund financial statements.

Unearned/deferred revenue: Resources that do not meet revenue recognition requirements (not earned) are recorded as unearned revenue in the government-wide and the fund financial statements. In addition, amounts related to governmental fund receivables that are measurable, but not available (not received within 60 days from fiscal year end), are recorded as deferred revenue in the governmental fund financial statements.

Equity classifications:

Government-wide financial statements

Equity is classified as net assets and displayed in three (3) components:

- a. Invested in capital assets, net of related debt – consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any bonds or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b. Restricted net assets – consists of net assets with constraints placed on their use either by: 1) external groups such as creditors, grantors, contributors or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation. There are no restricted net assets.
- c. Unrestricted net assets – all other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Notes to Special Purpose Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Fund financial statements

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Encumbrances: Encumbrances represent commitments relating to unperformed contracts for goods or services. At June 30, 2010, there were no encumbrances outstanding.

Deposits and investments: The School's cash and cash equivalents are maintained by the City in a pooled cash account for all funds. This enables the City to invest large amounts of idle cash for short periods of time and to optimize earnings potential. Pooled cash and cash equivalents represent the amount owned by the Charter School Special Revenue Fund. The City is responsible for all risks related to the School's cash and cash equivalents. These risks and the City's related policies are disclosed in the notes to the City's financial statements.

Post-retirement benefits: The City of Aventura provides post-employment healthcare coverage, including medical and dental benefits, to eligible individuals which consists of an implicit subsidy. The estimated liability is recorded in the financial statements of the City. No amount is allocated to the Charter School Special Revenue fund since the amount is insignificant as of June 30, 2010.

Compensated absences: The School's sick leave policy is to permit employees to accumulate earned but unused sick pay benefits. Upon termination, sick pay is paid out between 10-50% based on length of service.

The School's vacation policy is that earned vacation is cumulative although limited to certain maximums based on length of service.

Accumulated compensated absences are recorded as expenses in the government-wide financial statements when earned. Expenditures for accumulated compensated absences have been recorded in the governmental funds only in connection with terminated employees.

State funding (primary source of revenue): Student funding is provided by the State of Florida through the School Board of Miami-Dade County, Florida. Such funding is recorded as FTE nonspecific revenue. In accordance with the Charter Agreement, the School Board retains 2% as an administrative fee. This funding is received on a pro rata basis over the twelve-month period and is adjusted for changes in full-time equivalent student population. After review and verification of Full-Time Equivalent ("FTE") reports and supporting documentation, the Florida Department of Education may adjust subsequent fiscal period allocations of FTE funding for prior year's errors disclosed by its review as well as to prevent the statewide allocation from exceeding the amount authorized by the State Legislature. Normally, such adjustments are reported in the year the adjustments are made.

Notes to Special Purpose Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3. Capital Assets

A summary of changes in governmental capital assets is as follows:

	Balance July 1, 2009	Additions	Deletions	Balance June 30, 2010
Leasehold improvements	\$ 2,039,266	\$ 165,596	\$ -	\$ 2,204,862
Equipment	451,355	-	-	451,355
Less: accumulated depreciation	325,448	131,988	-	457,436
	<u>\$ 2,165,173</u>	<u>\$ 33,608</u>	<u>\$ -</u>	<u>\$ 2,198,781</u>

The provision for depreciation for the year ended June 30, 2010 amounted to \$131,988. The School allocated depreciation to instruction services.

Note 4. Commitments and Contingencies

The City has a contract with Charter Schools USA Inc. ("CSUSA") for administrative and educational management services for the operations of the School. All staff of the School, except the principal, assistant principal and custodian, are employees of CSUSA. The contract expires in June 2013 and provides for a fee based on a percentage of certain revenues of the School which is 6% for 2007 through 2013. Total fees paid to the management company for fiscal year 2009/10 were approximately \$326,000. All costs paid on behalf of the School are reimbursed to CSUSA (i.e. teachers salaries, textbooks and insurance).

Notes to Special Purpose Financial Statements

Note 4. Commitments and Contingencies (Continued)

The School's operations are located at a facility that is owned by the City. In September 2002, the City entered into a bond indenture agreement with the Florida Intergovernmental Finance Commission through an interlocal governmental agreement. As a result, the City issued \$12,610,000 in Series 2002 Revenue Bonds to finance the acquisition of land and the construction of a charter school as well as the construction of a community center. Approximately \$6,651,100 of the bond issue is related to the land and construction of the School facility. The School is leasing its premises from the City under an operating lease agreement, which expired June 30, 2010, but was renewed for an additional year. The lease can renew each additional year as long as the School operates pursuant to the Charter issued by the School Board of Miami-Dade County. The rent amount is determined annually and is based on the annual debt service on the obligation of the Series 2002 Revenue Bonds. Future minimum payments required from the School by the City for the Series 2002 Revenue Bonds are as follows:

Year Ending June 30,	
2011	\$ 443,300
2012	442,200
2013	443,400
2014	441,500
2015	441,800
Thereafter	7,286,800
	<u>\$ 9,499,000</u>

The School received financial assistance from federal and local governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and may be subject to audit by the grantor agencies. In accordance with OMB Circular A-133 Audits of States, Local Governments and Non-Profit Organizations, the School is not required to conduct a "single audit" since the required threshold of federal money is currently \$500,000 and the School did not exceed such threshold.

