JOSE M. IGLESIAS, C.P.A. CARMEN LLANO-GOMEZ, C.P.A. REGINO RODRIGUEZ, C.P.A.

We have audited the accompanying basic financial statements of the governmental activities and each major fund of Mater Academy (A Charter School Under Mater Academy, Inc.), (the "School") a component unit of the District School Board of Miami-Dade County, as of, and for the year ended June 30, 2005, which collectively comprise the School's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these basic financial statements based on our audit. The prior year summarized comparative information has been derived from the School's 2004 financial statements and, in our report dated September 10, 2004, we expressed unqualified opinions on the respective financial statements of the governmental activities and the general fund.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of Mater Academy, as of June 30, 2005 and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated August 19, 2005, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis (MD&A) on pages 4 through 8 and the Schedules of Revenues, Expenditures and Changes in Fund Balance—budget to actual on page 21 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Management's Discussion and Analysis

Mater Academy
(A Charter School Under Mater Academy, Inc.)
June 30, 2005

The corporate officers of Mater Academy, Inc. have prepared this narrative overview and analysis of Mater Academy's financial activities for the fiscal year ended June 30, 2005.

Financial Highlights

- 1. The assets of the Charter School exceeded its liabilities at June 30, 2005 by \$3,854,912 (net assets).
- 2. At year-end, the School had current assets on hand of \$2,305,687.
- 3. The net assets of the School increased by \$449,722 during the year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the School's basic financial statements. The School's financial statements for the year ended June 30, 2005 are presented under GASB 34. The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the School's assets and liabilities. The difference between the two is reported as net assets. Over time increases or decreases in net assets may serve as an indicator of whether the financial position of the School is improving or deteriorating.

The Statement of Activities presents information on how the School's net assets changed during the fiscal year. All changes in net assets are reported when the underlying event occurs without regard to the timing of related cash flows. Accordingly, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be found on pages 9 - 10 of this report.

Fund Financial Statements

A "fund" is a collection of related accounts grouped to maintain control over resources that have been segregated for specific activities, projects, or objectives. The School like other state and local governments uses fund accounting to ensure and report compliance with finance-related legal requirements.

All of the funds of the School are governmental funds. Government Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Government Fund financial statements, however, focus on near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources which are available at the end of the fiscal year. Such information may be used to evaluate a government's requirements for near-term financing.

The Board of the School adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the School's budget.

The basic governmental fund financial statements can be found on pages 11 - 14 of this report.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 15 - 20 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a charter school's financial position. In the case of the School, assets exceeded liabilities by \$3,854,912 at the close of the fiscal year. A summary of the School's net assets as of June 30, 2005 and 2004 follows:

	2005	2004

Net Assets at Beginning of Year	3,405,190	3,145,358
Net Assets at End of Year	\$3,854,912	\$3,405,190

Mater Academy's revenue increased by \$496,732 in the current year and expenses increased by \$306,842. All revenues increased in the current year but the most significant increase was an increase to Operating Grants and Contributions of \$320,092. The increase in expenses is mainly due to an increase in Instruction expenses, School Administration and Facilities Acquisition and Construction. In addition, the school increased its cash by \$893,621. The School had an increase in its fund balance (change in net assets) of \$449,722 for the year.

Articulation Agreements

The School has a Sponsor-approved Articulation Agreement with the Mater Academy Charter Middle School. This Agreement gives enrollment preference to students enrolling at the Charter Middle School who complete their education in the eighth grade of the School's K-5 Charter School Program.

Capital Improvement Requirements

The School maintains a continuous capital improvements program to enhance facilities and update fixtures and equipment as required.

Accomplishments

While serving an inner city student population from low income immigrant families, Mater Academy the School earned a letter grade "A" during 2004-2005 school year and received a School Recognition Award from the Florida Department of Education. It also achieved Adequate Yearly Progress under *No Child Left Behind*.

Achievement Award

The School received an Achievement Award due to its excellent rating under the Florida "A Plus Plan." The school has been recognized with a "Platinum Award" by Miami-Dade County Public Schools for achieving both a letter grade of "A" and "Adequate Yearly Progress" for two consecutive years under the Federal Government "No Child Left Behind" legislation.

School Location

The school continues to operate the hub of its Hialeah Gardens area operations from its facility located at NW 77th Avenue and 98th Street in Hialeah Gardens.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the School's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the School's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year, the School's governmental fund reported a fund balance of \$1,948,759.

Capital Assets

The School's investment in capital assets as of June 30, 2005 amounts to \$1,908,707 (net of accumulated depreciation). This investment in capital assets includes furniture, fixtures and equipment.

General Fund Budget Analysis and Highlights

Prior to the start of the School's fiscal year, the Board of the Charter School adopted an annual budget. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the School's budget.

MATER ACADEMY (A Charter School Under Mater Academy, Inc.)

A NON-MAJOR COMPONENT UNIT OF THE DISTRICT SCHOOL BOARD OF MIAMI-DADE COUNTY RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF GOVERNMENTAL FUND TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED JUNE 30, 2005

Change in Fund Balance - Governmental Funds

\$ 779,763

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays of \$89,114 differed from depreciation expense of \$432,900.

