Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with <i>Government Auditing Standards</i>	13

Independent Auditors' Report

The Board of Trustees
AMIkids Miami-Dade, Inc.

We have audited the accompanying statement of financial position of AMIkids Miami-Dade, Inc. as of June 30, 2011, and the related statements of activities, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of AMIkids Miami-Dade, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audit. The summarized comparative financial information for 2010 has been derived from the financial statements of AMIkids Miami-Dade, Inc. as of and for the year ended June 30, 2010, and, in our report dated August 31, 2010 we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AMIkids Miami-Dade, Inc.'s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of AMIkids Miami-Dade, Inc. as of June 30, 2011, and the results of its activities and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2011 on our consideration of AMIkids Miami-Dade, Inc.'s internal control over financial reporting and on our tests of their compliance with certain provisions of laws, regulations, contracts, grants and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

1. Summary of Significant Accounting Policies

Organization

AMikids Miami-Dade, Inc. (the “Institute”), a non-profit corporation, is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Institute is engaged in the rehabilitation of delinquent youth by providing education, treatment and behavior modification as components of the AMikids Personal Growth Model®. These services are performed by the Institute, which is one of over fifty-seven affiliated, but independently governed member programs and schools located in Florida, South Carolina, North Carolina, Louisiana, Virginia, Georgia, Texas, New Mexico and Illinois. AMikids, Inc. (“AMikids”) is the sole member of the Institute. AMikids is located in Florida and executes the contracts, collects funds, coordinates the operations and manages the record keeping of these member Programs and schools. The Institute’s operating funds are primarily generated from state contracts, local funds and contributions. Continued operation of the Institute’s rehabilitation program is dependent on funding continued funding from AMikids’s state contracts and local agencies as well as financial and other support from AMikids.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from such estimates and such differences could be material.

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting. Assets are presented in the accompanying statement of financial position according to their nearness of conversion to cash, and liabilities according to the nearness of their maturity and resulting use of cash.

Unrestricted net assets consist of amounts that are available for use in carrying out the activities of the Institute. Temporarily restricted net assets represent those amounts, which are not available until future periods or are donor restricted for specific purposes.

Cash and Cash Equivalents

Cash and cash equivalents represent cash and short-term, highly liquid investments with original maturities of three months or less.

Cash is maintained in bank deposit accounts, which at times may exceed federally insured limits. The Institute believes it is not exposed to any significant credit risk in these accounts.

Accounts Receivable

Accounts receivable consists primarily of receivables from state agencies and county school boards. The Institute considers its accounts receivable to be fully collectible and therefore, has not recorded an allowance for doubtful accounts. Amounts becoming uncollectible will be charged to operations when that determination is made.

(With comparative financial information for 2010)

Property and Equipment

Property and equipment are stated at cost, if purchased, or at estimated fair value at date of receipt if acquired by gift. Property and equipment transferred to the Institute by a state-funding agency are stated at estimated fair value at date of transfer. Property transferred or acquired with grant funds may revert to the state should the Institute no longer provide the rehabilitation services required by the state contract. At the time property is retired, or otherwise disposed of, the asset and related accumulated depreciation are removed from the accounts and any resulting gain or loss is included in earnings. Repairs and maintenance are expensed when incurred. Depreciation and amortization is calculated using the straight-line method over the following estimated useful lives of the assets:

Permanent site improvements	5 years
Buildings and improvements	5-20 years
Furniture, fixtures and equipment	3-5 years
Motor vehicles	3 years
Boats, motors and trailers	3 years

Impairment of Long-Lived Assets

The Institute reviews all long-lived assets, which consist primarily of property and equipment, for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future net undiscounted cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the discounted cash flows.

Use of Facilities

Facilities provided by a funding agency to the Institute are for use during the term of its contract and are recorded as an in-kind contribution and rental expense in the financial statements in the period in which the facilities are utilized by the Institute. The amounts recorded in each period of use by the Institute represent the difference between the fair rental value of the facilities and the stated amount of the rent payments. The stated amount of the rent payments is generally zero. In-kind rental contributions and the related rental was \$34,200 for both years ended June 30, 2011 and 2010 and are reflected as contribution revenue and rent and utilities expense, respectively, in the accompanying financial statements.