Note 5. Risk Management

The School is exposed to various risks of loss related to torts, thefts of, damage to and destruction of assets, errors and omissions and natural disasters for which the City carried commercial insurance. Settlement amounts have not exceeded insurance coverage for the past three (3) years. In addition, there were no reductions in insurance coverage from those in the prior year.

Notes to Special Purpose Financial Statements

Note 6. Defined Contribution Pension Plans

Plan Description

The City is a single-employer that contributes to four (4) defined contribution pension plans based on employee classification created in accordance with Internal Revenue Code Section 401(a). The employees of the School are eligible to participate in three (3) of the City's defined contribution pension plans. The School has three (3) full-time employees who are eligible to participate in these plans. Under these plans, the City contributes 15%, 14% or 7% of employee salary for each of the three School employees. The City contributions for the Principal vest in the year they are contributed. The City's contributions to the other employees vest beginning after one (1) year of service through year five (5) in 20% increments. Participants are not permitted to make contributions during the year. The City made plan contributions for these three employees of approximately \$20,000 during the year. Plan provisions and contribution requirements may be amended by the City Commission.

The plans' assets are administered by ICMA Retirement Corp. The School does not exercise any control or fiduciary responsibility over the plans' assets.

Note 7. Pronouncements Issued But Not Yet Effective

The GASB has issued several statements not yet implemented by the School. The statement which might impact the School is as follows:

GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definition, was issued March 2009. The objective of this Statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. The provisions of this Statement will be effective for the School beginning with its year ending June 30, 2011.

The School's management has not yet determined the effect these unadopted standards may have on the School's financial statements.

SUPPLEMENTARY INFORMATION

Notes to Supplementary Information

Note A.

The School formally adopted a budget for the year ended June 30, 2010. Budgeted amounts may be amended by resolution or ordinance by the City Commission. The budget has been prepared in accordance with accounting principles generally accepted in the United States of America with the exception of the items described in Note B. A comparison of the actual results of operations to the budgeted amounts for the General Fund is presented as supplementary information.

Note B.

The budget is adopted using the same basis of accounting on which the financial statements are prepared except for a 2% administrative charge that is retained by the School Board of Miami-Dade County. This amount is not reflected on the School's budget basis due to the lack of availability of such funds. For fiscal year 2010 this amount was \$65,013.

For budgeting purposes, certain amounts are budgeted as transfers out to the City's General Fund. For separate reporting of the Charter School Special Revenue Fund, these amounts are reclassified as follows:

Lease expense for School facility	\$444,000
-----------------------------------	-----------

**Independent Auditor's Report
on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of
Financial Statements Performed In Accordance With
Government Auditing Standards**

To the Honorable Mayor, City Commissioners and City Manager
of the City of Aventura, Florida
Aventura City of Excellence School
Aventura, Florida

We have audited the special purpose financial statements of the Aventura City of Excellence School (a special revenue fund of the City of Aventura, Florida) (the "School") as of and for the year ended June 30, 2010, and have issued our report thereon dated August 26, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the special purpose financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not design to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's special purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of special purpose financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the School's management, the City Commission, the Auditor General of the State of Florida and the School Board of Miami-Dade County and is not intended to be and should not be used by anyone other than those specified parties.

McGladrey & Pullen, LLP

Fort Lauderdale, Florida
August 26, 2010

**Management Letter Required by Chapter 10.850 Rules of
the Auditor General of the State of Florida**

To the Honorable Mayor, City Commissioners and City Manager of
the City of Aventura, Florida
Aventura City of Excellence School
Aventura, Florida

We have audited the accompanying special purpose financial statements of the Aventura City of Excellence School (the "School"), a special revenue fund of the City of Aventura, Florida, as of and for the fiscal year ended June 30, 2010 and have issued our report thereon dated August 26, 2010.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States.

We have issued our Independent Auditor's Report on Internal Control Over Financial Reporting and Compliance and Other Matters dated August 26, 2010. Disclosures in that report, if any, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with the provisions of Chapter 10.850, *Rules of the Auditor General*, which govern the conduct of charter school audits performed in the State of Florida and require that certain items be addressed in this letter. Those items, which are listed in Section 10.854, are as follows:

1. A statement as to whether corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit report, not otherwise addressed in the auditors' report pursuant to Rule 10.856(2)(b)2.

There were no findings or recommendations in the preceding annual financial audit report.

2. A statement as to whether the charter school has met one or more of the conditions described in Section 218.503 (1) Florida Statutes, and identification of the specific condition.

The charter school has not met one or more of the conditions described in Section 218.503 (1), Florida Statutes.

3. Any recommendations to improve the School's financial management.

There were no recommendations to the School to improve its financial management.

4. Violations of provisions of contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential.

No such conditions were noted during the audit.

5. Matters that are inconsequential to the determination of financial statement amounts considering both quantitative and qualitative factors, including the following:

- a. Violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse.
- b. Deficiencies in internal control that are not significant deficiencies.

No such conditions were noted during the audit.

6. The name or official title of the School.

The name and title are disclosed in the accompanying financial statements.

7. We applied financial condition assessment procedures pursuant to Rule 10.855(10) and we noted no deteriorating financial conditions.

This report is intended solely for the information and use of the School's management, the City Commission and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

McGladrey & Pullen, LLP

Fort Lauderdale, Florida