(343,786)

The proceeds from debt issuance provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which repayments of \$13,745 exceeded proceeds of \$0.

13,745

Change in Net Assets of Governmental Activities

\$ 449,722

NOTE 1 – ORGANIZATION AND OPERATIONS

Mater Academy (A Charter School Under Mater Academy, Inc.) (the "School"), is a not-for-profit charter school located in Doral, Florida for children from kindergarten through fifth grade. The School operates under a charter granted by the sponsoring district, the Miami-Dade County Public School District (the "District"). The current charter is effective until June 30, 2018 and may be renewed for up to additional 15 years by mutual written agreement between the School and the District. During the term of the charter, the District may also terminate the charter if good cause is shown. The School is considered a component unit of such District. Mater Academy (A Charter School Under Mater Academy, Inc.) is funded by the Miami-Dade County Public School District and in addition, receives government grants.

These financial statements are for the year ended June 30, 2005, when 715 students were enrolled for the school year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-wide and Fund Financial Statements

Government-wide Financial Statements

The government-wide financial statements include the statement of net assets and the statement of activities and changes in net assets. These statements report information for the School as a whole.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees; (2) operating grants and contributions which finance annual operating activities; and (3) capital grants and contributions which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. Other revenue sources not properly included with program revenues are reported as general revenues.

Fund Financial Statements

Fund financial statements are provided for governmental funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues and expenditures. Major individual governmental funds, namely, the general, special revenue funds and capital project are reported as separate columns in the fund financial statements:

<u>General Fund</u> - is the School's primary operating fund. It accounts for all financial resources of the school, except those required to be accounted for in another fund.

<u>Special Revenue Fund</u> - accounts for specific revenue, such as federal grants, that is legally restricted to expenditures for particular purposes.

<u>Capital Projects Fund</u> – accounts for funds received from the Public Education Outlay program which are used for the rent of facilities and other allowable capital expenditures.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The financial statements of the School are prepared in accordance with generally accepted accounting principles (GAAP). The School's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The government-wide financial statements apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Revenues from non-exchange transactions are reported according to Governmental Accounting Standards Board (GASB) Statement No. 33 Accounting and Financial Reporting for Non-Exchange Transactions, as amended by GASB Statement No. 36 Recipient Reporting for Certain Shared Non-Exchange Revenues, they include grants and donations. On the accrual basis, revenues from grants and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Measurable means the amount of the transaction can be determined. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for long-term debt principal and interest which are reported as expenditures in the year due.

Budgetary Basis Accounting

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g., salaries, purchased services, and capital outlay).

Cash

Cash and cash equivalents include all highly liquid investments with a maturity of three months or less.

Due from Other Governments or Agencies

Amounts due to the School by other governments or agencies are for grants or programs under which the services have been provided by the School.

Other Assets

Other assets consist mainly of prepaid expenses or deposits, which are paid upon the receipt of the goods or services that were received but not consumed at year end. The expenditure will be recorded when the asset is used.

Long-term Debt

In the government-wide financial statements, outstanding debt is reported as liabilities. Long term liabilities are due in more than one year.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. Financing costs are reported as expenditures.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets, Depreciation and Amortization

The School's property, plant and equipment with useful lives of more than one year are stated at historical cost and comprehensively reported in the statement of net assets in the government-wide financial statements. Donated assets are stated at fair value on the date donated. The School generally capitalizes assets with cost of \$500 or more. Building improvements, additions and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. Estimated useful lives, in years, for depreciable assets are as follows:

Building and Fixed Equipment	10-20 Years
Furniture, Equipment and Textbooks	5 Years
Capital Leases	5 Years
Audiovisual Materials	5 Years
Software	3 Years

Revenue Sources

Revenues for operations will be received primarily from the Miami-Dade County District School Board pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the School will report the number of full-time equivalent (FTE) students and related data to the District. Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of the full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the Florida Education Finance Program and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. In addition, the school receives an annual allocation of charter school capital outlay funds for leasing of school facilities.

Finally, the Charter School also receives Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. Any excess amounts are recorded as deferred revenues until expended.

Compensated Absences

The School grants a specific number of days of vacation/sick/personal leave. Full time instructional employees are eligible for ten days per year. Employees, excluding administrators, wishing carry forward unused days, at year-end, may only carry forward a maximum number of five days. The remaining number of unused days must be cashed out at a rate of \$50.00 per day. A Full time instructional employee may only have a maximum number of fifteen vacation/sick/personal days at the beginning of any school year; ten for the current year and five carried over from previous years.