Public Support and Revenue

Public support is primarily from AMikids's contracts with various state agencies. Contracts with state agencies generally provide funding based on client service days. Other public support represents amounts received from federal and local sources, including county school boards and other contributions.

A significant portion of AMikids's and the Institute's grants and contracts are exchange transactions in which each party receives and sacrifices commensurate value. Funds from these exchange transactions are not considered contributions and, as such, are deemed to be earned and reported as revenue when such funds have been expended towards the designated purpose. Funds from exchange transactions received in advance of revenue recognition are recorded as deferred revenue.

AMikids Miami-Dade, Inc.
Notes to Financial Statements
June 30, 2011
(With comparative financial information for 2010)

Contributions received and unconditional promises to give are measured at their fair values and are reported as increases in net assets. The Institute reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets, or if they are designated as support for future periods. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Donated Services

Amounts are reported in the financial statements for voluntary donations of services when those services create or enhance non-financial assets or require specialized skills provided by the individuals possessing those skills and would be typically purchased if not provided by donation. For the years ended June 30, 2011 and 2010, donated services recorded in the financial statements were not material to the financial statements.

Fair Value of Financial Instruments

The Institute reports its financial assets and liabilities using a three-tier hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- Level 1 – Valuation based on unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 – Valuation based on observable quoted prices for similar assets and liabilities in active markets.
- Level 3 – Valuation based on inputs that are unobservable and are supported by little or no market activity, therefore requiring management's best estimate of what market participants would use as fair value.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of June 30, 2011. The respective carrying value of certain on-balance-sheet financial instruments approximates their fair values due to the short-term nature of these instruments. These financial instruments include cash, accounts receivable, accounts payable, and accrued expenses. The fair value of the notes payable is estimated based on current rates that would be available for debt of similar terms which is not significantly different from its stated value.

The Institute's Level 1 financial assets consist of cash equivalents of \$2,414 and \$4,016 as of June 30, 2011 and 2010, respectively. The Institute has no Level 2 or Level 3 instruments.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, certain costs have been allocated among the program and supporting services benefited. Other expenses are allocated based on management's estimate of the benefit derived by each activity.

Income Taxes

AMikids Miami-Dade, Inc. is exempt from income tax under section 501 (c) (3) of the Internal Revenue Code.

The Institute adopted the accounting standard "Uncertainty in Income Taxes" on July 1, 2009, which provides guidance on the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The Institute has not recognized a liability as a result of the implementation of this new standard. A reconciliation of the beginning and ending amount of unrecognized tax benefits has not been provided since there is no unrecognized benefit as of the date of adoption. The Institute has not recognized interest expense or penalties as a result of the implementation of this new standard. If there were an unrecognized tax benefit, the Institute would recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expenses.

6. Pension Plan

AMikids maintains a noncontributory defined contribution money purchase pension plan covering all full-time employees who have completed two years of service and have attained the age of 20 ½ years. Contributions to the plan are based on a percentage of each employee's compensation for the year. The pension expense for the years ended June 30, 2011 and 2010 totaled \$70,087 and \$58,753 respectively.

7. Contingencies

A substantial portion of AMikids and the Institute's public support is derived from programs supported by various funding agencies. Under the terms of the agreements with these funding agencies, AMikids and the Institute's financial records are subject to audit by the appropriate governmental authorities. Depending upon the results of these audits, if any, funds may be required to be refunded to the appropriate funding agency. In the opinion of AMikids and the Institute's management, no public support funds will be required to be refunded. Accordingly, no provision for such contingency has been made in these financial statements.

The Institute is subject to various claims and legal proceedings, which arise in the ordinary course of business. The Institute does not believe that these matters will have a material adverse effect on its financial position or operating activities.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Board of Directors
AMikids Miami-Dade, Inc.

We have audited the financial statements of AMikids Miami-Dade, Inc. as of and for the year ended June 30, 2011, and have issued our report thereon dated August 31, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered AMikids Miami-Dade, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of AMikids Miami-Dade, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of AMikids Miami-Dade, Inc.'s internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether AMikids Miami-Dade, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standard*

This report is intended solely for the information and use of the board of trustees, management, others within the organization and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.