Government Accounting Standards Board (GASB) Statement 16, Accounting for Compensated Absences, requires governmental agencies to record as a liability the vested and future rights to sick and/or vacation leave. Accordingly, the financial statements include an accrual for such vested rights.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – INCOME TAXES

The School qualifies as a tax-exempt organization under Internal Revenue Code Section 501(c)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

NOTE 4 – DUE FROM AGENCIES

Due from other agencies is comprised of amounts due from the Miami-Dade School Board and other as follows:

Capital Outlay	\$ 403,584
School Recognition Award	71,450
	\$ 475,034

NOTE 5 – CHANGES IN CAPITAL ASSETS

The following schedule provides a summary of changes in capital assets, acquired substantially with public funds, for the year ended June 30, 2005:

Depreciation expense for the year ended June 30, 2005 was \$432,900 and has been allocated to various functions in the Statement of Activities.

NOTE 6 - ORGANIZATION'S MANAGEMENT

The School has entered into an agreement with Academica Corporation, a professional Charter School management company, to provide management and administrative services to the School. In providing management services to the School, officers of the management company may also serve as officers of the School, however none serve as members of the Board of Directors. The contract calls for a fee of \$450 per student per year and expires on the same expiration date of the Charter. During the year ended June 30, 2005, the School incurred \$320,625, in management fees, of which no amounts, were due to the management company at year end.

Academica Corporation is located at 6255 Bird Road, Miami, Florida 33155 and its officers are:

Fernando Zulueta, President Ignacio Zulueta, Vice President Magdalena Fresen, Vice President, Secretary Rosanne Wright, Treasurer

NOTE 7 – LINE OF CREDIT

The School has a line of credit agreement provided by the management company for its use by the School on an as needed basis. There was no outstanding balance as of June 30, 2005.

NOTE 8 – LONG-TERM DEBT

Finally, the School acquired kitchen equipment under capital leases payable in monthly installments of \$2,554 maturing in 2005, and collateralized by the related equipment. The full balance has been classified as a current liability in the Statement of Net Assets.

The following is a summary of changes in long-term debt:

	Balance			Balance
	7/1/04	Additions	Deletions	6/30/05
Capital Lease Payable	\$ 16,299	\$ -	(\$ 13,745)	\$ 2,554
	\$ 16,29 <u>9</u>	<u>\$</u>	(\$ 13,745)	\$ 2,554

NOTE 9 - COMMITMENTS UNDER OPERATING LEASES AND CONTRACTS

The School leases its main facility pursuant to a lease term expiring on January 2009. Monthly lease payments are approximately \$25,000 subject to annual increase based on the Consumer Price Index.

In addition, the School is leasing various office equipment with monthly payments ranging from \$189 to \$618 payable through October 2008.

Total rent expense for the year ended June 30, 2005 was approximately \$320,000.

Future minimum payments under the leases are as follows:

Fiscal Year	
2006	\$ 341,992
2007	338,595
2008	311,494
2009	265,950

NOTE 10 – DEPOSITS POLICY AND CREDIT RISK

It is the School's policy to maintain its cash and cash equivalents in major banks and in high grade investments.

As of June 30, 2005, the carrying amount of the School's deposits was \$1,801,115 and the respective bank balances totaled \$1,919,557. Out of the total bank balances, \$200,000 was covered by the Federal Depository Insurance Corporation (FDIC). A portion of the remainder balance was fully collateralized by U.S. Government obligations under a repurchase agreement with Wachovia Bank. The amount of deposits not insured by FDIC or collateralized, and therefore subject to custodial credit risk were \$146,557 at year end.

NOTE 11 - GRANTS

In the normal course of operations, the School receives grant funds from various federal, state and local agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not reflected in these financial statements.

We have audited the financial statements of Mater Academy (A Charter School Under Mater Academy, Inc.) as of, and for the year ended June 30, 2005, and have issued our report thereon dated August 19, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Mater Academy's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted certain matters that we reported to management of Mater Academy in a separate management letter which is included in this reporting package.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Mater Academy's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management and regulatory bodies. However, this report is a matter of public record and its distribution is not limited.

Board of Directors of Mater Academy (A Charter School Under Mater Academy, Inc.) Hialeah Gardens, Florida

This letter is written in connection with our audit of the basic financial statements of Mater Academy (A Charter School Under Mater Academy, Inc.) as of and for the year ended June 30, 2005. The purpose for this letter is to communicate to you any comments and recommendations, and to comply with the requirements of Chapter 10.850 Rules of the Auditor General, Charter School Audits which requires that this report specifically address but not limit to the matters outlined in Rule 10.854(i)(d).

The following statements relate to requirements of the Auditor General:

- 1. There were no inaccuracies, irregularities, shortages, defalcations and/or violations of laws, rules, regulations or contractual provisions reported for the preceding audit.
- 2. Prior year findings and recommendations were followed.
- 3. The following are recommendations to improve the School's financial management, accounting procedures and internal controls:

SEGREGATION OF DUTIES

Observation

Due to the limited number of personnel, certain duties are performed by one individual, such as signing checks and recording transactions in the general ledger.

Recommendation

To the extent possible, the custody, authorization and record keeping of the cash disbursement function should be segregated.

- 4. There were no violations of laws, rules, regulations or contractual provisions discovered during our audit.
- 5. There were no illegal or improper expenditures discovered during our audit, relating to improper or inadequate accounting procedures, improperly recorded transactions, fraud or other reportable conditions.
